### **RESOLUTION NO. 21364**

### **Background**

It is necessary and in the best interest of The Illinois State Toll Highway Authority (the "Tollway") to obtain Design Services, on the Tri-State Tollway (I-294) various locations, on Contract No. I-17-4305. Baxter & Woodman Inc. has submitted a proposal to provide the services for an upper limit of compensation not to exceed \$3,462,900.00. The proposal is for professional services and the services were procured pursuant to 30 ILCS 500/30-15 of the Illinois Procurement Code.

### Resolution

The Chief Engineering Officer is authorized to negotiate an agreement with Baxter & Woodman Inc., to obtain Design Services, for Contract No. I-17-4305 with an upper limit of compensation not to exceed \$3,462,900.00, subject to review and approval of the Acting General Counsel. The Chairman or the Executive Director is authorized to execute the Agreement and the Chief Financial Officer is authorized to issue warrants in payment thereof.

October 26, 2017

Mr. John V. Ambrose, P.E. President/CEO
Baxter & Woodman Inc.
8678 Ridge Road
Crystal Lake, IL 60012

Re: Contract I-17-4305

Tri-State Tollway, Bridge Rehabilitation Repairs and Demolition, Various Locations Design Section Engineering Services

### NOTICE TO PROCEED

Dear Mr. Ambrose:

We are pleased to notify you that the Tollway's Board of Directors has approved your proposal dated August 31, 2017, for Design Section Engineering Services for Contract 1-17-4305. You are hereby authorized to commence with the work as of October 26, 2017, and as defined in Exhibit "F" Scope of Work contained in your proposal. A duplicate original of the contract will follow shortly by mail.

In advance of your first billing, the prime and subconsultants (if any) must submit a certified payroll with a signed affidavit for all employees that are listed on the Exhibit C-3 in your contract. The certified payroll should have an effective date after, but within three weeks the effective date of this Notice to Proceed. This document may be submitted by U.S. Mail, other delivery services or by e-mail. Hard copies should be addressed to the attention of **Disbursement Control Supervisor**. The envelope containing the document should be clearly marked "Certified Payroll". The required Certified Payroll may also be delivered electronically to the following address: accountspayable@getipass.com. Please send either hard copy or electronic copy, but not both. We request the certified payroll in advance so that upon receipt of your first invoice, any associated issues regarding payroll have an opportunity to be resolved.

This contract is subject to the Illinois Procurement Code 30 ILCS 500. The code requires the General Contractor awarded a Tollway contract to submit certification/disclosure forms from subcontractors of all tiers whose contract value exceeds \$50,000. If you have not already submitted the required documentation, the subcontractor forms must be submitted within 15 days from this Notice-to-Proceed date or after execution of the sub-contract, whichever is later.

Upon request, a copy of the sub-contract agreement must be submitted within fifteen (15) days after execution of the contract, or after execution of the sub-contract, whichever is later, for those sub-contracts with an annual value of more than \$50,000.

Contract I-17-4305 Notice to Proceed Page 2 of 2

In accordance with Design Section Engineer's Manual, Section 7.0 – Quality Assurance, we are requesting submittal of your Consultant Quality Plan, via Tollway's Web-Based Project Management System, within 14 days of receiving this Notice to Proceed, for approval by the Chief Engineering Officer.

Please contact Michael Brink at 630-241-6800 extension 3824 for further information.

Sincerely,

Paul D. Kovacs, P.E. Chief Engineering Officer

Contract Review

# 1.4.10 Item 10. I-17-4305, Tri-State Tollway, Bridge Rehabilitation, Bridge Repairs, Bridge Demolition, Various Locations

This project has an 18% D/M/WBE participation goal and 1.5% VOS/SDVOSBE participation goal.

Phase II engineering services are required for the preparation of contract plans and specifications for the proposed bridge rehabilitation, bridge repairs and bridge rehabilitation as determined by the Tollway, on the Tri State Tollway between 95th Street (M.P. 17.8) and Balmoral Avenue (M.P. 40.0). The Tollway is finalizing design and construction limits; therefore the Tollway may modify project limits and scope at the time of negotiations.

This contract may develop three or more construction packages as follows:

- Bridge modifications to 88<sup>th</sup> / Cork Avenue, 5<sup>th</sup> Avenue, and Willow Springs Road bridges over I-294.
- 2. Bridge repairs to I-55 Ramp A-B over Commonwealth Avenue.
- 3. Repairs to 47th Street and 55th Street bridges over Flagg Creek.

The work generally encompasses bridge design and shall include but not be limited to the following:

- Reconstruction / rehabilitation of bridges.
- New drainage structures and modification of existing drainage system.
- Provide erosion control for all construction zones.
- Provide design of appropriate landscape and soil erosion/sedimentation control
  measures as necessary in accordance with the Tollway's Environmental Studies manual.
- 5. Provide pavement markings, delineators and signage for the contract limits.
- Provide barrier warrant analysis for all necessary locations and installation of guardrail, anchors and terminals to conform to the current AASHTO Guidelines and Illinois Tollway criteria.
- 7. Update roadway lighting as required.
- Provide maintenance of traffic plans including those for impacts to local facilities.
- 9. Protection and / or relocation of utilities.
- 10. All other appurtenant and miscellaneous items.

The following structures are included in this project:

- Bridge 177: 88<sup>th</sup> Street and Roberts Road: one mainline structure
- Bridge 185: 5<sup>th</sup> Avenue: one crossroad structure
- Bridge 187: Willow Springs: one crossroad structure
- Bridge 245: Ramp AB: one ramp structure
- Bridge 253: 55<sup>th</sup> Street over Flagg Creek: one crossroad structure
- Bridge 257: 47<sup>th</sup> Street over Flagg Creek: one crossroad structure

Construction estimate: Category C.

Firms must be prequalified by IDOT in the following categories:

Structures (Highway Bridges: Typical)

Key personnel listed in Exhibit A for this project must include:

- The person who will assume the duties of the Project Manager for all aspects of the work documents (must be an Illinois Licensed Professional Engineer).
- The person who will perform the duties of the Project Engineer, that individual in charge
  who is directly involved in the development of the contract documents (must be an Illinois
  Licensed Professional Engineer).
- The person who will be responsible for structural design related issues (must be an Illinois Licensed Structural Engineer).
- The person(s) who will perform the QC/QA review work of all milestone submittals, who
  must be an Illinois Licensed Professional Engineer for roadway elements and an Illinois
  Licensed Structural Engineer for structural elements.

Schedule: Design for this project is scheduled to start in 2017. Construction of this project is not scheduled.

The Consultant must have MicroStation capabilities. All final documents shall be submitted in hard copy and electronic format and follow the CADD STANDARDS Manual.

This project will be managed through the Tollway's web-based project management system. The Consultant will be required to participate in these procedures and will receive training on the system.

The Tollway will furnish the Consultant with guidelines for the Consultant's Quality Program (CQP). The CQP is due fourteen (14) days after Notice to Proceed.

The Consultant who is selected for this project will be notified and scheduled to attend a scope briefing at the Tollway Central Administration office building in Downers Grove.

Instructions: The Prime Vendor is required to submit a separate, signed Letter of Intent (LOI) from each VOSB certified vendor.

LOIs must be submitted with the Statement of Interest and must be signed by both parties. The Prime Vendor shall not prohibit or otherwise limit the VOSB certified vendor(s) from providing subconsultant proposals to other potential vendors. Each LOI must include the negotiated contract percentage and a detailed scope of work to be performed by each identified VOSB certified vendor. All LOI's shall be subject to Agency approval. Any changes involving or affecting the identified VOSB certified vendor may not be permitted without written approval of the procuring Agency.

THE MENTOR:

FIRM NAME ADDRESS

A THE PROTÉGÉ:

FIRM NAME ADDRESS

Baxter & Woodman, Inc.

8678 Ridgefield Road Crystal Lake, IL 60012 D Peralte-Clark, LLC

1601 West Colonial Pkwy Inverness, IL 60067

Note: The Partnering for Growth Program was formerly known as the Partnership-Mentor/Protégé Program.

Note: The DBE goal is separate and distinct from the VOSB goal. A single firm may not be utilized to achieve credit toward both DBE and VOSB goals on a single project. Therefore, the protégé participation must match the goal for which the protégé is being utilized.

### I. PROGRAM PURPOSE

The Mentor and the Protégé commit to entering into a Partnering for Growth Agreement in accordance with the current guidelines of the Tollway's Partnering for Growth (formerly known as Partnership Mentor/Protégé) Program for DBEs. The purpose of the Program is to facilitate the Tollway's professional services consultants with:

- A. Meeting Disadvantaged Business Enterprise/Minority Business Enterprise/Women Business Enterprise (DBE) participation goals,
- B. Establishing new partnerships with DBE firms that have no prior experience providing professional services to the Tollway,
- C. Continuing technical and nontechnical support for DBE firms that have limited experience providing professional services to the Tollway, and
- D. Assisting DBE firms with building their capacity and becoming and/or remaining self-sufficient, competitive, and profitable business enterprises.

A **DBE** means a business certified by the Illinois Unified Certification Program as a DBE, or certified by the City of Chicago or Cook County as an M/WBE, or certified by the U.S. Small Business Administration (SBA) as an 8(a) business.

Professional Services shall be defined as Architecture, Landscape Architecture, Professional Engineering and Professional Land Surveying.

### II. CONFORMANCE TO PROGRAM GOALS

A. Pa	ırticioat	ion in	this	project	bv	the i	Protéc	á.

4.00 %

Note: Protégé participation in this area is optional

3. Total participation by the Protégé (Sum of 1. and 2.)

8.00 %

B. Briefly describe an assessment of the Protégé's needs (one-half page maximum).

Peralte-Clark, LLC is a new civil engineering firm and is looking for opportunities to gain experience with the Illinois Tollway as a new DBE/MBE design firm. They are currently awaiting approval of their DBE and MBE applications with the CTA and Cook County. The firm principals have a combined experience of over 50 years working on transportation projects in Illinois. However, most of that experience has been with IDOT, City of Chicago and other agencies in the Chicagoland metro area. Obtaining meaningful experience with the Illinois Tollway will help to accelerate their ability to be successful as a new startup firm. Key staff has experience with the preparation of concept Erosion Control plans, but has not prepared Phase II PS&E documents for the Illinois Tollway for Erosion Control.

C. Briefly describe specific assistance the Mentor will provide to support the Protégé's needs (one-half page maximum).

As the proposed Mentor, Adam James of Baxter & Woodman would provide the necessary guidance and oversight for Peralte-Clark, LLC to complete the erosion control plans in accordance with the Tollway's Erosion and Sediment Control, Landscape Design Criteria Manual. This will be accomplished by having Peralte-Clark's designated engineer report to Baxter & Woodman's office monthly. Peralte-Clark's working drawings will be reviewed prior to major milestones to ensure progress and quality expectations are being met.

### V. STATEMENT OF COMMITMENT

The purpose of this statement is to confirm a commitment between the Mentor and Protégé, that upon notice of selection from the Illinois Tollway for this PSB Item, a formal Partnering for Growth Agreement for DBEs will be prepared in accordance with the current guidelines of the Tollway's Partnering for Growth Program.

Should the proposer, after contract negotiation, wish to modify the 'Plan to Achieve Diversity Goal', the awarded consultant is requested to submit to the General Manager of Diversity a detailed explanation of the work category changes that were not known at the time of the SOI submittal.

### I. PROGRAM PURPOSE

The Mentor and the Protégé commit to entering into a Partnering for Growth Agreement in accordance with the current guidelines of the Tollway's Partnering for Growth (formerly known as Partnership Mentor/Protégé) Program for VOSBs. The purpose of the Program is to facilitate the Tollway's professional services consultants with:

- A. Meeting Veteran and Service-Disabled Veteran Owned Small Business (VOSB) participation goals.
- B. Establishing new partnerships with VOSB firms that have no prior experience providing professional services to the Tollway,
- C. Continuing technical and nontechnical support for VOSB firms that have limited experience providing professional services to the Tollway, and
- D. Assisting VOSB firms with building their capacity and becoming and/or remaining self-sufficient, competitive, and profitable business enterprises.

A VOSB means a business certified by the State of Illinois Department of Central Management Services (CMS) as a Veteran-owned small business or Service-disabled Veteran-owned small business.

Professional Services shall be defined as Architecture, Landscape Architecture, Professional Engineering and Professional Land Surveying.

### II. CONFORMANCE TO PROGRAM GOALS

- A. Participation in this project by the Protégé.
  - 1. In area(s) being mentored:
    - Technical work covered by Mentor's prequalification category(ies)

      Scope:

      Work not applicable to prequalification category(ies)

      Scope:

      Tollway Utility Work Order and E-Builder Process

Note: Protégé must participate in either one or both of these areas

Illinois Tollway • PSB 17-3, Item #10 • Tri-State Tollway, Bridge Rehabilitation, Bridge Repairs, Bridge Demolition, Various Locations

- 2. In area(s) not being mentored:
  - Work the Protégé will self-perform
     Note: Protégé participation in this area is optional

1\_%

3. Total participation by the Protégé (Sum of 1. and 2.)

2\_%

B. Briefly describe an assessment of the Protégé's needs (one-half page maximum).

Telecom Engineering Services (Protégé) is a registered VOSB firm performing Professional Engineering and Project/Construction Management services. Their services include aerial & underground engineering design, surveying, drafting, permitting and field inspections. The company has customers across the Midwest and is looking to expand its client base and services.

The company is interested in expanding their clientele to include the Tollway and other transportation related agencies. While the company expertise is with utility coordination and relocation, they are not familiar with the Tollway process for Utility Coordination and the Tollway's E-Builder program.

C. Briefly describe specific assistance the Mentor will provide to support the Protégé's needs (one-half page maximum).

Based on discussions between the Mentor and the Protégé and an evaluation of their needs, Baxter & Woodman, Inc will coordinate face to face meetings with the Protégé to discuss Tollway procedures regarding utility coordination per Section 6.4 of the Design Section Engineer's Manual.

Additionally, Baxter & Woodman, Inc will include a Telecom Engineering Services staff member as part of the required field surveys to verify utility company information is accurate and complete. The Protégé's staff member will also attend regular meetings with the Illinois Tollway's Utility Personnel and update weekly Design Utility Reports on E-builder.

#### **DESIGN SECTION ENGINEER AGREEMENT**

The Board of Directors, on the 28<sup>th</sup> day of September, 2017, authorized this AGREEMENT to be entered into by and between THE ILLINOIS STATE TOLL HIGHWAY AUTHORITY, an instrumentality and administrative agency of the State of Illinois, hereinafter sometimes referred to as "TOLLWAY", and BAXTER & WOODMAN INC., a corporation authorized and existing within the laws of the State of Illinois, hereinafter referred to as "DESIGN SECTION ENGINEER".

#### WITNESSETH:

WHEREAS, the DESIGN SECTION ENGINEER has submitted a proposal dated August 31, 2017, to provide design section engineering services for Contract No. I-17-4305 for Tri-State Tollway, Bridge Rehabilitation, Repairs and Demolition, Various Locations; and

WHEREAS, DESIGN SECTION ENGINEER represents itself to be a professional engineering firm meeting the stated pre-qualification criteria for selection from PSB 17-3, Item 10, staffed with professional licensed engineers, experienced and able to perform the engineering design services required for said contract, and it is in the best interest of the TOLLWAY to accept said proposal.

In consideration of the mutual covenants hereinafter contained, the parties hereto mutually covenant and agree as follows:

#### **ARTICLE I**

#### **General Provisions**

- A. The DESIGN SECTION ENGINEER shall perform all design section engineering services for Contract No. I-17-4305 for Tri-State Tollway, Bridge Rehabilitation, Repairs and Demolition, Various Locations in accordance with the requirements and terms of this Agreement and the proposal from the DESIGN SECTION ENGINEER of August 31, 2017, attached hereto and made a part hereof as Exhibit "1". With respect to any inconsistency or conflict between the terms of this Agreement and the proposal (Exhibit "1"), the term or terms of this Agreement shall govern and prevail.
- B. All services performed by DESIGN SECTION ENGINEER shall be performed according to professional standards and in accordance with the <u>Design Section Engineer's Manual for The Illinois State Toll Highway Authority</u> in effect at the date of contract execution, and as revised thereafter.
- C. The DESIGN SECTION ENGINEER shall perform its services hereunder with the same degree of care, skill and diligence as is ordinarily possessed and exercised by a member of the same profession, currently practicing under similar circumstances.

#### <u>ARTICLE II</u>

#### <u>Time of Performance</u>

Upon receipt of Notice to Proceed authorized by the Chief Engineering Officer of the TOLLWAY, the DESIGN SECTION ENGINEER shall perform the services herein during the period commencing on the latter of either execution of the Agreement or September 29, 2017 and ending September 28, 2027, in accordance with the schedule included in the attached proposal.

Notwithstanding anything in this Agreement, the DESIGN SECTION ENGINEER, including the DESIGN SECTION ENGINEER's subcontractors, if any, shall not be responsible hereunder for any delay, default or nonperformance of this Agreement, if and to the extent that such delay, default or nonperformance is caused by an act of God, weather, accident, labor strike or shortage, fire, explosion, riot, war, rebellion, terrorist activity, sabotage, flood, epidemic, or any other cause beyond the reasonable control of such party.

#### **ARTICLE III**

#### Compensation

The DESIGN SECTION ENGINEER shall perform all engineering design services as required herein, and the TOLLWAY shall pay the DESIGN SECTION ENGINEER as compensation therefor, the DESIGN SECTION ENGINEER'S actual payroll cost times a multiplier of 2.8000 and certain direct expenses (as shown in Exhibit "1") with an upper limit of compensation of Three Million, Four Hundred Sixty-Two Thousand, Nine Hundred Dollars and No Cents (\$3,462,900.00). If, in the opinion of the DESIGN SECTION ENGINEER, additional fees or expenses in excess of the upper limit of compensation agreed herein are required, the DESIGN SECTION ENGINEER shall promptly notify the Chief Engineering Officer of the TOLLWAY thereof and shall not incur or charge any such fees or expenses without prior written approval of the Chief The DESIGN SECTION ENGINEER shall ensure that its Engineering Officer. subcontractors (if applicable) submit bills and invoices in a manner consistent with the terms of this Agreement and shall include language in its subcontractor agreements whereby the subcontractors expressly agree to be bound by the terms of this Agreement, including but not limited to the Inspector General Provision at Article XIX.

# **ARTICLE IV**

# Scope of the Service

The DESIGN SECTION ENGINEER represents that it has examined the project site, met with representatives of the TOLLWAY, and had an opportunity to ascertain the extent and the scope of services required to complete this project and is knowledgeable of the services to be performed within the time set forth in the Project Schedule indicated in Exhibit "1" hereof. The DESIGN SECTION ENGINEER further understands and agrees that all the services required to properly complete the services will be at or

Rev. 5/16/2017 Page 2 of 14 Contract I-17-4305

below the total estimated fee (Upper Limit of Compensation) established for this contract, and that only upon receipt of correspondence modifying the established scope of services for this contract from the Chief Engineering Officer, will any portion of the contingency provision of the said proposal be utilized. The DESIGN SECTION ENGINEER shall not be entitled to additional compensation due to errors in estimating the time, costs or expertise required to complete this design project.

#### ARTICLE V

#### Compliance with State and Other Laws

The DESIGN SECTION ENGINEER specifically agrees that in the performance of the services herein enumerated, the DESIGN SECTION ENGINEER, its associates, subcontractors, agents and employees will comply with all applicable Federal laws, State statutes, local ordinances, rules and regulations.

#### Governing Law; Exclusive Jurisdiction

This Agreement, and all the rights and duties of the parties arising from or relating in any way to the subject matter of this Agreement or the transaction(s) contemplated by it, shall be governed by, construed and enforced only in accordance with the laws of the United States and the State of Illinois (excluding any conflict of laws provisions that would refer to and apply the substantive laws of another jurisdiction). Any suit or proceeding relating to this Agreement, including arbitration proceedings, shall be brought only in DuPage County, Illinois. **Baxter & Woodman Inc.**, consents to the exclusive jurisdiction and venue of the courts located in DuPage County, State of Illinois.

# Confidentiality

DESIGN SECTION ENGINEER, including its agents and subconsultants, to this AGREEMENT may have or gain access to confidential data or information owned or maintained by the TOLLWAY in the course of carrying out its responsibilities under this AGREEMENT. The DESIGN SECTION ENGINEER shall presume all information received from the TOLLWAY or to which it gains access pursuant to this AGREEMENT is confidential. No confidential data collected, maintained, or used in the course of DESIGN SECTION ENGINEER's performance of this contract shall be disseminated except as authorized by law and with the written consent of the TOLLWAY, either during the period of the AGREEMENT or thereafter. The DESIGN SECTION ENGINEER must return any and all data collected, maintained, created or used in the course of the performance of the AGREEMENT, in whatever form it is maintained, promptly at the end of the AGREEMENT, or earlier at the request of the TOLLWAY, or notify the TOLLWAY in writing of its destruction with prior TOLLWAY approval only.

The foregoing obligations shall not apply to confidential data or information lawfully in the DESIGN SECTION ENGINEER's possession prior to its acquisition from the TOLLWAY; received in good faith from a third-party not subject to any confidentiality obligation to the disclosing Party; or independently developed by the DESIGN

Rev. 5/16/2017 Page 3 of 14 Contract I-17-4305

SECTION ENGINEER without the use or benefit of the TOLLWAY's confidential information.

# **ARTICLE VI**

# Responsibility for Injuries and Damages

The DESIGN SECTION ENGINEER shall be responsible for all injuries to persons and damages to property due to the activities of the DESIGN SECTION ENGINEER, its associates, agents or employees, in connection with an error, omission, intentional, willful, wanton or negligent act(s), and shall be responsible for all parts of its work, both temporary and permanent, relating to the performance of any services under this Agreement or in connection therewith. It is expressly understood that the DESIGN SECTION ENGINEER shall indemnify and save harmless the TOLLWAY, its Directors and employees from claims, suits, actions, damages, costs and fees arising from, growing out of an error, omission, intentional, willful, wanton or negligent act(s) of the DESIGN SECTION ENGINEER under this Agreement, to the maximum extent permitted by law, and such indemnity shall not be limited by reason of the enumeration of any insurance coverage hereinafter provided. Nothing herein contained shall be construed as prohibiting the TOLLWAY, its Directors or the employees from defending any actions and suits brought against them or any of them or from employing their own counsel in defense of all such actions and suits. It is understood and agreed that the DESIGN SECTION ENGINEER is an independent contractor and as such is solely responsible for all of its activities hereunder.

# **ARTICLE VII**

#### <u>Insurance</u>

The DESIGN SECTION ENGINEER agrees to procure and maintain during the entire term of this contract and any extensions thereto, at its own expense and without additional expense to the TOLLWAY, adequate insurance for claims for injuries to persons or damage to property which may arise from or in connection with the performance of the work by the DESIGN SECTION ENGINEER, his agents, representatives, employees or subcontractors. Work shall not commence until all insurance required by this section has been obtained and acceptable documentation provided to the TOLLWAY. Acceptable insurance companies shall be authorized or approved to transact business under the laws of the State of Illinois, shall be rated by A.M. Best and Company with a financial strength rating of "A-" or better and a financial size category of not less than "VII".

The DESIGN SECTION ENGINEER shall obtain for the term of the contract, and any extensions thereto, insurance in the following kinds and minimum limits:

a. Worker's Compensation Insurance as required by state statute, and Employer's Liability insurance covering all the DESIGN SECTION ENGINEER's employees acting within the course and scope of their employment.

b. Commercial General Liability Insurance written on Insurance Services Office (ISO) occurrence form CG 00 01 10/03 or equivalent, covering premises operations, independent contractors, blanket contractual liability, and personal injury with minimum limits of \$1,000,000.00 (One Millions Dollars) each occurrence and \$2,000,000.00 (Two Million Dollars) annual general aggregate.

If any aggregate limit is reduced below \$2,000,000.00 because of claims made or paid, the DESIGN SECTION ENGINEER shall obtain additional insurance to restore the full aggregate limit and furnish documentation to the TOLLWAY.

- c. Automobile Liability Insurance covering any auto, including owned, hired and non-owned autos, with a minimum limit of \$1,000,000.00 (One million Dollars) each occurrence, combined single limit.
- d. Excess / Umbrella Liability Insurance providing excess coverage over commercial general liability, automobile liability and employer's liability with a minimum limit of \$2,000,000.00 (Two Million Dollars) per occurrence and in aggregate.
- e. Engineering Professional Errors and Omissions Liability providing coverage for claims, damages, losses or expenses arising out of or resulting from the performance of Professional Services contemplated in this contract. Limits of liability shall be a minimum of \$2,000,000 (Two Million Dollars) per occurrence and in aggregate. The policy, including claims made forms, shall remain in effect for the duration of the contract and then have a three-year discovery period or longer as required by State Statue.

All deductible or self-insured retentions must be declared and are the sole responsibility of the DESIGN SECTION ENGINEER. The Illinois State Toll Highway Authority shall be named an "additional insured" for the commercial general liability and automobile liability coverage. These policies shall be primary for the additional insured and not contributing with any other insurance or similar protection available to the additional insured. Copies of the applicable "additional insured" endorsements will be provided to the TOLLWAY with the insurance documentation.

The DESIGN SECTION ENGINEER shall submit insurance documentation prior to the commencement of any contract work and will provide documentation of renewals of said policies as they occur. Any failure of the TOLLWAY to request proof of insurance will not waive the requirement of maintenance of protection as specified herein.

Rev. 5/16/2017 Page 5 of 14 Contract I-17-4305

#### ARTICLE VIII

#### Ownership of Documents

All documents, including tracings, drawings, estimates, specifications, field notes, investigations, studies and all documents, memoranda and information relating to services to be furnished and performed pursuant to this Agreement are the property of the TOLLWAY. During the performance of the engineering services herein provided for, the DESIGN SECTION ENGINEER shall be responsible for any loss or damage to the documents herein enumerated while they are in its possession, and any such documents shall be restored at its expense. Full access to the work during the preparation of the plans shall be available to the TOLLWAY and such other agencies as may be approved by the TOLLWAY. It is agreed and understood by the parties that any plans, drawings, blueprints or other similar documents ("plans") provided under this Contract which are reused by the TOLLWAY, on other projects, shall be at the TOLLWAY's own risk. Any person or entity reusing any plans shall be solely responsible for such reuse. Should the DESIGN SECTION ENGINEER reuse any plans, it agrees to indemnify all persons or entities for any claims or actions resulting from its reuse to the extent that said claim or action results from such reuse. The TOLLWAY agrees to require any person (including the TOLLWAY itself) reusing the plans provided by the DESIGN SECTION ENGINEER to abide by the terms and conditions set forth in this paragraph.

#### **ARTICLE IX**

#### Financial Statement

The DESIGN SECTION ENGINEER shall, within ten (10) days after requested by the TOLLWAY, furnish the TOLLWAY with a current statement of the financial condition of the DESIGN SECTION ENGINEER and any other financial information requested by the TOLLWAY.

# ARTICLE X Successors and Assigns

The TOLLWAY and DESIGN SECTION ENGINEER each bind themselves, their successors and assigns to the other party of this Agreement and to the successors and assigns of such other party with respect to all covenants of this Agreement. Except as this Agreement provides, neither the TOLLWAY nor the DESIGN SECTION ENGINEER shall assign, sublet or transfer its interest in this Agreement without the written consent of the other.

#### **ARTICLE XI**

#### <u>Subcontractors</u>

The DESIGN SECTION ENGINEER shall not subcontract or assign services to be performed under this Agreement without prior written approval of the TOLLWAY,

Rev. 5/16/2017 Page 6 of 14 Contract I-17-4305

review the final Progress Report and determine the percentage of completed services performed under the Agreement by the DESIGN SECTION ENGINEER.

- 2. The total compensation due to the DESIGN SECTION ENGINEER, in the event of termination without cause, shall be limited to the following, less all previous payments to the DESIGN SECTION ENGINEER and any credits or set-offs due to the TOLLWAY:
  - a. Actual payroll cost for services properly performed prior to the effective date of termination, times a multiplier of **2.8000**;
  - b. Actual reimbursable direct expenses incurred prior to the effective date of termination;
  - c. Actual payroll cost times a multiplier of **2.8000** for any wind-up services after the effective date of termination as directed to be performed by the Chief Engineering Officer of the TOLLWAY;
  - d. Actual reimbursable direct expenses incurred for any wind-up services after the effective date of termination as directed to be performed by the Chief Engineering Officer of the TOLLWAY;

#### B. Termination for Cause

- In the event the DESIGN SECTION ENGINEER fails to meet any of its contractual obligations, as set forth in this Agreement including the proposal, then the TOLLWAY, at its option, may consider the Agreement as canceled effective upon the delivery of written Notice of Termination for Cause to the DESIGN SECTION ENGINEER, and the DESIGN SECTION ENGINEER shall have no further claims or rights against the TOLLWAY except as set forth herein. The TOLLWAY may, as additional remedies, and without prejudice to or waiver of any other right or remedy which it possesses hereunder or as a matter of law, complete the performance of the engineering services with its own forces, or secure services from any other available source and any difference in cost shall be charged back to the DESIGN SECTION ENGINEER, or at the option of the TOLLWAY the DESIGN SECTION ENGINEER shall promptly pay for or reimburse the TOLLWAY for any such difference in cost, or the TOLLWAY may deduct any such cost from any payments due or to become due the DESIGN SECTION ENGINEER, if any. In addition to any difference in cost for services incurred by the TOLLWAY, the DESIGN SECTION ENGINEER shall reimburse the TOLLWAY for any costs, fees, or expenses, including administrative, engineering and legal expenses incurred by the TOLLWAY due to the failure of the DESIGN SECTION ENGINEER to meet such obligations. The foregoing costs, fees and expenses, may, at the direction of the TOLLWAY, be deducted from any sums remaining due for services properly performed prior to the effective date of the cancellation and termination.
  - 2. The conditions for termination for cause are as follows:

Rev. 5/16/2017 Page 8 of 14 Contract I-17-4305

- a. If DESIGN SECTION ENGINEER becomes insolvent, commits any act of bankruptcy, makes a general assignment for the benefit of creditors, or becomes the subject of any proceeding commenced under any statute or law established for the relief of debtors;
- b. If a receiver, trustee or liquidator of any of the property or income of DESIGN SECTION ENGINEER shall be appointed;
- c. If DESIGN SECTION ENGINEER shall fail to perform the scope of services, or any part thereof, with the diligence necessary to maintain its progress and compete the scope of services as prescribed by the time schedule and shall fail to take such steps as directed by the TOLLWAY to remedy delays within five (5) days after written notice thereof from TOLLWAY;
- d. If DESIGN SECTION ENGINEER shall violate any of the terms, provisions, conditions, covenants, or Certifications contained in this Agreement and shall fail to take such steps as directed by the TOLLWAY to remedy such default within five (5) days after written notice thereof from TOLLWAY.
- Upon termination for cause, and within ten (10) days of such notice, the DESIGN SECTION ENGINEER shall prepare a detailed Progress Report in a form satisfactory to the Chief Engineering Officer of the TOLLWAY, including information as to all services performed by the DESIGN SECTION ENGINEER and the status of the services as of the date of the termination, and provide all other information and documents developed under the terms of this Agreement as requested by the Chief Engineering Officer of the TOLLWAY. The TOLLWAY will review the Progress Report and determine the percentage of services that have been performed under this Agreement by the DESIGN SECTION ENGINEER. In the case of dispute between the TOLLWAY and the DESIGN SECTION ENGINEER, the decision of the Chief Engineering Officer shall be final. At the request and direction of the Chief Engineering Officer of the TOLLWAY, the DESIGN SECTION ENGINEER shall additionally, within ten (10) days after the date of termination, furnish the TOLLWAY with two (2) sets of prints of plans, two (2) sets of Special Provisions and two (2) sets of calculations with respect to the services performed to the date of termination in accordance with the requirements of the Design Section Engineer's Manual in effect at the date of contract execution, and as revised thereafter.
- 4. The total compensation due to the DESIGN SECTION ENGINEER in the event of Termination for Cause shall be the following, less all previous payments to the DESIGN SECTION ENGINEER, and any credits or set-offs due to the TOLLWAY:
  - a. Actual payroll cost for services properly performed prior to the effective date of termination, times a multiplier of **2.8000**;
  - b. Actual reimbursable direct expenses incurred prior to the effective date of termination;

# C. <u>Termination due to Lack of an Appropriation</u>

This Agreement is subject to termination and cancellation in any year for which the General Assembly fails to make an appropriation (if such an appropriation is required) to make payments under the terms of the Agreement. Currently, the TOLLWAY is not required to obtain a yearly appropriation of its funds. However, the TOLLWAY cannot and does not make any representation or warranties concerning future appropriation requirements.

#### **ARTICLE XIV**

#### **Solicitations**

The DESIGN SECTION ENGINEER warrants that no person or selling agency has been employed or retained to solicit or secure this Agreement upon an agreement or understanding for a commission, percentage, brokerage or contingent fee. For breach or violation of this warranty, the TOLLWAY shall have the right to annul this Agreement without liability or in its discretion to deduct from the contract price or consideration the full amount of such commission, percentage, brokerage or contingent fee.

#### ARTICLE XV

# **Record Retention and Audit**

In compliance with the Illinois Procurement Code (30 III. Comp. Stat. 500/20-65) and rules promulgated thereunder, every CONTRACT for goods and services shall provide that the contractor shall maintain certain records, books and documents.

The DESIGN SECTION ENGINEER shall maintain in the State of Illinois, for a minimum of five years from the latter of the date of completion of the CONTRACT or the date of final payment under the CONTRACT, adequate books, records, and supporting documents from an accounting system maintained in accordance with generally accepted accounting principles to verify the amounts, recipients, uses and methods of all disbursements of funds passing in conjunction with the CONTRACT. The five year record maintenance period shall be extended for the duration of any audit in progress at the time of that period's expiration. The DESIGN SECTION ENGINEER shall at its own expense make such records available in a timely manner for inspection and audit (including copies and extracts of records) as required by the Auditor General and other State Auditors, the Chief Procurement Officer for General Services, the Illinois Department of Transportation, and the TOLLWAY's Inspector General, Internal Audit or other TOLLWAY agents at all reasonable times and without prior notice. For purposes of this section, "timeliness" will be considered production within the time period specified by the Auditor General and other State Auditors, the Chief Procurement Officer for General Services, the Illinois Department of Transportation and the TOLLWAY's Inspector General, Internal Audit or other TOLLWAY agents, but no later than thirty days after a request for records being made unless otherwise agreed to by the parties. The DESIGN SECTION ENGINEER agrees to cooperate fully with any audit conducted

by the Auditor General and other State Auditors, the Chief Procurement Officer for General Services, the Illinois Department of Transportation and the TOLLWAY's Inspector General, Internal Audit or other TOLLWAY agents, and to provide full access to all relevant materials. The auditors reserve the right to enter the DESIGN SECTION ENGINEER's place of business in order to audit the records. If they are not produced in a timely manner by the DESIGN SECTION ENGINEER, then the DESIGN SECTION ENGINEER shall reimburse the TOLLWAY or other State agency for the travel expenses of its auditors in the event that this right is invoked.

The obligations of this Section shall be explicitly included in any subcontracts or agreements formed between the DESIGN SECTION ENGINEER and any subcontractors or suppliers of goods and services to the extent that those subcontracts or agreements relate to fulfillment of the DESIGN SECTION ENGINEER's obligations to the TOLLWAY. Such subcontractor shall be required to comply with the terms and conditions of this Section and the TOLLWAY shall be entitled to enforce a breach of that contract.

Any audit adjustment will be submitted on a final invoice for any underpayment or overpayment to the DESIGN SECTION ENGINEER or its subcontractors. The DESIGN SECTION ENGINEER shall promptly reimburse the TOLLWAY for any overpayment, or the TOLLWAY at its option may deduct any overpayment from any funds due the DESIGN SECTION ENGINEER, whether those funds are due under this contract or other contracts to which the DESIGN SECTION ENGINEER is a party either directly with the TOLLWAY or as a subcontractor. In the event the DESIGN SECTION ENGINEER fails or refuses to reimburse the TOLLWAY for an overpayment, the DESIGN SECTION ENGINEER shall be responsible for all costs, including attorney fees, incurred by the TOLLWAY to collect such overpayment.

Failure to maintain or make available the books, records, and supporting documents required by this Section shall establish a presumption in favor of the TOLLWAY for recovery of any funds paid by the TOLLWAY under the contract for which adequate books, records and supporting documentation are not available to support their purported disbursement.

The DESIGN SECTION ENGINEER shall reimburse the TOLLWAY for the total costs of an audit that identifies significant findings that would benefit the TOLLWAY, including but not limited to reasonable attorney's fees and other expenses. Significant findings for the purposes of this provision shall be identified as an amount in excess of \$50,000 in aggregate of the audit report or findings of material performance or compliance deficiencies.

If the DESIGN SECTION ENGINEER fails to comply with these requirements, the DESIGN SECTION ENGINEER may be disqualified or suspended from bidding on or working on future contracts.

#### **ARTICLE XVI**

#### Notices

Notices to be given hereunder or documents to be delivered shall be deemed sufficient if delivered personally or mailed by certified mail to the DESIGN SECTION ENGINEER at **Baxter & Woodman Inc.**, **8678 Ridgefield Road**, **Crystal Lake**, **Illinois 60012**, or to the Chief Engineering Officer at 2700 Ogden Avenue, Downers Grove, Illinois 60515. Either party may change the place to which notices hereunder may be addressed by written notice to the other party at any time or times.

#### **ARTICLE XVII**

#### Quality Assurance and Quality Control (QA/QC) Plan

The DESIGN SECTION ENGINEER'S QA/QC PLAN for this PROJECT must be presented by the DESIGN SECTION ENGINEER fourteen (14) days after receiving the signed contract. After acceptance by the TOLLWAY, the DESIGN SECTION ENGINEER must adhere to this QA/QC Plan and will be required to periodically confirm, in writing, that they have complied with the approved plan. The statement of compliance must be submitted to the TOLLWAY Project Manager with each milestone submittal (preliminary plans, draft reports, soil report, drainage study, etc.).

The QA/QC Plan must follow the GUIDELINES FOR the DESIGN SECTION ENGINEER'S QUALITY PROGRAM, which will be provided by the TOLLWAY.

#### **ARTICLE XVIII**

#### <u>Miscellaneous</u>

This Agreement, when executed by the DESIGN SECTION ENGINEER, shall be an offer by the DESIGN SECTION ENGINEER to the TOLLWAY and shall not be construed as an offer by the TOLLWAY to the DESIGN SECTION ENGINEER. All Agreements are subject to the statutes, rules, regulations and policies governing the TOLLWAY and are expressly subject to the approval of the TOLLWAY's Board of Directors, the Procurement Policy Board, the Chief Procurement Officer for General Services, and the Attorney General of the State of Illinois.

## **ARTICLE XIX**

## Inspector General

The Vendor/Contractor hereby acknowledges that pursuant to Section 8.5 of the Toll Highway Act (605 ILCS 10/8.5) the Inspector General of the Illinois State Toll Highway Authority has the authority to conduct investigations into certain matters including but not limited to allegations of fraud, waste and abuse, and to conduct reviews. The Vendor/Contractor will fully cooperate in any OIG investigation or review. Cooperation includes providing access to all information and documentation related to

the goods/services described in this Agreement, and disclosing and making available all personnel involved or connected with these goods/services or having knowledge of these goods/services. All subcontracts must inform Subcontractors of this provision and their duty to comply.

## **ARTICLE XX**

#### **Engineer Selection Process**

The TOLLWAY and the DESIGN SECTION ENGINEER hereby certify that they are in compliance with the provisions of the Architectural, Engineering and Land Surveying Qualifications Based Selection Act (30 ILCS 535) with respect to the procurement of the services covered in this Agreement.

#### ARTICLE XXI

#### Report of a Change in Circumstances

The DESIGN SECTION ENGINEER agrees to report to the TOLLWAY as soon as practically possible, but no later than 21 days following any change in facts or circumstances that might impact the DESIGN SECTION ENGINEER's ability to satisfy its legal or contractual responsibilities and obligations under this contract. Required reports include, but are not limited to changes in the DESIGN SECTION ENGINEER's Certification/Disclosure Forms, the DESIGN SECTION ENGINEER's IDOT prequalification, or any certification or licensing required for this project. Additionally, the DESIGN SECTION ENGINEER agrees to report to the Tollway within the above timeframe any arrests, indictments, convictions or other matters involving the DESIGN SECTION ENGINEER, or any of its principals, that might occur while this contract is in effect. This reporting requirement does not apply to common offenses, including but not limited to minor traffic/vehicle offenses.

Further, the DESIGN SECTION ENGINEER agrees to incorporate substantially similar reporting requirements into the terms of any and all subcontracts relating to work performed under this agreement. The DESIGN SECTION ENGINEER agrees to forward or relay to the Tollway any reports received from subcontractors pursuant to this paragraph within 21 days.

Finally, the DESIGN SECTION ENGINEER acknowledges and agrees that the failure of the DESIGN SECTION ENGINEER to comply with this reporting requirement shall constitute a material breach of contract which may result in this contract being declared void.

#### **DESIGN SECTION ENGINEER PROPOSAL**

#### FOR CONTRACT NUMBER I-17-4305

This proposal, dated <u>August 31, 2017</u>, is submitted by <u>Baxter & Woodman Inc.</u> of <u>Crystal Lake, Illinois</u> for Design Section Engineer's Service.

#### **DESCRIPTION/LOCATION OF DESIGN SECTION**

The location of the construction Contract <u>I-17-4305</u> for which we propose to provide Design Section Engineering Services is <u>Tri-State Tollway</u>, in <u>Cook and DuPage</u> County (Counties), Illinois.

# SCOPE OF DESIGN SECTION ENGINEERING SERVICES

Design Engineering Services following selection from PSB 17-3, more fully detailed in Exhibit F, attached hereto, will be executed in full compliance with the Illinois State Toll Highway Authority's *Design Section Engineer's Manual*, dated March 2016 (and as revised), and with the Illinois State Toll Highway Authority's (hereinafter referred to as "TOLLWAY") current practices. These services shall include preparation of contract plans, special provisions, construction schedule and review of bids; all field surveys, investigations, designs and analyses required to complete the work; checking of shop drawings and consultation during the construction period. Four copies of all design notes, quantity calculations and field books shall be submitted to the TOLLWAY with the final plans. These documents will be indexed and cross referenced in a manner which can be easily referenced by the Construction Manager.

#### **RESPONSIBILITY**

The DESIGN SECTION ENGINEER acknowledges the fact that neither interim nor final reviews by the TOLLWAY or its Consulting Engineer relieve the DESIGN SECTION ENGINEER of its responsibility for the accuracy and adequacy of the contract documents for this project.

#### FEE PROPOSAL

The DESIGN SECTION ENGINEER shall be compensated for Engineering Services on the following basis:

Rev. 3/1/2017	Page 1 of 8	EXHIBIT "1"		
		PAGE	OF	
			EXHIBIT "1"	
			Page <b>1</b> of <b>289</b>	

# PAYROLL COSTS TIMES A MULTIPLIER, PLUS REIMBURSEMENT OF DIRECT EXPENSES, WITH AN UPPER LIMIT OF COMPENSATION.

The compensation elements and their limits are more fully detailed as follows:

<u>PAYROLL COSTS AND MULTIPLIER</u> - During the course of the project, compensation shall be equal to Actual Direct Labor Costs (less overtime premium) multiplied by a factor of 2.80 to compensate for **Payroll Burden and Fringe Costs**, **Overhead and Miscellaneous Indirect Costs**, and **Profit**. This factor shall be used for periodic invoicing during the project.

"Actual Direct Labor" shall be reimbursed only for actual payroll costs paid to individuals employed directly by the DESIGN SECTION ENGINEER, independent contractors and contract employees shall be treated as "reimbursable direct costs" and not "actual direct salary." Subcontractors shall be treated as "Services by Others."

**Exhibit C-1** (Payroll Classification Escalation Table) shall identify the direct labor escalation for the duration of the project. Pay rate increases shall be limited to one per calendar year. Cumulative labor increases for the DESIGN SECTION ENGINEER may not exceed the direct labor escalation rate listed in Exhibit C-1 for any twelve month period.

# Exhibit C-2 (Direct Labor Classification Man-Hours and Rates)

This exhibit establishes employee classifications and rate ranges and determines the Total Direct Labor for the project.

Exhibit C-3 (Company Employee Classification List) shall establish the classifications, of the company's staff. Classifications must be included on Exhibit C-3 to be reimbursable.

The direct labor rate allowable for any individual at the outset of the project for invoicing purposes will be the rate listed on a "Certified Payroll Summary" to be submitted by the DESIGN SECTION ENGINEER at the start of the project. A revised "Certified Payroll Summary" must be submitted at the time of annual labor rate increases and when a newly hired employee is added to the TOLLWAY project.

A "normal work week" can be negotiated up to 45 hours per week. Overtime (straight time) for salaried positions cannot be invoiced beyond the number of hours in the "normal work week" unless pre-approved, in writing, by the project manager. These positions will be determined during negotiations of the contract or as the salaried position is added to the project.

Promotions resulting in labor rate increases will only be permitted if the promotion occurs on this project to a pre-approved contract position. Employees promoted within the company will not be entitled to a rate increase on this project beyond the rate appropriate for the services being performed by the employee. Any increase will be at the date of the approved promotion.

Rev. 3/1/2017	Page 2 of 8	EXHIBIT "1"	
		PAGE	OF
			EXHIBIT "1"
			Page <b>2</b> of <b>289</b>

Timesheets for each employee billed to the contract must be submitted with the invoice. The timesheets must be signed by both the employee and the employee's supervisor. The timesheets must include all hours paid to the employee, including non-billable time and time worked on other projects.

REIMBURSABLE DIRECT COSTS - The Reimbursable Direct Costs Worksheet determines the total dollar amount of Direct costs for the project. See Exhibit D. The DESIGN SECTION ENGINEER is responsible for managing the Direct Costs expended so the total Reimbursable Direct Cost amount is not exceeded. All Direct Costs presented for reimbursement must be included on the Allowable Direct Costs list made available in the Professional Service Bulletin (attached to Exhibit D). Direct Costs not identified on the Allowable Direct Costs list must be approved in writing by the Chief Engineering Officer of the TOLLWAY prior to reimbursement. Premium portions of overtime and Reimbursable Direct Costs will be reimbursed upon presentation of appropriate documentation.

Reimbursement for the use of automotive vehicles furnished by the DESIGN SECTION ENGINEER will be in accordance with the State of Illinois Government Rate in effect on the date of this proposal (see Exhibit D).

Such rate of reimbursement will be considered full payment for all costs including, but not limited to: the furnishing, insuring, operating, and maintaining the automotive vehicles. The term "automotive vehicle" includes automobiles, pick-up trucks, station wagons, vans, and the like. The DESIGN SECTION ENGINEER shall maintain itemized vehicle usage records for all vehicles billed to the contract. Said records shall contain at a minimum the individual who used the vehicle, the date of usage, and the purpose or destination.

No surcharge for handling or processing will be charged or approved. No profit will be paid for Direct Costs.

<u>SERVICES BY OTHERS</u> (Exhibit H) - The fees for services provided by all subcontractors shall be summarized on Exhibit H and Exhibit H (Cont). All subcontractors are required to submit Exhibits A-H (Cont).

The DESIGN SECTION ENGINEER understands that the contract is between the TOLLWAY and the DESIGN SECTION ENGINEER. The DESIGN SECTION ENGINEER is responsible for monitoring and managing the work and budget of all subcontractors.

The ADDITIONAL SERVICES PROVISION (if any) included in this proposal (see Exhibit B) will be for the sole purpose of funding increases in the Scope of Work, which have been identified as potential extra services prior to the start of work. The additional services funds will not be used to cover costs for items included in the original Scope of Design Engineering Services. The authorization for the use of the Additional Services Funds must be in writing from the Chief Engineering Officer of the TOLLWAY.

Rev. 3/1/2017	Page 3 of 8	EXHIBIT "1"		
		PAGE	OF	
			EX	HIBIT "1

Page 3 of 289

MAXIMUM ALLOWABLE FEE - The upper limit of compensation to the DESIGN SECTION ENGINEER, for all costs, shall be \$ 3.462,900.00 (see Exhibit B), which limit may not be exceeded unless authorized by a Supplemental Contract and approved by the TOLLWAY's Board of Directors. This sum represents the maximum compensation limit for completion of all Engineering Services for all items of work included in the Scope of Design Section Engineering Services (Exhibit F). If potential additional services have been identified in the scope of work (Exhibit F), it is understood that these services may not be requested by the TOLLWAY. If these services are requested by the TOLLWAY to be performed by the DESIGN SECTION ENGINEER, Exhibits A-H (Cont) must be submitted by the DESIGN SECTION ENGINEER for the TOLLWAY's approval prior to commencement of the work.

<u>REVISIONS TO THE SCOPE OF WORK</u> - If at any time during the execution of the work the DESIGN SECTION ENGINEER feels that he/she is being directed to perform services not included in the Scope Of Work, he/she will give immediate written notice to the Chief Engineering Officer of the TOLLWAY requesting a change in the Scope Of Work. This notification shall include the following:

- A. Definition of the revision to the scope.
- B. Documentation of the facts leading to or requiring the revision to the Scope of Work.
- C. Scheduling impact.
- D. Construction cost impact.
- E. Design fee impact including:
  - 1. Labor
  - 2. Direct Cost
  - Other

The Chief Engineering Officer of the TOLLWAY shall review and respond to the notification in a timely manner.

The DESIGN SECTION ENGINEER shall not proceed with any of the items of work which he/she believes are not included in the Scope Of Work until he/she submits the above notification and receives the written Authorization To Proceed from the Chief Engineering Officer of the TOLLWAY. If additional funds are required for the supplemental work, this Authorization to Proceed must receive the required TOLLWAY approvals authorizing the funds for the supplemental work.

<u>PROGRESS REPORTS</u> - The DESIGN SECTION ENGINEER will submit monthly progress and staffing reports including a narrative report and providing a brief discussion of the status of the design. These reports must be submitted with the invoice covering the same period, and must be received by the TOLLWAY within 20 calendar days following the reporting period.

Rev. 3/1/2017	Page 4 of 8	EXHIBIT "1"
		PAGEOF
		EXHIBIT "1"
		Page <b>4</b> of <b>289</b>

PROJECT STATUS EVALUATION - It will be the DESIGN SECTION ENGINEER's responsibility, when the total monies due the DESIGN SECTION ENGINEER approach 50% of the Total Contract Fee, to review the work accomplished and the work remaining, as well as the project schedule. The DESIGN SECTION ENGINEER shall then furnish the Chief Engineering Officer of the TOLLWAY with a written copy of his evaluation. If the project progress is determined to be unsatisfactory by the TOLLWAY, the DESIGN SECTION ENGINEER may be required to do the same review prior to the point in time that the costs incurred reach 70% and 90% of the Total Contract Amount.

KEY PERSONNEL - Exhibit E is a list of the Key Personnel who will be assigned to this project, should this proposal be accepted, together with a brief resume for each. It is understood that the TOLLWAY reserves the right to review the performance of assigned personnel at any time and the DESIGN SECTION ENGINEER agrees to replace or reassign personnel who are deemed by the TOLLWAY to not be suited to the task to which they are assigned. The DESIGN SECTION ENGINEER further agrees to assign employees to this project in a manner which will minimize engineering design expenses to the TOLLWAY.

<u>CURRENT WORK LOAD</u> - Attached hereto is Exhibit G, a Statement of Active and Pending Transportation Related Projects.

TERMS AND CONDITIONS - This document hereby incorporates by reference the "Contract" attached hereto and made a part hereof. The DESIGN SECTION ENGINEER understands and agrees that it shall be bound by the terms and conditions contained in the attached Contract including but not limited to those items contained in the Article titled "Insurance". The DESIGN SECTION ENGINEER shall provide a copy of a Certificate of Insurance as Exhibit 1. In the event there is a conflict between the terms of this proposal and the terms of the attached Contract, the terms contained in the Contract shall control. The DESIGN SECTION ENGINEER also agrees that it shall be required to procure and maintain additional insurance, if any is listed below, under the same terms and conditions specified in the Agreement. Specialized, project specific insurance, namely Railroad Protective Liability Insurance, may be considered for reimbursement as a direct cost.

Said additional insurance shall be in addition to any and all insurance required by the Contract.

<u>INVOICES</u> - INVOICES will be submitted monthly on forms provided to the DESIGN SECTION ENGINEER at the start of the project. The invoice cutoff date will coincide with the Monthly Progress Report. All payroll documentation and costs relating to this project will be available for audit by the TOLLWAY upon request.

INVOICES for services performed and expenses incurred through December 31st must be submitted to the TOLLWAY no later than February 28th of the subsequent year. The DESIGN SECTION ENGINEER expressly acknowledges that the TOLLWAY, at its discretion, reserves the right not to honor any delinquent INVOICE if the DESIGN SECTION ENGINEER fails to obtain prior written approval from the Chief Engineering

Rev. 3/1/2017	Page 5 of 8	Page 5 of 8 EXHIBIT "1"	
		PAGE	OF
			EXHIBIT "1"
			Page <b>5</b> of <b>289</b>

Officer for an alternative INVOICE submission date. DESIGN SECTION ENGINEER will request such approval or an INVOICE submittal extension no later than February 15<sup>th</sup>.

RECORD RETENTION AND AUDIT - In compliance with the Illinois Procurement Code (30 Ill. Comp. Stat. 500/20-65) and rules promulgated thereunder, every CONTRACT for goods and services shall provide that the contractor shall maintain certain records, books and documents.

The DESIGN SECTION ENGINEER shall maintain in the State of Illinois, for a minimum of five years from the latter of the date of completion of the CONTRACT or the date of final payment under the CONTRACT, adequate books, records, and supporting documents from an accounting system maintained in accordance with generally accepted accounting principles to verify the amounts, recipients, uses and methods of all disbursements of funds passing in conjunction with the CONTRACT. The five year record maintenance period shall be extended for the duration of any audit in progress at the time of that period's expiration. The DESIGN SECTION ENGINEER shall at its own expense make such records available in a timely manner for inspection and audit (including copies and extracts of records) as required by the Auditor General and other State Auditors. Chief Procurement Officer, the Illinois Department of Transportation, and the TOLLWAY's Inspector General, Internal Audit or other TOLLWAY agents at all reasonable times and without prior notice. For purposes of this section, "timeliness" will be considered production within the time period specified by the Auditor General and other State Auditors, Chief Procurement Officer, the Illinois Department of Transportation and the TOLLWAY's Inspector General, Internal Audit or other TOLLWAY agents, but no later than thirty days after a request for records being made unless otherwise agreed to by the parties. The DESIGN SECTION ENGINEER agrees to cooperate fully with any audit conducted by the Auditor General and other State Auditors, Chief Procurement Officer. the Illinois Department of Transportation and the TOLLWAY's Inspector General, Internal Audit or other TOLLWAY agents, and to provide full access to all relevant materials. The auditors reserve the right to enter the DESIGN SECTION ENGINEER's place of business in order to audit the records. If they are not produced in a timely manner by the DESIGN SECTION ENGINEER, then the DESIGN SECTION ENGINEER shall reimburse the TOLLWAY or other State agency for the travel expenses of its auditors in the event that this right is invoked.

The obligations of this Section shall be explicitly included in any subcontracts or agreements formed between the DESIGN SECTION ENGINEER and any subcontractors or suppliers of goods and services to the extent that those subcontracts or agreements relate to fulfillment of the DESIGN SECTION ENGINEER's obligations to the TOLLWAY. Such subcontractor shall be required to comply with the terms and conditions of this Section and the TOLLWAY shall be entitled to enforce a breach of that contract.

Any audit adjustment will be submitted on a final invoice for any underpayment or overpayment to the DESIGN SECTION ENGINEER or its subcontractors. The DESIGN SECTION ENGINEER shall promptly reimburse the TOLLWAY for any overpayment, or the TOLLWAY at its option may deduct any overpayment from any funds due the DESIGN

Rev. 3/1/2017	Page 6 of 8	EXHIBIT "1"	
		PAGE	OF
			EXHIBIT "1"
			Page 6 of 289

SECTION ENGINEER, whether those funds are due under this contract or other contracts to which the DESIGN SECTION ENGINEER is a party either directly with the TOLLWAY or as a subcontractor. In the event the DESIGN SECTION ENGINEER fails or refuses to reimburse the TOLLWAY for an overpayment, the DESIGN SECTION ENGINEER shall be responsible for all costs, including attorney fees, incurred by the TOLLWAY to collect such overpayment.

Failure to maintain or make available the books, records, and supporting documents required by this Section shall establish a presumption in favor of the TOLLWAY for recovery of any funds paid by the TOLLWAY under the contract for which adequate books, records and supporting documentation are not available to support their purported disbursement.

The DESIGN SECTION ENGINEER shall reimburse the TOLLWAY for the total costs of an audit that identifies significant findings that would benefit the TOLLWAY, including but not limited to reasonable attorney's fees and other expenses. Significant findings for the purposes of this provision shall be identified as an amount in excess of \$50,000 in aggregate of the audit report or findings of material performance or compliance deficiencies.

If the DESIGN SECTION ENGINEER fails to comply with these requirements, the DESIGN SECTION ENGINEER may be disqualified or suspended from bidding on or working on future contracts.

ILLINOIS TOLLWAY CONTRACT NO.:	<u>I-17-4305</u>
CONTRACTOR (NAME):	Baxter & Woodman, Inc.

#### 1. PAYMENT TERMS AND CONDITIONS:

- 1.1 Minority Contractor Initiative: Any Vendor awarded a contract under Section 20-10, 20-15, 20-25 or 20-30 of the Illinois Procurement Code (30 ILCS 500) of \$1,000 or more is required to pay a fee of \$15. The Comptroller shall deduct the fee from the first check issued to the Vendor under the contract and deposit the fee in the Comptroller's Administrative Fund. 15 ILCS 405/23.9.
- 1.2 Expenses: The State will not pay for supplies provided or services rendered, including related expenses, incurred prior to the execution of this contract by the Parties even if the effective date of the contract is prior to execution.
- Prevailing Wage: As a condition of receiving payment Vendor must (i) be in compliance with the contract, (ii) pay its employees prevailing wages when required by law, (iii) pay its suppliers and subcontractors according to the terms of their respective contracts, and (iv) provide lien waivers to the State upon request. Examples of prevailing wage categories include public works, printing, janitorial, window washing, building and grounds services, site technician services, natural resource services, security guard and food services. The prevailing wages are revised by the Department of Labor and are available on the Department's official website, which shall be deemed proper notification of any rate changes under this subsection. Vendor is responsible for contacting the Illinois Department of Labor to ensure understanding of prevailing wage requirements at 217-782-6206 or (http://www.state.il.us/agency/idol/index.htm).
- 1.4 Federal Funding: This contract may be partially or totally funded with Federal funds. If federal funds are expected to be used, then the percentage of the good/service paid using Federal funds and the total Federal funds expected to be used will be provided in the award notice.
- 1.5 Invoicing: By submitting an invoice, Vendor certifies that the supplies or services provided meet all requirements of the contract, and the amount billed and expenses incurred are as allowed in the contract. Invoices for supplies purchased, services performed and expenses incurred through December 31 of any year must be submitted to the State no later than February 28 of the following year; otherwise Vendor may have to seek payment through the Illinois Court of Claims. 30 ILCS 105/25. All invoices are subject to statutory offset. 30 ILCS 210.
  - 1.5.1 Vendor shall not bill for any taxes unless accompanied by proof that the State is subject to the tax. If necessary, Vendor may request the applicable Agency/University state tax exemption number and federal tax exemption information.
  - 1.5.2 Vendor shall invoice at the completion of the contract unless invoicing is tied in the contract to milestones, deliverables, or other invoicing requirements agreed to in the contract.
- 2. ASSIGNMENT: This contract may not be assigned, transferred in whole or in part by Vendor without the prior written consent of the State.
- 3. AUDIT/RETENTION OF RECORDS: Vendor and its subcontractors shall maintain books and records relating to the performance of the contract or subcontract and necessary to support amounts charged to the State pursuant to the contract or subcontract. Books and records, including information stored in databases or other computer systems, shall be maintained by the Vendor for a period of five years from the later of the date of final

payment under the contract or completion of the contract, and by the subcontractor for a period of five years from the later of final payment under the term or completion of the subcontract. Books and records required to be maintained under this section shall be available for review or audit by representatives of: the procuring Agency/University, the Auditor General, the Executive Inspector General, the Chief Procurement Officer, the Tollway Inspector General, State of Illinois internal auditors or other governmental entities with monitoring authority, upon reasonable notice and during normal business hours. Vendor and its subcontractors shall cooperate fully with any such audit and with any investigation conducted by any of these entities. Failure to maintain books and records required by this section shall establish a presumption in favor of the State for the recovery of any funds paid by the State under the contract for which adequate books and records are not available to support the purported disbursement. The Vendor or subcontractors shall not impose a charge for audit or examination of the Vendor's books and records. 30 ILCS 500/20-65.

- 4. TIME IS OF THE ESSENCE: Time is of the essence with respect to Vendor's performance of this contract. Vendor shall continue to perform its obligations while any dispute concerning the contract is being resolved unless otherwise directed by the State.
- 5. NO WAIVER OF RIGHTS: Except as specifically waived in writing, failure by a Party to exercise or enforce a right does not waive that Party's right to exercise or enforce that or other rights in the future.
- 6. FORCE MAJEURE: Failure by either Party to perform its duties and obligations will be excused by unforeseeable circumstances beyond its reasonable control and not due to its negligence, including acts of nature, acts of terrorism, riots, labor disputes, fire, flood, explosion, and governmental prohibition. The non-declaring Party may cancel the contract without penalty if performance does not resume within 30 days of the declaration.
- 7. CONFIDENTIAL INFORMATION: Each Party, including its agents and subcontractors, to this contract may have or gain access to confidential data or information owned or maintained by the other Party in the course of carrying out its responsibilities under this contract. Vendor shall presume all information received from the State or to which it gains access pursuant to this contract is confidential. Vendor information, unless clearly marked as confidential and exempt from disclosure under the Illinois Freedom of Information Act, shall be considered public. No confidential data collected, maintained, or used in the course of performance of the contract shall be disseminated except as authorized by law and with the written consent of the disclosing Party, either during the period of the contract or thereafter. The receiving Party must return any and all data collected, maintained, created or used in the course of the performance of the contract, in whatever form it is maintained, promptly at the end of the contract, or earlier at the request of the disclosing Party, or notify the disclosing Party in writing of its destruction. The foregoing obligations shall not apply to confidential data or information lawfully in the receiving Party's possession prior to its acquisition from the disclosing Party; received in good faith from a third Party not subject to any confidentiality obligation to the disclosing Party; now is or later becomes publicly known through no breach of confidentiality obligation by the receiving Party; or is independently developed by the receiving Party without the use or benefit of the disclosing Party's confidential information.
- 8. USE AND OWNERSHIP: All work performed or supplies created by Vendor under this contract, whether written documents or data, goods or deliverables of any kind, shall be deemed work for hire under copyright law and all intellectual property and other laws, and the State of Illinois is granted sole and exclusive ownership to all such work, unless otherwise agreed in writing. Vendor hereby assigns to the State all right, title, and interest in and to such work including any related intellectual property rights, and/or waives any and all claims that Vendor may have to such work including any so-called "moral rights" in connection with the work. Vendor acknowledges the State may use the work product for any purpose. Confidential data or information contained in such work shall be subject to confidentiality provisions of this contract.
- INDEMNIFICATION AND LIABILITY: The Vendor shall indemnify and hold harmless the Tollway and State of Illinois, their directors, agencies, officers, employees, agents and volunteers from any and all costs, demands,

expenses, losses, claims, damages, liabilities, settlements and judgments, including in-house and contracted attorneys' fees and expenses, arising out of: (a) any breach or violation by Vendor of any of its certifications, representations, warranties, covenants or agreements; (b) any actual or alleged death or injury to any person, damage to any property or any other damage or loss claimed to result in whole or in part from Vendor's negligent performance; or (c) any negligent act, activity or omission of Vendor or any of its employees, representatives, subcontractors or agents. Neither Party shall be liable for incidental, special, consequential or punitive damages.

- 10. INDEPENDENT CONTRACTOR: Vendor shall act as an independent contractor and not an agent or employee of, or joint venture with the State. All payments by the State shall be made on that basis.
- 11. SOLICITATION AND EMPLOYMENT: Vendor shall not employ any person employed by the State during the term of this contract to perform any work under this contract. Vendor shall give notice immediately to the Agency's director if Vendor solicits or intends to solicit State employees to perform any work under this contract.
- applicable federal, state, and local laws, rules, ordinances, regulations, orders, federal circulars and all license and permit requirements in the performance of this contract. Vendor shall be in compliance with applicable tax requirements and shall be current in payment of such taxes. Vendor shall obtain at its own expense, all licenses and permissions necessary for the performance of this contract.
- 13. BACKGROUND CHECK: Whenever the State deems it reasonably necessary for security reasons, the State may conduct, at its expense, criminal and driver history background checks of Vendor's and subcontractors officers, employees or agents. Vendor or subcontractor shall reassign immediately any such individual who, in the opinion of the State, does not pass the background check.
- 14. APPLICABLE LAW: This contract shall be construed in accordance with and is subject to the laws and rules of the State of Illinois. The Department of Human Rights' Equal Opportunity requirements (44 III. Adm. Code 750) are incorporated by reference. Any claim against the State arising out of this contract must be filed exclusively with the Illinois Court of Claims. 705 ILCS 505/1. The State shall not enter into binding arbitration to resolve any contract dispute. The State of Illinois does not waive sovereign immunity by entering into this contract. The official text of cited statutes is incorporated by reference. An unofficial version can be viewed at http://www.ilga.gov/legislation/ilcs/ilcs.asp.
- 15. ANTI-TRUST ASSIGNMENT: If Vendor does not pursue any claim or cause of action it has arising under federal or state antitrust laws relating to the subject matter of the contract, then upon request of the Illinois Attorney General, Vendor shall assign to the State rights, title and interest in and to the claim or cause of action.
- 16. CONTRACTUAL AUTHORITY: The Agency that signs for the State of Illinois shall be the only State entity responsible for performance and payment under the contract. When the Chief Procurement Officer or authorized designee signs in addition to an Agency, they do so as approving officer and shall have no liability to Vendor. When the Chief Procurement Officer or authorized designee, or State Purchasing Officer signs a master contract on behalf of State agencies, only the Agency that places an order with the Vendor shall have any liability to Vendor for that order.
- 17. NOTICES: Notices and other communications provided for herein shall be given in writing by registered or certified mail, return receipt requested, by receipted hand delivery, by courier (UPS, Federal Express or other similar and reliable carrier), by e-mail, or by fax showing the date and time of successful receipt. Notices shall be sent to the individuals who signed the contract using the contact information following the signatures. Each such notice shall be deemed to have been provided at the time it is actually received. By giving notice, either Party may change the contact information.

- 18. MODIFICATIONS AND SURVIVAL: Amendments, modifications and waivers must be in writing and signed by authorized representatives of the Parties. Any provision of this contract officially declared void, unenforceable, or against public policy, shall be ignored and the remaining provisions shall be interpreted, as far as possible, to give effect to the Parties' intent. All provisions that by their nature would be expected to survive, shall survive termination. In the event of a conflict between the State's and the Vendor's terms, conditions and attachments, the State's terms, conditions and attachments shall prevail.
- 19. PERFORMANCE RECORD / SUSPENSION: Upon request of the State, Vendor shall meet to discuss performance or provide contract performance updates to help ensure proper performance of the contract. The State may consider Vendor's performance under this contract and compliance with law and rule to determine whether to continue the contract, suspend Vendor from doing future business with the State for a specified period of time, or to determine whether Vendor can be considered responsible on specific future contract opportunities.
- 20. FREEDOM OF INFORMATION ACT: This contract and all related public records maintained by, provided to or required to be provided to the State are subject to the Illinois Freedom of Information Act (FOIA) (50 ILCS 140) notwithstanding any provision to the contrary that may be found in this contract.
- 21. SCHEDULE OF WORK: Any work performed on State premises shall be done during the hours designated by the State and performed in a manner that does not interfere with the State and its personnel.

#### 22. WARRANTIES FOR SUPPLIES AND SERVICES:

- Vendor warrants that the supplies furnished under this contract will: (a) conform to the standards, specifications, drawing, samples or descriptions furnished by the State or furnished by the Vendor and agreed to by the State, including but not limited to all specifications attached as exhibits hereto; (b) be merchantable, of good quality and workmanship, and free from defects for a period of twelve months or longer if so specified in writing, and fit and sufficient for the intended use; (c) comply with all federal and state laws, regulations and ordinances pertaining to the manufacturing, packing, labeling, sale and delivery of the supplies; (d) be of good title and be free and clear of all liens and encumbrances and; (e) not infringe any patent, copyright or other intellectual property rights of any third party. Vendor agrees to reimburse the State for any losses, costs, damages or expenses, including without limitations, reasonable attorney's fees and expenses, arising from failure of the supplies to meet such warranties.
- 22.2 Vendor shall insure that all manufacturers' warranties are transferred to the State and shall provide a copy of the warranty. These warranties shall be in addition to all other warranties, express, implied or statutory, and shall survive the State's payment, acceptance, inspection or failure to inspect the supplies.
- 22.3 Vendor warrants that all services will be performed to meet the requirements of the contract in an efficient and effective manner by trained and competent personnel. Vendor shall monitor performances of each individual and shall reassign immediately any individual who is not performing in accordance with the contract, who is disruptive or not respectful of others in the workplace, or who in any way violates the contract or State policies.

#### 23. REPORTING, STATUS AND MONITORING SPECIFICATIONS:

23.1 Vendor shall immediately notify the State of any event that may have a material impact on Vendor's ability to perform the contract.

- 23.2 By August 31 of each year, Vendor shall report to the Agency or University the number of qualified veterans and certain ex-offenders hired during Vendor's last completed fiscal year. Vendor may be entitled to employment tax credit for hiring individuals in those groups. 35 ILCS 5/216, 5/217.
- 24. EMPLOYMENT TAX CREDIT: Vendors who hire qualified veterans and certain ex-offenders may be eligible for tax credits. 30 ILCS 500/45-67 and 45-70. Please contact the Illinois Department of Revenue (telephone #: 217-524-4772) for information about tax credits.

#### 25. SUPPLEMENTAL PROVISIONS

#### 25.1 TOLLWAY SUPPLEMENTAL PROVISIONS

#### 25.1.1 Agents and Employees:

Vendor shall be responsible for the negligent acts and omissions of its agents, employees and subcontractors in their performance of Vendor's duties under this Contract. Vendor represents that it shall utilize the services of individuals skilled in the profession for which they will be used in performing services or supplying goods hereunder. In the event that the Tollway determines that any individual performing services or supplying goods for Vendor hereunder is not providing such skilled services or delivery of goods, it shall promptly notify the Vendor and the Vendor shall replace that individual.

#### 25.1.2 **Publicity:**

Vendor shall not, in any advertisement or any other type of solicitation for business, state, indicate or otherwise imply that it is under contract to the Tollway nor shall the Tollway's name be used in any such advertisement or solicitation without prior written approval except as required by law.

#### 25.1.3 Third Party Beneficiaries:

There are no third party beneficiaries to this Contract. This Contract is intended only to benefit the Tollway/Buyer and the Vendor.

#### 25.1.4 Successors In Interest:

All the terms, provisions, and conditions of the Contract shall be binding upon and inure to the benefit of the parties hereto and their respective successors, assigns and legal representatives.

#### 25.1.5 Venue:

Any claim against the Tollway arising out of this contract must be filed exclusively with Circuit Court for the Eighteenth Judicial Circuit, DuPage County, Illinois for State claims and the U.S. District Court for the Northern District of Illinois for Federal claims.

- 25.1.5.1 Whenever "State" is used or referenced in this Contract, it shall be interpreted to mean "Tollway".
- 25.1.5.2 The State Prompt Payment Act (30 ILCS 40) does not apply to the Tollway.
- 25.1.5.3 The Tollway is not currently an appropriated agency.
- 25.2 Report of a Change in Circumstances: The Vendor agrees to report to the TOLLWAY as soon as practically possible, but no later than 21 days following any change in facts or circumstances that might impact the Vendor's ability to satisfy its legal or contractual responsibilities and obligations under this contract. Required reports include, but are not limited to changes in the Vendor's Certification/Disclosure Forms, the Vendor's IDOT pre-qualification, or any certification or licensing

Illinois Tollway Standard Business Terms and Conditions Page 5

required for this project. Additionally, Vendor agrees to report to the Tollway within the above timeframe any arrests, indictments, convictions or other matters involving the Vendor, or any of its principals, that might occur while this contract is in effect. This reporting requirement does not apply to common offenses, including but not limited to minor traffic/vehicle offenses.

Further, the Vendor agrees to incorporate substantially similar reporting requirements into the terms of any and all subcontracts relating to work performed under this agreement. The Vendor agrees to forward or relay to the Tollway any reports received from subconsultants pursuant to this paragraph within 21 days.

Finally, the Vendor acknowledges and agrees that the failure of the Vendor to comply with this reporting requirement shall constitute a material breach of contract which may result in this contract being declared void.

	declar	ed void.

If yes, you must identify below, to the extent the information is known, the names, addresses and type of work all Sub-Consultants you will be using in the performance of this Contract, together with the anticipated percentage each is expected to receive pursuant to this Contract. The State may request updated information at any time. For purposes of this section Sub-Consultants are those specifically hired to perform all, or part, of the work of this contract or to provide the supplies requested by the State. Upon request, our firm agrees to provide a copy of the subcontract, if required, within fifteen (15) days after execution of the contract if selected, or after execution of the subcontract, whichever is later, for those subcontracts with an annual value of more than \$50,000. All subcontracts over \$50,000 must include the same certifications that the Vendor must make as a condition of the contract. The vendor shall include in each subcontract the sub-contractor/consultant certifications as shown on the Standard Sub-contractor Certification form available from the State. Delinquent Payment. The Sub-Contractor/Consultant certifies that it, or any affiliate, is not barred from being awarded a contract under 30 ILCS 500. Section 50-11 prohibits a person from entering into a contract with a State agency if it knows or should know that it, or any affiliate, is delinquent in the payment of any debt to the State as defined by the Debt Collection Board. Section 50-12 prohibits a person from entering into a contract with the State agency if it, or any affiliate, has failed to collect and remit Illinois Use Tax on all sales of tangible personal property into the State of Illinois in accordance with the provisions of the Illinois Use Tax Act. The Contractor/Consultant further acknowledges that the contracting State agency may declare the contract void if this certification is false or if the Contractor/Consultant or any affiliate is determined to be delinquent in the payment of any debt to the State during the term of the contract. CONTRACTOR CONSULTANT Consultant: Baxter & Woodman, Inc. Federal Employment Identification Number (FEIN)

# STATE OF ILLINOIS FORMS B CERTIFICATIONS AND DISCLOSURES

IPB Reference #: 22040505

Procurement/Contract #: I-17-4305

This Forms B may be used when responding to an Invitation for Bid (IFB) or a Request for Proposal (RFP) if the vendor is registered in the Illinois Procurement Gateway (IPG) and has a valid IPG Registration Number.

If a vendor does not have a valid IPG registration number, then the vendor must complete and submit Forms A with their response. Failure to do so may render the submission non-responsive and result in disqualification.

Please read this entire section and provide the requested information as applicable. All parts in Forms B must be completed in full and submitted along with the vendor's response.

# 1. Certification of Illinois Procurement Gateway Registration

My business has a valid Illinois Procurement Gateway (IPG) registration. The State of Illinois Chief Procurement Office approved the registration and provided the IPG registration number and expiration date disclosed in this Forms B.

To ensure that you have a valid registration in the IPG, search for your business name in the IPG Registered Vendor Directory. If your company does not appear in the search results, then you do not have a valid IPG registration.

### 2. Certification Timely to this Solicitation or Contract

Vendor certifies it is not barred from having a contract with the State based upon violating the prohibitions related to either submitting/writing specifications or providing assistance to an employee of the State of Illinois by reviewing, drafting, directing, or preparing any invitation for bids, a request for proposal, or request of information, or similar assistance (except as part of a public request for such information). 30 ILCS 500/50-10.5(e), amended by Public Act No. 97-0895 (August 3, 2012).  $\boxtimes$  Yes  $\square$  No

# 3. Replacement Certification to IPG Certification #6 (supersedes response in IPG)

If Vendor has been convicted of a felony, Vendor certifies at least five years have passed since the date of completion of the sentence for such felony, unless no person held responsible by a prosecutor's office for the facts upon which the conviction was based continues to have any involvement with the business. Vendor further certifies that it is not barred from being awarded a contract. 30 ILCS 500/50-10.  $\boxtimes$  Yes  $\square$  No

4. Disclosure of Lobbyist or Agent (Complete only if bid, offer, or contract has an annual value over \$50,000)

Is your company or parent entity(ies) represented by or do you or your parent entity(ies) employ a lobbyist required to register under the Lobbyist Registration Act (lobbyist must be registered pursuant to the Act with the Secretary of State) or an agent who has communicated, is communicating, or may communicate with any State/Public University officer or employee concerning the bid or offer? If yes, please identify each lobbyist and agent, including the name and address below.  $\square$  Yes  $\bowtie$  No

If yes, please identify each lobbyist and agent, including the name and address below. If you have a lobbyist that does not meet the criteria, then you do not have to disclose the lobbyist's information. Additional rows may be inserted into the table or an attachment may be provided if needed.

# STATE OF ILLINOIS FORMS B CERTIFICATIONS AND DISCLOSURES

Name	Address	Relationship to Disclosing Entity		
N/A				

Describe all costs/fees/compensation/reimbursements related to the assistance provided by each representative lobbyist or other agent to obtain this Agency/University contract: N/A

# 5. Disclosure of Current and Pending Contracts

Complete only if: (a) your business is for-profit and (b) the bid, offer, or contract has an annual value over \$50,000. Do not complete if you are a not-for-profit entity.

Yes No. Do you have any contracts, pending contracts, bids, proposals, subcontracts, leases or other ongoing procurement relationships with units of State of Illinois government?

If "Yes", please specify below. Additional rows may be inserted into the table or an attachment in the same format may be provided if needed.

Agency/University	Project Title	Status	Value	Contract Reference/P.O./Illinois Procurement Bulletin #
IDOT (Subconsultant)	Phase I/II Project Management	Contract	\$1.5M	PTB 178/6

# Signature

As of the date signed below, I certify that:

- My business' information and the certifications made in the Illinois Procurement Gateway are truthful and accurate.
- The certifications and disclosures made in this Forms B are truthful and accurate.

This Forms B is signed by an authorized officer or employee on behalf of the bidder, offeror, or vendor pursuant to Sections 50-13 and 50-35 of the Illinois Procurement Code, and the affirmation of the accuracy of the financial disclosures is made under penalty of perjury.

This disclosure information is submitted on behalf of:

# Blanket Additional Insured - Owners, Lessees or **Contractors - with Products-Completed** Operations Coverage Endorsement

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

It is understood and agreed as follows:

- The WHO IS AN INSURED section is amended to add as an Insured any person or organization whom the Named Insured is required by written contract to add as an additional insured on this coverage part, including any such person or organization, if any, specifically set forth on the Schedule attachment to this endorsement. However, such person or organization is an Insured only with respect to such person or organization's liability for:
  - A. unless paragraph B. below applies,
    - 1. bodily injury, property damage, or personal and advertising injury caused in whole or in part by the acts or omissions by or on behalf of the Named Insured and in the performance of such Named Insured's ongoing operations as specified in such written contract; or
    - 2. bodily injury or property damage caused in whole or in part by your work and included in the products. completed operations hazard, and only if
      - a. the written contract requires the Named Insured to provide the additional insured such coverage; and
      - b. this coverage part provides such coverage.
  - B. bodily injury, property damage, or personal and advertising injury arising out of your work described in such written contract, but only if:
    - 1. this coverage part provides coverage for bodily injury or property damage included within the products completed operations hazard; and
    - 2. the written contract specifically requires the Named Insured to provide additional insured coverage under the 11-85 or 10-01 edition of CG2010 or the 10-01 edition of CG2037.
- II. Subject always to the terms and conditions of this policy, including the limits of insurance, the Insurer will not provide such additional insured with:
  - A. coverage broader than required by the written contract; or
  - B. a higher limit of insurance than required by the written contract.
- III. The insurance granted by this endorsement to the additional insured does not apply to bodily injury, property damage, or personal and advertising injury arising out of:
  - A. the rendering of, or the failure to render, any professional architectural, engineering, or surveying services, including:
    - the preparing, approving, or failing to prepare or approve maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; and
    - 2. supervisory, inspection, architectural or engineering activities; or
  - B. any premises or work for which the additional insured is specifically listed as an additional insured on another endorsement attached to this coverage part.
- IV. Notwithstanding anything to the contrary in the section entitled COMMERCIAL GENERAL LIABILITY CONDITIONS. the Condition entitled Other Insurance, this insurance is excess of all other insurance available to the additional. insured whether on a primary, excess, contingent or any other basis. However, if this insurance is required by written

contract to be primary and non-contributory, this insurance will be primary and non-contributory relative solely to insurance on which the additional insured is a named insured.

V. Solely with respect to the insurance granted by this endorsement, the section entitled COMMERCIAL GENERAL LIABILITY CONDITIONS is amended as follows:

The Condition entitled Duties In The Event of Occurrence, Offense, Claim or Suit is amended with the addition of the following:

Any additional insured pursuant to this endorsement will as soon as practicable:

- 1. give the Insurer written notice of any claim, or any occurrence or offense which may result in a claim;
- 2. except as provided in Paragraph IV. of this endorsement, agree to make available any other insurance the additional insured has for any loss covered under this coverage part;
- 3. send the Insurer copies of all legal papers received, and otherwise cooperate with the Insurer in the investigation, defense, or settlement of the claim; and
- 4. tender the defense and indemnity of any claim to any other insurer or self insurer whose policy or program applies to a loss that the Insurer covers under this coverage part. However, if the written contract requires this insurance to be primary and non-contributory, this paragraph (4) does not apply to insurance on which the additional insured is a named insured.

The Insurer has no duty to defend or indemnify an additional insured under this endorsement until the Insurer receives written notice of a claim from the additional insured.

VI. Solely with respect to the insurance granted by this endorsement, the section entitled **DEFINITIONS** is amended to add the following definition:

Written contract means a written contract or written agreement that requires the Named Insured to make a person or organization an additional insured on this coverage part, provided the contract or agreement:

- A. is currently in effect or becomes effective during the term of this policy; and
- B. was executed prior to:
  - 1. the bodily injury or property damage; or
  - 2. the offense that caused the personal and advertising injury

for which the additional insured seeks coverage.

Any coverage granted by this endorsement shall apply solely to the extent permissible by law.

All other terms and conditions of the Policy remain unchanged.

This endorsement, which forms a part of and is for attachment to the Policy issued by the designated Insurers, takes effect on the effective date of said Policy at the hour stated in said Policy, unless another effective date is shown below, and expires concurrently with said Policy.

# ADDITIONAL INSURED ENDORSEMENT - CONTRACTUAL OBLIGATION

It is understood and agreed that this endorsement amends the BUSINESS AUTO COVERAGE FORM as follows:

### SCHEDULE

7 m. v	Name of Additional Insured Person Or Organization	

- 1. Paragraph A.1. Who is An Insured of Section II LIABILITY COVERAGE is amended to include as an additional insured the person or organization scheduled above, but only if you are required by "written contract" to make that person or organization an additional insured under this policy.
- 2. The insurance provided to the additional insured is limited as follows:
  - a. The person or organization is an additional insured only with respect to "bodily injury" or "property damage" arising out of a covered "auto" and caused by your negligent acts or omissions or the negligent acts or omissions of someone, other than the additional insured, for whom you are legally liable.
  - b. The person or organization is not an additional insured for the person or organization's own acts or omissions, nor those of anyone, other than you, for whom the person or organization is legally liable.
  - c. We will not provide the additional insured any broader coverage or any higher limit of liability than the least that is:
    - (1) Required by the "written contract"; or
    - (2) Afforded to you under this policy.
- Condition 2. Duties in the Event of Accident, Claim, Suit or Loss of Section IV BUSINESS AUTO CONDITIONS
  is amended to add the following conditions applicable to the additional insured:

An additional insured under this endorsement will as soon as practicable:

- a. Give us written notice of an "accident" which may result in a claim or "suit" under this insurance, and of any claim
  or "suit" that does result;
- b. Agree to make available any other insurance the additional insured has for a loss we cover under this policy;
- c. Send us copies of all legal papers received, and otherwise cooperate with us in the investigation, defense, or settlement of the claim or "suit"; and
- d. Tender the defense and indemnity of any claim or "suit" to any other insurer or self insurer whose policy or program applies to a loss we cover under this policy. But if the "written contract" requires this insurance to be primary and non-contributory, this provision d. does not apply to insurance on which the additional insured is a Named Insured.

We have no duty to defend or indemnify an additional insured under this endorsement until we receive from the additional insured written notice of a "suit."

4. Only for the purpose of the insurance provided by this endorsement, SECTION V – DEFINITIONS is amended to add the following definition:

"Written contract" means a written contract or written agreement that requires you to make a person or organization an additional insured under this policy, provided the contract or agreement:

- 1. Is currently in effect or becomes effective during the term of this policy; and
- 2. Was executed prior to the accident for which the additional insured seeks coverage under this policy.

# ADDITIONAL INSURED - PRIMARY AND NON-CONTRIBUTORY

It is understood and agreed that this endorsement amends the BUSINESS AUTO COVERAGE FORM as follows: SCHEDULE

ANY PERSON OR ORGANIZATION THAT YOU ARE REQUIRED BY WRITTEN CONTRACT OR WRITTEN AGREEMENT TO NAME AS AN ADDITIONAL INSURED

- 1. In conformance with paragraph A.1.c. of Who is An Insured of Section II LIABILITY COVERAGE, the person of organization scheduled above is an insured under this policy.
- 2. The insurance afforded to the additional insured under this policy will apply on a primary and non-contributory basis if you have committed it to be so in a written contract or written agreement executed prior to the date of the "accident" for which the additional insured seeks coverage under this policy.

All other terms and conditions of the Policy remain unchanged.

# Supplement Exhibit F I-17-4305

This project is to prepare Phase II engineering services for the preparation of contract plans and specifications for the proposed bridge rehabilitation, bridge repairs and bridge demolition including, but not limited to, the Tri-State Tollway (1-294) between 95<sup>th</sup> Street (M.P. 17.8) and Balmoral Avenue (M.P. 40.0).

The scope of proposed improvements includes reconstructing / rehabilitation of bridges, new drainage structures and modification of existing drainage system, erosion control for all construction zones, design of appropriate landscape and soil erosion/sedimentation control measures as necessary, pavement markings, delineators and signage, barrier warrant analysis and installation of guardrail, anchors and terminal, update roadway lighting, maintenance of traffic, protection and relocation of utilities, and other appurtenant and miscellaneous construction. A maximum of four (4) contracts will be prepared.

<u>Bridges</u>- The bridges and anticipated scope of work for the bridges based on the provided Bridge Condition Reports (BCRs) and draft Master Plan for the Tri-State are as follows:

			;	Ī	Maintenance		
ridge#	Structure #	Feature Carried	Feature Crossed	Structure type	Responsibility	MP	Scope of Work
						:	
		:	•				Replace expansion joints
							Reset bearings
							Structural steel repairs
							Clean & paint steel
							Repair substructure
				:			Slope wall reconstruction
177	016-3248	88th Avenue/Cork Ave	1-294	Steel	ISTHA/Cook County	20.00	Retaining walls
							Replace expansion joints
					•		Clean scuppers

			:				Clean scuppers
				•		:	Substructure repair
253	016-1033	55th Avenue	Flagg Creek	PPC	ISTHA/IDOT	25.40	Repair beam ends with fiber wrap

#### Supplement Exhibit F I-17-4305

Design Work for the Bridges includes – Review of related master plan documents, evaluation of subsurface conditions and survey data; review of bridge condition reports, with confirmation of and necessary revisions to proposed scope of work, to be summarized in 30% concept submittal. Type studies will be completed for all retaining walls proposed under bridges. Further design work includes preparation of contract documents, with intermediate review submittals, for the proposed bridge repairs, slope wall modifications, and retaining walls, as described above, along with any necessary related structural calculations.

<u>Hinsdale Oasis</u> - This work will include the design of the proposed demolition of the existing Hinsdale Oasis, and plans and specifications into a single contract document. (Refer to the scope of services provided by STV Incorporated).

#### **Exclusions:**

- Scope of work for bridges limited to rehabilitation only (deck or superstructure replacement excluded).
- The design of overhead sign structures and signs not included.
- Assume structural foundation details, quantities and specifications for IPDC facilities, ITS gantries, and DMS will be included in contract by others. Not responsible for site work and associated shielding of foundations
- Structural design and Hydraulic/Hydrologic analysis of culverts not included.
- Design of foundations for IPDC facilities, ITS gantries, and DMS are not included.
- Noisewalls and retaining walls (other described above) including geotechnical investigation are not included.
- Scope at Hinsdale Oasis limited to building and bridge demolition. Site work limited to minimum temporary grading required for adequate drainage.
- Full bridge inspections with bucket trucks not included. Observations will be made from the ground or via drone technology.
- Barrier Warrant Analyses (BWAs) for the IPDC foundations, ITS Gantry and DMS foundations not included. Four (4) BWAs assumed at 4 structures. Therefore, sixteen (16) BWA locations included for interim improvements only.
- Drainage, erosion control and maintenance of traffic scope limited to disturbed areas created by the Bridge and Retaining wall scope included in this contract.
- Lighting design limited to underpass lighting and temporary transitional lighting at the bridge locations noted above.
- Building design (restaurants/retail) at the Hinsdale Oasis is not included.
- Public Involvement Meetings and Outreach not included.
- Railroad coordination not included.
- Fiber-optic design not included.
- The Tollway has not determined if the retaining walls at the Hinsdale Oasis are required so the following retaining walls as shown in the Master Plan are not included.

Begin Station	End Station	Length
1320+48	1328+50	802
1320+45	1328+44	800
	1320+48	1320+48 1328+50

## Supplement Exhibit F I-17-4305

#### Contingency

A contingency amount has been included on Exhibit B for site development work for the Hinsdale Oasis. We understand that the DCM will perform a Phase I study evaluating various rehabilitation alternates for the reconfiguration/reconstruction of the oasis on both sides of the mainline, and with interface with Tollway, and other stakeholders will narrow down the alternates to a selected alternate for reconstruction. We have not included any services for this Phase I study and recommendation. Currently we understand that the following parameters are being defined and being evaluated:

- An overpass Oasis similar to the existing oasis will not be reconstructed.
- Most likely, the elevation of oasis pavement on both sides of the mainline will be lowered.
- The surface parking for passenger cars, truck parking area, and the existing gas station will be reconfigured/reconstructed as a result of lowering the Oasis.
- The on and off ramps to the oasis may need to be reconstructed.
- This construction will be staged so that public's access to the existing gas station is maintained as long as
  possible.
- It is anticipated that the DSE may be required to perform the supplemental environmental, and geotechnical investigation to prepare the PS&Es for construction. The DSE will perform the topo and utility survey of Oasis, and after the demolition of the existing Oasis bridge this survey will be updated.
- The Oasis site may consist of the construction of retaining walls or detention facilities.
- Building design is not included in the contingency.

The Parking lot design may consist of the tasks listed below:

- Site plans including all pavements, curbs & gutters and features
- Maintenance of Traffic and Construction Staging
- Removal Plans
- Proposed Geometry
- Grading / Earthwork
- Storms Sewer Drainage System
- Sanitary Sewer System
- Utility Relocation
- Landscaping
- Pavement Marking
- Signage/Pavement Striping
- Lighting for Parking Lot
- Utility services for the Restaurant /Retail buildings
- All applicable ADA requirements
- Any assistance for exhibits for public presentations/Discussions that maybe needed

The site work will includes coordination with the utility companies, local agencies, and also plan preparation, special provisions, cost estimates and QA/QC. It's estimated that total square footage of this space will be about 25,000 square foot on each side, with an estimated construction cost of \$12 to \$15 Million. Once the Phase I study is completed at the Oasis, it is anticipated that the DSE will submit a proposal with man-hours and engineering fee to complete Phase II contract plans. If the contingency dollar amount is not enough to complete the proposed design work, a Supplement may be required.

#### **EXHIBIT F**

#### Contract No. I-17-4305

# 2IM Group, LLC

#### **SCOPE OF SERVICES**

Evaluation of Roadside obstacles in accordance with the Illinois Tollway Traffic Barrier Guidelines, latest edition. The DSE will prepare a strip map which identifies all areas of concern and meet with the Illinois Tollway and DCM to confirm expected level of analysis to be performed as part of the Barrier Warrant Analysis for each contract.

Review of Phase I environmental documents to confirm potential issues related to wetlands, waterways, biological, cultural, noise, air, hazardous/special waste, pedestrian/bike accommodations, land use, zoning, etc. Review of ESA investigations and recommendations performed by others. Prepare Phase II ESA in accordance with the Illinois Tollway Environmental Studies Manual, latest edition, and ASTM E1903 Standard Practice for Environmental Site Assessments, Phase II as applicable. Prepare a Remedial Action Plan in accordance with the aforementioned criteria as applicable and in accordance with IEPA requirements for Site Remediation Programs.

Provide barrier warrant analyses and installation of guardrail, anchors and terminals to conform to the current AASHTO Guidelines and Illinois Tollway criteria. Barrier warrant analyses will be performed for fourbridges, with four locations at each bridge, for a total of 16 locations.

Perform environmental studies. Phase I Environmental Site Assessments (ESAs) were prepared by others. These shall be reviewed for content and Phase II Environmental Site Assessments are to be prepared including environmental borings and analysis. The DSE will further prepare all designs required for remediation recommendations resulting from the ESA and Remedial Action Plan (RAP).

Completion of a two-part Environmental Studies Inventory Sheet (ESIS). Part I shall be submitted no more than four weeks following notice to proceed. Part II shall be submitted with preliminary plans.

Prepare a Remedial Action Plan (RAP) in accordance with the aforementioned criteria as applicable and in accordance with IEPA requirements for Site Remediation Programs.

Provide Erosion Control and Drainage for Concept Plans and Final Plans for the Hinsdale Oasis.

Mud Rotary Drilling Set up Charge	EACH	\$150.0
Mud Rotary (<4" Clameter)		
0' - 30'	L.F.	\$12.0
0° - 50°	L.F.	\$17.0
51'-75'	LF.	\$19.5
76° - 100°	L.F.	\$22.0
100' - 150'	HOUR	\$250.0
Split Spoon Sampling Mud Rotary (2" Diameter)		
C' - 30'	EACH	\$18.0
30" - 50"	EACH	\$21.0
51' - 75'	EACH	\$32.0
76' - 100'	EACH	\$97.0
100' - 150'	HOUR	\$250.0
Install & Remove 3" NW Casing (0 - 100") (If required)	HOUR	\$250.0
Install & Remove 3" NW Casing (100' - 150')	HOUR	\$300.0
Bedrock Coring Setup	HOLE	\$150.0
Rock Caring (NX size)	LF.	\$50.0
Backfill Geoprobe soil Culting	16	\$1.5
Backfill Environmental Boring (Bentonite or Grout)	L.F.	\$3.0
Backfill soil cutting	LF.	\$2
	LF.	\$6.0
Backfill Boring (Bentonite or Grout) Rock Rotary Orlling (<4" Clameter)	L.F.	36.4
		400
0 - 50'	L.F.	\$50.
51' - 75' 76' - 100'	LF.	\$60.0
	L.F.	\$75.0
100' - 150'	HOUR	\$300.6
Plezometers 2" PVC Backfilled with Cuttings	L.F.	\$6.0
Fast Set 45 Concrete Patch or DOT Road & Bridge Patch Mix	Each	\$150.0
Geoprobe	L.F.	\$22.6
Pavement Coring - 4-8 Inch	PER INCH	\$25.
Electric Concrete Coring Machine	DAY	\$250.0
Inclinometer Installation Including Material w/Cement & Bentonite	L.F.	\$25.
Concrete / Asphalt Drilling (6 or 8-inch Diameter)	Each	\$150.0
Concrete Coring - 4 Inch (er/Orill Rig)	PER INCH	\$20.0
Concrete Coring - 6 Inch (w/Drift Rig)	PER INCH	\$25
Concrete Structure Core Repair - Bridge Deck 4" to 5" Dia. X 8" to 10" Thick	EACH	\$250
Concrete Structure Core Repair - Culvert 4" to 5" Dta. X 3 Feat Thick	EACH	\$350
Desander & Pump Rental for Mud Rotary Drilling	DAY	\$150.0
	DAY	\$150.
Generator - Night Work Desander & Pump Rental for Mud Rotary Drilling	DAY	\$150

Assumptions:
-Union 150 Rates will be an hourly rate charged for all prevailing wage hours worked in addition to the regular regular footage/hourly unit rates. This is above the prevailing wages hourly rate and benefits.

Unit Weight	EACH	\$25.00

# **ALLOWABLE DIRECT COSTS**

# 10.01.2013

Effective for contracts awarded on or after October 1, 2013, the following costs are allowable when requested by the Department and included in the contract. The costs are allowable when it is customary for the firm to bill for the cost and it can be itemized in the firm's billing and accounting systems.

Per Diem	State Rate (Maximum)
Lodging	State Rate (Maximum)
Air Fare	Coach Rate with 2 weeks advance
	purchase
Vehicles	
Mileage	State Rate* (Maximum)
Vehicle Rental	\$55/day (Maximum)
Leased / Company-Owned Vehicles (does not include	
personal vehicles, not owned by the company)	\$65/day
Vehicle Half-day Rate	\$32.50/haif day
Parking	Actual Cost
Tolls	Actual Cost
Overtime	Premium portion
Film and Film Processing**	Actual Cost
Overnight Delivery/Postage Courier Service	Actual Cost
Copies of Deliverables and Mylars	Actual Cost
Specific Insurance – required for project	Actual Cost
CADD	Actual Costs (Maximum of \$15.00/Hr)
Monuments – Permanent	Actual Cost
Payment for Newspaper Ads	Actual Cost
Web Site	Actual Cost
Facility Rental for Public Meetings & Exhibits/Rendering	
& AV Equipment/Transcriptions	Actual Cost
Recording Fees	Actual Cost
Courthouse Fees	Actual Cost
Testing of Soil Samples	Actual Cost
Lab Services (excluding Phase III normal construction	
inspection such as beam breaks, cylinder breaks,	
pavement cores)	Actual Cost
Equipment rental specific for project (snooper for bridge	
inspection, noise meter, etc.)	Actual Cost
Specialized equipment – on an as needed basis with prior	
approval	Actual Cost
Traffic Systems	Actual Cost
Storm sewer cleaning and televising	Actual Cost
Traffic control and protection	Actual Cost
Aerial photography and mapping	Actual Cost
Utility exploratory trenching	Actual Cost
· · ·	

# **ALLOWABLE DIRECT COSTS**

- \*website for State Reimbursement Rates
   http://www2.illinois.gov/cms/Employees/travel/Pages/TravelReimbursement.aspx
- \*\*Use of digital cameras verses film cameras is encouraged when firms own digital cameras and the discussion of their use will be part of the negotiations. Film & copies will be reimbursed at actual costs.
- On all agreements authorization after January 1, 2005, GPS Equipment is considered a "tool of the trade."

Consultant:

**GSG Consultants, Inc.** 

**Contract No.:** 

1-17-4305

#### **EXHIBIT F**

Contract No. I-17-4305 GSG Consultants, Inc. SCOPE OF SERVICES

#### Geotechnical Soil Investigations and Reporting

GSG will conduct the geotechnical investigation in accordance with the ISTHA latest version of the Geotechnical Manual (2017). Below is a brief description of the improvement included in this project:

We will advance a total of 8 borings, 2 at each of the following bridges where the slopewalls will be modified and retaining walls are proposed. These are the bridges:

BN 177-88th Ave/Cork Ave over I-294

BN 185-5th Ave over I-294

BN 187- Willow Springs Rd over I-294

8N 2S1- 55th Street over 1-294

The borings will ebitaken on the crossroads near the bridge abutments where the retaining wall is proposed. One boring at each abutment x 4 bridges for 8 borings. We estimate the borings to be at a depth of approximately 60 feet.

Below is GSG's project approach for the investigations and reporting.

#### **Subsurface Exploration**

It is assumed that access to any adjacent private properties will be obtained by the Tollway prior to mobilization. We will also secure a permit from local jurisdiction.

Conduct a visual reconnaissance of the project area to evaluate access for drilling equipment and locate proposed soil boring locations.

Clear Underground Utilities - GSG will Layout the soil borings based on the site reconnaissance. GSG will contact JUUE 48-hour prior to starting the field activities and clear underground utilities at the site.

Prepare soil boring location plan based on the result of the site reconnaissance. The soil boring plan will show the proposed boring location based on site condition, accessibility, and existing underground / overhead utilities. We will also document the boring location deviation from the proposed / requested locations.

Arrange for traffic control for soil borings requiring traffic control during field activities.

Mobilize truck-mounted and ATV drill rigs as appropriate to the project area and perform subsurface exploration activities. Soil samples will be collected using split-barrel samples utilizing the Standard Penetration Test (SPT) procedures.

As required by Geotechnical Manual, rock coring will be completed at various structures in accordance with ASTM D2113.

Subsurface exploration and sampling activities will be supervised by an experienced geotechnical engineer. All material recovered from each split barrel will be carefully examined and visually classified at the time of sampling by the field geotechnical engineer. The field geotechnical engineer will prepare a written record (field log) providing SPT results, soil classification, field observations and other relevant data.

Soil samples will be preserved in a 2-in. diameter, 8-ounce screw-top, airtight clear glass jars. The soil samples will be placed in the jars and sealed as soon as taken, and the jars will be stored in cardboard boxes, marked and identified. The jar labels will show the section number, boring number, depth at which sample was taken, and number of SPT blows. The samples shall be protected against freezing and the jars against breakage, and will be delivered to the soil laboratory on a daily basis for laboratory testing.

#### **EXHIBIT F**

Contract No. I-17-4305 GSG Consultants, Inc. SCOPE OF SERVICES

We will backfill each borehole with soil cuttings or grout mix, based on the subsurface condition after completion of all field explorations and after all samples, observations and information have been collected. Patch top of each borehole with asphalt or concrete mixed in accordance with existing surface.

#### **Laboratory Testing Program**

GSG will perform laboratory testing program on selected soil samples. The type of the laboratory testing program is dependent upon the type of soil encountered but will generally include visual engineering classification, natural moisture content, unit weight, unconfined compressive strength tests, organic content tests, and Atterberg limits testing.

#### Geotechnical Analysis and Reporting

#### **Draft Report**

We will prepare a "Draft Geotechnical Report" upon completion of all field explorations, laboratory testing, and all engineering analysis. The report will include exhibits showing boring locations, boring logs, soil test data, soil profile drawings, and results of all special studies and analyses, engineering recommendation for the proposed project, construction considerations, and all other information specified by the Tollway Geotechnical Manual. The report will also include recommendation regarding the need for additional geotechnical investigation during the construction phase. We will also provide a PDF electronic copy of the draft geotechnical report. The report will include the followings:

Summary of Site Investigation - We will review the general topography and ground surface features, and consideration of any possible project design constraints such as right-of-way, utilities, construction limitations, water flow, scour or erosion conditions that may affect foundation considerations. We will also provide discussion of any evidence of unstable ground conditions, geologic formations, groundwater conditions or other site conditions that may affect foundation selection.

Structure — The engineering analysis and recommendation for retaining walls will include evaluations of short and long-term stability and settlement due to excavations and embankment loadings, including recommendations for cut and fill slopes and need for settlement platforms and piezometer, analysis for foundation type, drainage and drainage systems, and remedial treatments, seismic evaluation, and construction considerations. We will include a detailed discussion regarding foundation conditions and recommended foundation type and criteria for design of retaining walls. We will also provide information regarding temporary earth support system during construction, anticipated groundwater problems and management during construction. For the overhead signs reports, we will provide engineering properties of existing soils and geotechnical design parameters at each overhead sign locations in accordance with the Tollway geotechnical manual.

#### Final Report

We will issue the final Geotechnical Report after incorporating the review comments made on the Draft Geotechnical Report by the Tollway. The final Geotechnical Report will be stamped by a Professional Engineer licensed in the State of Illinois and experienced in geotechnical engineering under whom all phases of geotechnical work were performed.

# 10.01.2013

Effective for contracts awarded on or after October 1, 2013, the following costs are allowable when requested by the Department and included in the contract. The costs are allowable when it is customary for the firm to bill for the cost and it can be itemized in the firm's billing and accounting systems.

Per Diem	State Rate (Maximum)
Lodging	State Rate (Maximum)
Air Fare	Coach Rate with 2 weeks advance
	purchase
Vehicles	
Mileage	State Rate* (Maximum)
Vehicle Rental	\$55/day (Maximum)
Leased / Company-Owned Vehicles (does not include	
personal vehicles, not owned by the company)	\$65/day
Vehicle Half-day Rate	\$32.50/half day
Parking	Actual Cost
Tolls	Actual Cost
Overtime	Premium portion
Film and Film Processing**	Actual Cost
Overnight Delivery/Postage Courier Service	Actual Cost
Copies of Deliverables and Mylars	Actual Cost
Specific Insurance – required for project	Actual Cost
CADD	Actual Costs (Maximum of \$15.00/Hr)
Monuments – Permanent	Actual Cost
Payment for Newspaper Ads	Actual Cost
Web Site	Actual Cost
Facility Rental for Public Meetings & Exhibits/Rendering	
& AV Equipment/Transcriptions	Actual Cost
Recording Fees	Actual Cost
Courthouse Fees	Actual Cost
Testing of Soil Samples	Actual Cost
Lab Services (excluding Phase III normal construction	
inspection such as beam breaks, cylinder breaks,	
pavement cores)	Actual Cost
Equipment rental specific for project (snooper for bridge	
inspection, noise meter, etc.)	Actual Cost
Specialized equipment – on an as needed basis with prior	
approval	Actual Cost
Traffic Systems	Actual Cost
Storm sewer cleaning and televising	Actual Cost
Traffic control and protection	Actual Cost
Aerial photography and mapping	Actual Cost
Utility exploratory trenching	Actual Cost

## **EXHIBIT F**

Contract No. I-17-4305

Quigg Engineering Inc.

## **SCOPE OF SERVICES**

### **Task Field Survey**

This project requires the survey of 6 bridge structures at various locations along the Tri-State Tollway (I-294). The work to be performed will be Topographic surveys for these structures. Prepare a base drawing of each survey. All survey work shall be performed in accordance with the appropriate sections of the DSE's design Manual.

### Coordination

Assemble information and documents as needed for the Prime to perform coordination with the Tollway and other agencies for survey group within the project limits. Attend project meetings as requested. Coordinate with the Prime on schedule and delivery of data.

#### Control

Establish additional project horizontal and vertical control based on the Illinois State Plane coordinate system (2011 adjustment) and the NAVD 88 vertical datum.

Prepare project control report which will containing the final coordinate values, final vertical values, tie location sketches and type of monument set for each monument and the Tollway control checklist form.

### **Supplemental Surveys**

Review of provided survey information and coordinate with the DCM on any discrepancies.

Conduct topographic surveys for 6 bridge structures and the Hinsdale Oasis strructure, surveys to include edge of pavement and shoulders, traffic control and other pertinent features at each site including cross section 1000 feet in both the approach and departure directions of 5 of the structures. Bridges at ramp AB and Flag Creek will not require the additional 1000 feet in the approach and departure directions. The surveys may be conducted us LIDAR and supplemented with traditional ground surveys as needed.

Conduct survey of drainage structures at each site and note depths, pipe size, material and condition.

Verify topographic features from record drawings and Phase I documents if such are to be used in the design.

The DCM will provide available survey information, will establish centerlines and benchmarks for the use by the survey group.

Locate existing Utilities above ground and underground within the project limits, this will be based on visible evidence of existing utilities.

#### CADD

Prepare drawing in Micro Station format in compliance with the Tollway requirements of the supplemental surveys. Prepare 3D bridge model for each existing strucure surveyed. Prepare topographic project report, report shall contain but not limited to an ASCII file listing of all point, field notes taken during survey and complete the Tollway topographic checklist.

### **Deliverables**

Project Control Report.

ASCII listing of primary control points.

Field notes and recovery sketches of primary control points.

Survey Control Checklist.

ASCII file of all topographic points.

Micro Station drawing of topographic survey

Geopac File for all survey data.

Copy of Field notes taken during survey.

Signed & Dated Survey Control Check List in Excel and PDF.

Signed & Dated Topographic survey Check List in Excel and PDF.

Photos with photo log.

Topography verification report (if needed).

## **EXHIBIT F**

### Contract No. I-17-4305

## Singh & Associates, Inc.

## **SCOPE OF SERVICES**

Singh & Associates, Inc. (SINGH), as a sub-consultant to Baxter Woodman will perform lighting, electrical and ITS design services for various Bridge Rehabilitation, Bridge Repairs, Bridge Demolition Design Contract I-17-4305. The services will be performed in accordance to ISTHA standards.

### Locations:

- -88th Avenue / Cork Ave: one crossroad structure going over Tollway
- -5th Avenue: one crossroad structure going over Tollway
- -Willow Springs: one crossroad structure going over Tollway
- Ramp AB: one ramp structure over creek
- -55th Street: one crossroad structure going over Tollway
- -Hinsdale Oasis Removal
- -55th Street over Flagg Creek

### Scope of Work:

The scope of work includes review of Phase I report, review of design criteria, preparation of concept design, coordination with DCM, other DSEs, review of concept lighting design prepared by I-17-4308.

### ITS/Fiber/AET Scope:

The scope anticipated to be included as part of the construction contract(s) is to be limited to the installation of the underground backbone duct package across the bridges which will contain power and fiber optic cable installed under separate contract(s). ITS device design shall be performed under separate contracts. The I-17-4305 DSE shall be required to coordinate with the DCM and I-17-4307 DSE for Advance ITS and Fiber Relocation to ensure operational and communication requirements are fulfilled for each stage of MOT. The I-17-4305 DSE shall be required to coordinate with the DCM and I-17-4308 DSE to ensure that final ITS device design is in conformance with the corridor requirements and all assets are properly transferred between contracts.

### **List of ITS Tasks:**

### **Concept Design:**

-Concept level cost estimate based on Concept design provide by others

### **PS&E** documents:

**Proposed ITS plans** 

Conduit Transition plans for five bridge

Specification

Cost estimate

## Lighting:

Develop working drawings and contract documents for updating existing roadway/underpass lighting systems for the installation of new roadway/underpass lighting systems as required by the Illinois Tollway Guidelines for Roadway Illumination, design criteria, and corridor roadway lighting design concept. The DSE shall coordinate with the DCM and the I-17-4308 DSE for the corridor roadway lighting design concept. The I-17-4305 DSE shall be responsible for the design of temporary lighting systems as required for the maintenance of existing illumination and as required for special illumination during construction; shall include provisions for the maintenance of existing, temporary and final lighting systems through the duration of the contract; shall determine the actual locations of final roadway and underpass lighting systems; shall coordinate with the DCM to determine lighting system control options; shall prepare contract plans, special provisions, and estimates for the temporary and final roadway and underpass lighting.

#### **EXHIBIT F**

#### Contract No. I-17-4305

## Singh & Associates, Inc.

#### **SCOPE OF SERVICES**

#### **List of Lighting Tasks:**

#### **Concept Design:**

- -Review of Lighting design concept for Tollway system, prepared by other DSEs
- -Hinsdale Oasis removal Concept
- -Concept level cost estimate

#### **PS&E documents:**

- -Existing removal, Temporary and Proposed Underpass Lighting plans five bridge locations
- Hinsdale oasis bridge removal: work associated with electrical and lighting removal
- -Specification
- -Cost estimate

#### PM, Coordination and site visits

- -Review Value Management Study
- -INVEST planning
- -Site Visits and field investigation
- -Coordination with DCM, other DSEs, Utilities and Tollway
- -Project Management and Invoicing
- -QA/QC

#### Considered not part of the SINGH's scope of work:

- -Concept Submittal for Tollway lighting system and photometric computations
- -ITS concept design submittal except revision to concept level cost
- -ITS design work related Hinsdale oasis removal
- -ITS design work associated with Advanced ITS relocation contract and foundations for ITS equipment.
- -ITS and lighting design work outside the bridge improvement limits
- -ITS and lighting design work related 55th Street over Flagg Creek

### **EXHIBIT F**

## **CONTRACT I-17-4305**

### (Bowman Consulting Group, Ltd.)

#### **SCOPE OF SERVICES**

## I. PROJECT DESCRIPTION

This project is to prepare Phase II engineering services for the preparation of contract plans and specifications for the proposed bridge rehabilitation, bridge repairs and bridge demolition including, but not limited to, the Tri-State Tollway (I-294) between 95th Street (M.P. 17.8) and Balmoral Avenue (M.P. 40.0).

#### II. ITEMS OF WORK TO BE INCLUDED IN CONTRACT I-17-4305

The Design Section Engineer's (DSE) Subconsultant services under Contract I-17-4305 shall consist of the following services Bowman Consulting Group, Ltd. (BCG) will provide to Baxter & Woodman (B&W) for this project.

Meetings/Field Checks	
Bridge Plans Ramp AB over I-294	
QC/QA	384
Administration	<u>40</u>
Total Hours	

#### **ASSUMPTIONS**

- QC reviews will be performed on three milestone submittals for four separate construction contract plans, special provisions and estimates. Reviews by BCG will be conducted following documented reviews by the firm of the Designer of Record of the form preparing the documents.
- Phase III manhours are not included in this contract.
- Construction support Phase services will be provided under a separate contract with the Construction Manager (CM).

### I. PROJECT DESCRIPTION

This project is to prepare Phase II engineering services for the preparation of contract plans and specifications for the proposed bridge rehabilitation, bridge repairs and bridge demolition including, but not limited to, the Tri-State Tollway (I-294) between 95<sup>th</sup> Street (M.P. 17.8) and Balmoral Avenue (M.P. 40.0).

The scope of proposed improvements includes reconstructing / rehabilitation of bridges, demolition of Hinsdale Oasis, new drainage structures and modification of existing drainage system, erosion control for all construction zones, design of appropriate landscape and soil erosion/sedimentation control measures as necessary, pavement markings, delineators and signage, barrier warrant analysis and installation of guardrail, anchors and terminal, update roadway lighting, maintenance of traffic, protection and relocation of utilities, and other appurtenant and miscellaneous construction.

## II. ITEMS OF WORK TO BE INCLUDED IN CONTRACT 1-17-4305

The services provided by STV, Incorporated (STV) under Contract I-17-4305 shall consist of the following tasks:

- 1. Phase II engineering services for the Hinsdale Oasis Bridge Removal including coordination, FAA permitting, civil and structural (building and bridge). Excludes proposed utilities, Maintenance of Traffic, Environmental, and Proposed Retaining Walls, except for incorporation into plan set.
- 2. Constructability Review 6 contracts One review at each milestone (preliminary (60%), pre-final (95%) and final (100%)) per contract.

The design criteria and policies, Standard Specifications, materials and construction requirements of the Illinois State Toll Highway Authority shall apply to all portions of the improvement under Illinois Tollway jurisdiction. The design criteria and policies, materials and construction requirements of the Illinois Department of Transportation shall apply outside the Illinois Tollway jurisdiction area.

## Task 1: Phase II engineering services for the Hinsdale Oasis Bridge and Building Removal

Work to be provided as part of this Task shall include, but not be limited to, the following:

## A. CONCEPT DESIGN VERIFICATION - REVIEW

STV, Incorporated will review the Phase I Engineering documents completed to date for the above referenced contract, as they are specifically related to the demolition of the Hinsdale Oasis (Task 1), and provide concept (30%) design deliverables as further defined herein.

The <u>review</u> of Phase I Engineering documents as it relates to Task 1 prepared to date shall include:

- Project scope
- 2. Project budget

- 3. Project schedule. STV shall confirm or provide a recommended demolition/construction schedule for the Hinsdale Oasis within the contract limits. STV shall coordinate with Baxter & Woodman (B&W) and DCM as requested to ensure that the demolition schedule is supported and can be accommodated within the overall Tri-State Tollway Master Corridor Schedule.
- 4. Project concept and schedule review including geometrics, design criteria, alternatives analysis and a review of the following contracts prepared by others to confirm that the design is compatible with that of the I-17-4305 design section as it relates to Task 1:
  - a. Tri-State Tollway Roadway Reconstruction Contract I-17-4296.
  - b. Tri-State Tollway Roadway Reconstruction Contract I-17-4297.
  - c. Tri-State Tollway Roadway Reconstruction Contract I-17-4298.
- 5. Design Criteria Review.
- 6. Review of Design Deviations prepared to date.
- 7. Coordination with B&W and team members for tasks related to the Oasis Demolition Plan set.
- 8. Review of a vailable survey information for Task 1 furnished by the DCM and confirmation of completeness or need for additional information. See Section III for more information on recommendations for more Field Survey.

### B. CONCEPT DESIGN VERIFICATION - TECHNICAL MEMORANDUM

The anticipated <u>deliverable</u> to be produced by STV from the review of Phase I Engineering documents shall include a Technical Memorandum expressing confirmation of document review and addressing the elements as they relate to Task 1, (Hinsdale Oasis demolition):

- 1. Project scope No deliverable
- 2. Project budget Provide an updated (30%) level cost estimate. Phase I estimate shall be updated, using current costs.
- 3. Project schedule Provide statement of concurrence with preliminary concept level schedule for the work included in Task 1.
- 4. Project concept review Provide statement of concurrence that Task 1 work appears to be compatible with adjacent reconstruction contracts, or provide preliminary list of potential conflicts.
- 5. Design Deviations Statement confirming requirement of deviations prepared to date for work directly related to Task 1.
- 6. Review coordination confirm commitments and future required actions relates to Task 1 work.
- 7. Review of available survey information no deliverable.

### C. PRELIMINARY AND FINAL DESIGN ENGINEERING

1. DESIGN AND PLAN PREPARATION - DETAILED REQUIREMENTS

During this phase, STV shall perform designs and prepare contract plans and documents for implementation of the project improvements for Task 1, to include, but not be limited to, the following:

- Design services for preparing contract plans, special provisions and estimates.
- Provide information and backup materials for the preparation of required permits to the DSE for use by the DCM. STV scope is limited to FAA permit.
- c. Prepare FAA permit for the Oasis demolition.
  - i. Federal Aviation Administration (FAA) 7460 Notice of Proposed Construction or Alteration.
- d. The following tasks have been or will be completed and will be provided to the DSE: Biological Resource Review, Wetland Delineation, Cultural Resource investigation, Stream/Water Quality Investigation, tree transect survey, Special Waste Assessment, and Traffic Noise Analysis. The DCM will prepare a comprehensive inventory of required permits for the overall Tri-State Tollway (I-294) project, secure select permits and approvals (including FAA approval and corridor-wide 404/401 permits), and support coordination of other required permits to be secured by the DSE. STV will be supplied this information.
- e. Phase I micro-station (.dgn) files for the Hinsdale Oasis will be supplied to STV.
- f. Existing utility atlas's shall be <u>furnished</u> to STV for use in preparing the existing utility plan in the oasis area.
- g. All other appurtenant and miscellaneous items. The following structures are included in this project:
  - Bridge 2490: Hinsdale Oasis Bridge Removal
- 2. DESIGN AND PLAN PREPARATION DELIVERABLES (Preliminary 60%, Pre-Final 95%, and Final 100% bidding documents)
  - a. Plans Prepare demolition plans for Hinsdale Oasis Demolition Contact which includes the following anticipated drawings:
    - i. Title Sheet
    - ii. General Notes (compile notes prepared by others)
    - iii. Index of Sheets
    - iv. Summary of Quantities. The Summary of Quantities (SOQ) will be produced using the Illinois Department of Transportation (IDOT) SOQ.exe file for Microstation with Axiom, dated October 25, 2011. The spreadsheet with macros used to produce the SOQ content will be at the discretion of STV.
    - v. Schedules of Quantities (by others per discipline)
    - vi. MOT Plans (by others)
    - vii. Erosion (by others)

- viii. Electrical/Lighting (by others)
- ix. Utilities (by others)
- x. Retaining Walls (by others)
- xi. Site Plan
- xii. General Structural Notes
- xiii. Floor Plans
- xiv. Elevation Views and Critical Cross Sections
- xv. Structural Building Details
- xvi. Structural Bridge Details
- xvii. Suggested Demolition Sequence
- xviii. Boring Logs (by others)

All CADD files will be prepared in Microstation .dgn format in accordance with the Authority's <u>Computer Aided Design and Drafting (CADD) Standards Manual</u>, dated March 2017.

- b. Specifications STV will prepare project specifications for work related to Task 1 for our items only. STV will compile the special provisions produced by other disciplines into a single specification book for the entire Hinsdale Oasis Bridge Demolition project. The specification book will be prepared in Microsoft Word format only and printed to PDF for each milestone submittal. The Authority shall furnish to STV an example specification book from a past project in Microsoft Word format for use in matching text formatting. This scope of services does not include preparing "front end" documents, including, but not limited to the legal terms of the contract between the Authority and the construction Contractor. All supplemental, recurring, and checksheet-type special provisions will be furnished by STV to the Authority as checksheets only. The text of these special provisions will not be included in the specification book prepared by STV.
- c. Cost Estimate STV will prepare a cost estimate for STV Task 1 work. STV will compile the cost estimates produced by other disciplines into a single cost estimate for the entire Hinsdale Oasis Bridge Demolition project. The cost estimate will be prepared in spreadsheet format on a form to be determined by the Authority. The Authority shall furnish this form to STV in Microsoft Excel spreadsheet format no more than two weeks subsequent to the Notice to Proceed (NTP).
- d. Permits STV will prepare FAA permit, as noted above, necessary to complete Task 1 work. This includes providing backup materials for their preparation and coordination with all necessary authorities and stakeholders. The permit will be submitted to the FAA at the time of the Preliminary submittal. Any revisions required to the permit will be submitted at the time of the Pre-Final submittal. This scope of services includes only two permit submittals and does not include permit submittals at any milestones other than the Preliminary and Pre-Final submittals.
- e. Site visits for initial documentation and plan-in-hand reviews for preliminary and pre-final submittal stages. Civil and structural personnel.

f. Incorporation of drawings by others into the Oasis Demolition Plan set, as required. Drawings prepared by others shall include sheet numbers and other content applicable to the entire plan set determined by STV. Other disciplines shall be responsible for incorporating these elements into their deliverables.

### D. STRUCTURAL CONSTRUCTION

a. Perform cursory inspection of structures that are to be demolished to provide verification of plan concurrence, current condition, and information on any changes to the structure to supplement existing plans. This scope was developed assuming traffic shutdowns or interruptions along I-294 would not be allowed; any inspections or documentation of structural elements over I-294 would be confirmed via visual inspections and review of previous inspection or condition reports.

### E. AGENCY AND STAKEHOLDER COORDINATION

Pursuant to the permitting preparation and agency coordination described in Section A of this task's description, STV anticipates the following meetings:

a. PROJECT COORDINATION MEETINGS STV will prepare for and attend 1 meeting per month for the first 18 months with the project team (18 Total), This assumes STV work will be completed no later than 18 months after the NTP. Two STV attendees each meeting.

Plan review meetings with Tollway (3 Total). Two STV attendees each meeting.

- PROJECT KICKOFF MEETINGS
   Tollway offices (1 Total), One STV attendee
   Team (B&W offices) (1 Total), Two STV attendees
- c. PERMITTING/AGENCY MEETINGS
   STV will prepare for and attend the following public agency meetings:
   None Anticipated

Meeting necessary to coordinate with FAA the permitting process. Not Anticipated – No STV attendees.

d. COORDINATION WITH ADJACENT PROJECTS MEETINGS STV will prepare for and attend meetings as requested by ISTHA for projects related to this task (4 total). Two STV attendees.

All meeting minutes will be prepared by 8&W and reviewed by STV for all above referenced meetings, unless STV is the sole attendee and is representing the team at that particular meeting.

#### Task 2: Constructability Review (CR) - Six Bridges

Work to be provided as part of this Task shall include, but not be limited to, the following:

#### A. CONSTRUCTABILITY REVIEW – WORK INCLUDED

- 1. An independent and structured review of construction bid documents for six bridges as indicated in manhour estimate.
- The construction documents to be reviewed include only the following: bridge plans, technical specifications and the proposed bid schedule, as indicated in the scoping documents. This also includes Special Provisions.

## B. CONSTRUCTABILITY REVIEW - WORK NOT INCLUDED

- 1. This review does not include an independent check of the design and only includes constructability of the contract plans.
- The CR is not considered a peer review or value engineering review nor a bidability review. Bid item quantities will not be checked in the CR.
- 3. CR is not a review to address construction safety, project life cycle, sustainability or an analysis for eventual demolition. (The designer and owner should have already made those decisions and, incorporated them into the work scope.
- 4. Not a "QC" of the documents, however, if the review determines there is a quality issue, we will address it in the review.
- 5. Professional Engineering seal is not required for this review

#### III. DESIGN SECTION ENGINEER'S (DSE's) SERVICES

See Master Scoping Documents for tasks within Sections III though V and Tables A & B.

# **Contract Information Sheet**

Complete the following information and it will be populated on every exhibit.

Consultant Name: Telecom Engineering Services

Contract Number: /-17-4305

Proposal Date: 8/31/2017

Exhibit Pointers Editable cells in each exhibit are underlined in red

Notes and guidance for each exhibit are on the right of the exhibits in yellow text boxes

A full set of instructions to complete the exhibits is available on the Tollway's website

## **EXHIBIT F**

#### Contract No. I-17-4305

## Telecom Engineering Services, Inc.

### **SCOPE OF SERVICES**

#### **Utility Coordination**

- Review of utility coordination and utility studies performed to date, perform a field review and submit Notice of Interference forms. The DSE is responsible for utility coordination in accordance with the DSE Manual.
- Coordinate installation of the FOC duct package system with the Tollway's fiber optic management vendor.
- Identify utility impacts on construction, right-of-way, costs, and project schedule.
- Identify and establish priority of right-of-way parcel acquisition needed for utility relocation and advance work needs within the project limits.
- Coordinate with utility companies and with the DCM throughout the design phase. Responsible for ensuring that utility relocation activities are consistent with contract schedules.
- Provide a copy of the agency utility contact log on a monthly basis.
- Attend utility coordination meetings with the Tollway (6 maximum)

#### **Partnering for Growth**

- Attend 6 meetings with the prime to learn the Tollway procedures for utility coordination including E-Builder (3 in person/ 3 teleconference)

## **EXHIBIT G**

## **Contract No. I-17-4305**

## **Telecom Engineering Services**

## **CURRENT OBLIGATIONS FOR PROJECT**

Route & Job No.

Work Scope & Description of Project

Fee (including all Supplementale and Extra Work Orders)

Fee Remaining To Be Earned Estimated
Date of
Completion

Rev. 6/2016

Consultant:	Telecom Engineering Services	

## **EXHIBIT H - SERVICES BY OTHERS**

Exhibits A-G must be submitted for each subconsultant listed below. If a subconsultant requires "Services by Others", they must include Exhibit H and attach Exhibits A-G for second tier subconsultants.

Mr. Jim McNally PE, LEED AP, CPESC Senior Transportation Project Manager Baxter & Woodman (B & W) 8678 Ridgefield Rd. Crystal Lake, 1L 60012

Re: Proposal for Hazardous Building Materials Survey (HBMS) & Bid Package Preparation for Demolition for I-294 Hinsdale Oasis, Hinsdale, IL

Dear Mr. McNally:

GEI Consultants, Inc. (GEI) is pleased to submit this proposal for completion of a hazardous building materials survey (HBMS) and support to the project design with completion of a bid package for demolition for the I-294 Hinsdale Oasis structures, Hinsdale, Illinois.

#### **Project Understanding**

It is our understanding that the Illinois Tollway Authority (Tollway) is the current owner of the property and desires to demolish the Hinsdale Oasis on I-294 as part of a larger proposed plan for highway widening. The proposed scope of work specific to this quote is for use in the development and planning for design and construction of the new roadway for this location.

The Oasis occupies property area that includes buildings and parking areas for commercial use, offices, and restaurants for the public and Tollway Authority use.

The buildings occupying the property are currently constructed of a combination of concrete, brick and steel structures spanning the 6-lane interstate. The buildings supporting the glass enclosed span on both sides of the highway are generally constructed with a brick and mortar façade on concrete foundations. GEI observed that the buildings were competent for access to the floor levels and roof. Conditions support the removal of wastes and the abatement of the buildings to remove waste and prevent comingling of building products for disposal.

During visual assessment roofing systems, floors, walls, and windows will be observed for glazing, dap, caulking, and joint compounds. The buildings contain commercial products,

-2-

equipment, chemicals, universal waste, coolants, and other materials for use on the property. Products inside the building include commercial restaurant products. Buildings observations identified sewers, power, service utilities, and communication services.

The current demolition plan includes the removal of below

grade structures, utilities, and foundations to the full extent of their construction below grade and as needed for highway widening construction. Since GEI will not be doing destructive or invasive testing at this time, underground features, foundation coatings, subwalls/subfloors materials will not be investigated without approval for access and scope from B&W. Further, GEI will not be penetrating walls, floors, and related feature inside the building unless approved by B&W and the Tollway.

## Scope of Work

GEI prepared this scope of work based on our understanding of B&W's needs for the HBMS survey and Bid Package Preparation for demolition. Information was gathered from our call on August 8, 2017, information provided from the project FTP Site, email correspondence, and previous public access observations of the Oasis.

## **Hazardous Building Material Survey**

Demolition of Hinsdale Oasis Bridge - Environmental

This section of the proposal is for completion of the HBMS. The following decommissioning construction services are not part of this scope of work:

- Manage and remove building content hazardous wastes:
- Oversee site work and monitor air quality;
- Complete utility disconnects;
- Remove universal waste; and
- Abate asbestos containing materials.

This scope of work is being performed prior to performance of decontamination and demolition of the property. A HBMS is warranted for submittal to the Tollway Authority and the Hinsdale Building Department as a prerequisite to obtaining a demolition permit. Characterization of conditions for permits, highway road right of way design planning/diversion, shielding/protection during demolition, utility closure, removal of underground materials and a competent persons structural analysis of the building for demolition are outside the limits of this survey.

The HBMS assessment will locate and characterize the building conditions for decontamination required prior to demolition and help determine the ultimate disposition of the demolition debris by collecting information for comparison to facility acceptance parameters. Note, GEI HBMS surveys are not a supplement for collecting material samples for full waste characterization data and acceptance parameter. The contractor will be required to satisfy waste acceptance parameter information for their respective disposal facility. On this basis, this HBMS scope will address the building materials, utilities and equipment contiguous to one another that will be left after removal of the buildings portable content. GEI will identify "portable" content as part of the survey related to hazardous waste and universal waste.

GEI will perform the survey work qualifying as a "competent person" under OSHA 1926.850(e). We will evaluate building conditions for the presence of hazardous chemicals (in equipment, tanks, and other that cannot be manually removed in containers), gases, explosives, flammable materials, or similarly dangerous substances. When the presence of any such substances are apparent or suspected, test information shall be collected as described below to characterize the hazard before demolition.

GEI will evaluate building conditions for OSHA compliance for demolition. Building conditions, asbestos, universal waste, eWaste and other building material will be pre-characterized for abatement/demolition. The presence of hazardous chemicals, gases, explosives, flammable materials, or similarly dangerous substances will be identified for waste management and the potential for comingling with the building debris. The survey will consider the anticipated contaminants including, but not limited to the following;

- Lead based paint (LBP);
- PCBs in building materials (bulk samples for demolition);
- Universal/eWastes including lighting/bulbs (Hg), batteries and ballasts (electronic equipment, PCB, and Non-PCB), LEDs, smoke detectors, radon sensors, thermostat/mercury switches as applicable;
- Fuels /Accelerants;
- Residual products in equipment/piping;
- AST's/tanks & lines (as present);
- comfort cooling/AC;
- refrigerants;
- UST's (as present).

The HBMS will be completed to address conditions/materials that would define a "hazard" and develop data for material characterization and handling acceptable for use by abatement contractors, disposal facilities and demolition contractors. Survey activity will be conducted in accordance with a site-specific health and safety plan (HASP). Data gathered will include laboratory results from sampling building materials that may be used by contractors bidding on the demolition for use in:

- ACM Abatement of buildings ie. boilers, piping, TSI, surface material, roofing materials, siding
- Lead impacted building material management;
- Development of waste characterization data for recycling, reuse, lab pack, waste consolidation, backfilling and disposal profiling;
- Beneficial Use Determination:
- Management and handling of waste streams;
- Consideration of building material for crushing and reuse ie. Foundations and Pavement;
- Evaluating building materials for construction worker and receptor exposure and risk during demolition;
- Decommissioning of remaining equipment, utilities and facility services;
- Preparation of a work plan for monitoring and control of potential demolition emissions:
- Estimate quantities of waste streams for abatement and disposal:
- Identifying site conditions for grading, potential for comingling of wastes with building debris, demolition feasibility and other related site civil conditions that could affect performance of work.
- Should GEI encounter AST's or UST's, GEI will notify B&W prior to sampling or investigation and will not survey conditions without the prior approval of the Tollway.

Hazardous Building Materials Survey

GEI will conduct the HBMS assessment with a two-man team, including the "competent person"

in the environmental field as well as an Illinois Department of Public Health (IDPH) licensed asbestos and lead inspector/surveyor. The survey will be conducted in two phases including a building assessment of historical construction documents followed by a site survey that includes visual inspection for material and collection of bulk samples for analysis and reporting. Characterization of the "Building" conditions and features.

This survey will provide a hazard assessment of the building under OSHA 29 CFR 1926 for removal of asbestos containing building materials (ACBM) that may be part of demolition. The survey will consider and sample other types and levels of contaminants including, but not limited to the following;

#### Description - Sample Type/Visual Identification

- Lead based paint (LBP) X-ray Fluorescence Analyzer (XRFA Survey)
- PCBs in building materials for bulk characterization for disposal Visual identification and Bulk Samples ie. transformer fluids, caulking, ballast
- Presumed ACM Containing Waste Bulk Samples
- Fuel /Accelerants Bulk Liquid & Solid samples
- Chemicals Bulk Liquid & Solid samples
- Mercury Visual ie lights and switches
- Residual products in equipment, AST's, comfort cooling, UST's as present Bulk Samples
- Universal Waste (lights, ballast, smoke detectors, e-waste, batteries) Visual Quantification

Sampling and analysis of building materials will be conducted by GEI and its subcontractors. Samples of potential ACM material will be collected from representative building materials and submitted to a certified laboratory. Lead paint will be assessed with the use of an x-ray fluorescence analyzer (XRFA) field meter with select bulk samples of brick, concrete and wood submitted for laboratory analysis.

Universal waste will be inspected, identified and quantified by a knowledgeable person familiar with the field identification of such materials.

Where appropriate bulk sampling of representative building materials will be conducted for waste disposal characterization. Where drilling for core samples is allowed GEI will use EPA sampling protocols for collection of bulk composites to obtain uniform composite sample. These composites will be analyzed for PCB's, Lead, RCRA 8 metals, TCLP metals and VOC's, SVOC, where appropriate (Target analytes summary included herein). Results using this EPA methodology will address the potential for disposal of impacted materials as bulk non-hazardous construction/demolition debris.

For costing purposes, the following assumptions of sampling and analysis have been proposed for this investigation under the base investigation;

- Up to Six (6) VOC Samples
- Up to Six (6) SVOC Samples
- Up to Six (6) Total Lead Samples
- Up to Six (6) Total RCRA 8 Samples
- Up to Six (6) SPLP/TCLP RCRA 8 Samples
- Up to Fifteen PCB Samples
- Up to 8 TPH Samples
- Up to 80 PLM Samples
- Up to 5 TEM Samples

Ashestos Survey

This assessment work is being conducted to compile an inventory of suspect asbestos containing materials (SACM) in the buildings that may be scheduled for future renovation or demolition, or to be managed properly in-place. GEI further understands that the buildings are currently occupied, and that all of the property will be accessible during the assessment.

GEI proposes to follow, in part, the National Emissions Standards for Hazardous Air Pollutants (NESHAP) protocol during the asbestos assessment. This assessment would satisfy the Federal NESHAP that requires identification and removal of all regulated asbestos containing materials (RACM) prior to renovation and demolition.

The federal NESHAP (40 CFR 61.145) requires the following:

"...the owner or operator of a demolition or renovation activity and prior to the commencement of the demolition or renovation, thoroughly inspect the affected facility or part of the facility where the demolition or renovation operation will occur for the presence of asbestos..."

The intent of these federal regulations is that all listed asbestos containing materials (ACM) that will be disturbed during the demolition or renovation (including repair), be assessed for content and removed and disposed of properly. In order to properly manage ACM, it first needs to be identified.

During the inspection of accessible spaces, the inspector will identify "functional spaces or building systems" (e.g. office spaces, storage rooms, boiler rooms, roof systems, heating systems, etc.), and will categorize the construction materials within functional spaces and/or system as "homogeneous", based on uniformity in color, age, texture and use. The inspector will then compile a list of building materials during the visual survey of material suspected to contain asbestos, and record the condition, location and approximate quantity of homogeneous, suspect materials.

Suspect asbestos materials will be evaluated for friable and non-friable conditions and categorized into 3 types: Surfacing Materials, Thermal System Insulation, and Miscellaneous Materials. Based on the construction date of the building, ACM may exist in these buildings.

From each homogeneous area or building system, the inspector will collect representative "bulk" samples of construction materials suspected to contain asbestos. Samples of suspect materials will be analyzed by a qualified Illinois laboratory by polarized light microscopy (PLM) in accordance with EPA procedures. The National Voluntary Laboratory Approval Program (NVLAP) accredited laboratory would perform bulk asbestos analysis.

- Up to Eighty (80) bulk samples of potential asbestos containing materials will be tested for polarized light microscopy (PLM) and 5 samples for Transmission Electron Microscope (TEM) analysis.
- Addl. PLM Samples collected (if over 80) will be saved for evaluation and testing as approved by WPB.
- GEI will sort ACM samples for analysis based on highest risk to cost based on estimated volume and likelihood of material containing asbestos.

The regulations of the United States Environmental Protection Agency define ACM as materials containing greater than 1% asbestos. If one or more bulk samples of a homogeneous material are found to contain greater than 1% asbestos, then the representative homogeneous material will be classified as ACM.

GEI will conduct an assessment for the presence of asbestos utilizing Asbestos Hazard Emergency Response Act (AHERA) accredited personnel. Following, in part, the NESHAP regulations, SACM samples will be collected from the materials that the field personnel determine to be suspect and safe to sample. Care will be exercised in taking samples to attempt to avoid visible damage to the building materials, and full destructive sampling will not take place.

This may make it impossible for GEI personnel to see all ACM, especially ACM that is out of view during the assessment, such as in sealed pipe chases.

GEI will attempt to conduct a visual assessment of the roofing systems, and proposes to collect flashing samples if flashing and roofing tar is exposed, available to sample, and will not compromise the integrity of the roofing system. GEI will not sample any built-up roofing (BUR), or cut into any High Density Polyethylene (HDPE) roofing system since the buildings are still occupied, and the roofing systems may be under warranty. These types of roofing systems commonly have materials that may contain asbestos. For this purpose, GEI will assume that any existing BUR is an ACM.

Prior to the survey, GEI requests to meet with facility representative(s) that have knowledge of the building construction and any building renovations to obtain historical knowledge of each of the building's materials. We request to review all related project-specific materials (previous asbestos survey reports, building plans, previous abatement specifications, etc.) prior to the commencement of the work, if available. The project-specific information should include the age of each building, dates of any renovations, and historical uses of each building at each station.

After meeting with the facility representative(s), GEI will perform a visual inspection of the property to identify SACM. The designated facility personnel may accompany GEI during the sampling, and provide access to the sampling location(s). On average, three samples will be collected from each different type of SACM (e.g., floor tiles, mastics, insulation) in order to properly assess the asbestos content of each material. The areas and number of samples will be determined in the field following normal sampling procedures.

GEI will submit the samples to a GEI-contracted laboratory for analysis with a standard turnaround timeframe. The bulk samples collected will be analyzed for asbestos content by polarized light microscopy coupled with dispersion staining techniques (PLM/DS) using the Method for the Determination of Asbestos in Bulk Building Materials (EPA/600/R-93/116, July 1993).

#### Investigation Report

GEI will prepare a written report for HBMS with the building survey documenting our sampling activities, mapping sampling locations and presenting the results of both waste characterization and HBM assessment activities. The report will document the location of equipment and building materials for future inclusion into decontamination and demolition plans, specifications and bid documents.

Preparation of Bid Package Plans & Specifications

This proposal presents the tasks needed to develop the designs for the Bid Package Plans and Specifications – The assembly of documents to be provided to contractors so they can submit bids to perform the demolition of the Hinsdale Oasis structures and utilities for roadway widening. This scope does not include the management or development of permits, design of utility disconnects/relocation/closure or restoration, or construction services/monitoring/administration. The scope is specific to development of plans and specifications for preparation of 30/60/90/100% design plans and specifications for use in the bid process and evaluation of submissions.

GEI will prepare plans and specifications (contract documents) for the demolition, disposal of the structures and debris. Restoration plans for the property, subsurface disturbance reparation, utilities, site safety controls, highway management/traffic diversion, shielding/protection of the site and roadways and structural analysis of the building by a competent person will be provided by others as part of contract documents for demolition.

GEI will use our standard demolition specifications, in CSI 2004 format, developed specifically for the implementation of complex demolition projects. These specifications will be tailored

specifically for the Hinsdale Oasis project. The plan drawings regarding limits of work, criteria for demolition management of building materials for demolition will form the basis for the submission of plans for the project.

GEI understands that ultimately the site needs to be re-graded to allow for future development and to densify the site due to extensive disturbance. Some features at depth and utilities may be acceptable for in-place closure. As part of our design package GEI will provide proposed limits for the demolition disturbance and the closure envelope. Post grading plans restoration measures for densification/backfilling and capping by others will provide the bidders design requirements with site elevations to achieve the desired grades following demolition. At a minimum, the grading needs to provide a stable surface.

Portions of the site will require surface protection as necessary to protect remaining underground structures during demolition. GEI will provide specifications as necessary to limit disturbance and equipment impacts from this equipment as part of the safety requirements for specification to be prepared by B&W.

During construction, site control measures for air quality and dust control will be required including requirements for lead awareness. Abatement of the asbestos material, notifications, reporting will require plans and specification for ACM material handling, disposal and monitoring during removal. Removal of universal waste, mercury and hazardous wastes will require specifications for the respective effort to remove them and dispose of them. Where applicable and identified from the HBMS, material containing PCB's will require specifications for measures to abate/remediate the materials. Permit requirements for demolition and contractor submittals will be identified in the proposed specifications for bidding. Requirements for demolition will also include specifications for managing, handling and characterizing of all respective wastes including recyclables.

Specifications for blasting to remove existing structures or remove rock as part of demolition are outside of GEI's scope.

GEI will provide the necessary drawings, specifications and details for the contractor to perform this work. GEI will complete design drawing (3 sheets) and a Contract Design Package submittal to B&W as the cumulative work for GEI project services as summarized below:

- Design drawings (limited as noted).
- Contract Design Package:
  - Demolition Specifications in CSI 2004 format. Division 02 Site Demolition Requirements
    - Building Demolition
    - Selective Demolition
    - Asbestos Abatement
    - Universal Waste Abatement
    - PCB Caulking and Other Building Material Abatement
    - Contaminated Materials Management
    - Lead Awareness
    - Lead Containing Paint & Material
    - Mold Mildew & Fungi (As applicable)
    - Permits
    - Submittals
      - Site Safety & Protection of Site & Personnel (as required by B&W)
      - Site Demolition Plan (Requirements)

- Site Utility Closure Plan (by B&W w/GEI review)
- Confined Space Entry Plan (Requirements)
- Crane Critical Lift Plan (Requirements)
- Fall Protection & Prevention Plan (Requirements)
- Occupant Protection Plan (As Necessary for Abatement) (Requirements)
- Exclusions

GEI does not anticipate that we will provide B&W with Division 00 – Procurement and Contracting Requirements or Division 01 - General Requirements for Price and Payment Procedures specifications. However, we would like the opportunity to review the proposed sections for conformance with the Division 02 specifications with our expectations for application to Demolition Project Standards.

#### **Lump Sum Cost**

We propose to perform the above outlined scope of services for an anticipated fee of \$73,139.99 as summarized below.

Task Description	Project Cost Estimate
Hazardous Building Materials Survey	
GEI Field Labor & Meeting	\$ 20,103.54
Laboratory Fees	\$6,566.45
Preparation of Bid Package for Demolition	
Contract Plans	\$16,810
Preparation of Specifications	\$26,560
Meetings	\$3,100
Total Project Estimate	\$73,139.99

GEI will send out our invoices monthly. Payment will be due in 30 days of the invoice date.

In the event that our initial findings indicate that a change in scope of services from that outlined herein will be necessary, we will discuss potential work scope changes with you and request your concurrence prior to their implementation. Any changes in our total fees based upon approved work scope changes will be made in accordance with the attached rate schedule.

#### Schedule

This proposal presents the tasks needed to complete the HBMS and provide the designs for the Bid Package Plans and Specifications. It is estimated that the HBMS can be completed within six to 8 weeks from authorization and receipt of access to the Oasis for sampling. Preparation of plans and specification documents will be coordinated with submittal of 30/60/90/100% designs prepared by B&W.

## **Terms and Conditions**

GEI has a negotiated Agreement with Baxter & Woodman for our previous work. We can agree to work under this previous agreement under a contract with Baxter & Woodman. However, we

need to review any prime agreement between the Tollway Authority and Baxter & Woodman before we fully contract with you.

We look forward to continue working with you on this assignment and thank you for this opportunity. Please call us at 847.984.3401 if you have any questions.

Sincerely,

## GEI CONSULTANTS, INC.
