

4.6.2.2.- Joint and several personal financial guarantees

Also, certain Group companies had provided joint and several personal guarantees to various entities (mainly banks) as security for the credit facilities granted to other associates, which amounted to EUR 50,493 thousand at 31 December 2017 (31 December 2016: EUR 26,435 thousand).

The Parent's directors do not expect any additional liabilities to arise in connection with these guarantees that might affect the 2017 consolidated financial statements.

4.6.2.3.- Guarantees for financial instruments

The Group has loans secured by shares of its investees (see Notes 3.17.1. and 4.2.).

Certain Group companies have provided guarantees to various entities to secure derivatives granted to other associates, the amount of which at 31 December 2017 was EUR 6,095 thousand (31 December 2016: EUR 4,199 thousand).

The Parent's directors do not expect the collateral guarantees to pose a significant risk for the Group's liquidity.

4.6.2.4.- Investment commitments

The concession operators are obliged, under the concession arrangements, to make certain investments (see Note 3.2.).

These investments will be financed through loans granted to, capital increases at, and cash flows generated by, the concession operators. Given that these are estimates and neither the amounts to be received through the loans nor the cash flows to be generated by the concessions are fixed, the amount and the timing of the capital increases at the subsidiaries is not certain.

4.6.2.5.- Litigation

At the end of 2017 certain lawsuits were in process involving the Parent and/or its subsidiaries as a result of the ordinary course of their operations.

The Group's most significant lawsuits, by operating segment, are as follows:

Concessions

- In June 2008 and 2009 the concession operator **Autopista Eje Aeropuerto Concesionaria Española, S.A.U.** filed two claims (the latter refiled on 31 July 2013) against the Ministry requesting that the economic feasibility of the concession be restored and that the concession arrangement be rendered null and void with the reimbursement of the amounts invested, respectively.

At the date of these consolidated financial statements, the authorities had not handed down any decision on these requests.

In order to compensate for the shortfall in traffic, in 2012, 2013, 2014, 2015, 2016 and 2017 the company claimed from the Ministry of Public Works the approval and payment of the amounts earmarked in the compensation account and approval of the annual participating loans pursuant to Additional Provision Eight of Law 43/2010. All the requests were rejected in the administrative jurisdiction, and a decision has yet to be handed down by the Supreme Court on those relating to 2013, 2014 and 2015.

The total requested in relation to amounts earmarked in the aforementioned years is EUR 25.7 million, and that requested in relation to participating loans is EUR 116.0 million.

Pursuant to Additional Provision 41 of Law 26/2009, the concession operator filed 14 participating loan applications with the Ministry of Public Works for the payment of compulsory purchases made in 2012, 2013, 2014, 2015 and 2016. The total amount claimed through these applications is EUR 111.7 million. The request for payment of these loans was dismissed in a final judgment by the Supreme Court in appeal 397/2014 claiming the restoration of the economic feasibility of

the concession for compulsory purchase cost overruns. At the reporting date, and with respect to compulsory purchase proceedings, reappraisals and related proceedings (*voie de fait* (an administrative proceeding performed outside its jurisdiction or dispensing with the established procedure) and request for compensation), one court proceeding and two administrative proceedings are in progress. Also, at the reporting date a decision had yet to be handed down on the appeal filed by the concession operator in June 2014 at the Supreme Court against the alleged dismissals of the request for compensation filed by the concession operator for the performance of additional works.

Also, in relation to the insolvency proceeding involving Autopista Eje Aeropuerto Concesionaria Española, S.A.U. and Aeropistas, S.L.U.:

a) Petition for initiation of insolvency proceedings

Autopista Eje Aeropuerto Concesionaria Española, S.A.U. was declared to be legally involved in an insolvency proceeding together with its sole shareholder, Aeropistas, S.L.U. in the court order of 12 December 2013 of the Madrid Commercial Court No. 2, which gave rise to the orders of Voluntary Insolvency Proceeding 863/13.

b) The common phase of the insolvency proceeding

On 19 May 2015, the insolvency manager submitted the final reports, introducing amendments to the list of creditors of Autopistas Eje Aeropuerto Concesionaria Española, S.A.U. due to: (i) the definitive nature of the majority of judicial decisions in matters of compulsory purchases; (ii) the inclusion of the decision handed down on insolvency event 588/2014; and (iii) the recognition of debts not included due to error.

There were no changes to the inventory of assets and rights of the concession operator, and the total value remained at EUR 412.6 million, of which intangible assets accounted for EUR 396.1 million.

In the case of Aeropistas, S.L.U. no amendments were made to the list of creditors in the final reports or the inventory of assets and rights, with assets totalling EUR 336.8 million, comprising mainly investments in Group companies and equity instruments.

On 31 July 2015, an order was issued to end the common phase and open the phase of arrangement, as both SEITTSA and the insolvent companies had submitted arrangement proposals.

c) Opening and processing of the liquidation phase.

The court order of 13 October 2015 rejected the arrangement proposals submitted and, consequently, ordered the opening of the liquidation phase, with the legal effects that this entails. Furthermore, the insolvency manager was requested to submit a liquidation plan in 15 days, although it requested an extension to that period (at the date of these consolidated financial statements that request has not been answered).

Also, on 23 October 2015 the insolvency manager requested that the Spanish Ministry of Public Works terminate and liquidate the concession arrangement, to which the Spanish Ministry of Public Works responded, in the notification of 9 February 2016, that "the requested termination of the concession arrangement shall only be carried out when the liquidation [in the insolvency proceeding of the concession operator Autopista Eje Aeropuerto] becomes final, if the decision handed down on the appeal filed by the Spanish government lawyers on behalf of SEITTSA orders this to happen".

SEITTSA filed an appeal against the order initiating the liquidation phase, requesting, furthermore, the stay of the liquidation proceedings until that court order becomes final. Subsequently, SEITTSA and the Spanish Ministry of Public Works withdrew this appeal. As a result of the foregoing, on 19 December 2017 the Spanish Ministry of Public Works declared the termination of the concession arrangement and ordered the procedure to liquidate the concession arrangement to be processed.

The insolvency manager and AEA submitted pleadings against this decision of the Spanish Ministry of Public Works in which they requested the dismissal of the initiated

proceeding, since it was not taken into account that the concession arrangement had already been terminated, by operation of Law, on 13 October 2015 (date of the opening of the liquidation phase) and, accordingly, the Governmental Liability ("Responsabilidad Patrimonial de la Administración -RPA-") should be calculated as of that date.

The above in consonance with the information presented previously, which was fully aligned with the decision of the Chamber for Jurisdictional Conflicts of the Supreme Court in relation to the insolvency proceedings of another toll road concession operator, i.e. the decision of 15 December 2016 of the Chamber for Jurisdictional Conflicts of the Supreme Court (which resolved the conflict of jurisdiction raised between the Spanish Ministry of Public Works and Madrid Commercial Court No. 6, in relation to who was the competent authority to terminate and liquidate a toll road concession arrangement involved in insolvency proceedings), which establishes, inter alia, that the opening of the liquidation phase ordered by the judge overseeing the insolvency proceedings produces by operation of Law the termination of the concession arrangement and, therefore, the public authorities cease to have the power to declare the concession terminated, without prejudice to continuing to maintain the power to liquidate the concession arrangement once it is indeed terminated.

The opening of the liquidation phase at the two companies led to the exclusion from consolidation thereof from October 2015 onwards.

In this context, and with respect to the termination of the liquidation process of the investees, the Group's directors consider that in a base-case resolution scenario, which is inferior to the scenario requested by the companies' liquidator, both the net investments recognised (EUR 19 million) and the balance receivable associated with the construction of the infrastructure (EUR 43 million) would be recovered.

- In accordance with the provisions of Article 2 of Insolvency Law 22/2003, of 9 July, and following an agreement dated 19 May 2016 of its Board of Directors, on 24 May 2016 the concession operator **Cercanías Móstoles Navalcarnero, S.A.** filed a petition for voluntary insolvency proceedings to be initiated since it met the objective prerequisite of insolvency referred to in the aforementioned Article of the Insolvency Law.

On 12 July 2016, Madrid Commercial Court no. 1 issued an order admitting the aforementioned petition for insolvency and declared the initiation of ordinary voluntary insolvency proceedings in relation to the company.

This order designated an insolvency manager and established that the company's situation of insolvency arose from:

- a) The Grantor's refusal to amend the concession arrangement and restore its economic feasibility.
- b) The breaches of the concession arrangement by the Grantor.
- c) The imposition by the Grantor of an unjustified penalty amounting to EUR 34,080,687 pursuant to the resolution of 12 February 2016.

The declaration of insolvency entailed the interruption of the principal activity that the company had been carrying on until that time (the construction of infrastructure). Currently, the company only takes actions that are strictly necessary to defend its rights against third parties in relation to the claims filed and to continue with the normal development of the insolvency proceedings.

On 16 August 2016, the initiation of the ordinary voluntary insolvency proceedings of **Cercanías Móstoles Navalcarnero, S.A.** was published in the Spanish Official State Gazette.

On 15 March 2017, Madrid Commercial Court no. 1 ordered the liquidation of **Cercanías Móstoles Navalcarnero, S.A.**, opening the liquidation phase, declaring the dissolution of the company, the removal of its directors and their substitution by the insolvency managers.

On 20 June 2017, as a result of the aforementioned imposition of the penalty on the company, the Autonomous Community Government of Madrid enforced the guarantees that OHL, S.A. and OHL Concesiones, S.A.U. had provided to secure performance of their obligations under that company's concession arrangement. The enforced guarantees amounted to EUR 15,869,300.60 (EUR 12,698,240.48 from Banco Popular Español, S.A. and EUR 3,173,060.12 from Abanca Corporación Bancaria, S.A.). On 7 July 2017, subsequent to filing an appeal for judicial review, the High Court of Madrid resolved to stay the court proceeding due to a preliminary point of law until a decision had been handed down on the appeal for judicial review filed by the company requesting the termination of the concession arrangement.

Also, on 21 July 2017 the concession operator was notified of the order issued by the Autonomous Community of Madrid's Regional Minister for Transport, Housing and Infrastructure declaring the termination of the concession arrangement, the attachment of the guarantee and the obligation to pay compensation for damage and losses to the grantor for an amount to be determined in the corresponding adversary process. The company lodged an administrative appeal against this order, which was dismissed by the Autonomous Community Government of Madrid on 10 October 2017 and, accordingly, on 5 December 2017 the company filed an appeal for judicial review against this decision. The complete administrative dossier, which is required to submit this appeal, has not yet been received.

Lastly, on 2 November 2017 Madrid Commercial Court No. 1 approved the company's liquidation plan as part of the aforementioned insolvency proceedings.

In line with the situation described above, the Group considers that, based on opinions of its internal and external legal advisers, the concession arrangement supports the right to recover the net investments and the amounts contributed in the form of a loan to the company, with respect to which no provisions have been recognised.

Construction

- In 2014 the Parent reported that as a consequence of the contract for the Design and Construction of the Sidra Medical Research Centre (Doha, Qatar), Qatar Foundation for Education, Science and Community Development (QF) and the joint venture (JV) between the company and Contrack Cyprus Ltda (55% - 45%, respectively) had initiated arbitration proceedings on 30 July 2014, at the International Chamber of Commerce.

At the end of 2015 a partial award was handed down on the existence or otherwise of an agreement to novate the construction contract, in relation to which the company reached the conclusion that although there was an agreement, it lacked certain formalities required under Qatari legislation for it to be considered legally enforceable by the parties.

Subsequent to the aforementioned partial award, the arbitration process continued to consider the legality or illegality of the termination of the contract and the economic and financial consequences thereof. The amount of the claim is estimated to stand within a range of between EUR 270 million and EUR 376 million, with the inclusion of EUR 98 million relating to the incorrect enforcement of guarantees in both cases.

At the reporting date, the proceeding was ongoing and no developments worthy of note had occurred.

- **OHL Construction Canada and Fomento de Construcciones y Contratas Canada Limited Partnership (owned 50% by OHL Canada and 50% by FCC Canada Limited Partnership), (OHL - FCC LLP),** filed a court claim against the customer -the Toronto Transit Commission (TTC)- at the Ontario courts on 5 May 2014. OHL - FCC LLP claimed an amount estimated at CAD 205.0 million (EUR 138,654 thousand) in this proceeding, which may be modified in the course of the proceeding. TTC filed a defence and counterclaim for CAD 40.7 million (EUR 27,528 thousand). The proceeding is stayed by court order and will resume once OHL - FCC LLP issues to the customer the last invoice arising from the arrangement.

At the date of these consolidated financial statements, the proceeding is still stayed.

- On 7 February 2017, Rizzani de Eccher, SpA, Trevi, SpA and Obrascon Huarte Lain, S.A. initiated an arbitration proceeding to protect an investment against the State of Kuwait at the International

Centre for Settlement of Investment Disputes (ICSID) in relation to the "Construction, Completion and Maintenance of Roads, Overpasses, Sanitary and Storm Water Drains, as well as other Services for Jamal Abdul Nasser Street" agreement. OHL holds a 50% ownership interest in the construction joint venture. This arbitration proceeding was initiated under the international treaties for the reciprocal protection of investments entered into by the State of Kuwait with Spain and Italy and as a result of the breach thereof by the State of Kuwait through its obstructive, abusive and arbitrary actions, to the detriment of the foreign investors, in the performance of that agreement. A request for compensation for the losses caused by the State of Kuwait has been submitted to the tribunal.

A group of external consultants has been engaged to assess the economic compensation to which the claimants are entitled. The definitive outcome of this assessment will become known in the phase to submit and take evidence of the arbitration. The tribunal rejected the injunctive measures requested by the parties.

- On 12 May 2017, Judlau Contracting Inc. (a US company fully owned by Obrascón Huarte Lain, S.A. through OHL USA Inc.) received a statement of claim from Welsbach Electric Corp. claiming from Judlau Contracting Inc. an amount initially estimated at USD 39.7 million (EUR 34,827 thousand). Welsbach Electric Corp. brought this claim as subcontractor of Judlau Contracting Inc. in the "Construction of Part of Second Avenue Subway Route 132^a 72nd Street Station, Finishes, Mechanical, Electrical and Plumbing Systems, Ancillary Buildings and Entrances in the Borough of Manhattan "B" Division" project. The litigation is being conducted at the courts of the city of New York (US).
- On 13 December 2017, Samsung C&T Corporation, Obrascón Huarte Lain, S.A. and Qatar Building Company filed a request for arbitration at the International Chamber of Commerce against Qatar Railways Company. The claim arose from the "Design & Build Package 5 - Major Stations - Doha Metro Project" agreement. OHL holds a 30% ownership interest in the construction joint venture. The joint venture claims an amount initially estimated at QAR 1,500 million (EUR 341.0 million).

Industrial

- **Cogeneración Complejo Pajaritos, SAPI de CV (SAPI)**, a company 50% owned by OHL Industrial, S.L.U. and Sener Ingeniería y Sistemas, S.A. de C.V., filed at the International Chamber of Commerce (ICC) in Mexico, a request for arbitration against **CYDSA S.A.B de C.V (CYDSA)** in relation to the performance of the **Coatzacoalcos II combined heat and power plant project**. The defendant, in turn, submitted an initial counterclaim. Once the respective lists of claims had been submitted by the two parties, the amounts claimed were specified. SAPI specified its initial application, requesting confirmation of the legality of the termination of the construction contract and the payment of USD 6.6 million (EUR 5.36 million) for invoices not paid by CYDSA. The latter submitted a counterclaim against SAPI, claiming a total amount of approximately USD 162 million (EUR 130.5 million) for various items.

These arbitration proceedings are expected to conclude in 2019.

- **OHL Industrial, S.L.U.** filed a claim at the International Chamber of Commerce (ICC) of New York against **Energía Limpia de Guatemala, S.A. (ELGUA)** for a final total of USD 19.8 million (EUR 10.5 million) for costs incurred and a 455-day overrun of the deadline in the **Xacbal Delta Hydroelectric Facility** project, arising from access being blocked by indigenous communities and problems caused by the geological conditions of the land and changes in the location of certain key construction items.

Also, ELGUA submitted a counterclaim for USD 27.0 million in connection with penalties (EUR 23.7 million).

The resolution of the arbitration proceedings is expected in 2018.

In addition to the aforementioned litigation in which each division is involved, the Group is involved in other minor lawsuits arising from the ordinary course of its operations, none of which are for a significant individual amount.

The Group has recognised sufficient provisions for the purpose of meeting any adverse economic effects that might arise.

The Parent's directors do not expect any significant additional liabilities to arise in connection with the litigation in progress that might affect the consolidated financial statements as at 31 December 2017.

4.6.2.6 OHL México - Investigations

The current status of the various litigation and investigations initiated concerning OHL México, S.A.B de C.V. ("OHL México") and its subsidiaries can be summarised as follows:

- 1) **Litigation relating to Concesionaria Mexiquense, S.A. de C.V. ("ConMex"):** on 20 November 2015, ConMex, as an interested third party, was informed of a claim for protection brought by Tecnología Aplicada Infraiber, S.A. ("Infraiber") against Sistema de Autopistas, Aeropuertos, Servicios Conexos y Auxiliares del Estado de México (SAASCAEM), claiming the invalidity of the Sixth Amendment to the Concession Arrangement and the effectiveness of the provision in Infraiber's favour in the Fifth Amendment thereto.

Although at the date of these consolidated financial statements no ruling has been handed down in relation to the matters at issue, based on the actions taken in the court proceeding and the legal opinions of its external advisers, the Group considers that no significant effects should arise as a result of the final decision handed down in relation to the litigation initiated, in which the OHL México Group companies are not involved.

Official internal investigations launched by the Mexican Government (State Comptroller): The State Comptroller is conducting an internal investigation into the activities of SAASCAEM in relation to the awards of certain concessions. Neither OHL México nor its subsidiaries are the subject of the investigation. At the reporting date, the Parent is not aware of whether the aforementioned investigation has officially come to an end. Although the Group cannot foresee the final outcome of this investigation, in which none of the companies that form part of the OHL México Group are involved, it considers that the final outcome thereof should not give rise to adverse economic effects.

- 2) **Official Internal Investigations opened by the Secretariat of the Civil Service of the Government of the Republic of Mexico:** the Secretariat of the Mexican Civil Service is conducting an investigation into the Secretariat of Communications and Transport (SCT) in relation to the award procedure and execution of the concession arrangement for the Amozoc-Perote toll road and the Atizapán-Atlaquemulco toll road. Neither OHL México nor its subsidiaries are the subject of the investigation.

Although the Group cannot foresee the final outcome of these investigations, it considers that the final outcome thereof, in which the OHL México Group companies are not involved, should not give rise to adverse economic effects.

- 3) **Official Investigations initiated by the Mexican National Banking and Securities Commission (CNBV):** on 23 October 2015 various official letters were received notifying OHL México, S.A.B de C.V., Organización de Proyectos de Infraestructuras, S.A.P.I. de C.V. (OPI), Concesionaria Mexiquense, S.A. de C.V. and certain employees and former employees thereof of the possible commission of various violations relating mainly to:

- The accounting treatment under IFRSs of guaranteed minimum revenue concession arrangements.
- The lack of information disclosed to the market on the existence of certain deviations in toll road traffic.
- The recognition of certain transactions without adequate supporting information.
- Related party transactions.

As a result of these investigations, the CNBV declared the inexistence of any prosecutable actions pursuant to criminal law, but, since it also declared the existence of certain administrative inaccuracies, imposed penalties of MXN 71.7 million (EUR 3.7 million) on various Mexican subsidiaries in 2016.

On 17 February 2017, a document was submitted to the CNBV informing it of the manner in which the investment in concessions and the return on them would be recognised, taking into account the economic nature thereof and the terms and conditions established in the concession arrangements and the laws applicable thereto, pursuant to IFRIC 12.

On 21 February 2017, the Commission acknowledged receipt of the monitoring document; however, at the reporting date, no additional communication had been issued by the CNBV on this matter.

With respect to the recognition of the guaranteed minimum revenue in the consolidated financial statements of the OHL Group, taking into account all the aforementioned matters (i.e. unqualified auditor's reports by Deloitte, specific reports from the other leading global audit firms concurring with OHL's interpretation, and the response to the CNMV's request), the OHL Group continues to apply the same accounting treatment used in the consolidated financial statements for 2016. This investment forms part of the Group's discontinued operations, which must be taken into consideration when reading the consolidated financial statements.

4.7.- Disclosures on the payment periods to suppliers. Additional Provision Three "Disclosure obligation" provided for in Law 15/2010, of 5 July.

Law 15/2010, of 5 July, establishes measures for combating late payment in commercial transactions, and the Spanish Accounting and Audit Institute (ICAC) Resolution of 29 January 2016 implements the disclosure obligation provided for in Additional Provision Three of the aforementioned law. This resolution repeals the immediately preceding resolution of 29 December 2010, which was based on the previous wording of Additional Provision Three of Law 15/2010, of 5 July.

The disclosures on the average period of payment, ratios of transactions settled and transactions not yet settled, and total payments made and outstanding at 31 December 2017 and 2016 are as follows:

	Days	
	2017	2016
Average period of payment to suppliers	60	58
Ratio of transactions settled	59	56
Ratio of transactions not yet settled	65	64

	Thousands of euros	
	2017	2016
Total payments made	528,145	608,571
Total payments outstanding	188,117	198,254

The average period of payment excluding transactions with Group companies is calculated as the quotient whose numerator is the sum of the ratio of transactions settled multiplied by the total amount of the payments made plus the sum of the ratio of transactions not yet settled multiplied by the total amount of outstanding payments, and whose denominator is the result of adding the total amount of the payments made to the total amount of the outstanding payments.

The ratio of transactions settled is the sum of the products of the amount of each transaction multiplied by the number of days elapsed until payment, divided by the total amount of the payments made.

The ratio of transactions not yet settled is the sum of the products of the amount of each transaction not yet settled multiplied by the number of days until the last day of the year, divided by the total amount of the aforementioned payments.

The information furnished relates exclusively to the fully consolidated Spanish Group companies.

The companies which, taken separately, slightly exceed the legal limit of the ratio of transactions not yet settled are taking measures to comply therewith.

4.8.- Remuneration of directors and senior executives

Remuneration of the Board of Directors

The remuneration of the Board of Directors is regulated by Article 24 of the bylaws and the Directors' Remuneration Policy approved, as established in Article 529 novodecies of the Spanish Limited Liability Companies Law, by the shareholders at the Annual General Meeting held on 9 May 2017, for 2017 and the following three years and which established annual fixed remuneration for the directors, in their capacity as directors, for attendance at meetings of SIX HUNDRED THOUSAND EUROS (EUR 600,000), with the distribution criteria that the Board of Directors itself approved and which it set for distribution among the independent non-executive directors. In 2017, as in prior years, the non-executive directors did not receive any kind of variable remuneration or benefits. This fixed remuneration is compatible with, and independent from, remuneration, termination benefits, pensions and compensation of any kind received by those members of the Board of Directors as a result of the employment relationship with or the rendering of services to the Parent.

The Board of Directors of the Parent, on this same date, prepared the Annual Report on Directors' Remuneration, as established in Article 541 of the Spanish Limited Liability Companies Law, with an individualised breakdown of all items earned in 2017 by each director. Following is an individualised detail of the remuneration earned by each director in his or her capacity as such in 2017, excluding the remuneration earned for executive functions subsequently disclosed:

	Individual remuneration of the directors in their capacity as directors (in euros)
Juan Villar-Mir de Fuentes (Non-Executive Proprietary)	-
Silva Villar-Mir de Fuentes (Non-Executive Proprietary)	-
Juan Luis Osuna Gómez (1) (Executive)	-
José Luis Díaz García (Non-Executive Independent)	129,000
Mónica de Oriol e Icaza (Non-Executive Independent)	123,000
Reyes Calderón Cuadrado (Non-Executive Independent)	132,000
Manuel Garrido Ruano (Non-Executive Independent)	-
Juan José Nieto Bueso (Non-Executive Independent)	123,000
Juan Antonio Santamera Sánchez (Non-Executive Proprietary)	-
Ignacio Moreno Sánchez (Non-Executive Independent)	93,000
Álvaro Villar-Mir de Fuentes (Non-Executive Proprietary)	-
Javier Goñi del Caño (Non-Executive Proprietary)	-
Tomás García Madrid (2) (Executive)	-
TOTAL	600,000

(1) Appointed 25 October 2017

(2) Resigned 25 October 2017

In 2017 the executive directors earned total remuneration of EUR 12,365 thousand for the performance of their executive duties (2016: EUR 6,263 thousand), including the amount earned by the then CEO of the Parent until 25 October 2017, Tomás García Madrid, as express economic compensation for post-contractual non-competition amounting to EUR 6,022 thousand, EUR 11 thousand (2016: EUR 12 thousand) for other benefits relating to life insurance policies and EUR 283 thousand in employee welfare plan contributions (2016: EUR 132 thousand).

No advances or loans have been granted to the Board members.

Remuneration of senior executives

The remuneration earned by the Company's senior executives in 2017 -excluding those who are also members of the Board of Directors (whose remuneration is detailed above)- amounted to EUR 8,208 thousand (2016: EUR 4,239 thousand), of which EUR 1,904 thousand correspond to variable remuneration (2016: EUR 1,575 thousand).

No advances or loans have been granted to the Parent's senior executives.

Conflicts of interest

At 31 December 2017, none of the directors had notified the Board of Directors of any direct or indirect conflict of interest that they or persons related to them might have had with respect to the Parent in 2017.

4.9.- Fees paid to auditors

The detail of the fees for financial audit and other services provided by the auditors, or by other companies related to the auditors, of the companies comprising the Group's continuing operations in 2017 and 2016 is as follows:

	Thousands of euros					
	Principal auditor		Other auditors		Total	
	2017	2016	2017	2016	2017	2016
Financial audit services	1,336	1,604	640	1,001	1,976	2,605
Other attest services	222	83	9	18	231	101
Total audit and related services	1,558	1,687	649	1,019	2,207	2,706

Total professional services	780	774	77	179	857	953
Total	2,338	2,461	726	1,198	3,061	3,659

The detail of the fees for financial audit and other services provided by the auditors, or by other companies related to the auditors, of the companies comprising the Group's discontinued operations in 2017 and 2016 is as follows:

	Thousands of euros					
	Principal auditor		Other auditors		Total	
	2017	2016	2017	2016	2017	2016
Financial audit services	690	603	49	30	739	633
Other attest services	109	207	1	-	110	207
Total audit and related services	799	810	50	30	849	840
Tax counselling services	64	122	6	-	90	122
Other services	26	11	-	4	26	15
Total professional services	110	133	8	4	116	137
Total	909	943	56	34	965	977

"Financial Audit Services" includes the fees for professional services performed by the auditor, normally due to regulatory requirements, such as statutory audits, internal control review reports, limited reviews of periodic public information performed at listed companies, etc.

"Other Attest Services" includes the fees for professional services in which some kind of assurance is expressed, but which are not regulated by any mandatory legislation, such as one-off limited reviews, special reports on security placement processes, agreed-upon procedures reports, covenant reports, etc.

"Tax Counselling Services" includes the fees for the provision of services relating to all forms of tax counselling.

"Other Services" includes the fees for the other professional services not included in the above line items which, by nature, are more akin to consultancy or independent third-party services.

6.- EVENTS AFTER THE REPORTING PERIOD

The shareholders at the Extraordinary General Meeting Held on 9 January 2018 resolved to reduce the Parent's share capital by EUR 7,326,425.40 by retiring 12,210,709 treasury shares of EUR 0.60 par value each, representing a total of 4.087% of the share capital. Consequently, following the capital reduction the share capital shall amount to EUR 171,928,973.40, represented by 286,548,289 shares of EUR 0.60 par value each.

The capital reduction approved by the shareholders at the Extraordinary General Meeting was recorded in a public deed and filed at the Madrid Mercantile Registry on 6 February 2018.

The shareholders at the aforementioned Extraordinary General Meeting also resolved to approve the transfer of shares representing all the share capital of OHL Concesiones, S.A.U. to Global Infraco Spain, S.L.U. (a company controlled by IFM Investors Pty Ltd.) in connection with the sale agreement entered into by Obrascón Huarte Lain, S.A., OHL Concesiones, S.A.U. and Global Infraco Spain, S.L.U. on 30 November 2017.

The shareholders also resolved to modify the Parent's Directors' Remuneration Policy in force, bringing it in line with the provisions of Article 529 novodecies of the Spanish Limited Liability Companies Law, and to grant extraordinary remuneration of EUR 18 million to the CEO Juan Osuna Gómez for his work and leadership in the process of selling OHL Concesiones, S.A.U.

6.- EXPLANATION ADDED FOR TRANSLATION TO ENGLISH

These consolidated financial statements are presented on the basis of the regulatory financial reporting framework applicable to the Group in Spain (see Note 2.1.). Certain accounting practices applied by the Group that conform with that regulatory framework may not conform with other generally accepted accounting principles and rules.

Chapter I.- OHL in a click

a) Group profile

I.- Presentation

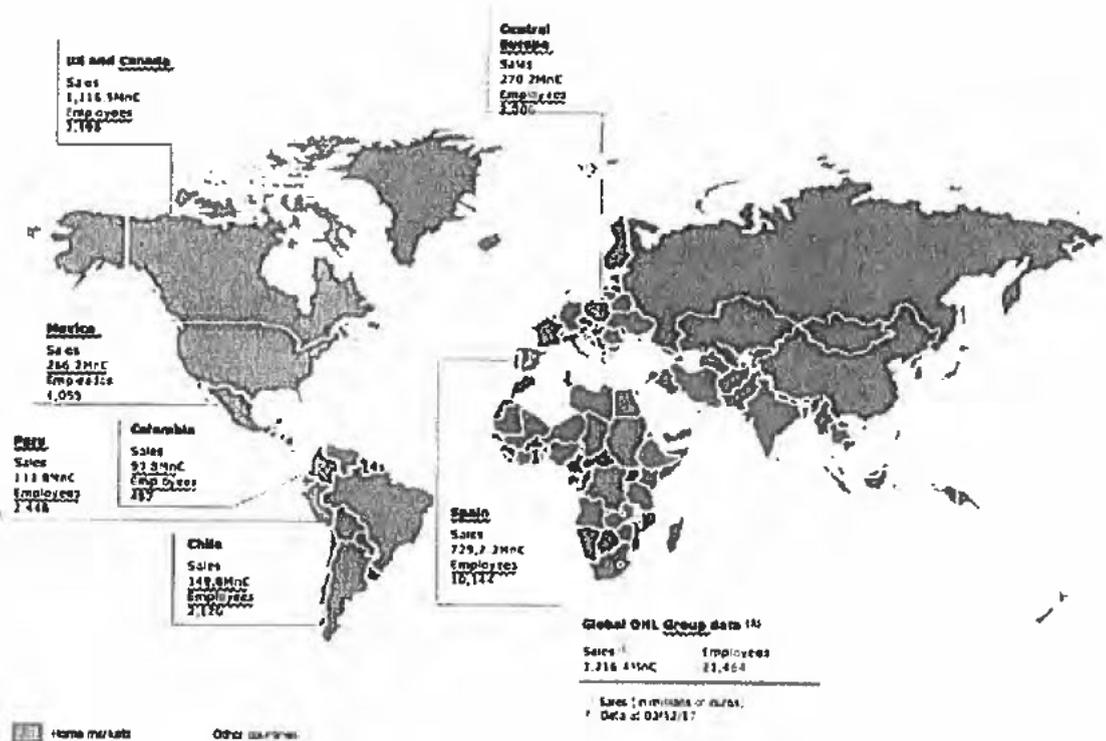

Obrascón Huarte Lain (OHL), an international concessions and construction group, carries on its activity primarily in the US, Canada, Mexico, Colombia, Peru, Chile, Spain and Central Europe.

- A strategic promotor of public-private partnerships.
- The thirty-seventh largest international contractor, tenth in the US and fourth in Latin America¹.
- A benchmark in hospital and railway construction.
- A member of the FTSE4Good IBEX sustainability stock market index
- A reference in the low-carbon economy. Leader in CDP Climate Change (A List) and in water resource management (A List Water)

In the framework of a responsible performance of its activity, OHL is committed to the main initiatives and guidelines led by international organisations such as the United Nations - Global Compact, Guiding Principles for Business and Human Rights and Sustainable Development Goals (SDGs), the Organisation for Economic Cooperation and Development (OECD) and the Tripartite Declaration of the International Labour Organization (ILO).

II.- Worldwide presence

b) Group performance and main milestones in 2017

2017 represents a year of transition for the OHL Group, marked by the signing of an agreement (Share Purchase Agreement) for the sale of all the share capital of OHL Concesiones, S.A.U. (OHL Concesiones) to the fund IFM Investors (IFM).

As a result of this transaction, the Concessions business was classified as a discontinued operation in the consolidated financial statements, the profit or loss from these operations was included separately in the statement of profit or loss, along with that corresponding to non-controlling interests and the figures for 2016 were restated. Both the non-current assets and liabilities of this activity are classified as held for sale in the consolidated balance sheet.

The enterprise value of the transaction was EUR 2,775.0 million (net of project finance), which will be paid on completion of the transaction, subject to the usual price adjustments in transactions of this nature (net debt, exchange rate, and cash contributed from greenfield projects). The Group estimates that after these adjustments the net price paid will be approximately EUR 2,235.0 million.

The transaction was approved by the shareholders at an Annual General Meeting of OHL held on 9 January 2018, and is conditional upon, inter alia, the obtainment of the required authorisation from the competent Mexican authorities, the obtainment of a waiver from certain financial creditors, and the approval and launch of a tender offer by IFM Investors or a subsidiary for the share capital of OHL México, S.A.B. de C.V. not owned by IFM at the transaction closing date. The process of obtaining the authorisation is in progress and the transaction will foreseeably be completed in the first quarter of 2018.

This is an exceptional transaction for the OHL Group, as it makes it possible to repay gross recourse borrowings and leave an excellent cash position. From this sound financial position, the Group is embarking on a new era that will be focused on its Construction business, strengthening its capacity in this area in the regions in which it is currently present, concentrating its efforts on generating sustainable cash flow and prioritising profitability over growth.

The execution of the transaction led to a rise in the rating from the Moody's rating agency, which on 1 December 2017 improved OHL's rating to B3 from Caa1, and keeps it under review to assess possible further increases, which represents the endorsement by a third party of the Group's successful divestment policy.

At the operating level, the Group's main aggregates show a change of scale when the Concessions business was eliminated, showing signs of recovery in terms of the EBITDA margin and cash generation in the Construction business:

	2017	2016*	Change (%)
Revenue	3,216.4	3,342.4	-3.8%
EBITDA	-56.5	-576.3	-90.2%
% of sales	-1.8%	-17.2%	
Net attributable loss	-12.1	-432.3	-97.2%
% of sales	-0.4%	-12.9%	

Millions of euros
 (*) Restated

Revenue amounted to EUR 3,216.4 million, a slight decrease compared to 2016, due mainly to lower construction activity in the US as a result of the end of contracts during the period which was not offset by the production under new contracts that are in their initial phase. The delays in the commencement of the construction phase of certain concession projects in Latin America also contributed to this fall.

EBITDA in 2017 amounted to EUR -56.5 million, -1.8% as a percentage of sales, affected primarily by:

- I. A lower than expected contribution in terms of production and EBITDA by start-up projects in the US and Latin America (construction work for concessions in Chile and Colombia) that will bring higher margins in the future and that did not offset the lower contribution from projects completed in the period.
- II. Losses recognised on projects in the Industrial business.
- III. The extraordinary recognition of losses at the Gustavo Fricke Hospital (Chile), a legacy project awarded in 2013.

IV. The cost of the collective redundancy procedures (CRP) at OHL, S.A., OHL Industrial, S.L. and other factors.

The aggregate of the latter two one-off impacts on EBITDA, relating to the losses recognised at Gustavo Fricke Hospital (Chile) and the cost of the CRP and other, was EUR -76.5 million. Excluding this effect, EBITDA would stand at EUR +20.0 million.

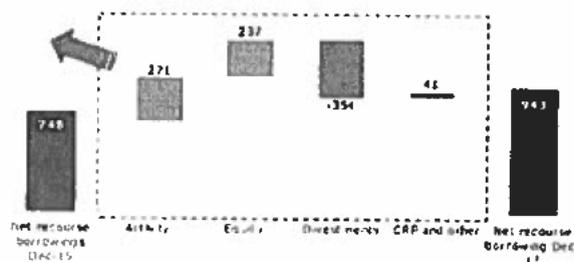

It is worth recalling that the EBITDA for 2016 was EUR -576.3 million, affected mainly by the reorganisation process, which included EUR -520.2 million of one-off losses on legacy projects, due to the re-estimation of objectives carried out. In comparable terms, eliminating one-off effects, EBITDA in 2017 improved by EUR 76.1 million compared to 2016, marking a turning point for the Company this year, with a healthy backlog that aims to obtain higher margins in the coming years. The attributable net loss was EUR -12.1 million, affected by the aforementioned impacts. Excluding one-off impacts, there would be a net attributable profit of EUR 64.4 million.

In the financial area, the following matters should be noted:

Changes in net recourse borrowings

The changes in the net recourse borrowings in 2017 were as follows:

	2017	2016	Var.
Construction	46	281	(235)
Legacy	54	269	(215)
Regular & Stra.	(8)	12	(20)
Industrial	94	24	70
Services	(4)	5	(8)
Development	23	46	(23)
Corporate	111	146	(34)
Total	271	501	(230)

At 31 December 2017, net recourse borrowings amounted to EUR 943.5 million, representing an increase of EUR 195.1 million in 2017, a significant improvement on the EUR 369.0 million increase seen in 2016, due primarily to the worsening of cash due to the legacy projects.

Of particular note was the sound performance of the net recourse borrowings in the Construction business, which in 2017 used only EUR 46.4 million of cash in comparison with the EUR 281.4 million used in 2016, demonstrating the effort made to contain the deterioration in cash flow and opening a new stage towards the generation of sustainable cash flow at project level. In turn, the legacy projects used less cash than expected. In the fourth quarter of 2017 the Construction business performed excellently, generating cash amounting to EUR 172.3 million.

Of particular note is the reduction in net cash outflows in the Corporate area, showing the first effects of the cost reduction initiatives implemented.

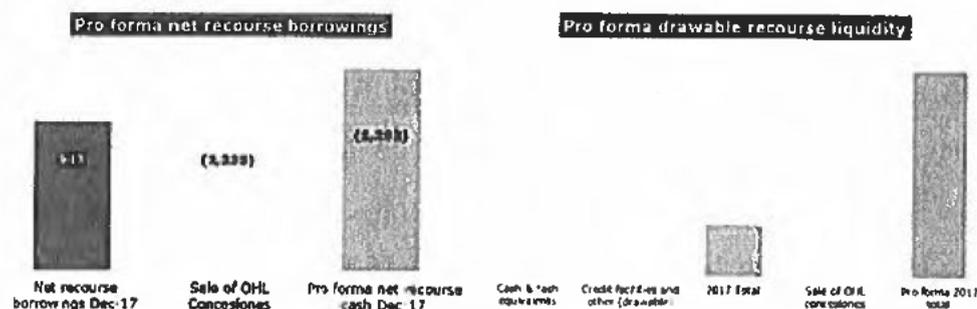

The execution of the asset rotation plan contributed funds amounting to EUR 355.0 million and the new equity investments resulted in a cash outflow of EUR 236.8 million, with Concessions being the main investor division, with expenditure of EUR 164.6 million.

Drawable recourse liquidity

The Company continues to enjoy financial flexibility thanks to a drawable recourse liquidity position of EUR 748.4 million at the end of December 2017, measured as cash and cash equivalents plus the available recourse financing, which ensure that the working capital needs are covered for being able to carry on the business activities in 2018.

In this connection, mention should be made of the support received by the OHL Group from the main banks with which it works with the signature, on 30 March 2017, of the multi-product syndicated financing agreement (novated on 29 November 2017) for an aggregate amount of EUR 684 million, for the issue of guarantees (EUR 402 million) and reverse factoring (EUR 92 million), which also includes a revolving credit line of EUR 190 million.

Additionally, the execution of the sale of 100% of OHL Concesiones will enable the Group to simplify and significantly reduce its structure of total gross recourse borrowings, thereby giving a positive cash position and an excellent drawable recourse liquidity position.

- As regards the asset rotation process, various divestments were made during 2017:

Asset	Ownership interest	Net funds (millions of euros)	Status	Collection date
abertis	2.50%	57	Cobrado	January 2017
mayakoba	80% - 51%	179.1 + 7.9*	Cobrado	April 2017
Canalejas	17.50%	68.1m + 3.5*	Cobrado	April 2017
Autovia Aragón	75%	c. 51	Cobrado	June 2017

* Collection pending per contract

Negotiations are ongoing for the possible sale of the Czech steeper factory ŽPSV and other assets in Mayakoba, which could be completed in the first half of 2018.

II.- Profit/loss by division

OHL CONCESIONES

In view of the process underway to sell all of the shares of OHL Concesiones, S.A.U., this business is carried as a discontinued operation in the consolidated financial statements.

The agreed-upon transaction excludes the sale of the two OHL concessions in liquidation, Cercanías Móstoles Navalcamero S.A. (CEMONASA) and Autopista Eje Aeropuerto, for which OHL will be entitled to future collection of all compensation received arising from these liquidation processes.

For information purposes, please find attached as an Appendix in Chapter V the main operating aggregates of this business.

Millions of euros

With the sale of OHL Concesiones, the Engineering and Construction division accounts for 98.5% of the Group's sales, with sales of EUR 3,168.2 million, slightly lower than in 2016. EBITDA for the year was EUR +18.0 million, compared to -84.5 million euros in 2016, after eliminating the one-off recognition of losses in legacy projects. Performance, by activity segment, is as follows:

CONSTRUCTION

Main aggregates	2017	2016	Var. (%)
Sales	2,660.7	2,773.6	-4.1%
EBITDA	64.9	-43.7	226.6%
% of Sales	2.1%	-1.6%	
EBIT	-10.9	-141.8	92.3%
% of Sales	-0.4%	-5.1%	

Millions of euros

Construction, with sales amounting to EUR 2,660.7 million, accounts for 84.0% of Engineering and Construction sales and 82.7% of the Group's total sales.

The volume of activity decreased by -4.1% compared to 2016. This decrease is due mainly to the recent commencement of production in the new North American projects that will bring more activity in the near future (expansion of the I-405, Canarsie tunnel and others) and that have not offset the decrease in sales due to the completion of other projects between both periods. The decrease was exacerbated by the delay in starting work on the concessions in Latin America, due to causes not attributable to OHL, which led to a reduction in the sales in 2017.

Legacy projects represented sales of EUR 265.7 million, 10.0% of the total.

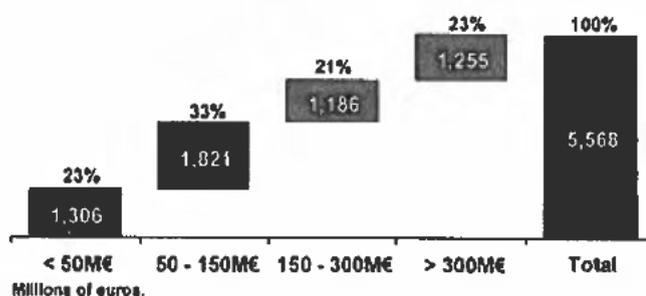

EBITDA amounted to EUR 54.9 million, 2.1% of sales (compared to -1.6% in 2016), affected mainly by the negative results of certain projects and the completion of projects in the period, not offset by the margin on new contracts in the initial phase in North America and concessions in Latin America that will provide higher margins in the future. The improvement in the EBITDA margin reinforces the viability and sustainability of the regular Construction business.

Operating cash flow used by legacy projects in 2017 totalled EUR -26.0 million (EUR -53.9 million, including Gustavo Fricke Hospital), improving the initial forecast for the year of EUR -64.0 million. The short-term backlog at 31 December 2017, EUR 5,568.3 million, represents 25.2 months of sales, which guarantees the future growth of this activity. The backlog has a balanced profile both geographically and in terms of the size of the construction projects, with 91.4% coming from the home markets (including most notably 37.3% from the US and 32.4% from Latin America), and with only 22.5% of the projects of more than EUR 300 million.

The geographical distribution of the short-term construction backlog is as follows:

	31/12/2017
Home Markets	91.4%
Latin America	32.4%
US	37.3%
Spain	17.8%
Czech Rep & Eastern Europe	3.9%
Other	8.6%

Based on the size of the construction project, the distribution of the backlog is as follows:

Of the total construction backlog, 25.6% corresponds to construction projects to be performed for concessions. The current backlog of the ten principal contracts¹ at 31 December 2017 is as follows:

	Country	2017
Project I-405	US	605.0
Vespucio Oriente toll road*	Chile	315.4
New York Canarsie tunnel rehabilitation	US	284.4
Atizapán-atlacomulco toll road*	Mexico	271.2

Millions of euros.

* Construction projects for OHL Concesiones.

* Excluding Mamaray Railway Project (EUR 372.0 million) in relation to which a subcontracting agreement was reached for near to 75%.

The diversification of the backlog by type of project should be noted, where 44.3% corresponds to roads, 21.8% to railways, 18.3% to building and 15.6% to other activities. Contracts in 2017 amounted to EUR 2,342.3 million, 64.2% of the projects in the US, compared to EUR 2,310.0 million of contracts in 2016. The book-to-bill ratio stands at 0.9 times.

The new awards obtained in 2017 include most notably:

	Country	2017
Project I-405	US	679.0
New York Canarsie tunnel rehabilitation	US	312.1
NY Outfall replacement contract 1	US	66.5
Moquegua Omate Arequipa road	Peru	47.7
Mecca workshop	Saudi Arabia	43.3
Illinois O'Hare International Airport	US	42.8
Florida Medical Campus Centre	US	39.8
Quellaveco project	Peru	33.4
Total main awards		1,264.6
Other awards		1,077.7
Total awards		2,342.3

Millions of euros

In addition to the foregoing, OHL won two significant contracts as part of a joint venture without effective control and, therefore, they are accounted for using the equity method: the extension of the track on the Lund-Arlov railroad, in Sweden (EUR 106.3 million), and the National Forensic Mental Health Service Hospital, in Ireland (EUR 62.0 million). These amounts are not included in the data furnished on contracts and the backlog.

INDUSTRIAL

Main aggregates	2017	2016	Var. (%)
Sales	269.8	243.6	10.8%
EBITDA	-40.5	-43.3	-6.5%
% of Sales	-15.0%	-17.8%	
EBIT	-44.6	-61.9	-27.9%
% of Sales	-16.5%	-25.4%	

Millions of euros

The Industrial business recorded sales of EUR 269.8 million, which represents an increase of 10.8% with respect to 2016.

The main activity is located in the new EPC mining and cement projects, mainly Cementos Molins, as well as the renewable energy projects at the solar PV plants in Jordan (Al Mafrag and Empire) and the condensate recovery and cycle unit project in Oman (Saih Rawl). The falloff in activity in the oil and gas EPCs continued, following the division's decision not to enter this market segment. EBITDA stood at EUR -40.5 million, -15.0% of sales, up 6.5% on the same period in 2016. The improved margins on the new projects are contributing to this, partially offsetting the adverse margins on certain oil and gas EPC projects and other services, as well as a structure of fixed costs that are not yet being absorbed, although they are in the process of being reduced.

Industrial's backlog at 31 December 2017 stands at EUR 312.1 million, with the main project being Cementos Molins (EUR 132.0 million), scheduled for completion period in the second half of 2019.

SERVICES

Main aggregates	2017	2016	Var. (%)
Sales	237.7	194.4	22.3%
EBITDA	3.6	2.6	44.0%
% of Sales	1.5%	1.3%	
EBIT	0.9	1.9	-52.6%
% of Sales	0.4%	1.0%	

Millions of euros

Sales of this division amounted to EUR 237.7 million, with growth of +22.3%, due mainly to the positive performance of facility management activities (cleaning, maintenance, energy efficiency and urban services) at the national level. The latter urban services segment, which the division is introducing, enables higher returns to be obtained which compensate for the lower margins in the other segments, all of which are affected by increased competition.

EBITDA totalled EUR 3.6 million, 1.5% of sales, slightly higher than in 2016 (1.3%), reflecting the strong competitive environment of a very mature sector.

The backlog at 31 December 2017 totalled EUR 355.8 million, having contracted EUR 238.8 million in 2017, the most important contracts being the maintenance of court buildings in Galicia, the urban waste collection service (Lot 2) in Madrid, the cleaning and maintenance contract for

Benidorm Municipal Council, the stations and trains in the Barcelona metro network, and the integral cleaning of Spanish Government buildings and offices.

OHL DEVELOPMENT

Main aggregates	2017	2016	Var. (%)

Millions of euros

The economic aggregates of this division underwent a significant change in scale following the asset rotation transactions at Mayakoba, which means that most of its assets are accounted for using the equity method as a result of the loss of control. Thus it posted sales of EUR 48.2 million that, in comparable terms and adjusting the recent transactions, would be similar to those of 2016. EBITDA totalled EUR +2.0 million, compared to EUR +28.4 million in 2016, which included that generated by the divested Mayakoba companies. In comparable terms, it is approximately 12% higher due to increased real estate sales.

The assets of this division include:

Mayakoba tourism development

On 21 December 2016, OHL Desarrollos and RLH Properties S.A.B. de C.V. entered into an agreement for the partial sale of the Group's interest in the main hotel subsidiaries of Mayakoba. The sale agreement includes a percentage of up to 80% of Fairmont and Rosewood (guaranteed minimum of 51%) and 51% of Banyan Tree, Andaz and Golf. On 24 April 2017, the sale was completed on 51% of these assets and on 18 May 2017 the sale was increased to 80% of the more mature assets (Fairmont and Rosewood).

The cash inflow at the end of June 2017 amounted to EUR 179.1 million -not yet collected- subject to the achievement of certain milestones, EUR 7.9 million. The gain obtained on this transaction, excluding the revaluation gain on the interest retained, was EUR 2.7 million.

The hotel subsidiaries in which the development business holds ownership interests include: 49.0% of the El Camaleón golf club, 43.3% of Banyan Tree; 9.0% of Andaz; 9.8% of Fairmont and 20.0% of Rosewood.

Ciudad Mayakoba

Worthy of note is the sound evolution of the projects being carried out in Ciudad Mayakoba, which have continued to advance with an excellent pace of sales and development, reaching between 90%-95% of inventory sales up for sale, as well as the international recognition and awards received (the project has been presented as a development model at the Habitat III congress, organised by the UN).

Centro Canalejas, Madrid

On 9 February 2017, OHL entered into an agreement to sell 17.5% of Centro Canalejas Madrid for EUR 78.8 million. The division continues to hold an ownership interest of 17.5%.

The transaction was completed on 7 April, EUR 68.1 million having been collected in 2017 net of expenses. The other EUR 3.5 million will be received when the project enters into operation. The gain obtained on this transaction was EUR 31.6 million. The project is currently at the construction phase and certain areas of the complex began to be marketed towards the end of 2017.

Old War Office

The emblematic Old War Office project, in which Development holds a 49% ownership interest, has successfully completed the licensing phase. Preliminary work has recently begun.

The assets of this division had a total carrying amount of EUR 369.7 million at 31 December 2017, as detailed below:

Asset	Ownership interest	Carrying amount millions of euros
Mayakobá	≤ 49% ¹	53.8
Ciudad Mayakobá	100%	165.4
Canalejas	17.50%	71.4
Old War Office	49%	79.1
		369.7

¹ Interests in subsidiaries of Mayakobá: 49.0% Golf, 43.3% Banyan Tree, 9.0% Andaz, 9.8% Fairmont and 20.0% Rosewood

III.- Main significant events after 2017 year-end

- On 9 January 2018, the shareholders at the Annual General Meeting approved the following resolutions:
 - i. The transfer of 100% of OHL Concesiones, S.A.U. to Global Infraco Spain, S.L.U., under the terms and conditions of the report of the Board of Directors and the information communicated to the market, per the relevant event communications published on 16 and 17 October 2017.
 - ii. Ratification of the appointment of Juan Luis Osuna Gómez as the Company's CEO.
 - iii. Ratification of the appointment of Javier Goñi de Cacho as a proprietary director of the Company.
 - iv. Reduction of share capital by EUR 7,326,425.4 through the retirement of 12,210,709 treasury shares, with a charge to unrestricted reserves.
 - v. Amendment to the directors' remuneration policy, following a favourable report from the Nomination and Remuneration Committee.

vi. Approval of extraordinary remuneration of EUR 18 million to the CEO Juan Osuna Gómez, for his work and leadership in the process to sell the shares of OHL Concesiones, S.A.U.

- The public deed for the capital reduction approved by the shareholders at the Extraordinary General Meeting was filed at the Madrid Mercantile Registry on 6 February 2018.

d) Outlook for the near future

After the sale of OHL Concesiones, the Group is facing a new stage focused on its main businesses (Construction, Industrial, Services and Development), being eminently a construction company focused on achieving priority objectives such as:

- Prioritising profitability over growth.
- Ensuring sustainable cash flow generation in projects by strengthening the application of risk control mechanisms.
- Continuing with the rotation of mature assets to maximise their value.
- Simplifying the capital structure and reduce corporate debt, strengthening the Group's balance sheet.
- Recovering the trust of rating agencies and other stakeholders.

To this end, the Group has a solid portfolio of Engineering and Construction (E&C) projects, comprising the Construction, Industrial and Services businesses. Of particular note is the diversification of the backlog, both geographically and by project size, encompassing the majority of its business in three main geographical areas: The US, Latin America and Europe.

The Group has extensive past experience in these geographical areas, recurring business and the human and technical resources necessary to undertake the construction projects in compliance with the established risk control parameters. In the future, the Group will value new opportunities to invest in concession projects.

As regards Industrial's business, the company is continuing with the process of restructuring and integrating this activity into the Construction business and focuses on cement, mining and renewable EPC projects, operation and maintenance and fire protection, while withdrawing from EPC oil and gas and power projects. Synergies and a more efficient cost structure are expected as a result of this integration.

With respect to the Services business, this is a very mature business in a competitive environment and the Group must therefore be highly selective in the projects and markets in which it operates in the future, with priority being given to profitability.

In addition, the Group has a number of unique and diversified assets in the Developments division, which are in the development or construction phase and whose value has been recognised by leading investors. The Company has the opportunity to rotate these assets once they are mature and maximise their value, which can be an additional source of income.

Chapter II.- Strategy

a) Business model

I.- Strategic Plan

With the focus of its business on its areas of action, the OHL Group strengthened its leadership position in 2017, reaffirming itself as a Company that stands out for its experience in executing high value-added projects in the transport infrastructure and singular building sectors.

US

Following President Trump's announcement in August 2017 of an ambitious infrastructure plan, the US is committed to this industry as an engine for boosting the economy. This plan envisages accumulated investments until 2027 of up to USD 1.5 trillion. However, the construction market is expected to be affected to some extent by the introduction of a restrictive migration policy, as well as by the high budget deficit.

Currently, the US market represents more than a third of the total Construction backlog and is currently the Group's reference market. In 2017 it continued to strengthen its presence with more than EUR 1,500 million of contract orders. Notable among the most significant awards was the refurbishment of the Canarsie tunnel in New York for EUR 312 million (69.7% for the Group), the main communication link between Brooklyn and Manhattan, damaged after Hurricane Sandy.

LATIN AMERICA

The OHL Group's activity in Latin America was affected by the political and economic situation of the countries in the region. Worthy of note was the change of political cycle in Chile, with elections at the end of 2017; and in Mexico and Colombia, with general elections in 2018. Additionally, the impact of the Odebrecht case and the uncertainty created by the arrival of Donald Trump slowed down activity in the industry. However, from 2018 onwards macroeconomic indicators are expected to improve, with average GDP growth projected at around 2% per annum, according to International Monetary Fund forecasts.

Chile's construction industry is expected to be revitalised with the arrival of the new president, Sebastián Piñera, who will continue to drive the country's economic development through the promotion of public infrastructure with a programme that foresees the construction of an extensive road and motorway network, the expansion of the underground and the construction of a new international airport in Concepción or Antofagasta.

Also, in Peru, after the first year of the presidential term, infrastructure activity will focus on the recovery of the mining sector and the implementation of the Integral Reconstruction Plan, arising from the damage caused by the heavy flooding inflicted by the El Niño meteorological phenomenon, with planned investments of EUR 6,500 million over four years.

In Mexico, projects continue to be developed through the National Infrastructure Programme, with a percentage of completion of nearly 80%. In this Plan, valued at more than EUR 43,000 million, the construction of Mexico City's New International Airport stands out.

Also, in Colombia the Infrastructure Plan that began with the fourth generation of road concessions (4G) in the road sector, is expected to be consolidated.

In this context, the OHL Group has continued to strengthen its leading position in the region, through the various contracts awarded during 2017. Highlights include the improvement of the Moquegua Omate Arequipa road in Peru and the recent award of a contract at the world's largest underground copper deposit, the El Teniente mine in Chile. In addition, Codelco has awarded the contract for the Tranque Talabre expansion project in the Chilean city of Calama.

EUROPE

In Eastern Europe, of particular note is the positive forecast for the construction industry in the Czech Republic and Slovakia, the main countries for the OHL Group in the region, thanks to the support of the European Union through funds for infrastructure projects. The recovery of consumer and investor confidence in this market is evident in the consumer confidence index, which has been increasing progressively since 2012 and is expected to lead to a greater increase in investment in the country.

In Western Europe, the Nordic countries, especially Norway and Sweden, are consolidating their position as the main growth drivers for the Group in the coming years, thanks to the host of opportunities for contracts that are expected to be tendered in the coming years. These countries stand out for their political stability and the expected growth in the infrastructure market, with important state plans including the Norwegian government's National Transport Plan and Sweden's High-Speed Infrastructure Development Plan.

Thus, one of the OHL Group's achievements in 2017 was its entry into the Swedish market, thanks to the award of the project to improve the railway line between Lund and Arlöv (Malmö) amounting to EUR 106 million (49.3% of the joint venture), which is one of the most important railway projects in the country in the coming years.

In Spain, the Extraordinary Road Investment Plan (PIC), presented by the Prime Minister, Mariano Rajoy, in July 2017, and the recovery of GDP augur an improvement in the construction industry. The PIC envisages construction and maintenance works for approximately 2,000 kilometres of dual carriageways, with a total planned investment of EUR 5,000 million.

In 2017 several railway infrastructure maintenance contracts were awarded for ADIF.

THE COMPANY'S STRATEGIC PLAN

2017 was marked by significant changes in the Group's scope: the sale of the Concessions division to the fund Australian IFM was agreed on, for an estimated net price of EUR 2,235.0 million, a transformational transaction for the Company; and the divestment of other non-strategic

assets continued. The sale of Concessions leaves OHL with an important cash position, allowing the Group to continue its activity with an enhanced strategic position in the future.

Thus, OHL will begin a new phase in which the construction business, the most experienced in the Company, will be the mainstay of the Group's activity in those countries with the greatest competitive advantage and where growth prospects are more favourable.

In this context, a number of strategic priorities have been established to help the OHL Group consolidate its leading position in the markets in which it operates:

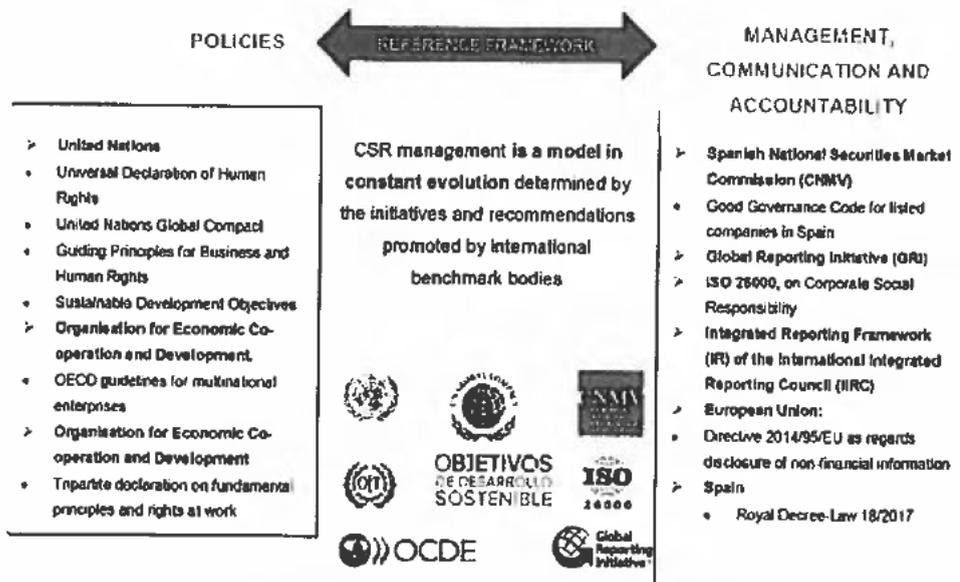

1. Promote the Group's construction business, focusing on those countries and regions where the Company has the most experience and minimising exposure to risk.
2. Maximise profitability and cash flow generation of projects in progress.
3. Guarantee a portfolio of profitable projects, with a commitment to a balanced mix of contracts in terms of size.
4. Continue the process of disinvestment of non-strategic assets.
5. Integrate the Industrial and Construction businesses.
6. Adapt the cost structure to the new size of the Company.
7. Strengthen recruitment and talent management policies.
8. Digital transformation: digitisation of production processes.

II.- CSR management

The OHL Group is aware that the new challenges presented at global scale require sustainable and responsible business management, committed to the development and well-being of society. Meeting these demands requires taking on challenges and integrating the sustainability strategy along the entire production chain of the business, with a long-term perspective of value creation and meeting the needs of its stakeholders.

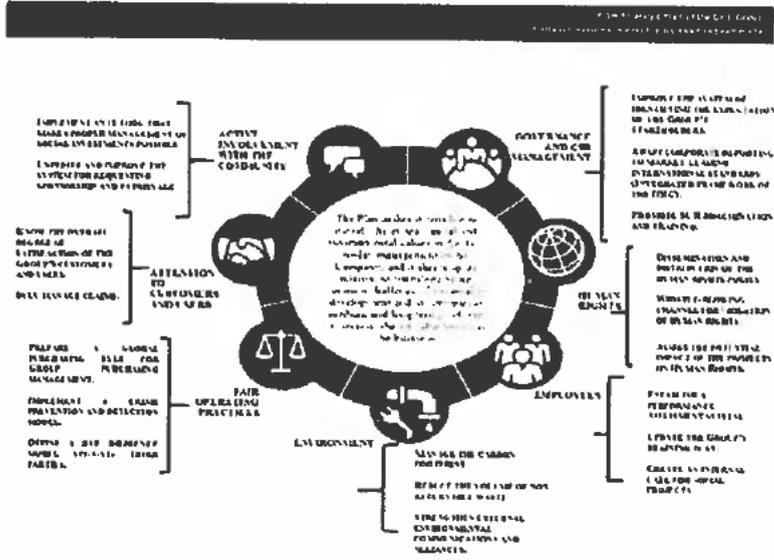

This approach has meant that the voluntary commitments made since 2003 by the OHL Group in the areas of human and labour rights, environmental protection, business ethics and transparency in the dissemination of information have led to the drafting of a total of ten corporate policies that apply across the entire OHL Group and, in addition to internal regulations, make up OHL's particular framework of action.

Further information: <http://www.ohlcompromiso.com/presentacion/responsabilidad-corporativa/politicas/>

As a signatory of the United Nations Global Compact, the Group works to disseminate and promote the Ten Principles.

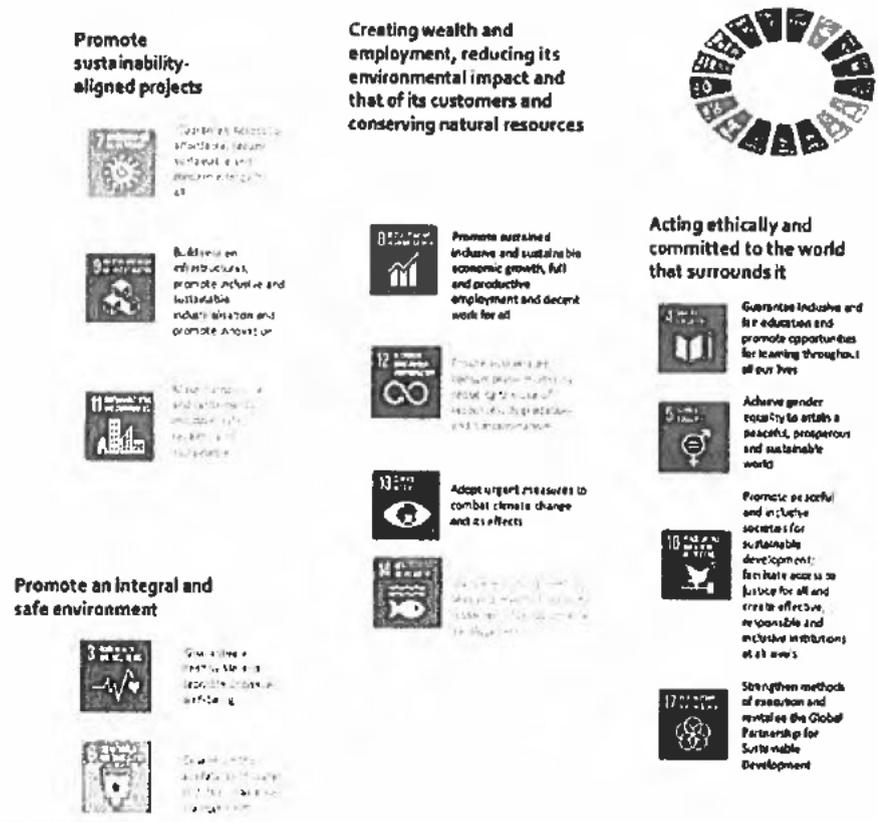

CSR, as a strategic tool for the OHL Group's sustainability management, is implemented through action plans. The 2015-2020 CSR Strategic Plan, articulated around the seven fundamental areas of ISO 26000, aims to act as a guide for the fulfilment of CSR commitments and unite efforts within the Group. The important changes that took place in 2017 in the business model, structure and organisation have led to the need to adapt the Plan to the new reality of the Group. This exercise was at the planning stage at the time of writing this report.

The Group-wide management of CSR is conducted through the highest governing body, the Nomination and Remuneration Committee of OHL's Board of Directors, which is responsible for promoting and monitoring the CSR policy, and the Sustainability Committee, chaired by the CEO and made up of the senior management of the OHL Group as the delegated body to coordinate and supervise CSR management.

SDGS AS A GUIDE TO FOCUS EFFORTS ON SUSTAINABILITY

In 2017 the OHL Group reaffirmed its commitment to meeting the 2030 Agenda, an action plan for people, the planet and prosperity. A total of 17 Sustainable Development Goals (SDGs) and 169 targets to end poverty, fight inequality and injustice and tackle climate change. The OHL Group assumes this role and contributes to tackling the collective challenge of sustainable development when carrying out its business activity. It therefore strives to integrate SDGs in its internal management.

The activities described in each chapter of this Report are associated with the SDGs on which they have an impact (see logos at the beginning of each section).

HOW WE CONVEY CSR

In 2017 the Group promoted internal communication of CSR through the training of all its employees. In this way, a new call to complete the CSR course has been designed and launched through the new training platform for obligatory online courses.

This has made it possible to strengthen employees' knowledge in this area and to consolidate its value as a transversal pillar of the Group.

2017 CSR training data

Through this course, in 2017 a total of 2,586 people in the Group received CSR training, totalling 10,344 hours of training.

In addition, the half-yearly CSR Newsletter disseminates relevant news and events, including interviews with Company executives that include the experience of integrating CSR in the development of the business.

In this regard, the OHL and Sustainable Development brochure gives visibility to the creation of value from the business activity itself. It includes successful CSR initiatives implemented in corporate services or in the business lines themselves.

Externally, OHL pays attention to requests for information from industry watchers and CSR-linked international organisations; it prepares documentation on its management in this area in business presentations and tenders, as well as for the working groups, meetings and specific conferences in which it participates.

The Group has been included in the FTSE4Good IBEX index since its launch in 2008. Featuring in this index distinguishes the Company as a committed value of special interest to investors who add to their profitability objectives their concern for ethical, social, environmental and good governance issues in business management.

OHL CONCESIONES

In view of the process underway to sell all of the shares of OHL Concesiones, S.A.U., this business is carried as a discontinued operation in the consolidated financial statements.

The agreed-upon transaction excludes the sale of the two OHL concessions in liquidation, Cercanías Móstoles Navalcamero S.A. (CEMONASA) and Autopista Eje Aeropuerto, for which OHL will be entitled to future collection of all compensation received arising from these liquidation processes.

For information purposes, please find attached as an Appendix in Chapter V information on the Corporate Social Responsibility of this business line.

OHL CONSTRUCCIÓN

The OHL Group's construction activity in 2017 was shaped by the development of projects in the fields of transport infrastructure and non-residential building construction. This activity focuses on eight markets: The US, Canada, Mexico, Chile, Colombia, Colombia, Peru, Spain and Central

Europe -as defined in the Group's Strategic Plan. Added to this was OHL's incursion into Norway, Sweden and Ireland.

ACTIVITY BY GEOGRAPHICAL AREA

North America

This is one of the Company's main markets, with total sales of EUR 1,126.3 million, 42% of the total for Construction and 35% of the Group's total. OHL continued to operate in key US states: Primarily, New York, California, Florida and Texas.

This fact is reflected in the achievement of outstanding projects such as the upgrade of the I-405 in California, the most important project in OHL's history in the country. Awarded by the Orange County Transportation Authority (OCTA) for an amount of close to EUR 679.0 million (56.5% of the joint venture), it represented for the Group a volume of work executed in 2017 of EUR 41.6 million. The construction work covers a 27.4 km stretch of the I-405 and consists of adding an additional lane in each direction and improving the slip roads, exits and bridges from State Road 73 to Interstate 605. This project consolidates OHL's presence in the State of California, where OHL currently has more than twelve ongoing projects with a value of EUR 1,300 million.

In New York, OHL is carrying out, through its subsidiary Judlau, the refurbishment of the Canarsie tunnel, damaged by Hurricane Sandy. Awarded by the New York Metropolitan Transportation Authority (MTA), for EUR 312.1 million, it includes the refurbishment and upgrade of infrastructure considered to be the main connection between Brooklyn and Manhattan, which also provides service to subway line L.

Other projects won in the USA in 2017 include:

- New York Outfall Replacement Project, for EUR 66.5 million.
- Illinois O' Hare International Airport Chicago, for EUR 42.8 million.
- Florida Medical Campus Center, for EUR 39.8 million.

Pacific Alliance

The Group's activities are focused on the markets that form part of the Pacific Alliance - Mexico, Peru, Colombia and Chile. Its joint activity translates into revenue that represents 19.2% of the total for Construction.

In Mexico, the construction of the first section of the Mexico-Toluca intercity train is noteworthy, with revenue of EUR 84 million. The project includes the construction of 36.15-km section.

In Chile, the Company is carrying out actions on Route 60 (Section 2, Sector 1, Variante Panquehue), on which the work performed totals EUR 80 million.

In Peru, OHL is upgrading the Moquegua-Omate-Arequipa road, in a 118-kilometre section of the Moquegua-Sierra Sur in Peru, between the departments of Arequipa and Moquegua; and is working on cleaning and eliminating material from the Piura river (Peru) in the 14-kilometre section that runs from Laguna San Ramón to the Cordillera sector, within the framework of the Amended

Reconstruction Plan (*Plan de Reconstrucción con Cambios*) of the Peruvian Government to reconstruct the areas of the country most affected by the 2016–17 South America floods (*El Niño Costero*).

Europe

The Company's activity in Europe (Spain, Czech Republic and Slovakia and the Nordic countries) represents 32% of Construction revenue. It should be noted that projects in this area are of lower volume and the revenue is more fragmented among a greater number of initiatives.

After OHL's entry into Norway in 2016, thanks to winning the EUR 67.4 million EPC Ski project, OHL made its way into another Nordic country, Sweden, in 2017, where it will improve the railway line between Lund and Arlöv stations in Malmö, one of the country's busiest rail routes. The contract, awarded by Trafikverket (Swedish Transport Administration), for EUR 106 million (49.3% of the joint venture), will cover the construction of the first 8 km section between the Swedish cities of Arlöv-Flackarp, as well as the construction of three new stations, four overpasses and two underpasses.

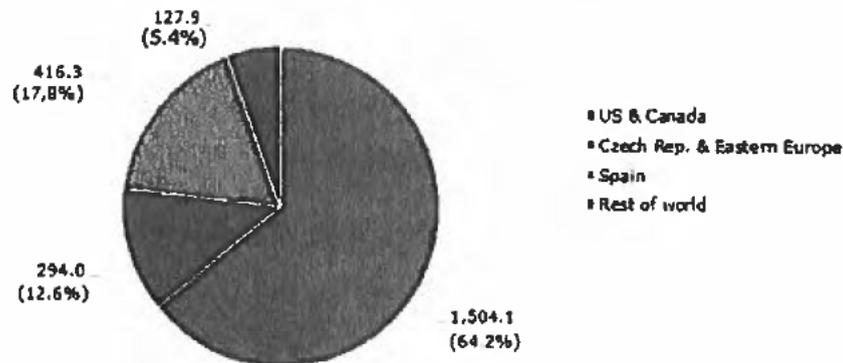

In Ireland, the Company is carrying out its first hospital contract in Ireland, the construction of the National Forensic Mental Health Hospital (NFMHS) in Portrane, north of Dublin, for more than EUR 120 million (50% of the UTE). The project was awarded by the Health Service Executive and includes the construction of a forensic hospital for the mentally ill within the St. Ita's Hospital complex. It will have an area of 24,000 m² distributed among 170 rooms; a 30-bed intensive care rehabilitation unit, 13 hospital wards and a primary health care centre.

Other European projects

- Marmaray CR3 Project (Turkey), with work performed in the year of EUR 122.3 million.
- Expansion of the port of Bilbao (Spain), with more than EUR 34.3 million of production in the year.

MAIN CONTRACTS AWARDED IN 2017

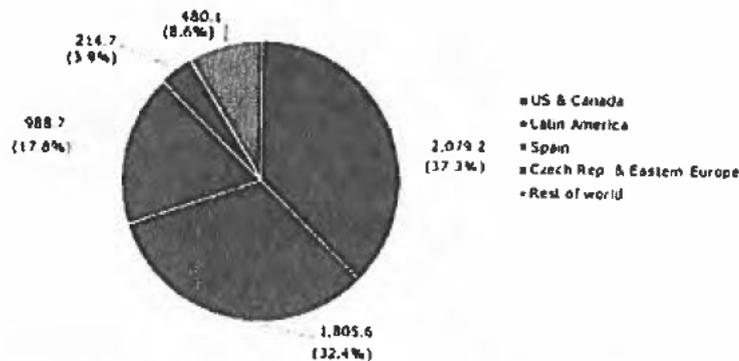

In 2017 Construction won contracts amounting to EUR 2,342.3 million, broken down as follows:

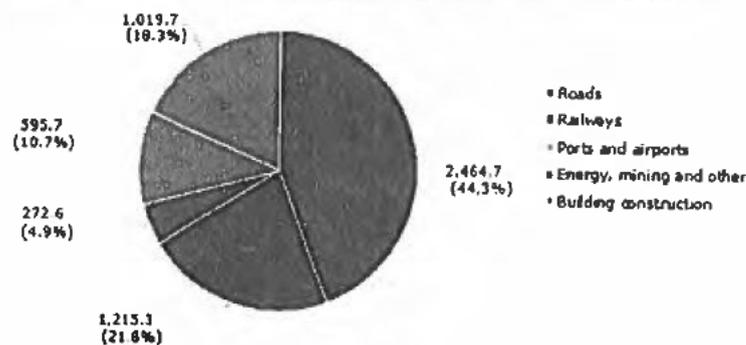

These results reinforce the OHL Group's commitment to its home markets, where contracting represents 93.8% of the total number of new contracts.

CONSTRUCTION DIVISION BACKLOG AT 2017 YEAR-END

2017 ended with a backlog of EUR 5,568.3 million, the distribution of which by market and type of project is as follows:

Distribution of the backlog by type of project (in millions of euros)

According to these data, 83% of the backlog is oriented towards civil engineering work and building construction, with the backlog of building construction being practically all non-residential building construction.

In relation to the size of the projects, within the Strategic Plan, it was decided to diversify risk through the distribution of the backlog into smaller projects. Currently, 77.5% of the total amount of projects in the backlog corresponds to projects with a size of less than EUR 300 million.

Success stories

Second Avenue Subway. New York, USA

Innovation, sustainability and accessibility are three of the features on which the construction project for stations 72 and 63 is based, integrated into the new subway line on Second Avenue, which extends the services of the Q and F lines of the New York subway. The project, awarded

by the Metropolitan Transport Authority (MTA) to Judlau, the Group's New York subsidiary, is the first major expansion of the city's subway system in the last six decades.

The project includes the use of the BIM (Building Information Modelling) methodology in the construction of station 72. This is an innovative platform that incorporates collaborative modelling techniques in multiple dimensions; they cover the entire project life cycle and make it possible to visualise changes in each of the dimensions and areas simultaneously and dynamically.

From the accessibility standpoint, the new infrastructure has a design that conforms to the standards of the Americans with Disabilities Act (ADA) and its image responds to the cultural diversity that characterises New York, thanks to decoration by artists from several countries, within the framework of the Arts for Transit program promoted by the MTA.

In addition, Judlau received a commemorative award by Friends of the New York Transit Museum in November 2017, which recognises the benefit of its construction for the more than 200,000 users who use it every day.

EPC SKI. Ski, Norway

The Group is carrying out the EPC Ski contract in Norway as part of the Follo Line high-speed railway project, one of the leading transport initiatives in Norway. The work covers a 3.5 km-long stretch of track, which will enable trains to reach 250 km/h, and includes the reconstruction of the Ski city railway station, the redevelopment of its surroundings and all railway facilities related to the reconstruction of the existing line and the new line.

The project will lead to an improvement in the quality of life of the inhabitants and the commercial development of the area where the infrastructure is located, by reducing the travel time of the Oslo-Ski route by 50% (11 minutes compared to the 22 minutes in which the journey was being made). It will also reduce CO₂ emissions through reduced use of private transport while decongesting traffic in southern Oslo at peak times of day. In addition, the use of this new infrastructure will make it possible to increase the capacity of rail traffic arriving to and departing from Oslo.

OHL INDUSTRIAL

In 2017 Industrial continued with the process of its integration with the Construction division, with which it has significant synergies (e.g. mining sector), with a view to training in Engineering and Construction.

COMPLETION AND OPTIMISATION OF EPC PROJECTS ALREADY CONTRACTED

In Mexico, where, in recent years Industrial has carried on most of its activity, the completion of the Cydsa II 60-MW cogeneration plant in Coatzacoalcos is noteworthy. To this are added the two completed project management contracts for the gas pipelines of the Ramones north and south segments.

Also in Mexico and for Pemex, the Company completed, from a mechanical standpoint, a sulphur solidification plant; and by the end of 2017, it had practically completed (99.4%) of the 30-MW cogeneration plant at the Madero refinery, for which early completion was requested.

In addition, the Degollado pumping station and the Cadereyta hydrogen generation plant are also in the final mechanical phase. In addition, the Empalme I 770-MW combined cycle plant in Sonora, which Industrial executed for CFE during 2017, is scheduled to be provisionally accepted in 2018.

In Guatemala, Industrial brought the 55-MW Xacbal hydroelectric plant into service in the fourth quarter of 2017. In Colombia, the construction of the cement plant for the company Ecocemento, in which the Molins Group holds a stake, is proceeding, with an estimated production of 3,150 tonnes of cement per day.

In Jordan, Industrial is constructing a storage terminal for oil-based products, which is scheduled to be completed in 2018. In addition to this initiative, there are two solar PV projects in the country for Al Mafraq Empire; and in Oman, the Group is carrying out the condensate recovery unit for the state-owned company PDO, which will be completed at the beginning of 2018, as well as performing the cycle closure of Saih Rawl.

OUTLOOK

Mining and cement

The worldwide recovery of the raw materials sector is making it possible to redirect part of Industrial's commercial objective towards mining projects in international markets. This triggered, in 2017, commercial activities with the large mining undertakings from Chile (Codelco) and Peru (CB Holdings or Brocal).

Renewable energies

The Middle East and Latin America are becoming target markets for the development of renewable energy projects (mainly solar PV and wind power). In this regard, of particular note is the obtainment, at the beginning of 2017, of the renewable energy projects in Jordan for Fotowatio, a recurring customer of Industrial.

Operation and Maintenance

The aforementioned activities will be complemented by the opportunities identified in the areas of O&M, as well as those of industrial services, in the home markets in which the Company operates.

Fire safety systems

In 2017 reduced activity was maintained in the adaptation of the nuclear sector in Spain. However, greater activity was detected in the field of fire safety systems inspection.

which would make it possible to increase the commercial demand for these services and comply with market requirements and the legislation in force in this area.

MOST SIGNIFICANT AWARDS

The main contracts in Industrial amounted to EUR 150 million in 2017 and reflect the new approach described above.

To the two solar PV projects in Jordan for Fotowatio, amounting to EUR 68.3 million, are added the Shauhindo mining crushing project (Peru) totalling EUR 17 million and the transport and crushing machinery for Power Machines (Vietnam) amounting to EUR 15.6 million. To this must be added the EUR 23 million derived from fire safety business in Spain and Mexico, and EUR 27 million achieved through the activity of O&M and industrial engineering carried out in habitual industrial markets in Latin America, especially in Chile.

Success stories

Valiente wind farm. Gurrea de Gállego, Huesca, Spain

The Group will be responsible for the engineering, civil engineering works and power evacuation infrastructure of the Valiente wind farm. The facility will be fitted with ten 2.0-MW G114 WTGs and has a total rated capacity of 20 MW.

In its construction and design, measures will be applied to minimise the environmental impact, resulting in significant savings in emissions compared to other technologies, which will in turn have an effect on the protection of native species and respect and guarantee the continuity of agricultural activity in the area. In addition, the project will encourage local employment during its construction and operation phases. This is the first project of its kind to be built in this area, after the energy reform, and it will be the first of several projects planned for construction in the region next year.

OHL SERVICES

In 2017 Services followed a recovery trend in the Spanish market while continuing to make progress in its internationalisation in countries such as Mexico and Chile.

As regards the division's activity, the year was used to consolidate the activities in the urban services area, thanks to the incorporation of new contracts in cities where no such work was being carried out: Huelva, Granollers and Bilbao, which exceed EUR 25 million.

On the other hand, the cleaning sector, with EUR 9,970 million managed in Spain, experienced growth of 1.8% compared to 2016; and for 2018 and 2019 growth is expected to be slightly below 2%.

The building maintenance sector generated revenue of EUR 8,170 million, and registered an increase of 1.7% with forecast growth of 1.7% and 1.6% for 2018 and 2019, respectively.

The urban services market in 2017 confirmed the slight increase experienced in 2016, after five consecutive years of declines. It generated revenue of EUR 5,475 million, 2% up on 2016, when the change was 1.4%. Growth is expected to be around 2.5% in 2018.

In the home-based care services sector, it is expected that business will increase by 2.9% in 2018, reaching EUR 1,500 million.

Despite this incipient improvement in the markets in which Services operates, profitability in these sectors has fallen. Particularly significant was the loss of profitability due to the political instability in Catalonia. Even so, the Company's billings were higher than those of the leaders in the sector, rising 13% from EUR 175 million in facilities management to EUR 198 million. Billings in urban services (EUR 39 million) also grew by 56% compared to 2016, consolidating the strong growth in this activity that generates a higher operating margin.

OHL Services maintained its EBITDA in 2017 in Spain, rising from 1.3% to 1.5%, despite the reduction in profitability experienced by leading companies in the sector, thanks to the division's significant effort in terms of reducing structural costs.

CONTRACTS AND BACKLOG

In terms of contracts, Services achieved revenue of EUR 237.7 million in 2017, consisting of a backlog of EUR 355.8 million, equal to 18 months, well above the average for comparable companies in the sector.

NEW CONTRACTS AWARDED IN 2017

With a backlog of more than 500 contracts in force, of particular note in the various business lines are the following:

Cleaning

- Cleaning service for Metro de Madrid stations. Lot 4 (lines 8 and 10) for EUR 26.0 million (48-month period).
- General cleaning services and related services at the Ministry of Defence facilities (includes all offices in Extremadura, Andalusia and Murcia) for EUR 21.4 million (24-month period).
- Comprehensive cleaning service for local buildings and offices of the Spanish Government, located in the Community of Madrid, for EUR 15.6 million (30-month period).

Social and health care sector

- Management and administration of the Fortpienc municipal assisted residence and day centre. Barcelona City Council for EUR 8.7 million (24-month period).
- Management under a concession arrangement of the "Mossen Vidal i Aunos" residence and day care centre. Department of Welfare and Family, Barcelona. Catalonia Autonomous Community Government, for EUR 4.0 million (24-month period).

Maintenance

- Maintenance, repair and conservation contracts in several districts of the Madrid City Council, for EUR 11.5 million (period between 12 and 24 months).
- Maintenance service of the administrative buildings of the Galicia Autonomous Community Government and the energy supply of the administrative complex of San Caetano, for EUR 6.7 million (28-month period).

Urban services

- Street and beach cleaning service in the municipalities of Isla Cristina and Cartaya, Huelva, for EUR 10.4 million (48-month period).
- Service for the conservation of green and wooded areas in several districts of Torrejón de Ardoz, Madrid, for EUR 8.7 million (48-month period).

OUTLOOK

Cleaning

The sector has shown moderate growth in Spain, thanks to the increase in GDP. Services has consolidated itself in the public sector and is beginning its expansion in the private sector with an extension to more specialised sectors, such as industrial, transport, hospitality, retail or food.

Social and health care sector

This sector has a positive growth outlook thanks to family spending power and greater dynamism as regards public-sector contracts.

Building maintenance

There is a marked improvement in this market in terms of investment. It is expected that the brand will be consolidated in this sector through geographical positioning, with the aim of continuing to grow in the energy efficiency sector and incorporating it into new areas such as public lighting and the industrial environment.

Energy efficiency

Worthy of note are the new criteria for calculating the debt relating to the investments made in contracts for public authorities through energy service companies and the new Public Procurement Law.

OHL Services will continue to back:

- Efficiency in buildings and facilities.
- Street lighting, in medium-sized towns.

Urban services

This sector will continue to base its development on strong competition due to the extension of the deadline for the resolution of public tenders.

One of the main challenges for this year is the entry into the activity of waste treatment that closes the urban management cycle.

Management improvements

Measures aimed at improving the profitability of contracts and reducing management risks include:

- Improvement of processes in the commercial area, introducing the use of a CRM (Customer Relationship Management) in the commercial process of planning the sales process, preparation of the offer, follow-up of the commercial action and analysis of results.
- Strengthening of risk management with the implementation of the due diligence review process and analysis of relations with third parties, and the implementation of actions to reduce accidents at work and absenteeism, among others.

Success stories

Responsible residence management **Residència i Centre de Dia Fort Pienc. Barcelona, Spain**

The OHL Group's commitment to the well-being of society is evident, among other aspects, in its management of homes for the elderly, distinguished with the Joint Commission International (JCI) accreditation, awarded to UTE OHL Servicios-Ingosan and Mensajeros de la Paz, responsible for the Fort Pienc Residence and Day Care Centre of the Barcelona City Council. It acknowledges compliance with the requirements of quality of care, safety in high-risk medication, reducing the risk of infections associated with health care or reducing the risk of injury to residents caused by falls.

Complementarily, the centre carried out projects aimed at making the elderly socially visible and promoting intergenerational exchange. The *Viure millor a casa (Living better at home)* programme is of particular note, as it provides professional advice at home to users of day centres in order to inform them about mobility techniques, patterns of stimulation in daily life, the elimination of architectural barriers and the day-to-day life of people in a situation of dependency and their families. Also, in order to promote generational exchange, residents and users of the day centre share weekly leisure time with students from the children's education centre and the El Tren de Fort Pienc municipal nursery school.

Furthermore, the *Bici sense edat (Cycling without age)* activity has also been carried out at the centre, organised by the Barcelona City Council and has been used to promote the ability of older people to ride a bicycle, thanks to the use of electric tricycles.

OHL DEVELOPMENT

In 2017 the division continued to develop its activity with the aim of entering into preliminary phase projects and, at the same time, disinvesting in those projects that have reached a sufficient degree of maturity to capitalise on value creation.

SIGNIFICANT ACTIVITIES IN 2017

Inclusion of an investor in the Mayakoba tourism development hotel projects

Located 10 km from Playa del Carmen, in an area of approximately 240 hectares, stands Mayakoba, a tourism development that boasts four hotels in operation, operated by some of the most prestigious international hotel chains, all of them in the 5 star luxury category: Fairmont (401 rooms), Rosewood (128 rooms), Banyan Tree (132 rooms) and Andaz (213 rooms), as well as the El Camaleón golf course, designed by Greg Norman and the only one to host, until 2017, an official tournament of the prestigious circuit PGA outside the USA and Canada.

In September 2016, a market survey process began that culminated in the first quarter of 2017, after completing the transaction with the Mexican investment group RLH Properties, S.A.B. de C.V. (RLH).

The transaction consisted of the acquisition by RLH of an 80% stake in the share capital of the companies owning the Rosewood Mayakoba and Fairmont Mayakoba hotels, as well as 51% of the share capital of the companies owning the Banyan Tree Mayakoba, Andaz Mayakoba and the El Camaleón golf course. This heterogeneity in the divestment of investments is due to the different levels of maturity achieved, with greater divestment in the more mature assets.

Celebration of the 11th Anniversary of the OHL Classic at Mayakoba

In November 2017, the 11th OHL Classic at Mayakoba, the only PGA Tour sponsored and named by the Group, was hosted by the El Camaleón Golf Course. The tournament featured a field of 132 players and was won by the American Patton Kizzire.

Progress of the Ciudad Mayakoba projects

In 2017 Ciudad Mayakoba continued to make progress in its consolidation in the Playa del Carmen real estate market, in its different projects -Mayakoba Trails, Lagunas de Ciudad Mayakoba and Jardines de Ciudad Mayakoba-.

In addition, agreements were reached in 2017 to launch additional projects for the global development and consolidation of Ciudad Mayakoba: La Ceiba de Ciudad Mayakoba, houses of innovative design that will begin to be marketed in February 2018; Altos de Ciudad Mayakoba, characterised by having 100% vertical, medium-high level housing, which will foreseeably be launched commercially in February 2018; and Mayakoba Country Club, the most relevant and largest project in all of Ciudad Mayakoba, with more than 500,000 m² of single-family and multi-family lots for sale. This large medium-high and high housing project will begin to be sold commercially in 2018.

Awards and prizes In 2017 Ciudad Mayakoba participated again in the Habitat III congress, organised by the UN, an event of the utmost importance that takes place every 20 years and is a meeting point and discussion point for determining urban development policies for the next two decades. Ciudad Mayakoba was invited as a model of planned community development in tourism development centres, and as an example of joint participation between business, government and UN-Habitat in the generation and management of public spaces that integrate the community.

Progress at Centro Canalejas, Madrid

Throughout 2017 and after the inclusion of Mohari Ltd as a new shareholder in the capital of the project in March, the progress of Centro Canalejas, Madrid continued in accordance with the action plan, with the aim of opening to the public in mid-2019.

The project has all the necessary permits for the completion of the works, and the City Council approved the Special Plan for Underground Transport Infrastructure of Sevilla-Canalejas, which provides a solution to the entrances and exits, both for parking and loading and unloading of Centro Canalejas, Madrid.

At the end of 2017 sales of the Canalejas Commercial Gallery and the residences started, and has been warmly received.

Progress on the Old War Office project

There were many and very important achievements in 2017 in the Old War Office project that Development is carrying out in London, together with the Hinduja Group.

First of all, there is a binding proposal for the financing of the project, in addition to the design and urban procedures with the incorporation of two interior design firms of the highest international prestige.

In February 2017 the City Council approved the project and in July the final agreement was signed with it and the Directorate General of Historical Heritage, which consolidated all approvals in addition to the changes of use and all the necessary urban planning requirements. Worthy of note is the substantial increase in built surface area, which improves the economic viability of the project.

2017 was also very important in terms of defining the various businesses to be developed in the building. The first major milestone was the selection and signing of contracts with the hotel operator Raffles. Once the partner had been selected, every effort was made to define the best strategy for the residential component.

Construction work has now commenced. Certain preliminary tasks (soft strip) were started in December 2016 and in July 2017 the contractor was selected to execute the first work package (demolition, excavation and structure). Work commenced in October and, in parallel, the selection process for the general contractor was initiated, which is expected to end in 2018.

Success stories

Jardines de Ciudad Mayakoba. Ciudad Mayakoba. Playa del Carmen, Mexico.

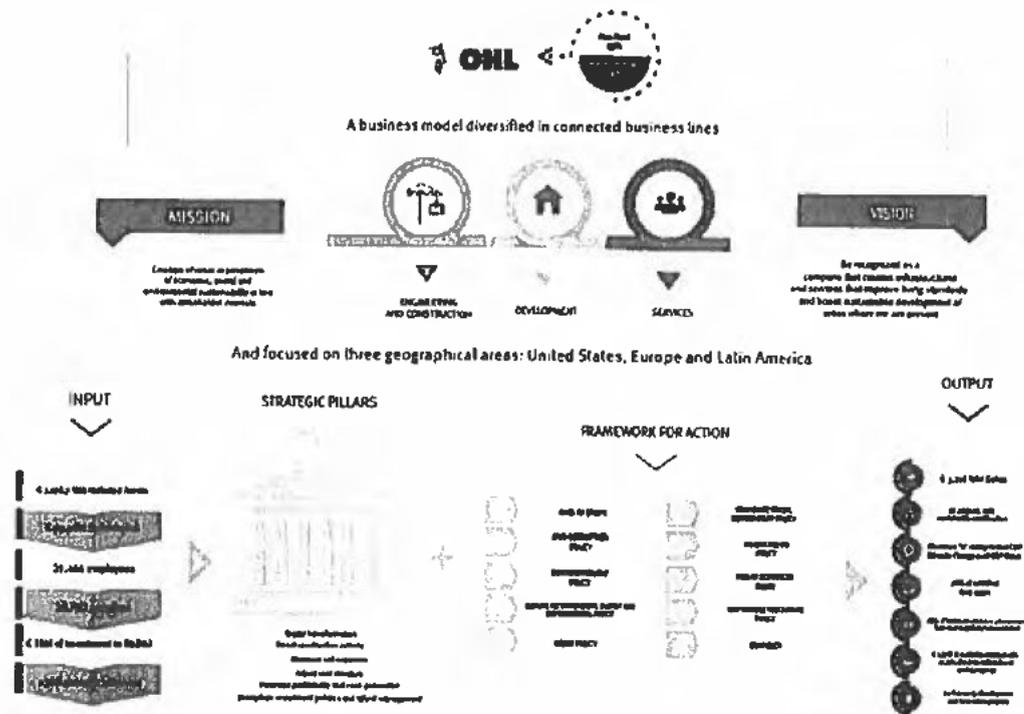

In the vicinity of Playa del Carmen, in the Riviera Maya, lies Jardines de Ciudad Mayakoba, an innovative residential project of affordable and protected housing located in a natural environment of 38.7 ha. Its use is intended for personnel who work in

hotels at the Mayakoba complex, with the aim of helping to reconcile work and personal life, and to prevent them from travelling for up to three and four hours a day.

Jardines de Ciudad Mayakoba is part of the Ciudad Mayakoba development, an initiative managed by the Group through Development. It will house residences and educational, hospital, commercial, cultural, and sports services, extensive green areas, biological corridors and pedestrian and bicycle paths. It will also have a golf course and a large 10 ha metropolitan park.

The first phase, currently under development, includes the construction of 3,576 dwellings that correspond to five models of houses and flats, with an extension that ranges from 45 m² to 98 m², distributed in two, three and four heights. Its surroundings are characterised by a neighbourhood park of 11,459 m², a basic commercial area and 5.36 hectares of green areas.

Chapter III.- Generating value

a) Financial value

As a result of the decision to sell all the shares of OHL Concesiones, this business is presented as a discontinued operation, and the profit or loss of this operation and that corresponding to non-controlling interests are presented separately in the consolidated statement of profit or loss, with the adjustment of the figures for 2016. Also, in the consolidated balance sheet the non-current assets and liabilities of this operation are presented as discontinued operations.

Millions of euros

* Restated.

The Group's revenue in 2017 amounted to EUR 3,216.4 million, down 3.8% from 2016, due largely to the decrease in Construction activity.

The Engineering and Construction Division obtained revenue of EUR 3,168.2 million in 2017, which represents a decrease of 1.4% and accounts for 98.5% of the Group's total revenue.

OHL's main line of business after the discontinuation of the Concessions business is that relating to the Construction division, whose sales of EUR 2,660.7 million represent 82.7% of total sales and a drop of 4.1% with respect to 2016, due mainly to the fall in activity in the US and the delay in the commencement of concession projects in Latin America.

The revenue of the Development Division, which accounts for a comparatively much smaller 1.5% of total sales, decreased by 63.2% with respect to 2016, principally as a result of the sale in April and May 2017 of the hotel companies and the El Camaleón golf course in Mayakoba (Riviera Maya, Mexico). In like-for-like terms, sales would be virtually unchanged between periods. In 2017 77.3% of revenue was generated outside Spain, as compared with 78.4% in 2016.

As regards the distribution of sales by geographical area, the US and Canada represent 34.7% of the total, Spain 22.7%, Central and Eastern Europe 8.4% and Mexico 8.3%.

Total operating income amounted to EUR 3,383.2 million in 2017, a drop of 4.0% with respect to 2016.

EBITDA totalled EUR -56.5 million in 2017, -1.8% of revenue.

May 2017 saw the ratification of the collective redundancy agreement between OHL, S.A. and OHL Industrial, S.L. and the workers' representatives that led to the elimination of 457 jobs. The estimated expenses associated with this and other similar collective redundancy procedures, amounting to EUR 40.1 million, and the loss of EUR 36.4 million on the Gustavo Fricke Hospital project in Chile were deducted from EBITDA. Disregarding these two effects, EBITDA totalled EUR +20.0 million.

Substantially all of the Group's positive EBITDA was generated outside Spain, primarily in Mexico and the US.

EBIT amounted to EUR -132.7 million, although without the effect of the collective redundancy procedure mentioned above and other similar procedures it would have totalled EUR -56.2 million. **Finance income minus finance costs** totalled EUR -50.9 million in 2017, the improvement with respect to the EUR -68.4 million recorded in 2016 being due to lower average interest rates in 2017.

The gross recourse borrowings amount to EUR 68.0 million.

Main disposals of investments in companies

The most significant disposals of ownership interests in companies in 2017 were:

- On 7 April 2017, 17.5% of the shares of Centro Canalejas Madrid, S.A. were sold.

- On 28 April 2017, a 51% ownership interest in the hotel companies and El Camaleón golf course in Mayakoba was sold, and on 18 May an additional interest of 29% in two of the hotel companies (Fairmont and Rosewood), also in Mayakoba, was sold.

The following table details the impact on each statement of profit or loss line item:

2017	Canalejas	Mayakoba	Total
Selling price	78.8	186.9	265.7
Impact on profit or loss

Impairment and gains or losses on disposals of financial instruments	90.9
Total impact on profit or loss	13.0

Millions of euros

The changes in fair value of financial instruments amounted to EUR 32.6 million due to the effect of the increase in the value of the foreign currency derivatives. In 2016 EUR -74.0 million were recorded, due mainly to the sale of Construction concession operators that incurred losses as a result of the revaluation of derivatives associated with those assets.

Exchange differences amounted to EUR -26.8 million in 2017, a negative change with respect to the EUR 8.4 million recognised in 2016.

In addition, in 2017 the exchange differences included EUR +38.3 million as a result of the sale of the Mayakoba companies, which partially offset the negative effect of the transactions mainly in Qatari reals, Canadian dollars and Algerian dinars.

The impairment and gains or losses on disposals of financial instruments amounted to EUR -1.5 million and include mainly EUR +8.7 million relating to the principal divestments indicated above, plus an impairment loss of EUR -10.0 million on the shares of Banco Popular, S.A. owned by the Group.

The figure in 2016 included the gain of EUR +90.9 million on the sale of the construction concession operators.

The result of companies accounted for using the equity method totalled EUR -45.5 million in 2017 and includes most notably the loss arising from the revaluation of the ownership interest retained in Mayakoba, amounting to EUR -11.6 million, and the loss of EUR -26.7 million of the

consortium carrying out the Toronto subway project. It should be noted that in 2016 a loss of EUR 149.4 million was recognised in relation to the Centre Hospitalier de l'Université de Montréal (CHUM) construction project.

The **loss before tax** amounted to EUR -224.8 million in 2017.

Income tax totalled EUR 7.3 million in 2017, reflecting an effective tax rate of 27.7%, as compared with 27.9% in 2016.

This rate was calculated by eliminating the results of companies accounted for using the equity method and other items without any tax effect, and it must be taken into consideration that the Group does not recognise tax assets if it is not certain that they will be recovered. The change in tax rates in the US had practically no effect on the Group.

The **profit for the year from discontinued operations net of tax** relates to the Concessions activity and amounted to EUR 497.6 million in 2017, as compared with EUR 622.3 million in 2016. The detail of the main aggregates is shown in the Appendices.

The **profit attributed to non-controlling interests** amounted to EUR 292.2 million, of which EUR -0.4 million relate to **continuing operations** and EUR 292.5 million to **discontinued operations**. The **loss attributable to the Parent** totalled EUR -12.1 million in 2017. Disregarding the impact of the collective redundancy procedure, legacy projects and other effects, totalling EUR -78.5 million, plus other impairment losses on financial assets, amounting to EUR -10.0 million, it would totalled EUR 74.4 million, 2.3% of revenue.

The detail of the main headings in the consolidated balance sheet as at 31 December 2017 and of the changes therein with respect to 31 December 2016 is as follows:

Concession infrastructure: this line item includes all of the Group's concession infrastructure. The balance of EUR 66.8 million at 2017 year-end represents a decrease of EUR 6,372.8 million with respect to 31 December 2016, due largely to the transfer to "Non-Current Assets Classified as Held for Sale and Discontinued Operations" of the assets of the Concessions Division, which at 31 December 2016 amounted to EUR 6,386.3 million.

At 31 December 2017, the main concession operator was Sociedad Concesionaria Aguas de Navarra, S.A., contributing a balance of EUR 66.2 million to this line item.

Investments accounted for using the equity method: the balance of EUR 303.1 million at 2017 year-end represents a decrease of EUR 210.5 million with respect to 31 December 2016, due largely to the transfer to "Non-Current Assets Classified as Held for Sale and Discontinued Operations" of the companies in the Concessions Division, which at 31 December 2016 amounted to EUR 296.4 million.

Non-current assets and liabilities classified as held for sale and discontinued operations: At 31 December 2017, these line items related to the assets and liabilities of the companies in the Concessions Division in the process of being sold.

At 31 December 2016, these line items related to the assets and liabilities of the hotel companies and the El Camaleón golf course in Mayakoba that were in the process of being sold, with the sale ultimately taking place in April and May 2017.

Trade and other receivables: at 31 December 2017, the balance of this line item amounted to EUR 1,753.5 million, accounting for 13.9% of total assets.

Progress billings receivable and amounts to be billed for work performed represented 80.4% of the total "Trade and Other Receivables" balance and amounted to EUR 1,410.8 million (5.4 months of sales).

The balance relating to the projects the revenue from which was re-estimated in 2016 (legacy projects) accounted for 14.0% of the balance at 31 December 2017 (31 December 2016: 14.7%). The balance of "Trade and Other Receivables" was reduced by EUR 40.8 million (31 December 2016: EUR 53.3 million) in relation to trade receivables factored without recourse (which is why they were deducted from the balance).

The **Equity attributable to the Parent** amounted to EUR 2,166.7 million at 31 December 2017, which represents 17.2% of total assets and a decrease of EUR 273.0 million with respect to 31 December 2016, due to the net effect of:

- The decrease in the attributable profit for 2017, which amounted to EUR -12.1 million.
- The decrease in reserves of EUR 200.7 million arising from the translation of the financial statements in foreign currency, mainly of the Mexican companies.
- The increase of EUR 15.1 million in reserves due to the effect of the net fair value of the financial instruments transferred to profit or loss.
- The drop of EUR 2.5 million relating to treasury shares. At 31 December 2017, 12,531,939 treasury shares with a value of EUR 48.6 million were held.

- The decrease of EUR 72.2 million relating to other changes in reserves, due mainly to changes in the scope of consolidation.

Non-controlling interests: at 31 December 2017, this item amounted to EUR 2,016.6 million, relating substantially in full to the non-controlling interests of the discontinued Concessions business.

The balance was EUR 413.4 million higher than at 31 December 2016 due to the net effect of:

- The increase of EUR 292.1 million as a result of the profit for 2017 attributable to non-controlling interests.
- The decrease of EUR 233.9 million arising from the translation of the financial statements in foreign currency.
- The increase of EUR 2.0 million due to the effect of the remeasurement of financial instruments.
- The increase of EUR 399.4 million as a result of the sale of 24.01% of Concesionaria Mexiquense.
- The decrease of EUR 31.0 million relating to the Mayakoba hotel companies, which started to be accounted for using the equity method in 2017.
- The drop of EUR 15.2 million relating to other changes in the scope of consolidation.

Long-term provisions: the balance of EUR 50.1 million at 2017 year-end represents a decrease of EUR 149.3 million with respect to 31 December 2016, due largely to the transfer to "Liabilities Associated with Non-Current Assets Classified as Held for Sale and Discontinued Operations" of the companies in the Concessions Division. At 31 December 2016, the balance amounted to EUR 199.4 million, of which EUR 134.1 million related to Concessions.

Bank borrowings: the comparison of the bank borrowings at 31 December 2017 compared with those at 31 December 2016 is as follows:

Gross borrowings ⁽¹⁾	31/12/2017	%	31/12/2016	%	Var. (%)
Recourse borrowings	1,517.0	96.4%	1,519.9	34.6%	-0.2%
Non-recourse borrowings	57.2	3.6%	2,872.4	65.4%	-98.0%

Total	999.9		2,910.9		-65.6%

Millions of euros

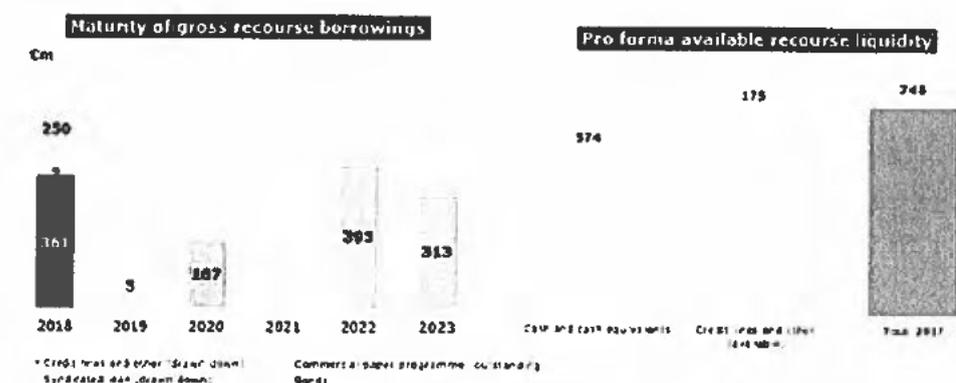

(2) The net borrowings comprise gross borrowings less other financial assets and cash and cash equivalents

The gross recourse borrowings amounted to EUR 1,517.0 million at 31 December 2017, similar to the balance at 2016 year-end.

The net recourse borrowings amounted to EUR 943.5 million in 2017, up EUR 195.1 million on 2016. Worthy of mention is the significant inflow of cash

arising from the implementation of the Group's divestment plan, which partially offset the investments made and the operating needs of the various businesses.

The detail of the maturities of the Group's gross recourse borrowings and available recourse liquidity:

Recourse liquidity	31/12/17	31/12/16
Bonds	894.5	894.5

Cash and current financial assets	573.6	771.5
Net recourse liquidity	748.4	897.0

Millions of euros

* Including EUR 190.0 million relating to the revolving credit line of the multiproduct syndicated financing

The Group's drawable recourse funds amounted to EUR 1,691.9 million.

The Group's recourse liquidity, measured as cash and cash equivalents and available recourse financing, amounted to EUR 748.4 million.

56.8% of the total gross bank borrowings falls due at long term and the remaining 43.2% matures at short term.

Following the transfer to "Liabilities Associated with Non-Current Assets Classified as Held for Sale and Discontinued Operations" of the gross borrowings relating to the Concessions Division, the gross non-recourse bank borrowings amounted to EUR 57.2 million, only 3.6% of the total gross borrowings.

The Group's financial risk management is explained in Note 4.2.1. to the consolidated financial statements.

At 31 December 2017, the share capital of OHL, S.A. amounted to EUR 179,255,398.8, represented by 298,758,998 shares of EUR 0.6 par value each, all of the same class and series. The share price of OHL S.A. was EUR 3.295 per share at the beginning of 2017. The share price increased by +51.2% over the year, closing at EUR 4.981 per share.

In 2017 the share price reached a high of EUR 5.455 per share, a low of EUR 2.300 per share, and the average price for the period being EUR 3.935 per share.

At 31 December 2017, OHL S.A. held 12,531,234 treasury shares, i.e., 4.194% of the Company's current share capital, which at the closing market price amounted to EUR 62.4 million. In 2016 a total of 643,366,934 shares were traded on the stock market (215.3% of the total shares admitted for trading) with an average daily volume of 2,523,008 shares.

The performance of the Ibex-35 and construction indexes in Spain was more modest during the period, with increases of +7.4% and +9.9%, respectively.

Historically, until 2016 OHL had a pay-out of 25% of the recurring net profit. In 2016 the Group, due to the re-estimation of the final objectives of several Construction projects due to the negative evolution of the situation of various claims and of the Industrial Division, incurred a significant loss, as a result of which no dividend was distributed.

At 31 December 2017, OHL S.A. owned 12,531,939 treasury shares, i.e., 4.195% of the Company's share capital (see Note 3.13 to the consolidated financial statements).

Although the activity of the Concessions Division is presented as a discontinued operation in the Group's consolidated financial statements, we detail in this section the information relating to the stock market performance of OHL México S.A.B. de C.V., a subsidiary of OHL Concesiones, S.A.U.

Communication with shareholders, investors and analysts

- Main channels of communication and dialogue with shareholders, investors and analysts.
- New developments in 2017, if any.
- Most important communications in 2017.

The OHL Group has an Investor Relations Department at the corporate headquarters of the Group -Paseo de la Castellana 259-D, Torre Espacio, 28046 Madrid-, and at its subsidiary OHL México. These teams manage communication with shareholders, investors and analysts with a clear objective: maximum transparency with the dissemination of relevant information for these stakeholders.

To this end, the Group promotes various on-site meetings during the year (meetings with analysts, national and international roadshows, Investor Day and ad-hoc informative meetings) and offers several communication channels (e.g. the email account relación accionistas@ohl.es).

In 2017 several national and international roadshows were held (London, Paris and New York), and the Group also participated in various forums and seminars (e.g. Spain Investors Day 2017), and organised the traditional annual presentation of the Group's results for the year, together with the Annual General Meeting and Investor Day. These presentations, due to their importance, are always broadcast on the website so that they can be followed by the Group's various stakeholders.

Currently, around 15 financial analysts on the equities side and about 10 analysts on the fixed-income side (bonds) from various banks regularly monitor the OHL Group and the Investor Relations Department maintains ongoing communications with them in response to market needs.

Since 2011 OHL has made quarterly results presentations through conference calls in English, in which the Group's executive team answers the questions of the participants and establishes direct communication with the financial community, without vetoing questions of any kind.

Over the rest of the year communication with analysts, shareholders and investors is guaranteed through the email address: relacion.accionistas@ohl.es and the shareholder hotline +34 91 348 41 57.

b) Value for the customer

I.- Digital transformation

The infrastructure industry has been slower than others in adapting to new technologies and for many years has undergone few significant transformation processes. In today's global environment companies in the industry have to face bigger and more complex challenges and, therefore, technological and digital innovation are considered to be strategic pillars in the infrastructure field.

The OHL Group is prepared for this transformational process since innovation and technology have always been part of its culture, and the Group has been a pioneer for more than 20 years in the development of proprietary information technologies aimed at optimising its processes and giving it a competitive edge over its competitors.

OHL Group digitisation strategy

User experience
BIM methodology
Advanced Data
Analytics/Big Data
The Internet of Things
Augmented virtual reality

In this context, one of the main projects initiated in 2016 consists of implementing BIM methodology in the Company's construction processes. With this objective, a total of 27 pilot projects have been designed which started to be implemented in 2017 and from which it is expected that the first results will be obtained in 2018.

In 2017 these pilot projects focused on:

- Improving and completing the foundations for the Construction value chain, adapting OHL's operating processes and developing the appropriate technological platform to improve process efficiency and competitiveness in the various different phases of the project life cycle.
- Obtaining predictive and analytical capacity from the projects implemented by the Group in the past so that knowledge remains within a homogeneous platform that in turn allows the results of the experiences to be extrapolated to future projects.

Also, in 2017 work continued in the field of information security and privacy, with the adoption of various initiatives aimed at adapting the systems and processes to current and future legislation.

The following initiatives are particularly worthy of mention:

- Adaptation to the new European General Data Protection Regulation (GDPR), with the aim of complying with this legislation and increasing the privacy of the Group's data.
- Implementation of the Information Security Risk Management processes, which facilitate better monitoring and treatment of the cybersecurity risks in the face of external threats and potential technological vulnerabilities.

II.- Innovative culture and R&D+i

The OHL Group embraces research, development and innovation as fundamental pillars of its strategy, aware of their importance in long-term value creation.

2017
Start-up of 22 R&D+i projects
Investment of EUR 10.2 million

2017 saw the continuation of the implementation of the 2016-2020 Strategic Innovation Plan. In addition, this plan covers both the technology and management fields.

PRIORITY R&D+i ACTIVITIES

In the civil engineering area, work was performed on the development of new construction solutions, especially for railways and maritime works.

Work in the emblematic building construction sphere focused mainly on development work and experimentation in the energy efficiency field.

In the industrial area, R&D focused on the development and validation of Fresnel-type thermosolar technology and on innovation in industrial system design.

INNOVATION MANAGEMENT MODEL

The implementation of a common innovation management model for the entire Company and the promotion of the culture of innovation among its employees have been basic principles of the OHL Group in its R&D+i activities.

In the promotion of intrapreneurship, innovative proposals have been gathered from all the lines of activity. Worthy of particular mention are those received through the programmes to facilitate the generation of innovative ideas:

- VI award for the + Innovative idea. Organised by the Group.
- V LIDERA! programme, organised by the Construction Division.

In addition, the Construction Division promoted the following models: open innovation, flexible development, collaborative intelligence, incubation of new businesses and improvement to intangible asset management.

Renewal of certification under the UNE 166 002 standard at the six companies

Partnerships

+ 40 research centres and universities

INDUSTRY BENCHMARKS IN R&D+I

In the commitment to play a leading role in identifying challenges and defining innovation policies, the OHL Group actively participates in various international groupings, including:

European Network of Construction Companies for Research and Development (ENCORD), the Spanish Technological Construction Platform (PTEC) and the SEOPAN R&D+i Commission, in the construction area.

II.- Quality management

OHL offers the best designs and services to respond to customers' needs.

Quality management at the OHL Group is based on processes and on managing risks and opportunities. It is implemented through a management system integrated with other areas and meets the requirements of the ISO 9001 international standard. Additionally, it has external quality standard certification for 75% of Sales.

Quality plans include control and specific assurance of the activity and location, as well as communication with customers and users, continuous improvement and innovation.

Particularly important factors in contract quality are the supervision of critical activities by specialised personnel, document management to guarantee fast and secure

access to documentation and adequate coordination with suppliers.

2016-2020 Strategic Quality Lines

- Treatment of non-quality, as a tool for controlling and improving efficiency.
- Claims management, as an indicator of the degree of compliance.
- Customer satisfaction, as an indicator of excellence in the performance of projects and the provision of services.

Furthermore, OHL maintains dialogue with its customers and users and provides them with assistance through periodic meetings, the management of their claims and consultations regarding their degree of satisfaction. Other stakeholders such as government, analysts and investment groups are served through the website, periodic reports, email and telephone hotlines. All complaints from clients and users are processed by the channel through which they are received, and all are answered. The time periods and measures needed to resolve each case depend on the type of claim, although the Group maintains a firm commitment to ongoing information on the progress made.

Also, when assessing satisfaction, various resources are used, such as: interviews, questionnaires, market analysis, extension of contracts and services and new awards.

All employees and outside collaborators assume the quality of their activities as a working principle, as set forth in the Code of Ethics and corporate policies. The Group facilitates training, resources and technology to offer the best possible service.

Results In 2017

- The quality management systems are certified by 8 external entities such as: SGS, TÜV Rheinland, BV, BSI, Aenor and JCI.
- 75% of sales certified, corresponding to markets and customers.
- Almost 400 days of quality audit without any serious breaches.

Customer satisfaction rate: 7.9/10 78% of end users consider themselves satisfied and 73% would recommend working with the OHL Group.

0.54 claims per million euros of Construction sales. The average response period is 4 days and the average resolution period is 17 days.

Satisfaction was measured on the basis of the result obtained from quality surveys for certain customers of the Construction, Industrial and Development Divisions. The figures were not weighted on the basis of the sales of each company.

The customer satisfaction measurement figure for the Construction Spain Division relates to 2016.

IV.- Supply chain

Key purchasing indicators of the OHL Group

	Number of suppliers	Total volume of the expense (M EUR) relating to purchases from suppliers/subcontractors made in the year	Total volume of the expense (M EUR) relating to purchases from local (same country) suppliers/subcontractors
US and Canada	3,280	1,338.5	521.4
Spain	4,958	231.6	204.2
Europe	6,657	407.3	302.0
Latam	5,231	596.0	595.2
Other countries	668	140.7	93.5
Total	20,792	2,714.2	1,716.4

Responsible supply chain management

The quest for global synergies in hiring and the establishment of a collaborative network among projects that allows information to be shared on suppliers and subcontractors are fundamental aspects for OHL. To this end, framework agreements of a global nature are being prepared in the Construction Division with a view to achieving economies of scale at Group level.

In this scenario, the Code of Ethics, the Anti-corruption Policy, the Responsible Purchasing Policy and the internal Purchasing regulations continue to be the main pillars of supply chain management at the OHL Group.

All contracts include a clause on compliance with the Code of Ethics, and knowledge and compliance with the ten Principles of the Global Compact. Also, under the supplier accreditation requirements, suppliers must not have been adjudged in a final decision to have breached of any of these Principles during the last three years.

These policies governing the supply chain are part of the clauses and general purchasing conditions for the supply of general services, while the signature of the supplier, which infers its knowledge and compliance, is an essential requirement to be able to work with the OHL Group. As a common requirement for all Group companies, suppliers considered critical are subject to a Third Party Due Diligence analysis, in which their suitability is assessed from the technical, financial and compliance standpoints.

Purchasing management tools

The Computerised Purchasing System (SIC) permits the automated registration of the entire purchasing process and guarantees the transparency of the process and equal opportunities for all OHL suppliers.

2017 saw the launch of Ariba, a purchasing management system that will foreseeably replace, in the medium term, the system that has been used until now. Ariba will streamline and optimise processes, increase control and provide more value and traceability to the business. Moreover, it will produce time and cost savings in the processes involved in documentation analysis and validation, will increase legal security and will provide a centralised database for all the OHL Group companies.

During the year Ariba was implemented in some of the corporate divisions, and is at the trial phase at the Hospital de Fuenlabrada (Madrid, Spain)

Green purchases

The standard purchasing terms of the General Services Division place special emphasis on environmental criteria and incorporate, in their records, environmental management factors and even certifications of their suppliers,

aligning them with the objectives of accessibility, sustainability and security of the Group's work spaces.

95% Purchases of stationery and consumables at the OHL head offices are environmentally friendly.

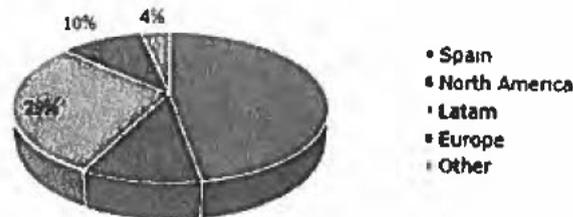

c) The value of people

In a year of significant changes in structure and internal organisation, the OHL Group continued with talent management materialised in opportunities for professional development and mobility in a global environment, promoting ethics, diversity and equal opportunities.

At 31 December 2017, the OHL Group had 21,464 employees, 2.6% fewer than in 2016. 53% of the total workforce is outside Spain.

**Distribution of the employees of the OHL Group
By geographical area**

By type of contract

Directly employed by the OHL Group

	Subcontractors		Directly created induced jobs	
	2017	2016	2017	2016
OHL	772	841	4,126	4,759
Subsidiaries				
Construction	694	1,065	6,861	8,827
Industrial	54	122	1,415	9,364
Services	674	167	1,527	334
Total	2,194	2,195	13,929	23,284

The induced jobs were estimated on the basis of the information available on the number and type of subcontractors and the average number of employees of companies of that type in each geographical area, per public data available in each country. The induced employment corresponds to 100% of the estimated workforce of the subcontractors without weighing the volume of transactions with the OHL Group.

In 2017, and in response to the OHL Group's need to adapt to the new business and economic context, Obrascón Huarte Lain, S.A. and OHL Industrial, S.L. each implemented a collective redundancy procedure for economic, production and organisational reasons, framed within cost reduction measures aimed at ensuring the sustainability of the companies and guaranteeing their future viability.

Both procedures were concluded with an agreement with the respective workers' representatives, with a total of 381 employees affected at the end of the year.

Although these collective redundancy procedures involved the adoption of restructuring measures, both companies implemented social support measures in order to minimise the social impact of the redundancies. Thus, it should be highlighted that in both cases an outplacement and professional support programme was set up for the affected employees in order to minimise their unemployment time.

In the case of Obrascón Huarte Lain, S.A., thanks to this outplacement programme, up to the end of 2017 43% of those included in it had found work; at OHL Industrial, S.L. this percentage was 29%. This programme is still up and running today with a view to increasing the percentage of employees affected by the collective redundancy procedures.

I.- Diversity

OHL understands diversity as an enriching element that increases and augments the company's capacity to meet the expectations of stakeholders and adapt to the different scenarios in which it operates.

Breakdown of employees by professional category, age and gender

Professional category	TOTAL	Total		Under 30		30-45		46-55		Over 56

With regard to gender equality, the II Equality Plan is in force, which underlines the Company's commitment to the promotion of professional development and the enhancement of skills and competencies, without any gender distinction. In 2017 work was carried out on the preparation of these training materials to sensitise the Group's employees.

The Equality Committee is responsible for monitoring the plan and the various projects that arise in this area.

EMPLOYMENT INTEGRATION PLAN FOR VULNERABLE GROUPS

The Group has a firm commitment to the inclusion of people in situations of social vulnerability. The Services Division is the most active in this connection. In 2017 the Company generated 80 job opportunities for these groups, especially people with disabilities, at risk of social exclusion and victims of gender violence.

In addition to the generation of job opportunities, the Group participates in other initiatives to promote the employability of these groups, such as the development of professional volunteering in HR or through calls for the presentation of social projects by employees.

OHL Servicios-Ingosan was awarded the 2017 Estela Prize, the 2017 Integra Prize and a distinction awarded by Obra Social La Caixa for its commitment to society and its most vulnerable groups.

II.- Remuneration and benefit systems

The purpose of the remuneration system is to define, implement and execute the remuneration policies and practices of the OHL Group in accordance with its business strategy, based on a total compensation approach that guarantees internal fairness and external competitiveness, as well as its capacity to attract, retain and obtain the commitment of executives and employees, based on criteria of objectivity and equality.

In this regard, the Group has carried out a job analysis and description process, assessing and classifying it into organisational levels, defining a salary structure by division and geographical area for these levels, with a specific positioning with respect to the market, based on the level of competitiveness required by the business in each case.

The remuneration policy of the OHL Group is based on criteria of fairness, competitiveness, objectivity and equality.

III.- Training and development

Within the framework of the Training Plan, a new training model has been implemented (Knowledge Map), aimed at continuous professional development and adaptation to technological, organisational and market changes, to achieve maximum training and excellent performance.

Training Model Process

In 2017 work was also performed on the digitisation of the Group's processes and training management data through the implementation of both the knowledge profiles of the job positions and of the training associated with these positions and their internal management

KNOWLEDGE PROFILES AND ASSOCIATED TRAINING

In 2017 the Group developed, with internal experts from all areas, knowledge profiles in order to tailor them -as well as the associated training- to the specific needs of the job positions.

ESCUELA OHL (OHL SCHOOL)

2017 saw the creation of the OHL Group School, a platform that responds to the international growth being experienced by the Company and where employees with technological means can access online training. In this area, specific actions linked to the business model and the legal changes affecting the Company have been promoted, including the Fundamentals of Information Security course.

OTHER INITIATIVES

Also in 2017, the EPI programme (individual protection equipment) was launched, in conjunction with the Group's Occupational Risk Prevention team, from which 556 students have now benefitted.

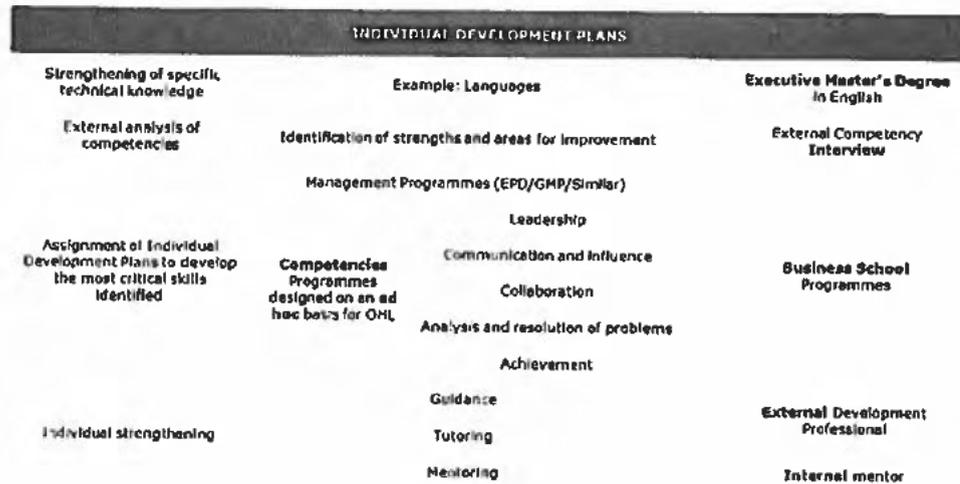

PERFORMANCE EVALUATION

In 2017 the Performance Evaluation Model was consolidated for management positions, service heads and middle management, and was extended to technical positions.

PERSONAL DEVELOPMENT

In 2017 the first competency development programme was launched, which is carried out in three phases:

- **Phase 1. Identification** of people with initial capacity to assume greater responsibilities within the organisation.
- **Phase 2. Proposal of individual measures** for the development of the people identified with indications of potential (knowledge, skills and assumption of greater responsibilities).
- **Phase 3. Group succession map.** Identification of risks due to lack of succession and inclusion of the key positions for which a successor is needed.

IV.- Communication

2017 saw the first anniversary of the launch of the Group's new intranet, OHL Link. A tool designed to promote the corporate culture and the participation and collaboration of the Company's employees. The intranet currently has more than 9,500 users in 20 countries. In 2017 the number of followers of the OHL Group LinkedIn account passed 70,000, thereby strengthening its reputation. In addition, the 100th and 200th editions of the corporate publications Tecno and Mosaico, respectively, were published.

V.- Health and safety

The internal and external audit process continued in 2017. In the external certification process all the certificates obtained in 2016 were retained and the scope thereof was extended to Ireland. It should be noted that that no "non-compliance" classifications were received in the year in the Construction and Industrial areas, demonstrating their commitment to safety.

21 countries certified under the OHSAS 18001 standard.

363 days of external audit in Occupational Risk Prevention (ORP). 19.8 in Construction, 5 in Industrial, 6.5 in Services and 5 in General Services

Also, the internal audit process initiated in 2016 continued, constituting the best tool for self-control and self-assessment in the safety area.

$$\text{INCIDENT RATE (IR)} = \frac{\text{NO. OF ACCIDENTS}}{\text{NO. OF EMPLOYEES}} \times 10^5$$

STANDARDS MANUAL AND IPP

At the end of 2016 the standards manual was finalised to standardise OHL's preventative criteria worldwide. In 2017 its implementation commenced.

Similarly, the Inspection Point Programme (PPI) was developed to import concepts from the quality assurance world into the preventive management field. The Programme was developed jointly with the School of Civil Engineering of the Universidad Politécnica de Madrid through the Agustín de Betancourt Foundation.

TRAINING

Safety training is a fundamental tool for the Group. In 2017 training continued in the various business areas. 2,823 hours of ORP training were taught in the corporate areas in Spain. Also, the following training was provided at construction sites:

	No. of hours		
	INITIAL TRAINING	PERIODIC TRAINING	SPECIFIC TRAINING
Spain	4,105	546	3,907
Abroad	112,003	188,171	142,419

*Preventative ORP training at construction sites.

At the end of 2017 work commenced on the integration of the Construction Division's prevention management system with those of the Industrial and Services Divisions. This integration will simplify the audit processes and make it possible to achieve a worldwide multi-site certificate.

PARTICIPATION IN FORUMS

- Fundación Prevent: to promote and contribute to the social and occupational inclusion of people with disabilities, and to promote a preventative culture at the Company, through greater social awareness that guarantees safer work environments and more responsible companies.
- Conference on Health and Safety in the Workplace and Environmental Protection in Gulf Cooperation Council (GCC) states. Madrid, Spain
- Florida State Associated General Contractors, US.

VI.- Human rights

The OHL Group's commitment to the protection of Human Rights (HR) materialised with the approval in February 2017 of the Group's Human Rights Policy, through which it reaffirms its commitment to respecting and protecting the human rights of the people at the Company, those in its supply chain and those in the communities affected by the activity of OHL.

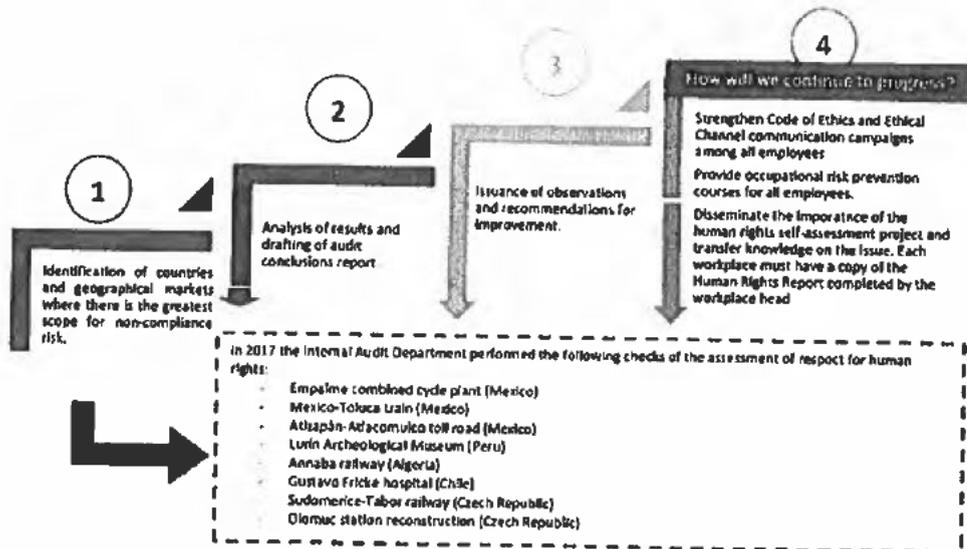

This commitment is reinforced by the adhesion of OHL to the main international HR initiatives and guidelines.

1. UN Universal Declaration of Human Rights.
2. UN Global Compact (Member and founding partner of its Spanish network).
3. International Labour Organization (ILO) Tripartite Declaration on fundamental principles and rights at work.
4. OECD guidelines for multinational enterprises.
5. UN guiding principles on business and human rights.

The Audit and Compliance Committee is ultimately responsible for ensuring compliance in the HR area at the OHL Group and it performs the associated monitoring and control functions through the Group's Internal Audit Department.

In 2017 the Internal Audit Department verified compliance with procedures relating to human rights in projects in Mexico, Peru, Algeria, Chile and the Czech Republic.

d) Environmental value

The OHL Group, through its activities, promotes the consolidation of a circular and low-carbon economy, aligning itself with the main global initiatives focused on procuring the progress and welfare of society under conditions of sustainability such as Caring for Climate, the Nazca platform, Neutral Climate Now and CDP.

To this end, it incorporates into its strategy the responsible use of natural resources and practices aimed at reducing the carbon footprint, water footprint and waste. It also strives towards the conservation of biodiversity and heritage and works in favour of resilience.

1.- Environmental risk management

The Group's environmental management establishes the resources for controlling risks, compliance with regulations and performance improvement.

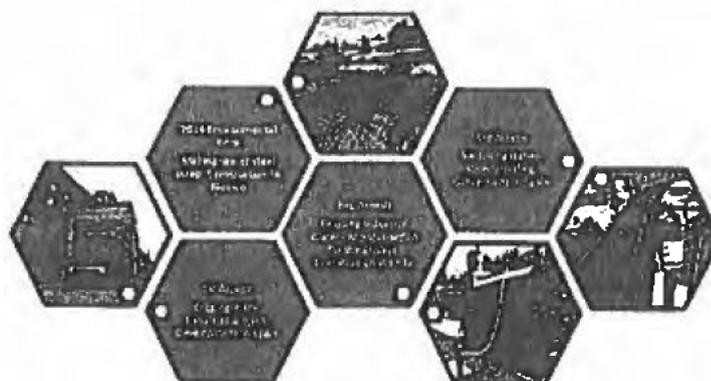

Environmental highlights of 2017

In 2017 the significant environmental issues were energy consumption, water consumption, consumption of raw materials, greenhouse gas emissions and waste generation. The Group identified as being of secondary importance noise and vibration emissions, the impact on flora, fauna, biodiversity and ecosystems. A life cycle analysis perspective was used in the identification and evaluation process, taking into account the main activities and assessing, inter alia, origin, destination and use by third parties.

The activities that so require adjust their management to benchmark international standards such as: ISO 14001, EMAS Registers, ISO 50001, ISO 14064-1 and ISO 14046. In 2017 a total of six external entities, including most notably SGS, TÜV Rheinland and Bureau Veritas, certified the Group's environmental management in response to customers' requirements. The volume of business certified was 61% and highlights the successful conclusion, in all business lines and locations, of the process to renew the 2015 ISO 14001 certification one year before the 2018 deadline.

Internally, the best environmental practices are encouraged through the Environment Prize, which is awarded annually and is aimed at all employees. This initiative acknowledges the most significant actions and promotes replication at the Group.

INTERNATIONAL CLIMATE CHANGE CREDENTIALS

The OHL Group has been working for some years now on transparency through its participation in various initiatives:

In the communication field, OHL participated in the 2017 European Mobility Week with a campaign to raise awareness in social networks and a selfie competition for employees. In addition, the Group was invited to participate in various workshops such as TRAFFIC, Basque Ecodesign Meeting IV Jornada IAHR - Spain Water.

SUSTAINABLE CONSTRUCTION

OHL has a firm commitment to sustainable construction and to this end it harnesses the experience of renowned professionals to carry out projects subject to the LEED (Leadership in Energy & Environmental Design), BREEAM (Building Research Establishment Environmental Assessment Methodology) or CES (Certificación Edificio Sustentable) reference guides in Chile.

To date OHL has built 26 projects that have been certified as sustainable.

ENVIRONMENTAL PERFORMANCE AND INNOVATION

The OHL Group evaluates its environmental performance through economic indicators (expenditure, investment and penalties), environmental indicators (number of protected natural areas, restored surface area and affected animal and plant species) and socio-environmental indicators (consumption of natural resources, waste generation and land occupation, among others).

It is important to note that the Construction activity is characterised by taking on projects that vary widely in economic and time horizon terms. Development activities are more homogeneous, but their maturation period and asset rotation period makes it difficult to make year-on-year comparisons.

The Group places particular importance on production process and support activity improvement initiatives. Some outstanding examples are the purchase of energy with certificates of origin; investment in energy efficiency improvements in headquarters and offices; the re-use of construction waste or sustainable office and sustainable mobility plans in Spain.

II.- Climate change and energy

For a decade now OHL has been a leader in the transition towards an energy efficient economy and in the improvement of air quality in cities.

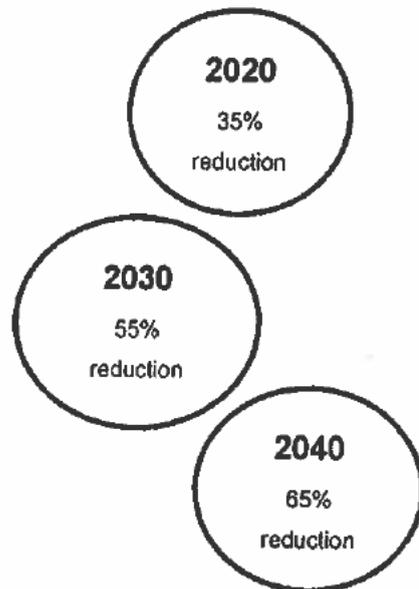

The scope 1 (fuels) and scope 2 (electricity) GHG reduction objectives, updated in 2017, use Science-Based Target methodology and aim to reduce 1+2 emissions by 35% in 2020, by 55% in 2030 and by 65 % in 2040. In the case of scope 3 (indirect emissions), the objective is to reduce emissions in 2030 by 10% with respect to 2015.

In its analysis of risks and opportunities linked to climate change, the Group uses carbon pricing estimated on the basis of the cost of the offsetting plan. In 2017 3,050 t CO₂e were offset in Chile, Mexico, Peru, Colombia, Canada and the US.

III.- Circular economy and water management

The OHL Group promotes the responsible consumption of resources and the minimisation of waste generation as measures for economic and production efficiency. These principles are the pillars of the circular economy, whose objective is to achieve a low carbon and competitive economy that makes efficient use of resources.

In line with its strategy, OHL works to promote the consumption of responsible products from source, promoting recycling and their reincorporation into the waste production cycle. The main types of materials consumed are concrete and cement, and earth, rocks and aggregates, with 27% of the latter obtained from recycling and re-use activities.

The waste generated relates to earth and aggregates (99.6% of the total), with a high percentage of recycling (41%) vs. dumping. This percentage cannot readily be improved due to the difficulty involved in locating profitable alternative uses in the vicinity of the construction sites. Most of the rest of the non-hazardous waste is managed by recycling and re-use as a result of the development of a by-product market.

In the Development activities, the waste generated is mostly urban and organic sent to specialist recycling managers.

In 2017 OHL formalised its adhesion to the Pact for a Circular Economy promoted by the Spanish Ministry of Agriculture and Fisheries, Food and the Environment, and collaborated

in the process of drafting the Spanish Circular Economy Strategy with the Government. In water management priority is given to locations where it is a scarce resource, is difficult to access or is a key factor for the ecosystem. OHL uses an innovative scarce water footprint calculation protocol, based on the main international standards of reference, namely ISO 14046, WFN and CEO Water Mandate, as a result of which OHL intends to publish a Scarce Water Footprint report.

IV.- Biodiversity

Lastly, as regards biodiversity and ecosystem conservation, it should be noted that the OHL Group's impact on protected natural spaces (or unprotected but high-biodiversity value natural spaces) arises from projects on which it works as a partner or contractor.

In 2017 OHL worked in protected areas or areas of high biodiversity that are not protected. The impacts are controlled through measurement plans and with offsetting actions included in the corresponding Environmental Impact Assessment.

- Appendix 5. Methodologies, assumptions and sources used in the environmental indicators.

e) Social and relationship value

The OHL Group is aware of the role it plays as an engine of economic and social development and an agent that transforms environments; consequently, it implements a social management policy that covers the entire life cycle of the projects, from their initial stages right up to their completion, defining appropriate means of dialogue with the communities in which it works, as well as with society in general.

Also, it adopts specific measures to prevent and minimise the possible adverse effects, and to amplify the positive effects, that may arise from its activities, promoting the creation of shared values in all the countries in which it operates.

II.- Tax contribution

TAX TRANSPARENCY

The non-delegable powers of the Board of Directors of OHL, S.A. established by Article 249 bis of the Spanish Limited Liability Companies Law includes "The determination of the general policies and strategies of the company".

Similarly, under Article 529 ter of the aforementioned Law, it may not specifically delegate, among others, the following decision-making powers:

- a) The determination of the risk control and management policy, including tax risks, and the supervision of the internal reporting and control systems
- b) The approval of investments or other transaction that, due to their high amount or special characteristics, are of a strategic nature or involve a particularly significant tax risk, unless their approval corresponds to the shareholders at a General Meeting
- c) Approval of the creation or acquisition of equity interests in special-purpose entities or entities domiciled in countries or territories classified as tax havens or territories with low

or no taxation, as well as any other transactions or operations of a similar nature that, due to their complexity, could undermine the transparency of the company and its group. To comply with the foregoing, the Board of Directors updated and approved on 29 March 2017 a tax policy (see www.ohl.es) the main objectives of which are as follows:

- To publicise the OHL Group's commitment to observing and fully complying with all laws and regulations applicable to it in the scope of its activity and, in particular, those of a tax nature in all the territories in which it operates.
- The reputation of the OHL Group is based, inter alia, on promoting the actions of all the people who represent it in accordance with the highest ethical standards, which includes strict compliance with the tax legislation applicable to the Group.
- One of the basic pillars of the OHL Group's contribution to society is that of returning to it, through taxes, a portion of the wealth generated and, therefore, it must take active measures to guarantee responsible behaviour in this connection.

This tax policy of the OHL Group is applicable to all its subsidiaries and permanent establishments in all the countries in which it operates, and compliance with it is also encouraged at those entities in which the Group has non-controlling interests.

The points contained in the tax policy include most notably the requirement that the Group include among its customary practices all those that reduce significant tax risks and prevent behaviour likely to generate such risks, with a transfer pricing policy that faithfully respects the legislation applicable in each country, as well as the principles established by the OECD in its transfer pricing guidelines.

Moreover, in its relations with the tax authorities, the OHL Group *promotes a relationship based on the principle of transparency and mutual trust*, which gives rise to a relationship in accordance with the principle of good faith and loyalty between the parties, and this is promoted in all jurisdictions in which it has adhered to any cooperation agreement with the tax authorities, in order to establish a collaborative relationship with society, as represented by those institutions.

To further its achievement of this commitment to tax transparency, the OHL Group is actively working to be able to make voluntary disclosures of tax contributions in the countries in which it has a permanent presence; however, the corporate transactions carried out in 2017 (disinvestments of significant subsidiaries or highly significant divestments of other subsidiaries in progress) made it advisable to postpone this process in order to obtain a better understanding of the Group's tax contribution.

In 2018 the methodology to be used will be defined and the reporting procedures of all the subsidiaries will be established for the purpose of report on own and third-party taxes, detailing the total tax contribution of the OHL Group.

III.- Social investment

The priority objective of OHL's social investment is to foster economic and social progress and improve the quality of life of people, through the promotion of social action, patronage and sponsorship activities. To these initiatives was added, exceptionally, the support that the Group has lent to countries such as Peru, Mexico and the US, as a result of the natural disasters that occurred in 2017.

In Peru, employees of the Group participated in the *Una sola fuerza*, (A single force) campaign, aimed at the population affected by the floods that ravaged the country in March 2017. Worthy of particular mention in this connection were the primary care, road assistance and the distribution of essential goods among the population affected.

The humanitarian aid provided by the Group in Mexico in September 2017 as a result of the earthquake that took place there took the form of Company employees working alongside the Red Cross. The implementation of safety and civil protection protocols is one example of the work carried out. In addition, the Group is a member of the *Fuerza México* Trust set up to mitigate the effects of earthquakes.

In the US, following the passage of Hurricanes Harvey and Irma, a damage assessment protocol was implemented at the Houston (Texas) and Fort Meyers (Florida) work centres, and assistance was provided to Group employees and their families as well as to other affected groups. The Group also participated in cleaning tasks in the area hit by the earthquake.

EUR 315,819 invested
8,200 direct beneficiaries

OTHER INITIATIVES

In 2017 the Company promoted initiatives aimed at giving several groups of people access to an inclusive, fair and quality education. To this end, educational scholarship programmes were launched from which disadvantaged families have benefited, and the Group worked with schools and universities to achieve social integration through education.

Social integration through education

SOCIAL INVESTMENT IN 2017

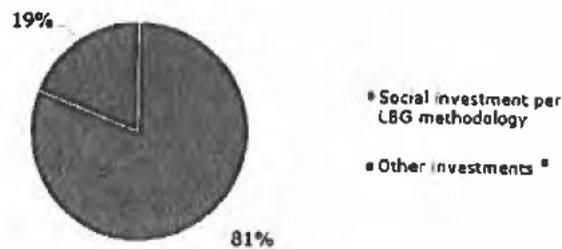

The Group's total social investment in 2017 amounted to EUR 1.8 million and took the form of 134 social actions. To measure this investment, the Group applies the London Benchmarking Group (LBG) methodology, which makes it possible to determine its social impact. 81% of the investment made meets the requirements established by that methodology.

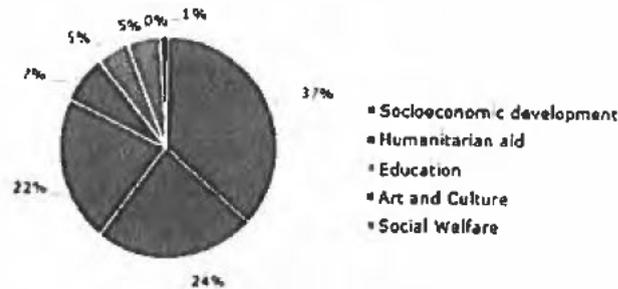

Investment in 2017

Investment by area of activity

*In addition, there are other social investments that do not comply with the requirements established in the LBG methodology, since they are contractual, legally binding or restricted to employees and family members.

Investment by geographical area

Main axes of social investment by geographical area

Latin America	Projects in the social welfare, education, and healthcare areas. These include most notably initiatives targeted at vulnerable groups, with special attention paid to women, children, people with disabilities and indigenous populations, as well as support in emergency situations in countries such as Peru and Mexico.
US	Projects with entities specialised in education and healthcare, as well as other sponsorship and patronage projects that promote local socioeconomic and cultural development.
Europe	Projects to help people with disabilities and those at risk of social exclusion to find work. Sponsorship and patronage actions in the areas of socioeconomic development, social welfare and education.

- Appendix 6 Social investment report pursuant to LBG methodology

IV.- Corporate volunteering

The Group promotes social initiatives in collaboration with its employees, thus strengthening corporate volunteering and, through it, the commitment of its employees to society.

Noteworthy in this context is the OHL Volunteers programme which in 2017, celebrated its tenth anniversary. Currently, OHL Volunteers is made up of more than 400 employees from Spain and Mexico. In addition, the Group engages in volunteering, on a more sporadic basis, in the US, Canada, Chile, Peru and Colombia.

10 years of OHL Volunteers in figures

- + 6,500 participating employees
- + 150 initiatives
- +20,000 beneficiaries

In 2017 more than 10,000 people benefitted from 32 social initiatives carried out by the Group. More than 500 employees assisted the Group in promoting this work.

V.- Relationship with stakeholders and alliances

The OHL Group values its reputation as a fundamental intangible asset, since it evidences the trust that its stakeholders place in the Company. The OHL Group's stakeholders are: customers, shareholders, the financial community, the media, employees, suppliers, local communities, R&D partners, industry associations, government agencies, employer branding influencers, trade unions, consulting firms, NGOs and Foundations and the general public. In order to promote active management of the Company, in 2017 a specific management body was set up, namely, the Reputation Working Group, made up of senior management (CEO, Division General Managers and Corporate General Managers), as well as those responsible for the areas most linked to the relationship with stakeholders, such as the Communication, Compliance, Risks and Internal Control, Investor Relations and CSR.

Through this working group, the reputation management model and a plan that includes specific initiatives focused on improving the perception, at short term, of the Company were defined.

In addition to these management mechanisms, OHL has channels for continuous interaction and dialogue with its main stakeholders. Worthy of particular mention are the customer satisfaction and claims management analysis systems; the face-to-face meetings with senior management and other channels of communication with shareholders and investors; the supplier hotlines; the local community interaction projects; and the performance evaluation meetings with employees

Incompatibilities and conflicts of interest (Regulations of the Board of Directors)

The Regulations of the Board of Directors of the OHL Group regulate situations of incompatibility and conflicts of interest of its directors. They also address, in detail, those situations in which, due to the existence of a possible conflict of interests, the director must inform the Board of Directors of any situation of direct or indirect conflict that they may have with the interests of the Company; and they must refrain from attending and intervening in deliberations and voting that affect matters related to the conflict.

The Company has a specific rule that, implementing the provisions of the Regulations of the Board of Directors and approved by the Board of Directors, reinforces and details the procedures and controls of transactions that the Company or any of the companies in its Group wish to carry out with the directors, with the significant shareholders or with persons related to them.

The transactions affected by this procedure are all transfers of resources, services, rights and obligations, regardless of whether or not there is any consideration, made by any of the persons referred to in the previous section, with the Company or with any of the Group companies.

Neither the directors nor the executives of the Company reported any incompatibility or conflict of interest in 2017. The Company reports in the financial statements and the corporate governance report the significant related party transactions performed by it or by Group companies with significant shareholders, directors, executives or parties related to them.

Diversity Policy Applied In connection with the Board of Directors

In 2017 the Group also approved the Director Selection Policy, which ensures that the proposals for appointment or re-election of these positions are based on a prior analysis of the needs of the Board of Directors and favour the diversity of knowledge, experience and gender.

Specifically, the policy establishes the mechanisms required for the selection procedure not to be afflicted by bias hindering the appointment of women directors and for it to deliberately seek women who could potentially be candidates for the post. This policy also provides for the goal that in 2020 women directors represent at least 30% of the total number of directors.

b) Ethics and compliance

I.- Code of Ethics and Anti-Corruption Policy

Ethics, integrity, honesty, spirit of improvement, continuous improvement and transparency are the corporate values of the OHL Group that guide the conduct of all its directors and employees in the performance of their work.

The Code of Ethics, approved by the Board of Directors in 2010 and revised in 2012 and 2015, is an express and precise indication of the values, principles and behavioural guidelines, in order to:

- Develop the models and guidelines for professional, ethical and responsible behaviour that should guide all the people who make up the OHL Group in the performance of their work
- Prevent the commission of criminal acts and any unlawful behaviour by the persons bound by this Code in the performance of their professional activity.
- Establish the monitoring and control mechanisms necessary to guarantee compliance with it.

The Code of Ethics constitutes one of the cornerstones of OHL's Corporate Social Responsibility management and is the channel for the development of its corporate values, which are:

- Professional ethics, integrity, honesty, loyalty, efficiency and responsibility vis-à-vis stakeholders, in all the actions of the Group, while at all times fully complying with the law in force.
- Will to succeed and continuous improvement in professional performance, while striving at all times for excellence.
- Transparency in the dissemination of information, which must be adequate, accurate, checked and complete.
- Creation of value with a quest for profitability and sustainable growth.
- Constant promotion of committed quality, innovation, safety and respect for the environment.

All OHL employees must know and sign the Code of Ethics; therefore, since 2012 a clause has been included in the employment contract for new hires and a copy of the document is given to them when they sign it.

The Group signed the United Nations Global Compact and, accordingly, it is committed to working anywhere in the world against corruption and bribery and following the recommendations in this field of international organisations such as the OECD.

These values constitute the foundations on which the Code of Ethics is based and establish the general action guidelines that must be observed by all OHL Group employees in performing their professional duties. In 2017, although there was no specific training on the Code of Ethics and the Anti-Corruption Policy, e-mails and informative bulletins were sent to the Group's employees. Also, the course on the Code of Ethics and Anti-Corruption Policy was updated by migrating it to an interactive online platform.

II.- Ethical Communications Channel

The Ethical Channel is available to all the people that form part of the OHL Group, as well as to the stakeholders, for any consultation or for the communication in good faith of any professional conduct that may involve, by action or omission, irregularities, breaches or acts contrary to the rules and principles set forth in the Code of Ethics, to all the other rules and procedures making up the Group's internal regulatory system or to law.

The Audit and Compliance Committee guarantees the proper management of the complaints made, which ensures that they will be treated with complete confidentiality and in accordance with the internal procedure that regulate its *modus operandi*. Also, it is responsible for implementing such disciplinary, enforcement and legal actions as might be required until such time as they have been resolved.

The Ethics Channel provides, *inter alia*, for the processes for dealing with complaints to ensure confidentiality, fair treatment (and the absence of reprisals), notification, analysis, investigation and resolution.

In 2017 a total of 60 complaints were received, 48 of which were made through the Ethical Communications Channel, the other 12 being made through other channels. A total of 29 of the complaints were investigated and 31 were dismissed because they did not represent any violation of the Code of Ethics. In 11 of the cases investigated disciplinary measures were taken.

III.- Crime Prevention Model

OHL has an Organisation and Management Model for the Crime Prevention (CPM) in Spain, which was updated in 2017 to adapt it to the organisational changes at the Group and which has the following characteristics:

- The model is ordered on the basis of the organisational structure of the OHL Group, highlighting, in specific sections, the criminal risks and the corresponding controls, both for the corporation and for each of the divisions.
- Based on this structure, the model identifies the criminal risks to which there is exposure for each activity or support function in Spain.
- Internal controls have been associated with each risk identified that mitigate or decrease the probability of each criminal risk materialising.
- The model documents these internal controls with the attributes that characterise them, including the area or department responsible for implementing them, a specific description of the control activity and the evidence supporting that activity. Also, where applicable, each control is accompanied by the policy, rule, process or procedure setting forth and specifying the criteria followed for adopting decisions relating to the management of the Group's activity.

The CPM includes controls relating to the OHL Group's system of Internal Control over Financial Reporting (ICFR), which also has the capacity to prevent crimes, including most notably those associated with the management of financial resources.

The model is updated on the basis of the organisational and legal changes that take place and will gradually be implemented in the various countries in which it has a presence, adapting it to local legislation.

c) Effective risk management

Risk management is a strategic priority for the OHL Group. Through advanced analysis and control systems, it aims to minimise exposure to such risks, ensure compliance with the profitability targets of each project and that the new contracting is in line with the risk control parameters set by the managing bodies.

In this context, in 2017 progress was made in the following lines of action:

STRONGER AND MORE ORGANISED MANAGEMENT STRUCTURE

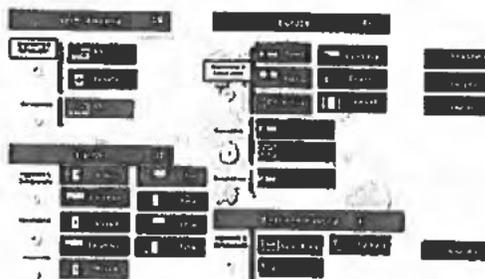

The organisational units required for risk management in each division were strengthened and the Risk Monitoring Committee was consolidated as a forum for ensuring the alignment of the initiatives launched in each of them with the strategy

set by the Corporate Risks Department and for sharing good practices among the various divisions.

BUSINESS RISK IDENTIFICATION AND PRIORITISATION PROCESS RISK MAPS

Progress was made in the identification, assessment and prioritisation of business risks by drawing up risk maps with a capillary and bottom-up approach: more than 120 evaluators from all the divisions and corporate departments participated in the evaluation process, assessing the risks of their respective companies and regions and completing the risk materialisation reports for the year.

Once this information had been consolidated, it was used to determine the priority risks for the OHL Group, on which mitigation actions were proposed and approved by the Group's Management Committee and Board of Directors.

RISK EXPOSURE CONTROL SYSTEMS: COUNTRY RISK AND RED LINES

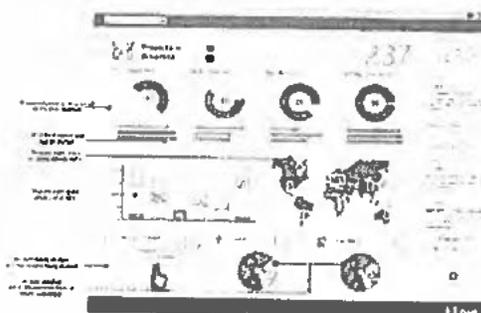

In addition to risk maps, the OHL Group has mechanisms for controlling exposure to key risks. Thus, to manage its expansion in new markets, OHL has defined a Country Risk Model, with the inclusion of two new types of risk (weather risk and cybersecurity risk) which will be consolidated in the risk assessment of each country under study. The results of the model, which is periodically updated, serve to make investment decisions.

In addition, in order to manage the operational performance risks, there is a system of red lines that mark the risk tolerance level of the OHL Group in relation to commercial and contractual issues. In 2017 these red lines were updated for the projects of the Engineering and Construction Division and were approved by the Board of Directors.

PROJECT RISK MANAGEMENT SYSTEM: MANAGING RISKS IN DAY-TO-DAY OPERATIONS

In addition to the tools for managing the aforementioned high-level risks, the OHL Group also has systems for managing the specific risks of the projects carried out by the Company, which cover the entire life cycle of the project, from the bidding phase right through to performance and closing.

In this regard, in 2017 the Engineering and Construction Division defined a new risk management process for projects at the bidding phase and a specific tool was designed to optimise that management, which is being implemented in various pilot markets. This tool not only makes management more flexible, but it also establishes a homogeneous and coordinated model for action, decision making and control throughout the life of the project.

TECHNOLOGICAL SOLUTIONS: DIGITISING RISK MANAGEMENT

The OHL Group's Risk and Internal Control Department continued to make progress on the digitisation of risk management by designing new tools and updating existing ones. Worth noting in this connection are the design and implementation of the new tool that supports the third-party due diligence process, an in-house development of the OHL Group to integrate the technical, financial and compliance risk analyses performed before formalising relationships with customers, shareholders and subcontractors/critical suppliers, among other third parties.

In addition, progress continues to be made in the implementation of a risk management tool for projects at the performance phase, which was launched in prior years.

d) Internal audit

The Internal Audit Department is an independent and objective assurance, internal control and consultation service to provide support to the organisation in the effective fulfilment of its responsibilities and objectives. Moreover, it is not an executive body within OHL and operates in accordance with the policies established by the Board of Directors, through its Audit and Compliance Committee.

Its basic functions are:

- To review the veracity, reliability and completeness of the financial and operating records and information.
- To report on the proper performance of processes and the efficient use of resources.
- To verify the reliability of the risk management and internal control systems and the quality of the information.
- Specifically, to review the system of Internal Control over Financial Reporting (ICFR).
- To verify the existence and status of assets and their protection.
- To verify the existence of internal rules and procedures that adequately regulate the main activities and that make it possible to correctly measure the economy and effectiveness thereof.
- To evaluate the degree of compliance with internal and external rules and procedures.
- To propose modifications, revisions or adaptations of the set of internal regulations required to enhance operations.
- To monitor investment and divestment transactions.
- To maintain coordinated relationships with the work performed by the external auditor as a complementary activity.
- To make recommendations to help correct the anomalies detected and monitor their implementation.
- To prepare their work plans and keep them updated, including the preparation of the annual activity report, etc.
- To keep an inventory of fraud risks and the associated controls, and test the effectiveness of those controls on a rotating basis.
- To participate as a guest on various committees: Management, Investments, Quality and Environment and Systems Security.

The Audit and Compliance Committee reviews all the reports it issues and they are presented at its monthly meetings.

In 2017 audits were carried out in all the Group's divisions and in most of the countries in which operates. The scope of those audits encompasses mainly the following:

- Concessions, construction projects and industrial projects and services.
- Regular obtainment of indicators/alerts on specific parameters (preventative audit).
- System of Internal Control over Financial Reporting.
- Economic control and other significant aspects of the implementation of new systems.
- Insurance.
- Variable remuneration.
- Verification that investments approved by the Investments Committee have actually been made.

Also, the Committee has a specialist fraud prevention and investigation unit, which performed actions in this connection throughout the year. It also continued with the verification of compliance with human rights policies.

For the most significant recommendations and corrective measures, monthly monitoring activities are performed in the Management Committee and in the Annual Internal Audit Report submitted to the Audit and Compliance Committee.

Chapter V.- About this Report

a) Scope

The scope of this report for the purposes of the Global Reporting Initiative (GRI) is the same as that of the consolidated financial statements, which includes OHL, S.A. and subsidiaries.

In the case of the Concessions business and in view of the decision to sell it, it is included as a discontinued operation and, therefore, the information thereon has been excluded from the Group's indicators. The most significant non-financial information relating to this discontinued operation is presented in Chapter III, CSR in the Concessions Division.

Any difference with respect to the scope described, due to the fact that the information is not available in a given country, has been indicated in each of the corresponding sections and in the table of GRI contents.

US environmental information was not included in 2017 due to the unavailability thereof at the time of preparation of this report. The relative weight of the US in total consolidated employees is 10%.

b) Preparation methodology

The process of preparing the OHL Group's 2017 consolidated directors' report followed the recommendations of the International Integrated Reporting Framework (IR) of the International Integrated Reporting Council (IIRC) and regulatory guidance in this area².

The quality of the information collected at source is a key element in the preparation of the 2017 consolidated directors' report. The collection and consolidation of information at source is done through the Enablon software application.

² Directive 2014/95/EU of the European Parliament and of the Council amending Directive 2013/34/EU as regards the disclosure of non-financial and diversity information.
European Commission Guidelines: Methodology for reporting non-financial information
Royal Decree-Law 18/2017, of 24 November, amending the Spanish Commercial Code, the Consolidated Spanish Limited Liability Companies Law approved by Royal Legislative Decree 1/2010, of 2 July, and Spanish Audit Law 22/2015, of 20 July, in the area of non-financial information and diversity.

The principles of inclusiveness, materiality and responsiveness, included in the AA1000 standard, which includes the AA1000APS Accountability Principles, are used in its preparation.

For the first time, this report has been prepared in accordance with the reporting principles in the new version of the GRI-Standards, with regard to determining the content of the report (stakeholder inclusiveness, sustainability context, materiality, completeness) and the quality of the report (balance, comparability, accuracy, timeliness, clarity and accuracy). In cases where some of these principles have not been applied, this is specifically indicated in the content in question.

With this Report, the OHL Group aims to address the demands for information from the Company's stakeholders and demonstrate the relevance of CSR to it.

In order to provide complete, transparent and rigorous communication, the OHL Group submits the contents of its Sustainability Report and its adaptation to GRI-Standards to various internal and external control and audit processes.

The verification of the contents collected and included in this report has been carried out by Deloitte, following the ISAE 3000 standard with a limited assurance scope.

c) Materiality

The OHL Group analyses the most relevant issues for the Company and its stakeholders in order to define the axes of its strategic CSR plan and to prioritise the contents to be reported in this 2017 consolidated directors' report. With this exercise, the Group seeks to enhance its sustainability efforts and respond to the demands for information from its key stakeholders. This ensures that the issues addressed in this report cover the main expectations of the stakeholders identified by OHL, thus following the principle of materiality of international reporting standards such as the Global Reporting Initiative or Integrated Reporting.

In 2017 the materiality analysis used to define the 2015-2020 CSR strategic Plan was updated. For this purpose, external sources were consulted, such as regulations on reporting of non-financial information, international standards, questionnaires from the main sustainability analysts, reports on the sustainability challenges of our industry or monitoring reports on media and social networks. In addition, the materiality matrices published in the integrated reports and CSR reports of the main companies in our industry and other leading companies were exhaustively benchmarked.

Lastly, in order to complete this analysis, a series of internal interviews were conducted with those responsible for key areas of the organisation. Particular emphasis was placed on those that have a direct relationship with the main stakeholders, who also manage and know first-hand their concerns and information requirements (quality, HR, investor relations, CSR, communication and compliance, among others).

As a result of this external and internal analysis, the following list of material matters was updated:

e) Appendix. OHL Concesiones (discontinued operation)

For information purposes, the main operating aggregates of this division are presented.

Main aggregates	2017	2016	Var. (%)
Sales	440.0	520.3	-16.4%
EBITDA	984.3	799.2	23.2%
% of Sales	223.7%	153.6%	
EBIT	957.8	728.0	31.6%
% of Sales	217.7%	139.9%

The changes in sales and EBITDA of Concesiones with respect to the prior period are as follows:

Sales	2017	2016	Var. (%)
Toll revenue	389.5	387.5	0.5%
Own construction business	7.1	6.2	14.5%
IFRIC 12	43.4	126.6	-65.7%
TOTAL sales	440.0	520.3	-16.4%

Millions of euros

EBITDA	2017	2016	Var. (%)
Toll EBITDA	223.0	256.7	-13.1%
Guaranteed IRR EBITDA	761.3	542.5	40.3%
TOTAL EBITDA	984.3	799.2	23.2%

Millions of euros

The main factors that influenced the growth in sales and EBITDA were as follows:

Sales and EBITDA in comparable terms (at a constant exchange rate and without the effect of the change in the method used to account for Metro Ligero Oeste and Autovía de Aragón) increased by +8.3% and +17.8%, respectively

The trend in traffic and tolls in the Group's concessions is shown in the table below:

	Changes in traffic			Toll revisions	
	From 01/01/17 to 31/12/17	From 01/01/16 to 31/12/16	Var. (%)	% Revision ⁽¹⁾	Last revision

(1) Equivalent average paying traffic.

(2) Average daily traffic (ADT): total km travelled by all the users of the toll road, divided by the total km in operation on the road. This measurement represents the number of users that would have travelled the total km in operation along the toll road.

(3) Cumulative number of TEUs shipped.

(4) Average tonnes of general goods.

(5) Average increase in toll applied at each toll plaza, obtained from the toll revision provided for in each concession arrangement.

(8) Average increase in toll revision at off-peak and peak hours.

The 65.7% decrease in sales under IFRIC 12 (construction activity carried out by the concession operators themselves) is due to the reduction in the amounts invested in 2017, mainly in Concesionaria AT-AT, compared to 2016.

The appreciation/depreciation of the average exchange rate of the euro in December 2017 vis-à-vis the Latin American currencies compared to December 2016 was as follows:

	31/12/2017	31/12/2016	Var. (%)
Mexican peso	21.39	20.65	3.6%
Chilean peso	735.84	742.39	-0.9%
Peruvian sol	3.69	3.72	-0.8%

As a result of these factors, the changes in sales and EBITDA of the main concession operators, grouped together by country, were as follows:

Main aggregates	Sales			EBITDA		
	2017	2016	Var. (%)	2017	2016	Var. (%)

Millions of euros.

(1) Including EBITDA from the guaranteed revenue adjustment pursuant to the concession arrangements, which is classified under "Other Operating Income" and is excluded from "Revenue", as in the case of the other concession operators accounted for using the financial asset model. The detail at 31 December 2017 is as follows: Concesionaria Mexiquense EUR 411.8 million, Viaducto Bicentenario EUR 130.2 million and Autopista Urbana Norte EUR 219.3 million.

(2) In 2017 including sales and EBITDA until May, after having sold 75.0% of the investment in June 2017.

(3) In 2016 including EBITDA until June, after having sold 14.0% of the investment and starting to account for it using the equity method.

f) CSR in the Concessions Division

The detail of the principal CSR parameters of this division is as follows:

1.- Human capital

The human capital of the Concessions Division at 31 December 2017 was made up of 2,229 people compared to 2,211 in 2016.

Division	Changes in direct induced employment			
	Subcontractors		Directly created induced jobs	
	2017	2016	2017	2016
Concessions	88	70	4,255	2,557

II.- Health and safety

Concessions	EUR 1,075.8 thousand	EUR 2,187.5 thousand

V.- Environmental value

Emissions

Scope 3 (2017): 3,164,513.43 t of CO₂e

Alcance 3 por división de negocio (tCO₂e contabilizadas)
Scope 3 by business division (tCO₂e accounted)

Scope 3 (2016): 6,146,001 t of CO₂e

V.- Social and relationship value

Social investment		
Division	2017	2016
Concessions	EUR 2,679.3 thousand*	EUR 734,421.0

*Data distributed between LBG (EUR 1,816,300) and NO LBG (EUR 863,026.4). In addition, there are other social investments that do not comply with the requirements established in the LBG methodology, since they are contractual, legally binding or restricted to employees and family members.

g) Alternative performance measures

The OHL Group presents its results in accordance with International Financial Reporting Standards (IFRSs) and also uses certain Alternative Performance Measures (APMs) that facilitate a better understanding and comparability of the financial information. In order to comply with the guidelines of the European Securities and Markets Authority (ESMA), we hereby disclose the following:

EBITDA: profit from operations before the depreciation and amortisation charge and changes in provisions and allowances, deducting, where appropriate, extraordinary/non-recurring gains or losses with no impact on cash.

Recourse EBITDA: total EBITDA (including interest income and excluding non-recurring extraordinary losses), less the EBITDA of the project companies, and including, where appropriate, dividends paid to the Parent by the project companies

Project companies: companies for whose debt there is no recourse to the Parent OHL, S.A.

EBIT: calculated on the basis of the following line items in the consolidated statement of profit or loss: "Revenue", "Other Operating Income", "Operating Expenses", "Staff Costs", "Depreciation and Amortisation Charge" and "Changes in Provisions and Allowances".

Gross borrowings: groups together the balances of the "Non-Current Liabilities - Debt Instruments and Other Marketable Securities", "Non-Current Liabilities - Bank Borrowings", "Current Liabilities - Debt Instruments and Other Marketable Securities" and "Current Liabilities - Bank Borrowings" headings on the liability side of the consolidated balance sheet, including bank borrowings and bonds.

Net borrowings: made up of gross borrowings less "Other Current Assets" and "Cash and Cash Equivalents" on the asset side of the consolidated balance sheet.

Non-recourse borrowings (gross or net): the borrowings (gross or net) of the project companies.

Recourse borrowings (gross or net): total borrowings (gross or net) less non-recourse borrowings (gross or net).

Backlog: short-and long-term unearned revenue from contracts awarded. Once they have been formalised, these contracts are included in the backlog.

- **Short-term backlog:** represents the estimated unearned Construction, Industrial and Services revenue, and also includes expected revenue from changes in contracts or additional work estimated on the basis of the percentage of completion of the projects.
- **Long-term backlog:** represents the estimated future revenue of the concessions, over the concession term, based on the financial plan of each concession and including assumptions concerning changes in the exchange rates between the euro and other currencies, inflation, prices, tolls and traffic volumes.

Market capitalisation: number of shares at year-end multiplied by the year-end share price.

Earnings per share (EPS): profit or loss attributable to the Parent divided by the average number of shares in the year.

PER: year-end share price divided by the earnings per share for the last twelve months.

Comparable: sometimes adjustments are made to certain figures to make them comparable between years, for example by eliminating extraordinary impairment, significant inclusions in or exclusions from the scope of consolidation that can distort the comparison between years of aggregates such as sales, the exchange rate effect, etc. The adjustments made in each case are detailed in the corresponding heading.

Independent Assurance Report on the Corporate Responsibility Information included in the 2017 Consolidated Directors' Report of OHL Group

To the Shareholders of Obrascón Huarte Lain, S.A.,

Scope of our engagement

We have performed the review, with a scope of limited assurance, of the Corporate Responsibility Information (CRI) included in the 2017 Consolidated Directors' Report ("CDR" or "Report") of Obrascón Huarte Lain, S.A. and subsidiaries ("OHL Group"), the scope of which is defined in the chapter "About this report". Our engagement consisted of reviewing:

- The adherence of the CRI included in the CRM to the Global Reporting Initiative Sustainability Reporting Standards ("GRI-SRSs or GRI"), including the reliability and adequacy of the contents.

Verification standards and procedures

We conducted a limited assurance engagement in accordance with the International Standard on Assurance Engagements (ISAE) 3000, Assurance Engagements Other than Audits or Reviews of Historical Financial Information issued by the International Auditing and Assurance Standards Board (IAASB) of the International Federation of Accountants (IFAC) and with Guidelines for engagements relating to the review of Corporate Responsibility Reports issued by the Spanish Institute of Certified Public Accountants for the issuance of limited assurance reports.

Our review work consisted of making inquiries to management and the various areas and business units of OHL, reviewing the processes for gathering and validating of the GRI contents presented in the CDR, and carrying out the following analytical procedures and sample-based review tests:

- Meetings with OHL Group's personnel to ascertain the principles, systems and approaches applied in corporate social responsibility management.
- Review of the minutes of the meetings held in 2017 by the Board of Directors and its Commissions.
- Review of the steps taken in relation to the identification and consideration of stakeholders during the year and of the stakeholder participation processes, based on the analysis of the internal information and third-party reports available.
- Analysis of the coverage, materiality and completeness of the CRI on the basis OHL's understanding of the requirements of its stakeholders in relation to the material issues identified by the organization and described in the epigraph "Materiality" of the section "About this Report" of the CDR.
- Review of the information relating to the management approaches applied and verification of the existence and scope of policies, systems and procedures in corporate social responsibility areas.
- Analysis of the adherence of the CRI to the GRI standards and verification that the contents disclosed agree with those required by such standards.
- Review on a sample basis, of the quantitative and qualitative information relating to the GRI contents and the adequate compilation thereof based on the data provided by the information sources of OHL Group.

Responsibilities of the Directors of OHL Group and of Deloitte

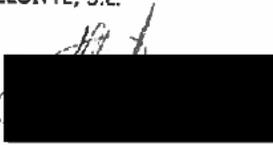

- The preparation and contents of the Consolidated Management Report are the responsibility of the administrators of OHL Group. OHL Group management is responsible for defining, adapting and maintaining the management systems and internal control from which the information is obtained.
- Our responsibility is to issue an independent limited assurance report based on the work performed.
- Since a limited assurance is substantially less in scope than a reasonable assurance engagement, we do not provide reasonable assurance on the CRI and, accordingly, this report may not be considered an auditor's report.
- This report has been prepared solely in the interest of OHL in accordance with the terms and conditions of our engagement letter.
- We conducted our work in accordance with the independence standards required by the Code of Ethics issued by the International Ethics Standards Board for Accountants (IESBA), based on the fundamental principles of integrity, objectivity, professional competence, due care, confidentiality and professional behavior.
- In accordance with International Standard on Quality Control (ISQC) 1, Deloitte has in place a global system of quality control that includes documented policies and procedures in relation to compliance with ethical requirements, professional standards and applicable legislation.
- Our team consisted of professionals with assurance on Corporate Responsibility Reports qualifications and, specifically, on economic, social and environmental performance and stakeholders' participation processes.

Conclusions

The GRI Tables in the Appendix to the 2017 CDR provides details of the content reviewed and the scope limitations of the review, and identifies any contents that does not cover all the areas required by GRI-SRSs. As a result of the procedures applied and the evidence obtained, except for the matters identified in the aforementioned GRI Table of Contents, nothing came to our attention that might lead us to believe that the CRI was not prepared, in all material respects (including the reliability and adequacy of the reviewed information), in accordance with GRI-SRSs.

In addition, we presented to the Management of the OHL Group our recommendations relating to the areas of improvement to consolidate processes, programs, and systems associate with Corporate Responsibility Management.

ILLINOIS TOLLWAY
STANDARD BUSINESS TERMS AND CONDITIONS

ILLINOIS TOLLWAY CONTRACT NO.: I-20-4534
CONTRACTOR/CONSULTANT NAME: S&J Construction Co., Inc.

1. PAYMENT TERMS AND CONDITIONS:

- 1.1 **Minority Contractor Initiative:** Any Vendor awarded a contract under Section 20-10, 20-15, 20-25 or 20-30 of the Illinois Procurement Code (30 ILCS 500) of \$1,000 or more is required to pay a fee of \$15. The Comptroller shall deduct the fee from the first check issued to the Vendor under the contract and deposit the fee in the Comptroller's Administrative Fund. 15 ILCS 405/23.9.
- 1.2 **Expenses:** The State will not pay for supplies provided or services rendered, including related expenses, incurred prior to the execution of this contract by the Parties even if the effective date of the contract is prior to execution.
- 1.3 **Prevailing Wage:** As a condition of receiving payment Vendor must (i) be in compliance with the contract, (ii) pay its employees prevailing wages when required by law, (iii) pay its suppliers and subcontractors according to the terms of their respective contracts, and (iv) provide lien waivers to the State upon request. Examples of prevailing wage categories include public works, printing, janitorial, window washing, building and grounds services, site technician services, natural resource services, security guard and food services. The prevailing wages are revised by the Department of Labor and are available on the Department's official website, which shall be deemed proper notification of any rate changes under this subsection. Vendor is responsible for contacting the Illinois Department of Labor to ensure understanding of prevailing wage requirements at 217-782-6206 or (<http://www.state.il.us/agency/idol/index.htm>).
- 1.4 **Federal Funding:** This contract may be partially or totally funded with Federal funds. If federal funds are expected to be used, then the percentage of the good/service paid using Federal funds and the total Federal funds expected to be used will be provided in the award notice.
- 1.5 **Invoicing:** By submitting an invoice, vendor certifies that the supplies or services provided meet all requirements of the contract, and the amount billed and expenses incurred are as allowed in the contract. Invoices for supplies purchased, services performed and expenses incurred through December 31 of any year must be submitted to the State no later than February 28 of the following year; otherwise Vendor may have to seek payment through the Illinois Court of Claims. 30 ILCS 105/25. All invoices are subject to statutory offset. 30 ILCS 210.
 - 1.5.1 Vendor shall not bill for any taxes unless accompanied by proof that the State is subject to the tax. If necessary, Vendor may request the applicable Agency/University state tax exemption number and federal tax exemption information.
 - 1.5.2 Vendor shall invoice at the completion of the contract unless invoicing is tied in the contract to milestones, deliverables, or other invoicing requirements agreed to in the contract.

- 2. **ASSIGNMENT:** This contract may not be assigned, transferred in whole or in part by vendor without the prior written consent of the State.

3. **AUDIT/RETENTION OF RECORDS:** Vendor and its subcontractors shall maintain books and records relating to the performance of the contract or subcontract and necessary to support amounts charged to the State pursuant the contract or subcontract. Books and records, including information stored in databases or other computer systems, shall be maintained by the vendor for a period of five years from the later of the date of final payment under the contract or completion of the contract, and by the subcontractor for a period of five years from the later of final payment under the term or completion of the subcontract. Books and records required to be maintained under this section shall be available for review or audit by representatives of: the procuring Agency/University, the Auditor General, the Executive Inspector General, the Chief Procurement Officer, the Tollway Inspector General, State of Illinois internal auditors or other governmental entities with monitoring Tollway, upon reasonable notice and during normal business hours. Vendor and its subcontractors shall cooperate fully with any such audit and with any investigation conducted by any of these entities. Failure to maintain books and records required by this section shall establish a presumption in favor of the State for the recovery of any funds paid by the State under the contract for which adequate books and records are not available to support the purported disbursement. The vendor or subcontractors shall not impose a charge for audit or examination of the vendor's books and records. 30 ILCS 500/20-65.
4. **TIME IS OF THE ESSENCE:** Time is of the essence with respect to vendor's performance of this contract. Vendor shall continue to perform its obligations while any dispute concerning the contract is being resolved unless otherwise directed by the State.
5. **NO WAIVER OF RIGHTS:** Except as specifically waived in writing, failure by a Party to exercise or enforce a right does not waive that Party's right to exercise or enforce that or other rights in the future.
6. **FORCE MAJEURE:** Failure by either Party to perform its duties and obligations will be excused by unforeseeable circumstances beyond its reasonable control and not due to its negligence, including acts of nature, acts of terrorism, riots, labor disputes, fire, flood, explosion, and governmental prohibition. The non-declaring Party may cancel the contract without penalty if performance does not resume within 30 days of the declaration.
7. **CONFIDENTIAL INFORMATION:** Each Party, including its agents and subcontractors, to this contract may have or gain access to confidential data or information owned or maintained by the other Party in the course of carrying out its responsibilities under this contract. Vendor shall presume all information received from the State or to which it gains access pursuant to this contract is confidential. Vendor information, unless clearly marked as confidential and exempt from disclosure under the Illinois Freedom of Information Act, shall be considered public. No confidential data collected, maintained, or used in the course of performance of the contract shall be disseminated except as authorized by law and with the written consent of the disclosing Party, either during the period of the contract or thereafter. The receiving Party must return any and all data collected, maintained, created or used in the course of the performance of the contract, in whatever form it is maintained, promptly at the end of the contract, or earlier at the request of the disclosing Party, or notify the disclosing Party in writing of its destruction. The foregoing obligations shall not apply to confidential data or information lawfully in the receiving Party's possession prior to its acquisition from the disclosing Party; received in good faith from a third Party not subject to any confidentiality obligation to the disclosing Party; now is or later becomes publicly known through no breach of confidentiality obligation by the receiving Party; or is independently developed by the receiving Party without the use or benefit of the disclosing Party's confidential information.
8. **USE AND OWNERSHIP:** All work performed, or supplies created by Vendor under this contract, whether written documents or data, goods or deliverables of any kind, shall be deemed work for hire under copyright law and all intellectual property and other laws, and the State of Illinois is granted sole and exclusive ownership to all such work, unless otherwise agreed in writing. Vendor hereby assigns to the State all right, title, and interest in and to such work including any related intellectual property rights, and/or waives any and all claims that Vendor may have to such work including any so-called "moral rights" in connection with the work. Vendor acknowledges the

State may use the work product for any purpose. Confidential data or information contained in such work shall be subject to confidentiality provisions of this contract.

9. **INDEMNIFICATION AND LIABILITY:** The vendor shall indemnify and hold harmless the Tollway and State of Illinois, their directors, agencies, officers, employees, agents and volunteers from any and all costs, demands, expenses, losses, claims, damages, liabilities, settlements and judgments, including in-house and contracted attorneys' fees and expenses, arising out of: (a) any breach or violation by vendor of any of its certifications, representations, warranties, covenants or agreements; (b) any actual or alleged death or injury to any person, damage to any property or any other damage or loss claimed to result in whole or in part from vendor's negligent performance; or (c) any negligent act, activity or omission of vendor or any of its employees, representatives, subcontractors or agents. Neither Party shall be liable for incidental, special, consequential or punitive damages.
10. **INDEPENDENT CONTRACTOR:** Vendor shall act as an independent contractor and not an agent or employee of, or joint venture with the State. All payments by the State shall be made on that basis.
11. **SOLICITATION AND EMPLOYMENT:** Vendor shall not employ any person employed by the State during the term of this contract to perform any work under this contract. Vendor shall give notice immediately to the Agency's director if vendor solicits or intends to solicit State employees to perform any work under this contract.
12. **COMPLIANCE WITH THE LAW:** The Vendor, its employees, agents, and subcontractors shall comply with all applicable federal, state, and local laws, rules, ordinances, regulations, orders, federal circulars and all license and permit requirements in the performance of this contract. Vendor shall be in compliance with applicable tax requirements and shall be current in payment of such taxes. Vendor shall obtain at its own expense, all licenses and permissions necessary for the performance of this contract.
13. **BACKGROUND CHECK:** Whenever the State deems it reasonably necessary for security reasons, the State may conduct, at its expense, criminal and driver history background checks of vendor's and subcontractors officers, employees or agents. Vendor or subcontractor shall reassign immediately any such individual who, in the opinion of the State, does not pass the background check.
14. **APPLICABLE LAW:** This contract shall be construed in accordance with and is subject to the laws and rules of the State of Illinois. The Department of Human Rights' Equal Opportunity requirements (44 Ill. Adm. Code 750) are incorporated by reference. Any claim against the State arising out of this contract must be filed exclusively with the Illinois Court of Claims. 705 ILCS 505/1. The State shall not enter into binding arbitration to resolve any contract dispute. The State of Illinois does not waive sovereign immunity by entering into this contract. The official text of cited statutes is incorporated by reference. An unofficial version can be viewed at <http://www.ilga.gov>.
15. **ANTI-TRUST ASSIGNMENT:** If Vendor does not pursue any claim or cause of action it has arising under federal or state antitrust laws relating to the subject matter of the contract, then upon request of the Illinois Attorney General, Vendor shall assign to the State rights, title and interest in and to the claim or cause of action.
16. **CONTRACTUAL TOLLWAY:** The Agency that signs for the State of Illinois shall be the only State entity responsible for performance and payment under the contract. When the Chief Procurement Officer or authorized designee signs in addition to an Agency, they do so as approving officer and shall have no liability to Vendor. When the Chief Procurement Officer or authorized designee, or State Purchasing Officer signs a master contract on behalf of State agencies, only the Agency that places an order with the Vendor shall have any liability to Vendor for that order.
17. **NOTICES:** Notices and other communications provided for herein shall be given in writing by registered or certified mail, return receipt requested, by receipted hand delivery, by courier (UPS, Federal Express or other similar and

reliable carrier), by e-mail, or by fax showing the date and time of successful receipt. Notices shall be sent to the individuals who signed the contract using the contact information following the signatures. Each such notice shall be deemed to have been provided at the time it is actually received. By giving notice, either Party may change the contact information.

18. **MODIFICATIONS AND SURVIVAL:** Amendments, modifications and waivers must be in writing and signed by authorized representatives of the Parties. Any provision of this contract officially declared void, unenforceable, or against public policy, shall be ignored and the remaining provisions shall be interpreted, as far as possible, to give effect to the Parties' intent. All provisions that by their nature would be expected to survive, shall survive termination. In the event of a conflict between the State's and the Vendor's terms, conditions and attachments, the State's terms, conditions and attachments shall prevail.
19. **PERFORMANCE RECORD / SUSPENSION:** Upon request of the State, vendor shall meet to discuss performance or provide contract performance updates to help ensure proper performance of the contract. The State may consider vendor's performance under this contract and compliance with law and rule to determine whether to continue the contract, suspend vendor from doing future business with the State for a specified period of time, or to determine whether vendor can be considered responsible on specific future contract opportunities.
20. **FREEDOM OF INFORMATION ACT:** This contract and all related public records maintained by, provided to or required to be provided to the State are subject to the Illinois Freedom of Information Act (FOIA) (50 ILCS 140) notwithstanding any provision to the contrary that may be found in this contract.
21. **SCHEDULE OF WORK:** Any work performed on State premises shall be done during the hours designated by the State and performed in a manner that does not interfere with the State and its personnel.
22. **WARRANTIES FOR SUPPLIES AND SERVICES:**
 - 22.1 Vendor warrants that the supplies furnished under this contract will: (a) conform to the standards, specifications, drawing, samples or descriptions furnished by the State or furnished by the Vendor and agreed to by the State, including but not limited to all specifications attached as exhibits hereto; (b) be merchantable, of good quality and workmanship, and free from defects for a period of twelve months or longer if so specified in writing, and fit and sufficient for the intended use; (c) comply with all federal and state laws, regulations and ordinances pertaining to the manufacturing, packing, labeling, sale and delivery of the supplies; (d) be of good title and be free and clear of all liens and encumbrances and; (e) not infringe any patent, copyright or other intellectual property rights of any third party. Vendor agrees to reimburse the State for any losses, costs, damages or expenses, including without limitations, reasonable attorney's fees and expenses, arising from failure of the supplies to meet such warranties.
 - 22.2 Vendor shall insure that all manufacturers' warranties are transferred to the State and shall provide a copy of the warranty. These warranties shall be in addition to all other warranties, express, implied or statutory, and shall survive the State's payment, acceptance, inspection or failure to inspect the supplies.
 - 22.3 Vendor warrants that all services will be performed to meet the requirements of the contract in an efficient and effective manner by trained and competent personnel. Vendor shall monitor performances of each individual and shall reassign immediately any individual who is not performing in accordance with the contract, who is disruptive or not respectful of others in the workplace, or who in any way violates the contract or State policies.
23. **REPORTING, STATUS AND MONITORING SPECIFICATIONS:**
 - 23.1 Vendor shall immediately notify the State of any event that may have a material impact on vendor's ability

to perform the contract.

23.2 By August 31 of each year, Vendor shall report to the Agency or University the number of qualified veterans and certain ex-offenders hired during Vendor's last completed fiscal year. Vendor may be entitled to employment tax credit for hiring individuals in those groups. 35 ILCS 5/216, 5/217.

24. **EMPLOYMENT TAX CREDIT:** Vendors who hire qualified veterans and certain ex-offenders may be eligible for tax credits. 30 ILCS 500/45-67 and 45-70. Please contact the Illinois Department of Revenue (telephone #: 217-524-4772) for information about tax credits.

25. **SUPPLEMENTAL PROVISIONS**

25.1 **TOLLWAY SUPPLEMENTAL PROVISIONS**

25.1.1 **Agents and Employees:**

Vendor shall be responsible for the negligent acts and omissions of its agents, employees and subcontractors in their performance of vendor's duties under this contract. Vendor represents that it shall utilize the services of individuals skilled in the profession for which they will be used in performing services or supplying goods hereunder. In the event that the Tollway determines that any individual performing services or supplying goods for Vendor hereunder is not providing such skilled services or delivery of goods, it shall promptly notify the Vendor and the Vendor shall replace that individual.

25.1.2 **Publicity:**

Vendor shall not, in any advertisement or any other type of solicitation for business, state, indicate or otherwise imply that it is under contract to the Tollway nor shall the Tollway's name be used in any such advertisement or solicitation without prior written approval except as required by law.

25.1.3 **Third Party Beneficiaries:**

There are no third party beneficiaries to this contract. This contract is intended only to benefit the Tollway/Buyer and the Vendor.

25.1.4 **Successors In Interest:**

All the terms, provisions, and conditions of the contract shall be binding upon and inure to the benefit of the parties hereto and their respective successors, assigns and legal representatives.

25.1.5 **Venue:**

Any claim against the Tollway arising out of this contract must be filed exclusively with Circuit Court for the Eighteenth Judicial Circuit, DuPage County, Illinois for State claims and the U.S. District Court for the Northern District of Illinois for Federal claims.

25.1.5.1 Whenever "State" is used or referenced in this contract, it shall be interpreted to mean "Tollway".

25.1.5.2 The State Prompt Payment Act (30 ILCS 40) does not apply to the Tollway.

25.1.5.3 The Tollway is not currently an appropriated agency.

25.2 **REPORT OF A CHANGE IN CIRCUMSTANCES:** The vendor agrees to report to the Tollway as soon as practically possible, but no later than twenty-one (21) days following any change in facts or circumstances that might impact the contractor's ability to satisfy its legal or contractual responsibilities and obligations

under this contract. Required reports include, but are not limited to changes in the contractor's Certification/Disclosure Forms, the contractor's IDOT pre-qualification, or any certification or licensing required for this project. Additionally, (contractor/vendor) agrees to report to the Tollway within the above timeframe any arrests, indictments, convictions or other matters involving the CONTRACTOR, or any of its principals, that might occur while this contract is in effect. This reporting requirement does not apply to common offenses, including but not limited to minor traffic/vehicle offenses.

Further, the contractor agrees to incorporate substantially similar reporting requirements into the terms of any and all subcontracts relating to work performed under this agreement. The (contractor/vendor) agrees to forward or relay to the Tollway any reports received from subcontractors pursuant to this paragraph within twenty-one (21) days.

Finally, the contractor acknowledges and agrees that the failure of the contractor to comply with this reporting requirement shall constitute a material breach of contract which may result in this contract being declared void.

25.3 PAYMENT DATA REPORTING REQUIREMENT

The Tollway requires contractors to report all payments received and/or paid to other firms pursuant to this contract in the form prescribed by the Tollway.

CONTRACTOR/CONSULTANT DELINQUENT DEBT REVIEW

Sub-Contractor/Consultant Disclosure.

Will you be using any sub-consultants/contractors? Yes No

If yes, you must identify below, to the extent the information is known, regardless of the subcontract value, the names, addresses and type of work all sub-contractors/consultants that will be utilized in the performance of this contract, together with the anticipated dollar value (sub-contractors) or percentage (sub-consultants) each is expected to receive pursuant to this contract. The list of sub-contractors/consultants should include but not be limited to sub-contractors/consultants, suppliers and truckers proposed to achieve disadvantaged business enterprise and veteran owned business goals. The State may request updated information at any time. For purposes of this section sub-contractors/consultants are those specifically hired to perform part of the work of this contract. Non-DBE suppliers and truckers do not need to be included.

Upon request, our firm agrees to provide a copy of the subcontract, if required, within fifteen (15) days after execution of the contract if selected, or after execution of the subcontract, whichever is later, for those subcontracts with an annual value of more than \$50,000. All subcontracts over \$50,000 must include the same certifications that the Vendor must make as a condition of the contract. The vendor shall include in each subcontract the subcontractor certifications as shown on the Standard Subcontractor Certification form available from the State.

Delinquent Payment. The contractor/consultant certifies that it, or any affiliate, is not barred from being awarded a contract under 30 ILCS 500. Section 50-11 prohibits a person from entering into a contract with a State agency if it knows or should know that it, or any affiliate, is delinquent in the payment of any debt to the State as defined by the Debt Collection Board. Section 50-12 prohibits a person from entering into a contract with the State agency if it, or any affiliate, has failed to collect and remit Illinois Use Tax on all sales of tangible personal property into the State of Illinois in accordance with the provisions of the Illinois Use Tax Act. The contractor/consultant further acknowledges that the contracting State agency may declare the contract void if this certification is false or if the contractor/consultant or any affiliate is determined to be delinquent in the payment of any debt to the State during the term of the contract.

CONFIRMATION OF EXISTING/RENEWAL REGISTRATION

The Illinois Department of Human Rights, Public Contracts Unit, acknowledges receipt of an Employer Report form (PC-1) filed by your organization.

Review of our records indicates that your organization previously registered with the Department of Human Rights and has been assigned the IDHR Number appearing above. This registration remains in effect until the expiration date appearing above. It is not necessary to submit a new form each time you bid on a state contract.

DO NOT LOSE THIS NOTICE. KEEP IT WITH OTHER IMPORTANT ORGANIZATIONAL DOCUMENTS. Also, please keep the following in mind:

1. The IDHR Bidder Eligibility Number is valid for all bids submitted to any agency of the State of Illinois or other contracting agency that has adopted our registration requirement.
2. An eligible bidder's registration remains in effect until the expiration date unless it is revoked by the Department upon finding that the eligible bidder has committed a civil rights violation.
3. An eligible bidder may relinquish its eligibility by notifying the Department in writing at the above address.
4. The Department must be notified in writing of any change to the eligible bidder's name, address, telephone number, or form of organization. Such changes may render the bidder's registration invalid and may require the filing of a new Employer Report Form with the Department. The Number is not transferable and becomes invalid upon dissolution of the business.

Should you have any questions concerning this notice, please contact the Public Contracts Unit at the above address or telephone at 312-814-2431.

STATE OF ILLINOIS
AUTHORIZED TO TRANACT BUSINESS OR CONDUCT AFFAIRS IN ILLINOIS

3. A person, other than an individual acting as a sole proprietor, must be a duly constituted legal entity prior to submitting a bid, offer, or proposal. The legal entity must be authorized to transact business or conduct affairs in Illinois prior to execution of the contract. 30 ILCS 500/20-43.

These requirements do not apply to construction contracts that are subject to the requirements of 30 ILCS 500/30-20 and 30 ILCS 500/33-10. The prequalification requirements of Sections 30-20 and 33-10 shall include the requirement that the bidder be registered with the Illinois Secretary of State.

Prior to execution of the contract, the State may request evidence from a vendor that certifies it is authorized to transact business or conduct affairs in Illinois. Failure to produce evidence in a timely manner may be considered grounds for determining the Vendor non-responsive or not responsible. For information on registering to transact business or conduct affairs in Illinois, please visit the Illinois Secretary of State's Department of Business Services at their website at (http://cyberdriveillinois.com/departments/business_services/home.html) or your home county clerk.

JESSE WHITE, Secretary of State

STATE OF ILLINOIS STANDARD CERTIFICATIONS

Vendor acknowledges and agrees that compliance with this subsection in its entirety for the term of the contract and any renewals is a material requirement and condition of this contract. By executing this contract Vendor certifies compliance with this subsection in its entirety, and is under a continuing obligation to remain in compliance and report any non-compliance.

This subsection, in its entirety, applies to subcontractors used on this contract. Vendor shall include these Standard Certifications in any subcontract used in the performance of the contract using the Standard Certification form provided by the State.

If this contract extends over multiple fiscal years, including the initial term and all renewals, Vendor and its subcontractors shall confirm compliance with this section in the manner and format determined by the State by the date specified by the State and in no event later than July 1 of each year that this contract remains in effect.

If the Parties determine that any certification in this section is not applicable to this contract it may be stricken without affecting the remaining subsections.

4.1. As part of each certification, Vendor acknowledges and agrees that should Vendor or its subcontractors provide false information, or fail to be or remain in compliance with the Standard Certification requirements, one or more of the following sanctions will apply:

- the contract may be void by operation of law,
- the State may void the contract, and
- the Vendor and its subcontractors may be subject to one or more of the following: suspension, debarment, denial of payment, civil fine, or criminal penalty.

Identifying a sanction or failing to identify a sanction in relation to any of the specific certifications does not waive imposition of other sanctions or preclude application of sanctions not specifically identified.

4.2. Vendor certifies it and its employees will comply with applicable provisions of the United States Civil Rights Act, Section 504 of the Federal Rehabilitation Act, the Americans with Disabilities Act, and applicable rules in performance of this contract.

4.3. Vendor, if an individual, sole proprietor, partner or an individual as member of a LLC, certifies he/she is not in default on an educational loan. 5 ILCS 385/3.

4.4. Vendor, if an individual, sole proprietor, partner or an individual as member of a LLC, certifies it he/she has not received (i) an early retirement incentive prior to 1993 under Section 14-108.3 or 16-133.3 of the Illinois Pension Code or (ii) an early retirement incentive on or after 2002 under Section 14-108.3 or 16-133.3 of the Illinois Pension Code. 30 ILCS 105/15a; 40 ILCS 5/14-108.3; 40 ILCS 5/16-133.

4.5. Vendor certifies that it is a legal entity authorized to do business in Illinois prior to submission of a bid, offer, or proposal. 30 ILCS 500/1-15.80, 20-43.

STATE OF ILLINOIS STANDARD CERTIFICATIONS

- 4.6. To the extent there was a current Vendor providing the services covered by this contract and the employees of that Vendor who provided those services are covered by a collective bargaining agreement, Vendor certifies (i) that it will offer to assume the collective bargaining obligations of the prior employer, including any existing collective bargaining agreement with the bargaining representative of any existing collective bargaining unit or units performing substantially similar work to the services covered by the contract subject to its bid or offer; and (ii) that it shall offer employment to all employees currently employed in any existing bargaining unit who perform substantially similar work to the work that will be performed pursuant to this contract. This does not apply to heating, air conditioning, plumbing and electrical service contracts. 30 ILCS 500/25-80.
- 4.7. Vendor certifies it has neither been convicted of bribing or attempting to bribe an officer or employee of the State of Illinois or any other State, nor made an admission of guilt of such conduct that is a matter of record. 30 ILCS 500/50-5.
- 4.8. If Vendor has been convicted of a felony, Vendor certifies at least five years have passed after the date of completion of the sentence for such felony, unless no person held responsible by a prosecutor's office for the facts upon which the conviction was based continues to have any involvement with the business. 30 ILCS 500/50-10.
- 4.9. If Vendor or any officer, director, partner, or other managerial agent of Vendor has been convicted of a felony under the Sarbanes-Oxley Act of 2002, or a Class 3 or Class 2 felony under the Illinois Securities Law of 1953, Vendor certifies at least five years have passed since the date of the conviction. Vendor further certifies that it is not barred from being awarded a contract and acknowledges that the State shall declare the contract void if this certification is false. 30 ILCS 500/50-10.5.
- 4.10. Vendor certifies it is not barred from having a contract with the State based upon violating the prohibitions related to either submitting/writing specifications or providing assistance to an employee of the State of Illinois by reviewing, drafting, directing, or preparing any invitation for bids, a request for proposal, or request of information, or similar assistance (except as part of a public request for such information). 30 ILCS 500/50-10.5(e), *amended* by Pub. Act No. 97-0895 (August 3, 2012).
- 4.11. Vendor certifies that it and its affiliates are not delinquent in the payment of any debt to the State (or if delinquent has entered into a deferred payment plan to pay the debt), and Vendor and its affiliates acknowledge the State may declare the contract void if this certification is false or if Vendor or an affiliate later becomes delinquent and has not entered into a deferred payment plan to pay off the debt. 30 ILCS 500/50-11, 50-60.
- 4.12. Vendor certifies that it and all affiliates shall collect and remit Illinois Use Tax on all sales of tangible personal property into the State of Illinois in accordance with provisions of the Illinois Use Tax Act and acknowledges that failure to comply may result in the contract being declared void. 30 ILCS 500/50-12.
- 4.13. Vendor certifies that it has not been found by a court or the Pollution Control Board to have committed a willful or knowing violation of the Environmental Protection Act within the last five years, and is therefore not barred from being awarded a contract. 30 ILCS 500/50-14.
- 4.14. Vendor certifies it has neither paid any money or valuable thing to induce any person to refrain from bidding on a State contract, nor accepted any money or other valuable thing, or acted upon the promise of same, for not bidding on a State contract. 30 ILCS 500/50-25.

STATE OF ILLINOIS
STANDARD CERTIFICATIONS

- 4.15. Vendor certifies it is not in violation of the "Revolving Door" provisions of the Illinois Procurement Code. 30 ILCS 500/50-30.
- 4.16. Vendor certifies that it has not retained a person or entity to attempt to influence the outcome of a procurement decision for compensation contingent in whole or in part upon the decision or procurement. 30 ILCS 500/50-38.
- 4.17. Vendor certifies that if it has hired a person required to register under the Lobbyist Registration Act to assist in obtaining any State contract, that none of the lobbyist's costs, fees, compensation, reimbursements, or other remuneration were billed to the State. 30 ILCS 500/50-38.
- 4.18. Vendor certifies it will report to the Illinois Attorney General and the Chief Procurement Officer any suspected collusion or other anti-competitive practice among any bidders, offerors, contractors, proposers, or employees of the State. 30 ILCS 500/50-40, 50-45, 50-50.

- 4.28. Vendor warrants and certifies that it and, to the best of its knowledge, its subcontractors have and will comply with Executive Order No. 1 (2007). The Order generally prohibits Vendors and subcontractors from hiring the then-serving Governor's family members to lobby procurement activities of the State, or any other unit of government in Illinois including local governments if that procurement may result in a contract valued at over \$25,000. This prohibition also applies to hiring for that same purpose any former State employee who had procurement authority at any time during the one-year period preceding the procurement lobbying activity.
- 4.29. Vendor certifies that information technology, including electronic information, software, systems and equipment, developed or provided under this contract comply with the applicable requirements of the Illinois Information Technology Accessibility Act Standards as published at (www.dhs.state.il.us/iitaa) 30 ILCS 587.
- 4.30. Vendor certifies that it has read, understands, and is in compliance with the registration requirements of the Elections Code (10 ILCS 5/9-35) and the restrictions on making political contributions and related requirements of the Illinois Procurement Code. 30 ILCS 500/20-160 and 50-37. Vendor will not make a political contribution that will violate these requirements.

In accordance with section 20-160 of the Illinois Procurement Code, Vendor certifies as applicable:

Vendor is not required to register as a business entity with the State Board of Elections.

or

Vendor has registered with the State Board of Elections. As a registered business entity, Vendor acknowledges a continuing duty to update the registration as required by the Act.

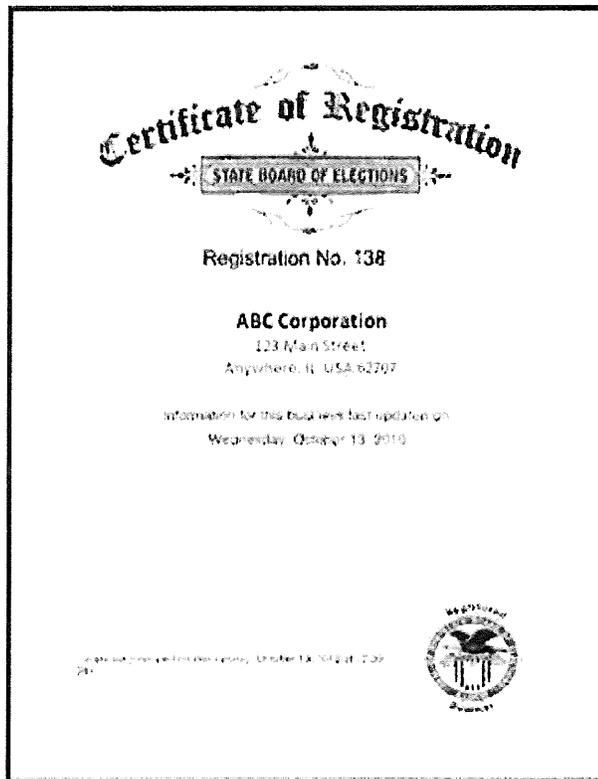

- 4.31. Vendor certifies that if it is awarded a contract through the use of the preference required by the Procurement of Domestic Products Act, then it shall provide products pursuant to the contract or a subcontract that are manufactured in the United States. 30 ILCS 517.
- 4.32. For contracts other than construction contracts subject to the requirements of 30 ILCS 500/30-20 and 30 ILCS 500/33-10, a person (other than an individual acting as a sole proprietor) must be a duly constituted legal entity to qualify as a bidder or offeror prior to submitting a bid, offer, or proposal. 30 ILCS 500/20-43. Vendor certifies that it is a legal entity as of the date for submitting this bid, offer, or proposal.
- 4.33. Vendor certifies that, for the duration of this contract it will:
- post its employment vacancies in Illinois and border states on the Department of Employment Security's IllinoisJobLink.com website or its successor system; or
 - will provide an online link to these employment vacancies so that this link is accessible through the IllinoisJobLink.com website or its successor system; or
 - is exempt from 20 ILCS 1005/1005-47 because the contract is for construction-related services as that term is defined in section 1-15.20 of the Procurement Code; or the contract is for construction and vendor is a party to a contract with a bona fide labor organization and performs construction. (20 ILCS 1005/1005-47).

**STATE OF ILLINOIS
STATE BOARD OF ELECTIONS**

5. Section 50-37 of the Illinois Procurement Code prohibits political contributions of certain vendors, bidders and offerors. Additionally, section 9-35 of the Illinois Election Code governs provisions relating to reporting and making contributions to state officeholders, declared candidates for State offices and covered political organizations that promote the candidacy of an officeholder or declared candidate for office. The State may declare any resultant contract void if these Acts are violated.

Generally, if a vendor, bidder, or offeror is an entity doing business for profit (i.e. sole proprietorship, partnership, corporation, limited liability company or partnership, or otherwise) and has contracts with State agencies that annually total more than \$50,000 or whose aggregate pending bids or proposals and current State contracts that total more than \$50,000, the vendor, bidder, or offeror is prohibited from making political contributions and must register with the State Board of Elections. 30 ILCS 500/20-160.

DISCLOSURE OF BUSINESS OPERATIONS WITH IRAN

6. In accordance with 30 ILCS 500/50-36, each bid, offer, or proposal submitted for a State contract, other than a small purchase defined in Section 20-20 of the Illinois Procurement Code, will include a disclosure of whether or not the bidder, offeror, or proposing entity, or any of its corporate parents or subsidiaries, within the 24 months before submission of the bid, offer, or proposal had business operations that involved contracts with or provision of supplies or services to the Government of Iran, companies in which the Government of Iran has any direct or indirect equity share, consortiums or projects commissioned by the Government of Iran and:
- more than 10% of the company's revenues produced in or assets located in Iran involve oil-related activities or mineral-extraction activities; less than 75% of the company's revenues produced in or assets located in Iran involve contracts with or provision of oil-related or mineral – extraction products or services to the Government of Iran or a project or consortium created exclusively by that Government; and the company has failed to take substantial action; or
 - the company has, on or after August 5, 1996, made an investment of \$20 million or more, or any combination of investments of at least \$10 million each that in the aggregate equals or exceeds \$20 million in any 12- month period that directly or significantly contributes to the enhancement of Iran's ability to develop petroleum resources of Iran.

A bid or offer that does not include this disclosure may be given a period after the bid or offer is submitted to cure non-disclosure. A chief procurement officer may consider the disclosure when evaluating the bid or offer or awarding the contract.

There are no business operations that must be disclosed to comply with the above cited law.

AGREEMENT

CONTRACT NO. I-20-4534 (USE INK ONLY)

This agreement, authorized by the Board of Directors to be entered into in duplicate this 20th day of August, 2020 by and between The Illinois State Toll Highway Authority (hereinafter referred to as the "Tollway"), and Judlau Contracting, Inc./S & J Construction Company Inc. (JV)

- * ~~a corporation organized and existing under the laws of the State of _____ and authorized to do business in Illinois. (Attach Secretary of State certification)~~
- * ~~a partnership consisting of~~
- * ~~an individual doing business as~~
- * a joint venture consisting of no more than three (3) members.

(* DELETE ALL LINES THAT DO NOT APPLY)

with principal office in the City of Lisle, in the State of Illinois (hereinafter referred to as the "contractor").

WITNESSETH:

In consideration of the premises and of the mutual covenants herein contained, the parties hereto mutually covenant and agree as follows:

DESCRIPTION AND SCOPE OF WORK

The contractor shall perform all of the services and furnish all of the transportation, labor, materials, equipment and any other incidentals necessary or required to construct and complete the project described in this contract, also called The Work.

CONTRACT

The following documents, taken as a whole, constitute the contract:

1. This executed Agreement and any supplement thereto.
2. The Contract Bonds.
3. The Addenda.
4. The Special Provisions.
5. The Plans.
6. The Tollway Supplemental Specifications.
7. The IDOT Supplemental Specifications and Recurring Special Provisions
8. The IDOT Standard Specifications for Road and Bridge Construction.
9. The Bid.
10. The Instructions and Information to Bidders.
11. The Advertisement for Bids.

The terms and provisions of each and every one of the above documents are a part of this contract. In the event that any provision in any of the foregoing documents conflicts with any provisions in any other of the contract documents, the provisions in the contract document first above enumerated shall govern over the provisions of any other contract document which follows it.

CONTRACT NO. I-20-4534

CONTRACT BOND AGREEMENT

The contractor shall simultaneously herewith furnish and deliver to the Tollway a Performance Bond, agreeing to perform the work in accordance with all of the provisions of the contract, as in said Performance Bond provided, and a Payment Bond, agreeing to pay not less than prevailing wages for the work to be performed in accordance with the contract and the laws of the State of Illinois and agreeing to pay all sums of money due for any labor, materials, apparatus, fixtures or machinery and transportation with respect thereto, as in said Payment Bond provided, each dated the same date as this Agreement, in the forms prescribed by the Tollway, and each in an amount equal to the contract price with a corporate surety or sureties acceptable to the Tollway authorized to do business in the State of Illinois.

The contractor agrees that said Bonds shall be maintained in full force and effect until final acceptance of the work by the Tollway and thereafter, as provided in Article 103.05 of the Tollway Supplemental Specifications. The contractor agrees and will cause the surety to agree to be bound by each and every provision of all of the contract documents.

If any surety upon any bond furnished in connection with this contract becomes unacceptable to the Tollway, or if any such surety fails to furnish reports as to its financial condition from time to time as requested by the Tollway, the contractor shall promptly furnish such additional security as may be required from time to time to protect the interests of the Tollway and all persons supplying labor or materials in the prosecution of the work contemplated by this contract.

In the event the surety shall make any assignment for the benefit of creditors or commit any act of bankruptcy, or if it shall be declared bankrupt, or if it shall file a voluntary petition in bankruptcy, or shall in the opinion of the Tollway be insolvent, the Contractor agrees forthwith upon request of the Tollway to furnish and maintain other corporate surety with respect to said Bonds satisfactory to the Tollway.

DEFINITIONS

As used in this Agreement, the terms set forth shall have the meanings attributed to them in the Tollway Supplemental Specifications for The Illinois State Toll Highway Authority issued by the Tollway.

TIME OF PERFORMANCE

The duration of this contract shall commence with the Chief Operating Officer's signature and shall continue until September 1, 2023, in accordance with the contract book schedule.

CONTRACT END DATE

The contract end date is two (2) years from the completion date. Based on the completion date stated in the contract at the time of award the End Date is September 1, 2025.

This contract maybe renewed for two (2) additional one (1) year terms or one (1) additional two (2) year term, the length of any renewal is to be determined and agreed upon by the Parties.

CONTRACT NO: I-20-4534

LIABILITY OF JOINT VENTURE

In the event the successful bidder (contractor) of this contract is a joint venture, then each individual, partnership, or corporation comprising such joint venture, shall be individually, personally, severally and jointly liable and responsible, financially, legally, and in all other respects, for the full and proper performance of each and every provision and requirement of this contract, notwithstanding any arrangement, understanding or agreement to the contrary, if any, whether disclosed to the Tollway or not, entered into by and between the individual, partnership, joint venture, or corporation comprising such joint venture.

PERFORMANCE OF THE WORK

The contractor shall perform all work under the direct supervision, and to the satisfaction of the Construction Manager. The Construction Manager shall decide all questions which arise as to the quality and acceptability of work performed, manner of performance, rate of progress of the work and interpretation of the specifications, and the Construction Manager's decision shall be final.

Any dispute between the Construction Manager and the contractor with respect to any matter shall be decided by the Chief Engineering Officer of The Tollway and his decision shall be final.

In the event that the quantity of any item of work as given in the Bid shall be greater or less than estimated, payment shall be made by the Tollway on the basis of the actual quantity completed at the unit price for such item named in the Bid, subject to the provisions of the Article 104.02 of the Tollway Supplemental Specifications.

Notwithstanding anything contained in this contract, all payments to be made pursuant to this contract shall be subject to approval by the Chief Engineering Officer.

CONSIDERATION

The Tollway shall pay the Contractor for the performance of the work, subject to any additions or deductions therein as provided for in the Specifications, in current funds, at the prices for the respective items of work shown in the Bid. Payments are to be made to the Contractor in accordance with and subject to the provisions of the contract documents.

ASSIGNMENT

This contract may not be assigned, transferred in whole or in part by the Vendor without prior written consent of the Illinois Tollway.

CONTRACT NO: I-20-4534

COVENANT AGAINST CONTINGENT FEES

The contractor warrants that no person or selling agency has been employed or retained to solicit or secure this contract upon an agreement or understanding for a commission, percentage, brokerage or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by the contractor for the purpose of securing business. For breach or violation of this warranty, the Tollway shall have the right to annul this contract without liability or in its discretion to deduct from the contract price or consideration the full amount of such commission, percentage, brokerage or contingent fee.

TERMINATION / CANCELLATION FOR NON-APPROPRIATION OF FUNDS

This contract is subject to termination and cancellation in any year for which the General Assembly fails to make an appropriation (if such an appropriation is required) to make payments under the terms of the contract. Currently, the Tollway is not required to obtain a yearly appropriation of its funds. However, the Tollway cannot and does not make any representations or warranties concerning future appropriation requirements.

COMPTROLLER REQUIREMENTS FOR CONTRACTS

Contractor and any and all subcontractors under this contract agrees to maintain books and records related to the performance of the contract and necessary to support amounts charged to the State under the contract for a minimum of five (5) years from the last action on the contract. Contractor further agrees to cooperate fully with any audit and to make the books and records available to the Auditor General, Chief Procurement Officer, Internal Auditor, Inspector General, and the Purchasing Agency.

The State requires a fee of \$15 to cover expenses related to the administration of the Minority Contractor Opportunity Initiative. Any contractor awarded a contract under Section 20-10, 20-15, 20-25 or 20-30 of the Illinois Procurement Code (30 ILCS 500) of \$1,000 or more is required to pay a fee of \$15. The Comptroller shall deduct the fee from the first check issued to the Vendor under the contract and deposit the fee in the Comptroller's Administrative Fund.

FREEDOM OF INFORMATION ACT

This contract and all related public records maintained by, provided to or required to be provided to the State are subject to the Illinois Freedom of Information Act (FOIA) (50 ILCS 140) notwithstanding any provision to the contrary that may be found in this contract.

GOVERNING LAW; EXCLUSIVE JURISDICTION

This agreement, and all the rights and duties of the parties arising from or relating in any way to the subject matter of this agreement or the transaction(s) contemplated by it, shall be governed by, construed and enforced only in accordance with the laws of the United States and the State of Illinois (excluding any conflict of laws provisions that would refer to and apply the substantive laws of another jurisdiction). Any suit or proceeding relating to this agreement, including arbitration proceedings, shall be brought only in DuPage County, Illinois. **THE CONTRACTOR CONSENTS TO THE EXCLUSIVE JURISDICTION AND VENUE OF THE COURTS LOCATED IN DUPAGE COUNTY, STATE OF ILLINOIS.**

THIS JOINT VENTURE AGREEMENT (the "Agreement"), dated as of June 23, 2020 (the "Effective Date"), is between **Judlau Contracting, Inc.**, having offices at Lisle, Illinois ("**Judlau**") and S & J Construction Co., Inc. ("**S&J**"), having offices at Oak Forest, Illinois ("**Partner**"). Each of **Judlau** and **Partner** may be hereinafter referred to individually as a "**Party**" and collectively as the "**Parties**".

WHEREAS, the Illinois Toll Highway Authority ("**Client**") has issued a Request for Bids (the "**RFB**") for the I-20-4534 project and the I-20-4535 project (the "**Project**" or "**Projects**"); and

WHEREAS, the Parties intend to form a joint venture ("**JV**") by this Agreement for the purposes of: (A) preparing and submitting a Bids in response to the RFB, and any amendments thereto, (the "**Bids**") and (B) if they are awarded the Project as a result of the Bids, taking actions necessary to enter into an agreement with the Client ("**Prime Contracts**"), and perform under the Prime Contracts, as may be amended from time to time; and

WHEREAS, the Parties desire to enter into this Agreement in order to fix and define among themselves their respective responsibilities, interests and liabilities in connection with the submission of the Bids and the performance of the Prime Contracts in the event that it is executed with the Client.

NOW, THEREFORE, in consideration of the mutual promises contained herein, the Parties agree as follows:

ARTICLE 1 DEFINITIONS

1.1 Definitions

- (a) "**Affiliate**" means an entity which, with respect to another entity, is the subsidiary or the parent company of the other or both are subsidiaries of the same entity or each of them is controlled by the same person.
- (b) "**Agreement**" means this Joint Venture Agreement, together with the Exhibits, if any, attached hereto and made a part hereof, all as amended, supplemented or modified from time to time in accordance with the provisions hereof.
- (c) "**Parties**" means the parties to this Agreement and "**Party**" means any one of them as the context may require.

All other capitalized terms shall have the meaning ascribed to them elsewhere in this Agreement unless the context otherwise requires.

**ARTICLE 2
PURPOSE AND SCOPE**

2.1 Purpose and Scope

The purpose of this Agreement is to set forth certain fundamental agreements and understandings between the Parties concerning the preparation of the Bids and certain responsibilities of the Parties relative to the performance of the Prime Contracts. The Parties hereby constitute themselves as a joint venture solely for the purpose of submitting the Bids and performing and completing the Prime Contracts, but for no other purpose. The name of the JV will be **Judlau - S & J, a Joint Venture** and that name shall be retained by the JV in case of award. The JV shall obtain a separate and distinct tax id number for the JV.

This Agreement relates solely to the businesses, activities, and purposes set forth herein and does not apply to any other activities, transactions, relationships, contracts, properties, or work of the Parties. Nothing contained in this Agreement shall create or be interpreted or construed so as to create any form of permanent company, relationship, partnership or organization among the Parties other than as specifically set out herein, and therefore notwithstanding the liabilities arising out of this Agreement, each Party shall at all times be acting as an independent business entity in the ordinary course of business. Except as expressly provided for in this Agreement, no Party shall be restricted in any way from engaging in any activity or business falling outside the scope of this Agreement.

**ARTICLE 3
ACTIVITIES AND ROLES OF THE PARTIES**

3.1 Bids Responsibilities

The Parties shall be responsible for providing any bonds, guarantees, or indemnities required on behalf of the JV by or arising out of the terms and conditions of the Bids or the Prime Contracts in proportion to their Participating Interests (as defined below).

Subject to the unanimous written agreement of the Parties on all matters concerning the Bids, the JV shall submit the Bids to the Client. The Bids shall be in such form and shall contain such terms and conditions, rates and prices as the Parties shall have unanimously agreed. No document or agreement may be executed on behalf of the JV, and no Party or any of its representatives, employees or agents is or shall be authorized to bind or commit the other Party or the JV in any respect or to hold itself out as having any authority to represent the other Party or the JV, unless unanimously agreed to in writing by all the Parties. The Parties acknowledge and agree that this Agreement does not obligate any Party to accept any particular term of the RFBs, the Bids or the Prime Contracts

3.2 Post-Award Responsibilities

If Client selects the JV, the Parties shall, with joint and several liability for each of them, subject to the review and approval by each Party, execute such documents and take such other steps as necessary to make the Prime Contracts a legal and binding agreement among the Parties and the Client.

**ARTICLE 4
MANAGEMENT OF THE JV**

4.1 Participating Interests

The Parties shall have the following participating interests in the JV (the "Participating Interests"):

Judlau	70%
S & J Construction Co., Inc.	30%

Subject to this Agreement the Parties shall share (i) the rights and obligations, risks, duties, liabilities, costs, expenses, losses, profits and benefits arising out of and in any way connected with this Agreement, the Bids, the Prime Contracts and the Project or resulting therefrom, and (ii) the ownership of goods jointly acquired in connection with the Prime Contracts; severally according to each Party's Participating Interest.

4.2 Board of Representatives

- (a) The JV shall be managed by a Board of Representatives which shall be the JV's highest decision-making authority. The Board of Representatives shall exercise general supervision of the JV's activities and determine its policies. It shall ensure the timely and satisfactory performance of the Prime Contracts. The Board of Representatives will consist Arnav Amin for Judlau and Simone Kapovich for S&J. A Party may change its representative or alternate at any time by written notice to the other Parties. Each representative and alternate shall have full authority to bind the Party they represent.

4.3 Managing Party

Judlau shall be the managing party (the "Managing Party"). The Managing Party shall provide staff for: (i) maintaining the books and records of the JV; (ii) performing all in-house accounting related to the JV, (iii) preparing the tax returns and payment of payroll, of union benefits, and of all governmental withholding taxes or other taxed, and (iv) obtaining and managing all federal, state, and local registrations and all insurance policies required under the Prime Contracts.

ARTICLE 5 FAILURE TO ADVANCE WORKING CAPITAL

If an irrecoverable loss to the JV is realized and/or the necessity of funds or working capital contributions becomes evident during the performance of the Prime Contracts, the Parties hereby acknowledge, represent and agree that they shall immediately provide funds and/or working capital necessary to cover such loss and/or necessity in proportion to their respective Participating Interests in an amount and time to be agreed upon unanimously by the Board of Representatives. Should a Party fail to pay its contribution of working capital by the established due date, the non-defaulting Party may make up the defaulting Party's contribution. The defaulting Party shall pay the JV interest on the contribution it failed to pay at the annual rate of four (4) percent above the prime rate as published in the Wall Street Journal on a day-to-day basis from the due date of payment of its contribution until it makes payment thereof or until adjustment of the Parties' Participating Interests under this Article 5. Should the non-defaulting Party make up the defaulting Party's working capital contribution, such interest shall be paid to such non-defaulting contributing Party, provided that the acceptance of payment of such interest shall be without prejudice to any other rights of the non-defaulting Party under this Agreement.

Should the defaulting Party fail to pay its contribution within a period of thirty (30) days of the due date, then the non-defaulting Party without prejudice to any other rights that it may have, may treat the non-payment as a material breach of this Agreement, deem the Article 15 thirty (30) day cure period as being satisfied and notify the defaulting Party that it is in default and that the non-defaulting Party is entitled to the remedies available under Article 14.

ARTICLE 6. BORROWED FUNDS

The JV shall not borrow any sums of money, nor shall any funds due the JV be assigned or pledged, unless the Parties unanimously agree in writing and, where appropriate, become jointly and severally liable for the repayment thereof. If any monies are so borrowed, the principal and interest thereof shall be repaid in full prior to return of any working capital and distribution of profits.

ARTICLE 7. ACCOUNTS

7.1 Accounting

The JV shall maintain full and proper books of accounts and records relating to the JV and the Prime Contracts. Said books and all documents or records shall be available at all times for inspection by the Parties. The accounting system to be used by the JV as a cost control and accounting system shall be **Judlau's Employee Central** system.

The Board of Representatives may decide on a case by case basis, to distribute surplus funds to the Parties, provided that an appropriate provision for working capital and any liabilities or contingencies have been made and against the provision by each receiving Party of a first demand bank guarantee.

7.2 Final account

Upon payment to the JV of all monies due under the Prime Contracts and on receipt of the proceeds of the sale of all construction equipment, materials and other real or personal property sold in accordance with the provisions of Article 10.2 hereof, a final account or accounts (the "Final Account") shall be prepared by the JV which may be audited. When preparing the Final Account the JV shall provide for any reserves for such unsettled claims, overruns and other contingencies as the Parties may agree to be necessary. The Final Account will show deduction of such expenses of any Party as shall have been approved by the Board of Representatives, and the total net profit earned or loss incurred by the JV ("Final Profit"). Upon the Parties agreeing on the Final Account, all working capital advanced shall be repaid to the Party advancing it prior to the distribution of any Final Profit. The Final Profit shall then be divided among them in proportion to their Participating Interests and the JV's banking account or accounts shall be closed after any outstanding balance therein due to any Party shall have been paid out of it; provided that nothing herein contained shall prevent interim divisions of profit or return of working capital in proportion to their Participating Interests, if the Board of Representatives so approves.

ARTICLE 8 CONSTRUCTION COST

8.1 JV Construction Costs

Construction costs to be charged the JV if the JV enters into the Prime Contracts shall include the costs of all subcontracts, labor (including any of the Parties' personnel hired by the JV), material, plant and equipment purchased or rented, insurance, taxes on labor and material, legal and accounting fees, liabilities not secured by insurance, and all other expenses and obligations incurred

or suffered in or relating to the performance of the Prime Contracts, which expenses and obligations are of a nature which under sound accounting practice would be properly charged as a cost of performance of the Prime Contracts. Construction costs shall not include any charge against the JV for any overhead expense or charge for the main or branch offices of any Party, nor any charge for the time or travel expense of any officer, employee or agent of any Party engaged in the business of the JV, except as such charge may be approved by all the Parties. .

The Parties agree to charge the JV as a Construction cost a Board of Representative approved cost for the distinct, clearly defined portion of the work of the Prime Contracts performed by S&J with its own forces.

Judlau is the Prime Contractor for the Client for a related project named, [I-17-4339] (the "Related Project"). S&J is the selected subcontractor for the Related Project to perform the erection of the structural pre-cast members for the two bridges in the Related Project. The Projects that the JV will perform for the Client require the JV to furnish the structural pre-cast members for the Related Project that S&J will erect. As a result, S&J sits in a unique position to evaluate, select, and negotiate the terms, scope, and final price for the structural pre-cast members fabricator for these Projects. S&J will use its own forces to perform these activities and charge the joint venture for the Board of Representative approved cost. Furthermore, S&J will be responsible for coordination between the fabricator and the project Owner to ensure quality control. S&J will also be responsible for submittals, managing shop drawings, reviewing shop drawings, release the fabricator for production, inspect the fabricating process, and coordinate the timely fabrication and delivery of the pre-cast members to the Related Project so that S&J can timely erect them on the Related Project.

10.2. Insurance

The JV shall procure, maintain and pay for the minimum types and amount of insurance as required by the Prime Contracts, legislation or as agreed by the Board of Representatives. Unless otherwise decided by the Board of Representatives, the JV shall take out the policies itself and each Party shall be included as a named insured. All insurance premiums and deductibles required under the Prime Contracts shall be borne by the JV. The Board of Representatives will nominate the JV's insurance broker.

The Parties agree that the JV shall require its subcontractors to provide insurance, payment and performance bonds as per the Board of Representatives' procurement policies and meet all the relevant requirements under the Prime Contracts.

ARTICLE 9 TITLE TO JV PROPERTY AND SALE OF ASSETS

9.1 Title to JV Property

The JV shall hold title to all JV property, including all money, equipment, materials and supplies, in the name of the JV. No Party individually shall have any ownership interest or rights in any JV property, except indirectly by virtue of such Party's ownership of an interest in the JV. No Party has the right to seek or obtain a partition of any JV property.

9.2 Sale of Assets

At such time as may be determined by the Board of Representatives, the JV may dispose of or temporarily lease to third parties (or to the Parties) any real property, equipment or materials that the JV owns. First, if a Party has contributed equipment to the JV as working capital, such Party

shall have the option to purchase such equipment at the equipment contribution value. Second, the Parties shall have the option of purchasing real property and equipment and materials owned by the JV for fair market value. Fair market value will be established by the Board of Representatives. In the event that the Parties do not exercise these purchase options, and unless the Board of Representatives agrees otherwise, all real property, equipment and materials that the JV owns shall be sold at public auctions at time and places and with a reserve price established by the Board of Representatives or leased to the Parties or third parties. The proceeds of all sales and/or leases shall be paid to the credit of the bank account or accounts of the JV. Nothing herein shall prevent any of the Parties from Bidding at such public auctions.

ARTICLE 10 BURDEN OF LOSSES

If the performance of the Prime Contracts results in a loss, the Parties shall be obligated to bear their Participating Interests of any such loss. Such liability for the bearing of losses in accordance with each Party's Participating Interest shall continue with respect to any claims which, at any time either before or after the completion of the Prime Contracts, shall be made against one or more of the Parties by reason of the JV or any matter or thing in connection therewith.

ARTICLE 11 TRANSFER OF INTEREST

None of the Parties shall assign, transfer or pledge its interest or any part thereof in this Agreement or in the Prime Contracts without obtaining the prior written consent of the other Parties and upon such terms as they may reasonably require. However, a Party shall be entitled to assign its interest in this Agreement or in the Prime Contracts in whole or in part to an Affiliate subject to the Prime Contracts requirements

ARTICLE 12 INDEMNIFICATION

Each Party shall be severally liable (in proportion to its Participating Interest) for any liabilities and obligations of the Parties and/or the JV deriving from and in any way connected with this Agreement, the Bids or the Prime Contracts and anything connected therewith or resulting therefrom (the "Shared Liabilities").

The Parties shall be jointly and severally liable towards the Client and/or third parties for the Shared Liabilities. Notwithstanding the joint and several liability of the Parties towards the Client and/or third parties, each Party shall be liable towards the JV and the other Party with respect to the Shared Liabilities only in proportion to its Participating Interest. The maximum liability of each Party for any debts, obligations and liabilities of such Party and/or the JV shall be such Party's pro rata portion (based on such Party's Participating Interest) of such debts, obligations and liabilities.

Subject to the following paragraph, in the event a third party brings a claim against one of the Parties for liabilities or obligations of the JV or with respect to any guarantee provided by such Party on behalf of the JV, such Party shall have a contribution right against the other Party so that each Party bears its pro rata portion (based on each Party's Participating Interest) of the liabilities and obligations of the JV and any guarantees provided by the Parties on behalf of the JV. The Parties agree to execute as soon as possible after execution hereof a cross-indemnity agreement amongst them which will include the principles contained in this Article 13 (the "Cross-Indemnity Agreement") in further detail.

Notwithstanding any other provision in this Agreement:

- (a) Each Party (the "Indemnifying Party") shall fully indemnify and save harmless the other Party (the "Indemnified Party") from and against claims, demands, debts, actions, applications, suits, expenses (including reasonable legal fees and expenses), costs, direct damages, losses and other liabilities (collectively, the "Claims") which the Indemnified Party may suffer, incur or be liable for by reason of, or arising out of or connected with (i) a breach of this Agreement, the Prime Contracts, or the Cross-Indemnity Agreement by a Party or (ii) the gross negligent acts or omissions or wilful, wanton or intentional misconduct of the Indemnifying Party causing damage to the Indemnified Party in connection with this Agreement, the Prime Contracts or the Cross-Indemnity Agreement.
- (b) Notwithstanding (a) above, no Party shall be liable to the other Parties, whether by way of indemnity or in contract or in tort (including negligence), for any punitive, special, indirect, incidental or consequential loss or damages, or loss of profit, loss of use, loss of production, loss of capital, loss of business reputation or opportunity, loss of contract or for any financial or economic loss whatsoever and however caused arising out of or in any way connected with this Agreement, the Bids or the Prime Contracts and/or anything connected therewith or resulting therefrom. If a Party is required to pay any of the damages listed in the preceding sentence to a third party, such Party remains entitled to indemnification from the other Party subject to and in accordance with this Article 13.
- (c) Notwithstanding (a) above, no Party shall be liable to the other Party under this Agreement for any damages due to the failure of being awarded the Prime Contracts or due to the Bids being deemed as non-compliant by the Client.

ARTICLE 13 TERM AND TERMINATION

13.1 Term

This Agreement shall be effective from its date of execution by the Parties and shall remain in force until the earliest of the following occurs:

- (a) the Parties are advised by the Client that the Prime Contracts is awarded to an entity other than the JV or in the event of a protest in regard to the award, the date on which the final appeal or protest in regard to the award is decided;
- (b) cancellation of the Project by the Client;
- (c) termination by unanimous consent of the Parties in writing;
- (d) In the event that the Project is not awarded to the JV within the period of validity of the Bids, including any extension thereof, or in any event after a maximum period of thirty six (36) months from the signature of this Agreement without an award of the Project;
- (e) all JV obligations under the Prime Contracts have been fulfilled and liabilities under the Prime Contracts have ceased; or
- (f) the Prime Contracts is terminated early for any reason and the Parties have agreed to the Final Account as per Article 8.2;

13.2 Survival

The provisions of this Agreement shall survive indefinitely the termination of this Agreement.

ARTICLE 14

DEFAULT

If a Party has committed any material breach of the terms of this Agreement and failed to remedy the same within thirty (30) calendar days of written notice from a Party (“**Date of Default**”), then the non-defaulting Party shall be entitled, in addition to any other right or remedy, to exclude the defaulting Party from the management and control of the JV. The defaulting Parties’ Board representatives may continue to attend and participate in Board of Representatives meetings, but they shall have no right to vote. The non-defaulting Party may take over the defaulting Party’s interest under this Agreement, but without releasing the defaulting Party from its obligations to bear any costs, expenses and pecuniary obligations (including losses arising from the Prime Contracts) in proportion to its originally stated and unadjusted Participating Interest as set forth in Article 4.1. In addition, the non-defaulting Party shall have the right to wind up the JV or to carry on and complete the performance of the Prime Contracts itself.

The non-defaulting Party shall have the right to retain for the completion of the Project all assets of the JV and all construction equipment and materials provided, purchased or acquired by the defaulting Party at the time when the defaulting Party was excluded until the completion of the Project and the Client’s acceptance of same. The defaulting Party shall execute and deliver all documents and do all other things necessary or expedient to facilitate the exercise of such right and allow the non-defaulting Party to proceed with the performance of the Prime Contracts (including, but not limited to, the operation of any bank accounts in the name of the JV without reference to the defaulting Party). In such event, all references in this Agreement to the administration and direction of the JV by the Parties (through the Board of Representatives or the Parties directly) shall be deemed to exclude the defaulting Party.

Upon completion or sooner termination of the Prime Contracts and receipt of all amounts due under it, the non-defaulting Party shall account to the defaulting Party, who shall be entitled to receive an amount equal to the sum it provided towards the working capital together with its share of any profits earned and received as assessed up to the Date of Default, less its share of any losses (based on the originally stated and unadjusted Participating Interests as set forth in Article 4.1) resulting from the performance of the Prime Contracts whether such losses have arisen before or after the Date of Default together with all costs, damages and expenses arising therefrom which the continuing Parties have incurred. The defaulting Party’s profits that were earned and received as assessed up to the Date of Default shall be determined by multiplying the Final Profit (as determined under this Agreement) by a fraction, the numerator of which shall be the Prime Contracts calendar days worked up to the Date of Default and the denominator of which shall be the total calendar days worked to complete the Prime Contracts until acceptance by the Client. Any claims submitted after the Date of Default shall be excluded from the Final Profit when calculating the defaulting Party’s profits that were earned and received as assessed up to the Date of Default. The records of the JV shall be conclusive in establishing the calendar days worked.

In the event that the share of the losses chargeable to the defaulting Party and the costs, damages and expenses the non-defaulting Party incurred as aforesaid exceed the sums due to the defaulting Party, the defaulting Party shall promptly pay the excess to the non-defaulting Party on demand together with interest on such excess from the date of demand until payment (whether before or after judgment). The audited books of account of the JV shall be deemed to be conclusive evidence

for the purpose of establishing the amount of any profit realized or loss sustained as of the date of audit.

In the event a Party becomes insolvent or has a receiver, administrator or manager appointed over all or any part of its assets or goes into liquidation (unless the liquidation shall be for the sole purpose of reconstruction or amalgamation of a solvent Party) or becomes bankrupt, such Party shall immediately notify the other Parties. The Parties agree that the insolvency, receivership or bankruptcy shall not in and of itself cause a dissolution of the JV. Instead, the Parties agree that such Party shall be treated as a defaulting Party and the non-defaulting Party may avail itself of the remedies included above against a defaulting Party, including the right to wind up the JV or to carry on and complete the performance of the Prime Contracts itself, upon providing the defaulting Party written notice by hand-delivery or by facsimile with a copy by U.S. Certified Mail return receipt requested, unless the defaulting Party, its surety, or the trustee within ten (10) business days of receipt of the non-defaulting Party's notice of default:

- (a) Promptly cures all defaults;
- (b) Provides adequate assurances of future performance;
- (c) Compensates the other Party for actual pecuniary loss resulting from such default; and
- (d) Assumes the obligations of the defaulting Party under this Agreement within the statutory time limits.

Provided, however, in the event that the insolvency, receivership, or bankruptcy is considered a breach of the Prime Contracts which cannot be cured, then the Parties agree that the cures listed above are inapplicable and such Party shall be deemed a defaulting party.

ARTICLE 15 EXCLUSIVITY

Each Party agrees and represents and warrants to the other that neither it nor any of its Affiliates have had or will in any way have any separate dealings, negotiations with or provide any information to any other company, consortium or joint venture which is competing with or attempting to compete with the Parties in connection with the Project. Similarly, no Party nor any of its Affiliates shall individually or jointly with any third party participate in the preparation and submission of a separate Bids offering the execution of the Project or any part thereof, or negotiate or enter into any agreement with any company, consortium, joint venture or any other organization which is competing with or attempting to compete with the JV with respect to the Project and/or the works (or any part thereof). The provisions of this Article shall survive the termination of this Agreement and shall continue to bind any Party. Notwithstanding anything else herein to the contrary, in the event the Client does not select the JV and the Parties do not enter into the Prime Contracts, the Parties shall be permitted to offer and to provide their services to the winning Bidsder for the execution of the Project.

**ARTICLE 16
CONFIDENTIALITY**

16.1 Confidentiality

- (a) The Parties agree to disclose and make available to each other certain sensitive or confidential information, data or knowledge concerning the Bids or the Prime Contracts ("Confidential Information"), the disclosure of which the Parties may need in order to collaborate with each other. Neither Party shall disclose the Confidential Information unless under the written permission of the other Party. All other Confidential Information shall be held in strict confidence of the other Party.

**ARTICLE 17
DISPUTE RESOLUTION**

Insofar as the Parties are unable to agree on any matter contained in this Agreement, each of the Parties agree that its respective President or Chief Executive Officer will use commercially reasonable efforts to reach an agreement with the other Parties' President or Chief Executive Officer in respect of such disputed matter. In the event that the Presidents or Chief Executive Officers of the Parties fail to reach an agreement in respect of the disputed matter within ten (10) business days of the referral to them, the Parties agree to submit to final and binding arbitration under the Construction Industry Arbitration Rules of the American Arbitration Association then in effect. The venue for such arbitration shall be in the State where the project is Located or such other place as the Parties may agree.

**ARTICLE 18
GOVERNING LAW, JURISDICTION**

18.1 Governing Law, Jurisdiction

This Agreement will be governed by, construed and enforced in accordance with, the laws of the State of where the project is located without regard to any principles of conflicts of laws.

**ARTICLE 19
NOTICES**

19.1 Notices

The addresses and phone numbers of each Party for notices shall be as follows:

Judlau: 1011 Warrenville Rd, Suite 195, Lisle, IL 60532

Telephone: 630-387-6040

Email: Arnav.amin@ohlina.com

S&J: 4245 166th Street, Oak Forest, IL 60452

Telephone: 708-331-1816

Email: skapovich@sjconst.com

Any notice, communication or statement required, permitted or contemplated hereunder (a “notice”) shall be in writing and shall be delivered as follows:

- (a) by hand delivery to a Party between 8:00 a.m. and 5:00 p.m. on a business day at the address of such Party for notices, in which case the notice shall be deemed to have been received by that Party when it is delivered;
- (b) by fax to a Party to the fax number of such Party for notices, in which case, if the notice was faxed prior to 5:00 p.m. on a business day, the notice shall be deemed to have been received by that Party when it was faxed and if it is faxed on a day which is not a business day or is faxed after 5:00 p.m. on a business day, it shall be deemed to have been received on the next following business day; or
- (c) by first class registered postage prepaid mail to a Party at the address of such Party for notices, in which case the notice shall be deemed to have been received by that Party on the fifth (5th) business day following the date of mailing.
- (d) by email to a Party at the email address of such Party for notice, in which case the notice shall be deemed to have been received upon the day the email was sent.

A Party may from time to time change its address for service or its fax number for service by giving written notice of such change to the other Party.

ARTICLE 20 MISCELLANEOUS

20.1 Binding Effect

This Agreement shall inure to the benefit of, and be binding on, the Parties and their respective successors and permitted assigns. Nothing in this Agreement, expressed or implied, is intended nor shall be construed to confer upon or give to any person, firm or corporation other than the Parties, their successors and assigns, any right, remedy or claim under this Agreement or by reason hereof, or any covenant, stipulation, promise or agreement hereof; and all covenants, stipulations, promises and agreements herein contained shall be for the sole and exclusive benefit of the Parties and their respective successors and assigns.

Each Party represents and warrants to each of the other Parties that it has the authority to enter into this Agreement and that it has not entered into any agreement, arrangement or understanding with any other party, which may preclude it from carrying out any of its obligations under this Agreement.

20.2 Entirety and Agreement Amendment

This Agreement constitutes the entire agreement between the Parties and supersedes any prior understandings, correspondence or agreement, written or oral, made among the Parties in relation to the same subject matter prior to the date of this Agreement by the Parties. No amendment to or modification of the terms of this Agreement shall be valid, binding or enforceable, except as

specifically provided for in this Agreement, unless reduced to writing and duly executed by the Parties.

20.3 Waiver

None of the provisions of this Agreement shall be considered waived by a Party except when such waiver is in writing. The failure of a Party to insist in any instance on strict performance of any of the provisions of this Agreement shall not be construed as a waiver of any such provision or the relinquishment of any rights hereunder in the future. A written waiver by any Party of any breach of any provision of this Agreement shall not be construed as a waiver by such Party of any succeeding breach of such provisions or a waiver by such Party of a breach of any other provision. The granting of any consent or approval by any Party in any one instance shall not be construed to waive or limit the need for such consent or approval in any other or subsequent instance.

20.4 Severability

The invalidity or unenforceability of any provision of this Agreement shall not affect the validity and enforceability of any other provision, and each provision of this Agreement shall be enforced to the maximum extent permitted by applicable law. Any invalid or unenforceable provision shall be deemed severed from this Agreement; provided, however, the Parties shall negotiate in good faith an amendment to such invalid or unenforceable provision that fulfills the original intent of the Parties.

20.5 Counterparts and Execution by Facsimile

This Agreement may be executed in one or more counterparts. Each executed counterpart shall have the same force and effect as an original instrument and will constitute an original and binding agreement for all purposes. Counterparts may be executed in original, faxed, or electronic scanned or PDF file type (Adobe Acrobat Portable Document Format) form.

23.6 Ethics and Compliance

All of the Parties' officers and employees involved with the Bids or the work required by the Prime Contracts must learn, understand and comply with the OHL's Code of Ethics, available at: <http://www.ohlcompromiso.com/en/code-of-ethics/code-of-ethics/>

[Signature page follows]

IN WITNESS WHEREOF, the Parties have duly executed this Agreement as of the date first written above.

This Power of Attorney is made and executed pursuant to and by authority of the following By-laws and Authorizations of The Ohio Casualty Insurance Company, Liberty Mutual Insurance Company, and West American Insurance Company which resolutions are now in full force and effect reading as follows:

ARTICLE IV - OFFICERS: Section 12. Power of Attorney.

Any officer or other official of the Corporation authorized for that purpose in writing by the Chairman or the President, and subject to such limitation as the Chairman or the President may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Corporation to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact, subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Corporation by their signature and execution of any such instruments and to attach thereto the seal of the Corporation. When so executed, such instruments shall be as binding as if signed by the President and attested to by the Secretary. Any power or authority granted to any representative or attorney-in-fact under the provisions of this article may be revoked at any time by the Board, the Chairman, the President or by the officer or officers granting such power or authority.

ARTICLE XIII - Execution of Contracts: Section 5. Surety Bonds and Undertakings.

Any officer of the Company authorized for that purpose in writing by the chairman or the president, and subject to such limitations as the chairman or the president may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Company by their signature and execution of any such instruments and to attach thereto the seal of the Company. When so executed such instruments shall be as binding as if signed by the president and attested by the secretary.

Certificate of Designation - The President of the Company, acting pursuant to the Bylaws of the Company, authorizes David M. Carey, Assistant Secretary to appoint such attorneys-in-fact as may be necessary to act on behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations.

Authorization - By unanimous consent of the Company's Board of Directors, the Company consents that facsimile or mechanically reproduced signature of any assistant secretary of the Company, wherever appearing upon a certified copy of any power of attorney issued by the Company in connection with surety bonds, shall be valid and binding upon the Company with the same force and effect as though manually affixed.

I, Renee C. Llewellyn, the undersigned, Assistant Secretary, The Ohio Casualty Insurance Company, Liberty Mutual Insurance Company, and West American Insurance Company do hereby certify that the original power of attorney of which the foregoing is a full, true and correct copy of the Power of Attorney executed by said Companies, is in full force and effect and has not been revoked.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the seals of said Companies this 3rd day of August, 2020.

This Power of Attorney is made and executed pursuant to and by authority of the following By-laws and Authorizations of The Ohio Casualty Insurance Company, Liberty Mutual Insurance Company, and West American Insurance Company which resolutions are now in full force and effect reading as follows:

ARTICLE IV - OFFICERS: Section 12. Power of Attorney.

Any officer or other official of the Corporation authorized for that purpose in writing by the Chairman or the President, and subject to such limitation as the Chairman or the President may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Corporation to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact, subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Corporation by their signature and execution of any such instruments and to attach thereto the seal of the Corporation. When so executed, such instruments shall be as binding as if signed by the President and attested to by the Secretary. Any power or authority granted to any representative or attorney-in-fact under the provisions of this article may be revoked at any time by the Board, the Chairman, the President or by the officer or officers granting such power or authority.

ARTICLE XIII - Execution of Contracts: Section 5. Surety Bonds and Undertakings.

Any officer of the Company authorized for that purpose in writing by the chairman or the president, and subject to such limitations as the chairman or the president may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Company by their signature and execution of any such instruments and to attach thereto the seal of the Company. When so executed such instruments shall be as binding as if signed by the president and attested by the secretary.

Certificate of Designation - The President of the Company, acting pursuant to the Bylaws of the Company, authorizes David M. Carey, Assistant Secretary to appoint such attorneys-in-fact as may be necessary to act on behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations.

Authorization - By unanimous consent of the Company's Board of Directors, the Company consents that facsimile or mechanically reproduced signature of any assistant secretary of the Company, wherever appearing upon a certified copy of any power of attorney issued by the Company in connection with surety bonds, shall be valid and binding upon the Company with the same force and effect as though manually affixed.

I, Renee C. Lewellyn, the undersigned, Assistant Secretary, The Ohio Casualty Insurance Company, Liberty Mutual Insurance Company, and West American Insurance Company do hereby certify that the original power of attorney of which the foregoing is a full, true and correct copy of the Power of Attorney executed by said Companies, is in full force and effect and has not been revoked.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the seals of said Companies this 3rd day of August, 2020.

4. Other Insurance

If valid and collectible other insurance is available to the insured for a loss we cover under Coverages **A** or **B** of this Coverage Part, our obligations are limited as described in Paragraphs **a.** and **b.** below.

As used anywhere in this Coverage Part, other insurance means insurance, or the funding of losses, that is provided by, through or on behalf of:

- (i) Another insurance company;
- (ii) Us or any of our affiliated insurance companies, except when the Non cumulation of Each Occurrence Limit provision of Paragraph **5.** of Section **III** – Limits Of Insurance or the Non cumulation of Personal and Advertising Injury Limit provision of Paragraph **4.** of Section **III** – Limits of Insurance applies because the Amendment – Non Cumulation Of Each Occurrence Limit Of Liability And Non Cumulation Of Personal And Advertising Injury Limit endorsement is included in this policy;
- (iii) Any risk retention group; or
- (iv) Any self-insurance method or program, in which case the insured will be deemed to be the provider of other insurance.

Other insurance does not include umbrella insurance, or excess insurance, that was bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

As used anywhere in this Coverage Part, other insurer means a provider of other insurance. As used in Paragraph **c.** below, insurer means a provider of insurance.

a. Primary Insurance

This insurance is primary except when Paragraph **b.** below applies. If this insurance is primary, our obligations are not affected unless any of the other insurance is also primary. Then, we will share with all that other insurance by the method described in Paragraph **c.** below, except when Paragraph **d.** below applies.

b. Excess Insurance

- (1) This insurance is excess over:
 - (a) Any of the other insurance, whether primary, excess, contingent or on any other basis:
 - (i) That is Fire, Extended Coverage, Builder's Risk, Installation Risk or similar coverage for "your work";

- (ii) That is insurance for "premises damage";

- (iii) If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to any exclusion in this Coverage Part that applies to aircraft, "autos" or watercraft;

- (iv) That is insurance available to a premises owner, manager or lessor that qualifies as an insured under Paragraph **4.** of Section **II** – Who Is An Insured, except when Paragraph **d.** below applies; or

- (v) That is insurance available to an equipment lessor that qualifies as an insured under Paragraph **5.** of Section **II** – Who Is An Insured, except when Paragraph **d.** below applies.

- (b) Any of the other insurance, whether primary, excess, contingent or on any other basis, that is available to the insured when the insured is an additional insured, or is any other insured that does not qualify as a named insured, under such other insurance.
- (2) When this insurance is excess, we will have no duty under Coverages **A** or **B** to defend the insured against any "suit" if any other insurer has a duty to defend the insured against that "suit". If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insurers.
 - (3) When this insurance is excess over other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:
 - (a) The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
 - (b) The total of all deductible and self-insured amounts under all that other insurance.
 - (4) We will share the remaining loss, if any, with any other insurance that is not described in this Excess Insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

c. Method Of Sharing

If all of the other insurance permits contribution by equal shares, we will follow this method also. Under this approach each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first.

If any of the other insurance does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's share is based on the ratio of its applicable limit of insurance to the total applicable limits of insurance of all insurers.

d. Primary And Non-Contributory Insurance If Required By Written Contract

If you specifically agree in a written contract or agreement that the insurance afforded to an insured under this Coverage Part must apply on a primary basis, or a primary and non-contributory basis, this insurance is primary to other insurance that is available to such insured which covers such insured as a named insured, and we will not share with that other insurance, provided that:

- (1) The "bodily injury" or "property damage" for which coverage is sought occurs; and
- (2) The "personal and advertising injury" for which coverage is sought is caused by an offense that is committed;

subsequent to the signing of that contract or agreement by you.

5. Premium Audit

- a. We will compute all premiums for this Coverage Part in accordance with our rules and rates.
- b. Premium shown in this Coverage Part as advance premium is a deposit premium only. At the close of each audit period we will compute the earned premium for that period and send notice to the first Named Insured. The due date for audit and retrospective premiums is the date shown as the due date on the bill. If the sum of the advance and audit premiums paid for the policy period is greater than the earned premium, we will return the excess to the first Named Insured.
- c. The first Named Insured must keep records of the information we need for premium computation, and send us copies at such times as we may request.

6. Representations

By accepting this policy, you agree:

- a. The statements in the Declarations are accurate and complete;
- b. Those statements are based upon representations you made to us; and
- c. We have issued this policy in reliance upon your representations.

The unintentional omission of, or unintentional error in, any information provided by you which we relied upon in issuing this policy will not prejudice your rights under this insurance. However, this provision does not affect our right to collect additional premium or to exercise our rights of cancellation or nonrenewal in accordance with applicable insurance laws or regulations.

7. Separation Of Insureds

Except with respect to the Limits of Insurance, and any rights or duties specifically assigned in this Coverage Part to the first Named Insured, this insurance applies:

- a. As if each Named Insured were the only Named Insured; and
- b. Separately to each insured against whom claim is made or "suit" is brought.

8. Transfer Of Rights Of Recovery Against Others To Us

If the insured has rights to recover all or part of any payment we have made under this Coverage Part, those rights are transferred to us. The insured must do nothing after loss to impair them. At our request, the insured will bring "suit" or transfer those rights to us and help us enforce them.

9. When We Do Not Renew

If we decide not to renew this Coverage Part, we will mail or deliver to the first Named Insured shown in the Declarations written notice of the nonrenewal not less than 30 days before the expiration date.

If notice is mailed, proof of mailing will be sufficient proof of notice.

SECTION V – DEFINITIONS

- 1. "Advertisement" means a notice that is broadcast or published to the general public or specific market segments about your goods, products or services for the purpose of attracting customers or supporters. For the purposes of this definition:
 - a. Notices that are published include material placed on the Internet or on similar electronic means of communication; and
 - b. Regarding websites, only that part of a website that is about your goods, products or services for the purposes of attracting customers or supporters is considered an advertisement.

XTEND ENDORSEMENT FOR CONTRACTORS

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

GENERAL DESCRIPTION OF COVERAGE – This endorsement broadens coverage. However, coverage for any injury, damage or medical expenses described in any of the provisions of this endorsement may be excluded or limited by another endorsement to this Coverage Part, and these coverage broadening provisions do not apply to the extent that coverage is excluded or limited by such an endorsement. The following listing is a general coverage description only. Read all the provisions of this endorsement and the rest of your policy carefully to determine rights, duties, and what is and is not covered.

Blanket Waiver Of Subrogation E. Contractual Liability – Railroads F. Damage To Premises Rented To You |
|---|--|

PROVISIONS

A. WHO IS AN INSURED – UNNAMED SUBSIDIARIES

The following is added to **SECTION II – WHO IS AN INSURED**:

Any of your subsidiaries, other than a partnership, joint venture or limited liability company, that is not shown as a Named Insured in the Declarations is a Named Insured if:

- a.** You are the sole owner of, or maintain an ownership interest of more than 50% in, such subsidiary on the first day of the policy period; and
- b.** Such subsidiary is not an insured under similar other insurance.

No such subsidiary is an insured for "bodily injury" or "property damage" that occurred, or "personal and advertising injury" caused by an offense committed:

- a.** Before you maintained an ownership interest of more than 50% in such subsidiary; or
- b.** After the date, if any, during the policy period that you no longer maintain an ownership interest of more than 50% in such subsidiary.

For purposes of Paragraph 1. of Section II – Who Is An Insured, each such subsidiary will be deemed to be designated in the Declarations as:

- a.** An organization other than a partnership, joint venture or limited liability company; or
- b.** A trust;

as indicated in its name or the documents that govern its structure.

B. BLANKET ADDITIONAL INSURED – GOVERNMENTAL ENTITIES – PERMITS OR AUTHORIZATIONS RELATING TO OPERATIONS

The following is added to **SECTION II – WHO IS AN INSURED**:

Any governmental entity that has issued a permit or authorization with respect to operations performed by you or on your behalf and that you are required by any ordinance, law, building code or written contract or agreement to include as an additional insured on this Coverage Part is an insured, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" arising out of such operations.

The insurance provided to such governmental entity does not apply to:

- a.** Any "bodily injury", "property damage" or "personal and advertising injury" arising out of operations performed for the governmental entity; or
- b.** Any "bodily injury" or "property damage" included in the "products-completed operations hazard".

C. INCIDENTAL MEDICAL MALPRACTICE

1. The following replaces Paragraph **b.** of the definition of "occurrence" in the **DEFINITIONS** Section:

- b.** An act or omission committed in providing or failing to provide "incidental medical services", first aid or "Good Samaritan services" to a person, unless you are in the business or occupation of providing professional health care services.

2. The following replaces the last paragraph of Paragraph **2.a.(1)** of **SECTION II – WHO IS AN INSURED**:

Unless you are in the business or occupation of providing professional health care services, Paragraphs **(1)(a), (b), (c)** and **(d)** above do not apply to "bodily injury" arising out of providing or failing to provide:

- (a)** "Incidental medical services" by any of your "employees" who is a nurse, nurse assistant, emergency medical technician or paramedic; or

- (b)** First aid or "Good Samaritan services" by any of your "employees" or "volunteer workers", other than an employed or volunteer doctor. Any such "employees" or "volunteer workers" providing or failing to provide first aid or "Good Samaritan services" during their work hours for you will be deemed to be acting within the scope of their employment by you or performing duties related to the conduct of your business.

3. The following replaces the last sentence of Paragraph **5.** of **SECTION III – LIMITS OF INSURANCE**:

For the purposes of determining the applicable Each Occurrence Limit, all related acts or omissions committed in providing or failing to provide "incidental medical services", first aid or "Good Samaritan services" to any one person will be deemed to be one "occurrence".

4. The following exclusion is added to Paragraph **2., Exclusions,** of **SECTION I – COVERAGES – COVERAGE A – BODILY INJURY AND PROPERTY DAMAGE LIABILITY**:

Sale Of Pharmaceuticals

"Bodily injury" or "property damage" arising out of the violation of a penal statute or ordinance relating to the sale of

pharmaceuticals committed by, or with the knowledge or consent of, the insured.

5. The following is added to the **DEFINITIONS** Section:

"Incidental medical services" means:

- a.** Medical, surgical, dental, laboratory, x-ray or nursing service or treatment, advice or instruction, or the related furnishing of food or beverages; or

- b.** The furnishing or dispensing of drugs or medical, dental, or surgical supplies or appliances.

6. The following is added to Paragraph **4.b., Excess Insurance,** of **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**:

This insurance is excess over any valid and collectible other insurance, whether primary, excess, contingent or on any other basis, that is available to any of your "employees" for "bodily injury" that arises out of providing or failing to provide "incidental medical services" to any person to the extent not subject to Paragraph **2.a.(1)** of Section **II – Who Is An Insured**.

D. BLANKET WAIVER OF SUBROGATION

The following is added to Paragraph **8., Transfer Of Rights Of Recovery Against Others To Us,** of **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**:

If the insured has agreed in a contract or agreement to waive that insured's right of recovery against any person or organization, we waive our right of recovery against such person or organization, but only for payments we make because of:

- a.** "Bodily injury" or "property damage" that occurs; or

- b.** "Personal and advertising injury" caused by an offense that is committed;

subsequent to the execution of the contract or agreement.

E. CONTRACTUAL LIABILITY – RAILROADS

1. The following replaces Paragraph **c.** of the definition of "insured contract" in the **DEFINITIONS** Section:

- c.** Any easement or license agreement;

2. Paragraph **f.(1)** of the definition of "insured contract" in the **DEFINITIONS** Section is deleted.

F. DAMAGE TO PREMISES RENTED TO YOU

The following replaces the definition of "premises damage" in the **DEFINITIONS** Section:

"Premises damage" means "property damage" to:

- a. Any premises while rented to you or temporarily occupied by you with permission of the owner; or
- b. The contents of any premises while such premises is rented to you, if you rent such premises for a period of seven or fewer consecutive days.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

BUSINESS AUTO EXTENSION ENDORSEMENT

This endorsement modifies insurance provided under the following:

BUSINESS AUTO COVERAGE FORM

GENERAL DESCRIPTION OF COVERAGE – This endorsement broadens coverage. However, coverage for any injury, damage or medical expenses described in any of the provisions of this endorsement may be excluded or limited by another endorsement to the Coverage Part, and these coverage broadening provisions do not apply to the extent that coverage is excluded or limited by such an endorsement. The following listing is a general coverage description only. Limitations and exclusions may apply to these coverages. Read all the provisions of this endorsement and the rest of your policy carefully to determine rights, duties, and what is and is not covered.

PROVISIONS

A. BROAD FORM NAMED INSURED

The following is added to Paragraph A.1., **Who Is An Insured**, of SECTION II – COVERED AUTOS LIABILITY COVERAGE:

Any organization you newly acquire or form during the policy period over which you maintain 50% or more ownership interest and that is not separately insured for Business Auto Coverage. Coverage under this provision is afforded only until the 180th day after you acquire or form the organization or the end of the policy period, whichever is earlier.

B. BLANKET ADDITIONAL INSURED

The following is added to Paragraph c. in A.1., **Who Is An Insured**, of SECTION II – COVERED AUTOS LIABILITY COVERAGE:

Any person or organization who is required under a written contract or agreement between you and that person or organization, that is signed and executed by you before the "bodily injury" or "property damage" occurs and that is in effect during the policy period, to be named as an additional insured is an "insured" for Covered Autos Liability Coverage, but only for damages to which

this insurance applies and only to the extent that person or organization qualifies as an "insured" under the Who Is An Insured provision contained in Section II.

C. EMPLOYEE HIRED AUTO

1. The following is added to Paragraph A.1., **Who Is An Insured**, of SECTION II – COVERED AUTOS LIABILITY COVERAGE:

An "employee" of yours is an "insured" while operating an "auto" hired or rented under a contract or agreement in an "employee's" name, with your permission, while performing duties related to the conduct of your business.

2. The following replaces Paragraph b. in B.5., **Other Insurance**, of SECTION IV – BUSINESS AUTO CONDITIONS:

b. For Hired Auto Physical Damage Coverage, the following are deemed to be covered "autos" you own:

- (1) Any covered "auto" you lease, hire, rent or borrow; and
- (2) Any covered "auto" hired or rented by your "employee" under a contract in an "employee's" name, with your

COMMERCIAL AUTO

permission, while performing duties related to the conduct of your business.

However, any "auto" that is leased, hired, rented or borrowed with a driver is not a covered "auto".

D. EMPLOYEES AS INSURED

The following is added to Paragraph A.1., **Who Is An Insured**, of SECTION II – COVERED AUTOS LIABILITY COVERAGE:

Any "employee" of yours is an "insured" while using a covered "auto" you don't own, hire or borrow in your business or your personal affairs.

E. SUPPLEMENTARY PAYMENTS – INCREASED LIMITS

1. The following replaces Paragraph A.2.a.(2), of SECTION II – COVERED AUTOS LIABILITY COVERAGE:

(2) Up to \$3,000 for cost of bail bonds (including bonds for related traffic law violations) required because of an "accident" we cover. We do not have to furnish these bonds.

2. The following replaces Paragraph A.2.a.(4), of SECTION II – COVERED AUTOS LIABILITY COVERAGE:

(4) All reasonable expenses incurred by the "insured" at our request, including actual loss of earnings up to \$500 a day because of time off from work.

F. HIRED AUTO – LIMITED WORLDWIDE COVERAGE – INDEMNITY BASIS

The following replaces Subparagraph (5) in Paragraph B.7., **Policy Period, Coverage Territory**, of SECTION IV – BUSINESS AUTO CONDITIONS:

(5) Anywhere in the world, except any country or jurisdiction while any trade sanction, embargo, or similar regulation imposed by the United States of America applies to and prohibits the transaction of business with or within such country or jurisdiction, for Covered Autos Liability Coverage for any covered "auto" that you lease, hire, rent or borrow without a driver for a period of 30 days or less and that is not an "auto" you lease, hire, rent or borrow from any of your "employees", partners (if you are a partnership), members (if you are a limited liability company) or members of their households.

(a) With respect to any claim made or "suit" brought outside the United States of America, the territories and possessions of the United States of America, Puerto Rico and Canada:

(i) You must arrange to defend the "insured" against, and investigate or settle any such claim or "suit" and keep us advised of all proceedings and actions.

(ii) Neither you nor any other involved "insured" will make any settlement without our consent.

(iii) We may, at our discretion, participate in defending the "insured" against, or in the settlement of, any claim or "suit".

(iv) We will reimburse the "insured" for sums that the "insured" legally must pay as damages because of "bodily injury" or "property damage" to which this insurance applies, that the "insured" pays with our consent, but only up to the limit described in Paragraph C., **Limits Of Insurance**, of SECTION II – COVERED AUTOS LIABILITY COVERAGE.

(v) We will reimburse the "insured" for the reasonable expenses incurred with our consent for your investigation of such claims and your defense of the "insured" against any such "suit", but only up to and included within the limit described in Paragraph C., **Limits Of Insurance**, of SECTION II – COVERED AUTOS LIABILITY COVERAGE, and not in addition to such limit. Our duty to make such payments ends when we have used up the applicable limit of insurance in payments for damages, settlements or defense expenses.

(b) This insurance is excess over any valid and collectible other insurance available to the "insured" whether primary, excess, contingent or on any other basis.

(c) This insurance is not a substitute for required or compulsory insurance in any country outside the United States, its territories and possessions, Puerto Rico and Canada.

You agree to maintain all required or compulsory insurance in any such country up to the minimum limits required by local law. Your failure to comply with compulsory insurance requirements will not invalidate the coverage afforded by this policy, but we will only be liable to the same extent we would have been liable had you complied with the compulsory insurance requirements.

- (d) It is understood that we are not an admitted or authorized insurer outside the United States of America, its territories and possessions, Puerto Rico and Canada. We assume no responsibility for the furnishing of certificates of insurance, or for compliance in any way with the laws of other countries relating to insurance.

G. WAIVER OF DEDUCTIBLE – GLASS

The following is added to Paragraph D., Deductible, of SECTION III – PHYSICAL DAMAGE COVERAGE:

No deductible for a covered "auto" will apply to glass damage if the glass is repaired rather than replaced.

H. HIRED AUTO PHYSICAL DAMAGE – LOSS OF USE – INCREASED LIMIT

The following replaces the last sentence of Paragraph A.4.b., Loss Of Use Expenses, of SECTION III – PHYSICAL DAMAGE COVERAGE:

However, the most we will pay for any expenses for loss of use is \$65 per day, to a maximum of \$750 for any one "accident".

I. PHYSICAL DAMAGE – TRANSPORTATION EXPENSES – INCREASED LIMIT

The following replaces the first sentence in Paragraph A.4.a., Transportation Expenses, of SECTION III – PHYSICAL DAMAGE COVERAGE:

We will pay up to \$50 per day to a maximum of \$1,500 for temporary transportation expense incurred by you because of the total theft of a covered "auto" of the private passenger type.

J. PERSONAL PROPERTY

The following is added to Paragraph A.4., Coverage Extensions, of SECTION III – PHYSICAL DAMAGE COVERAGE:

Personal Property

We will pay up to \$400 for "loss" to wearing apparel and other personal property which is:

- (1) Owned by an "insured"; and

- (2) In or on your covered "auto".

This coverage applies only in the event of a total theft of your covered "auto".

No deductibles apply to this Personal Property coverage.

K. AIRBAGS

The following is added to Paragraph B.3., Exclusions, of SECTION III – PHYSICAL DAMAGE COVERAGE:

Exclusion 3.a. does not apply to "loss" to one or more airbags in a covered "auto" you own that inflate due to a cause other than a cause of "loss" set forth in Paragraphs A.1.b. and A.1.c., but only:

- a. If that "auto" is a covered "auto" for Comprehensive Coverage under this policy;
- b. The airbags are not covered under any warranty; and
- c. The airbags were not intentionally inflated.

We will pay up to a maximum of \$1,000 for any one "loss".

L. NOTICE AND KNOWLEDGE OF ACCIDENT OR LOSS

The following is added to Paragraph A.2.a., of SECTION IV – BUSINESS AUTO CONDITIONS:

Your duty to give us or our authorized representative prompt notice of the "accident" or "loss" applies only when the "accident" or "loss" is known to:

- (a) You (if you are an individual);
- (b) A partner (if you are a partnership);
- (c) A member (if you are a limited liability company);
- (d) An executive officer, director or insurance manager (if you are a corporation or other organization); or
- (e) Any "employee" authorized by you to give notice of the "accident" or "loss".

M. BLANKET WAIVER OF SUBROGATION

The following replaces Paragraph A.5., Transfer Of Rights Of Recovery Against Others To Us, of SECTION IV – BUSINESS AUTO CONDITIONS:

5. Transfer Of Rights Of Recovery Against Others To Us

We waive any right of recovery we may have against any person or organization to the extent required of you by a written contract signed and executed prior to any "accident" or "loss", provided that the "accident" or "loss" arises out of operations contemplated by

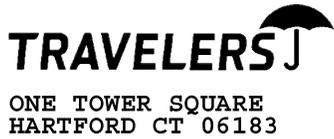

COMMERCIAL AUTO

such contract. The waiver applies only to the person or organization designated in such contract.

N. UNINTENTIONAL ERRORS OR OMISSIONS

The following is added to Paragraph B.2., **Concealment, Misrepresentation, Or Fraud**, of SECTION IV – BUSINESS AUTO CONDITIONS:

The unintentional omission of, or unintentional error in, any information given by you shall not prejudice your rights under this insurance. However this provision does not affect our right to collect additional premium or exercise our right of cancellation or non-renewal.

AUTO ENHANCEMENT ENDORSEMENT

This endorsement modifies insurance provided under the following:

BUSINESS AUTO COVERAGE FORM

- I. Newly Acquired or Formed Organizations
- II. Employees as Insureds
- III. Lessor - Additional Insured and Loss Payee
- IV. Supplementary Payments - Increased Limits
- V. Fellow Employee Coverage
- VI. Personal Property of Others
- VII. Additional Transportation Expense and Cost to Recover Stolen Auto
- VIII. Airbag Coverage
- IX. Tapes, Records and Discs Coverage
- X. Physical Damage Deductible - Single Deductible
- XI. Physical Damage Deductible - Glass
- XII. Physical Damage Deductible - Vehicle Tracking System
- XIII. Duties in Event of Accident, Claim, Suit or Loss
- XIV. Unintentional Failure to Disclose Hazards
- XV. Worldwide Liability Coverage - Hired and Nonowned Autos
- XVI. Hired Auto Physical Damage
- XVII. Auto Medical Payments Coverage Increased Limits
- XVIII. Drive Other Car Coverage - Broadened Coverage for Designated Individuals
- XIX. Rental Reimbursement Coverage
- XX. Notice of Cancellation or Nonrenewal
- XXI. Loan/Lease Payoff Coverage
- XXII. Limited Mexico Coverage
- XXIII. Waiver of Subrogation

I. NEWLY ACQUIRED OR FORMED ORGANIZATIONS

Throughout this policy, the words you and your also refer to any organization you newly acquire or form, other than a partnership or joint venture, and over which you maintain ownership of more than 50 percent interest, provided:

- A. There is no similar insurance available to that organization;
- B. Unless you notify us to add coverage to your policy, the coverage under this provision is afforded only until:
 - 1. The 90th day after you acquire or form the organization; or
 - 2. The end of the policy period, whichever is earlier; and
- C. The coverage does not apply to an "accident" which occurred before you acquired or formed the organization.

II. EMPLOYEES AS INSUREDS

Paragraph A.1. Who Is An Insured of SECTION II - LIABILITY COVERAGE is amended to add:

Your "employee" is an "insured" while using with your permission a covered "auto" you do not own, hire or borrow in your business or your personal affairs.

III. LESSOR - ADDITIONAL INSURED AND LOSS PAYEE

- A. Any "leased auto" will be considered an "auto" you own and not an "auto" you hire or borrow. The coverages provided under this section apply to any "leased auto" until the expiration date of this policy or until the lessor or his or her agent takes possession of the "leased auto" whichever occurs first.
- B. For any "leased auto" that is a covered "auto" under SECTION II- LIABILITY COVERAGE, Paragraph A.1. Who Is An Insured provision is changed to include as an "insured" the lessor of the "leased auto". However, the lessor is an "insured" only for "bodily injury" or "property damage" resulting from the acts or omissions by:
1. You.
 2. Any of your "employees" or agents; or
 3. Any person, except the lessor or any "employee" or agent of the lessor, operating a "leased auto" with the permission of any of the above.
- C. Loss Payee Clause
1. We will pay, as interests may appear, you and the lessor of the "leased auto" for "loss" to the covered "leased auto".
 2. The insurance covers the interest of the lessor of the "leased auto" unless the "loss" results from fraudulent acts or omissions on your part.
 3. If we make any payment to the lessor of a "leased auto", we will obtain his or her rights against any other party.
- D. Cancellation
1. If we cancel the policy, we will mail notice to the lessor in accordance with the Cancellation Common Policy Condition.
 2. If you cancel the policy, we will mail notice to the lessor.
 3. Cancellation ends this agreement.
- E. The lessor is not liable for payment of your premiums.
- F. For purposes of this endorsement, the following definitions apply:
- "Leased auto" means an "auto" which you lease for a period of six months or longer for use in your business, including any "temporary substitute" of such "leased auto".

Policy Number AS2-Z91-471976-030
Issued by Liberty Mutual Fire Insurance Co.

"Temporary substitute" means an "auto" that is furnished as a substitute for a covered "auto" when the covered "auto" is out of service because of its breakdown, repair, servicing, "loss" or destruction.

IV. SUPPLEMENTARY PAYMENTS - INCREASED LIMITS

Subparagraphs A.2.a.(2) and A.2.a.(4) of SECTION II - LIABILITY COVERAGE are deleted and replaced by the following:

- (2) Up to \$3,000 for the cost of bail bonds (including bonds for related traffic law violations) required because of an "accident" we cover. We do not have to furnish these bonds.
- (4) All reasonable expenses incurred by the "insured" at our request, including the actual loss of earnings up to \$500 a day because of time off from work.

V. FELLOW EMPLOYEE COVERAGE

- A. Exclusion B.5. of SECTION II - LIABILITY COVERAGE does not apply.
- B. For the purpose of Fellow Employee Coverage only, Paragraph B.5. of BUSINESS AUTO CONDITIONS is changed as follows:

This Fellow Employee Coverage is excess over any other collectible insurance.

VI. PERSONAL PROPERTY OF OTHERS

Exclusion 6. in SECTION II - LIABILITY COVERAGE for a covered "auto" is amended to add:

This exclusion does not apply to "property damage" or "covered pollution cost or expense" involving "personal property" of your "employees" or others while such property is carried by the covered "auto". The Limit of Insurance for this coverage is \$5,000 per "accident". Payment under this coverage does not increase the Limit of Insurance.

For the purpose of this section of this endorsement, "personal property" is defined as any property that is not used in the individual's trade or business or held for the production or collection of income.

VII. ADDITIONAL TRANSPORTATION EXPENSE AND COST TO RECOVER STOLEN AUTO

- A. Paragraph A.4.a. of SECTION III - PHYSICAL DAMAGE COVERAGE is amended as follows:

The amount we will pay is increased to \$50 per day and to a maximum limit of \$1,000.

- B. Paragraph A.4.a. of SECTION III - PHYSICAL DAMAGE COVERAGE is amended to add the following:

If your business is shown in the Declarations as something other than an auto dealership, we will also pay up to \$1,000 for reasonable and necessary costs incurred by you to return a stolen covered "auto" from the place where it is recovered to its usual garaging location.

VIII. AIRBAG COVERAGE

Exclusion B.3.a. in SECTION III - PHYSICAL DAMAGE COVERAGE is amended to add:

This exclusion does not apply to the accidental discharge of an airbag.

IX. TAPES, RECORDS AND DISCS COVERAGE

Exclusion B.4.a. of SECTION III - PHYSICAL DAMAGE COVERAGE is deleted and replaced by the following:

- a. Tapes, records, discs or other similar audio, visual or data electronic devices designed for use with audio, visual or data electronic equipment except when the tapes, records, discs or other similar audio, visual or data electronic devices:
 - (1) Are your property or that of a family member; and
 - (2) Are in a covered "auto" at the time of "loss".

The most we will pay for "loss" is \$200. No Physical Damage Coverage deductible applies to this coverage.

X. PHYSICAL DAMAGE DEDUCTIBLE - SINGLE DEDUCTIBLE

Paragraph D. in SECTION III - PHYSICAL DAMAGE COVERAGE is deleted and replaced by the following:

D. Deductible

For each covered "auto", our obligation to pay for, repair, return or replace damaged or stolen property will be reduced by the applicable deductible shown in the Declarations. Any Comprehensive Coverage deductible shown in the Declarations does not apply to "loss" caused by fire or lightning.

When two or more covered "autos" sustain "loss" in the same collision, the total of all the "loss" for all the involved covered "autos" will be reduced by a single deductible, which will be the largest of all the deductibles applying to all such covered "autos".

XI. PHYSICAL DAMAGE DEDUCTIBLE - GLASS

Paragraph D. in SECTION III - PHYSICAL DAMAGE COVERAGE is amended to add:

No deductible applies to "loss" to glass if you elect to patch or repair it rather than replace it.

XII. PHYSICAL DAMAGE DEDUCTIBLE - VEHICLE TRACKING SYSTEM

Paragraph D. in SECTION III - PHYSICAL DAMAGE COVERAGE is amended to add:

Any Comprehensive Coverage Deductible shown in the Declarations will be reduced by 50% for any "loss" caused by theft if the vehicle is equipped with a vehicle tracking device such as a radio tracking device or a global positioning device and that device was the method of recovery of the vehicle.

XIII. DUTIES IN EVENT OF ACCIDENT, CLAIM, SUIT OR LOSS

Subparagraphs A.2.a. and A.2.b. of SECTION IV- BUSINESS AUTO CONDITIONS are changed to:

- a. In the event of "accident", claim, "suit" or "loss", your insurance manager or any other person you designate must notify us as soon as reasonably possible of such "accident", claim, "suit" or "loss". Such notice must include:
 - (1) How, when and where the "accident" or "loss" occurred;

- (2) The "insured's" name and address; and
- (3) To the extent possible, the names and addresses of any injured persons and witnesses.

Knowledge of an "accident", claim, "suit" or "loss" by your agent, servant or "employee" shall not be considered knowledge by you unless you, your insurance manager or any other person you designate has received notice of the "accident", claim, "suit" or "loss" from your agent, servant or "employee".

b. Additionally, you and any other involved "insured" must:

- (1) Assume no obligation, make no payment or incur no expense without our consent, except at the "insured's" own cost.
- (2) Immediately send us copies of any request, demand, order, notice, summons or legal paper received concerning the claim or "suit".
- (3) Cooperate with us in the investigation or settlement of the claim or defense against the "suit".
- (4) Authorize us to obtain medical records or other pertinent information.
- (5) Submit to examination, at our expense, by physicians of our choice, as often as we reasonably require.

XIV. UNINTENTIONAL FAILURE TO DISCLOSE HAZARDS

Paragraph B.2. in SECTION IV - BUSINESS AUTO CONDITIONS is amended to add the following:

Any unintentional failure to disclose all exposures or hazards existing as of the effective date of the Business Auto Coverage Form or at any time during the policy period will not invalidate or adversely affect the coverage for such exposure or hazard. However, you must report the undisclosed exposure or hazard to us as soon as reasonably possible after its discovery

XV. WORLDWIDE LIABILITY COVERAGE - HIRED AND NONOWNED AUTOS

Condition B.7. in SECTION IV - BUSINESS AUTO CONDITIONS is amended to include the following:

For "accidents" resulting from the use or operation of covered "autos" you do not own, the coverage territory means all parts of the world subject to the following provisions:

- a. If claim is made or "suit" is brought against an "insured" outside of the United States of America, its territories and possessions, Puerto Rico and Canada, we shall have the right, but not the duty to investigate, negotiate, and settle or defend such claim or "suit".

If we do not exercise that right, the "insured" shall have the duty to investigate, negotiate, and settle or defend the claim or "suit" and we will reimburse the "insured" for the expenses reasonably incurred in connection with the investigation, settlement or defense. Reimbursement will be paid in the currency of the United States of America at the rate of exchange prevailing on the date of reimbursement.

The "insured" shall provide us with such information we shall reasonably request regarding such claim or "suit" and its investigation, negotiation, and settlement or defense.

The "insured" shall not agree to any settlement of the claim or "suit" without our consent. We shall not unreasonably withhold consent.

- b. We are not licensed to write insurance outside of the United States of America, its territories or possessions, Puerto Rico and Canada.

We will not furnish certificates of insurance or other evidence of insurance you may need for the purpose of complying with the laws of other countries relating to auto insurance.

Failure to comply with the auto insurance laws of other countries may result in fines or penalties. This insurance does not apply to such fines or penalties.

XVI. HIRED AUTO PHYSICAL DAMAGE

If no deductibles are shown in the Declarations for Physical Damage Coverage for Hired or Borrowed Autos, the following will apply:

- A. We will pay for "loss" under Comprehensive and Collision coverages to a covered "auto" of the private passenger type hired without an operator for use in your business:
 - 1. The most we will pay for coverage afforded by this endorsement is the lesser of:
 - a. The actual cost to repair or replace such covered "auto" with other property of like kind and quality; or
 - b. The actual cash value of such covered "auto" at the time of the "loss".
 - 2. An adjustment for depreciation and physical condition will be made in determining actual cash value in the event of a total "loss".
 - 3. If a repair or replacement results in better than like kind or quality, we will not pay for the amount of the betterment.
- B. For each covered "auto", our obligation to pay for, repair, return or replace the covered "auto" will be reduced by any deductible shown in the Declarations that applies to private passenger "autos" that you own. If no applicable deductible is shown in the Declarations, the deductible will be \$250.

If the Declarations show other deductibles for Physical Damage Coverages for Hired or Borrowed Autos, this Section XVI of this endorsement does not apply.

- C. Paragraph A.4.b. of SECTION III - PHYSICAL DAMAGE COVERAGE is replaced by:
 - b. Loss of Use Expenses

For Hired Auto Physical Damage provided by this endorsement, we will pay expenses for which an "insured" becomes legally responsible to pay for loss of use of a private passenger vehicle rented or hired without a driver, under a written rental contract or agreement. We will pay for loss of use expenses caused by:

- (1) Other than collision only if the Declarations indicate that Comprehensive Coverage is provided for any covered "auto";
- (2) Specified Causes of Loss only if the Declarations indicate that Specified Causes of Loss Coverage is provided for any covered "auto"; or
- (3) Collision only if the Declarations indicate that Collision Coverage is provided for any covered "auto".

However, the most we will pay under this coverage is \$30 per day, subject to a maximum of \$900.

XVII. AUTO MEDICAL PAYMENTS COVERAGE - INCREASED LIMITS

For any covered "loss", the Limit of Insurance for Auto Medical Payments will be double the limit shown in the Declarations if the "insured" was wearing a seat belt at the time of the "accident". This is the maximum amount we will pay for all covered medical expenses, regardless of the number of covered "autos", "insureds", premiums paid, claims made, or vehicles involved in the "accident".

If no limit of insurance for Auto Medical Payments is shown on the Declarations, this paragraph Section XVII of this endorsement does not apply.

XVIII. DRIVE OTHER CAR COVERAGE - BROADENED COVERAGE FOR DESIGNATED INDIVIDUALS

A. This endorsement amends only those coverages indicated with an "X" in the Drive Other Car section of the Schedule to this endorsement.

B. SECTION II - LIABILITY COVERAGE is amended as follows:

1. Any "auto" you don't own, hire or borrow is a covered "auto" for Liability Coverage while being used by any individual named in the Drive Other Car section of the Schedule to this endorsement or by his or her spouse while a resident of the same household except:
 - a. Any "auto" owned by that individual or by any member of his or her household; or
 - b. Any "auto" used by that individual or his or her spouse while working in a business of selling, servicing, repairing or parking "autos".
2. The following is added to Who Is An Insured:

Any individual named in the Drive Other Car section of the Schedule to this endorsement and his or her spouse, while a resident of the same household, are "insureds" while using any covered "auto" described in Paragraph B.1. of this endorsement.

C. Auto Medical Payments, Uninsured Motorist, and Underinsured Motorist Coverages are amended as follows:

The following is added to Who Is An Insured:

Any individual named in the Drive Other Car section of the Schedule to this endorsement and his or her "family members" are "insured" while "occupying" or while a pedestrian when struck by any "auto" you don't own except:

Any "auto" owned by that individual or by any "family member".

D. SECTION III - PHYSICAL DAMAGE COVERAGE is changed as follows:

Any private passenger type "auto" you don't own, hire or borrow is a covered "auto" while in the care, custody or control of any individual named in the Drive Other Car section of the Schedule to this endorsement or his or her spouse while a resident of the same household except:

1. Any "auto" owned by that individual or by any member of his or her household; or

Policy Number AS2-Z91-471976-030
Issued by Liberty Mutual Fire Insurance Co.

2. Any "auto" used by that individual or his or her spouse while working in a business of selling, servicing, repairing or parking "autos".

E. For purposes of this endorsement, SECTION V - DEFINITIONS is amended to add the following:

"Family member" means a person related to the individual named in the Drive Other Car section of the Schedule to this endorsement by blood, marriage or adoption who is a resident of the individual's household, including a ward or foster child.

XIX. RENTAL REIMBURSEMENT COVERAGE

- A. For any owned covered "auto" for which Collision and Comprehensive Coverages are provided, we will pay for rental reimbursement expenses incurred by you for the rental of an "auto" because of a covered physical damage "loss" to an owned covered "auto". Such payment applies in addition to the otherwise applicable amount of physical damage coverage you have on a covered "auto". No deductibles apply to this coverage.
- B. We will pay only for those expenses incurred during the policy period beginning 24 hours after the "loss" and ending with the earlier of the return or repair of the covered "auto", or the exhaustion of the coverage limit.
- C. Our payment is limited to the lesser of the following amounts:
 1. Necessary and actual expenses incurred; or
 2. \$30 per day with a maximum of \$900 in any one period.
- D. This coverage does not apply:
 1. While there are spare or reserve "autos" available to you for your operations; or
 2. If coverage is provided by another endorsement attached to this policy.
- E. If a covered "loss" results from the total theft of a covered "auto" of the private passenger type, we will pay under this coverage only that amount of your rental reimbursement expenses which is not already provided for under Paragraph A.4. Coverage Extensions of SECTION III – PHYSICAL DAMAGE COVERAGE of the Business Auto Coverage Form or Section VII of this endorsement.

XX. NOTICE OF CANCELLATION OR NONRENEWAL

- A. Paragraph A.2. of the COMMON POLICY CONDITIONS is changed to:
 2. We may cancel or non-renew this policy by mailing written notice of cancellation or non-renewal to the Named Insured, and to any name(s) and address(es) shown in the Cancellation and Non-renewal Schedule:
 - a. For reasons of non-payment, the greater of:
 - (1) 10 days; or
 - (2) The number of days specified in any other Cancellation Condition attached to this policy; or
 - b. For reasons other than non-payment, the greater of:

Policy Number AS2-Z91-471976-030
Issued by Liberty Mutual Fire Insurance Co.

- (1) 60 days;
- (2) The number of days shown in the Cancellation and Non-renewal Schedule; or
- (3) The number of days specified in any other Cancellation Condition attached to this policy,
prior to the effective date of the cancellation or non-renewal.

B. All other terms of Paragraph A. of the COMMON POLICY CONDITIONS, and any amendments thereto, remain in full force and effect.

XXI. LOAN/LEASE PAYOFF COVERAGE

The following is added to Paragraph C. Limit of Insurance of SECTION III - PHYSICAL DAMAGE COVERAGE:

In the event of a total "loss" to a covered "auto" of the private passenger type shown in the schedule or declarations for which Collision and Comprehensive Coverage apply, we will pay any unpaid amount due on the lease or loan for that covered "auto", less:

1. The amount paid under the PHYSICAL DAMAGE COVERAGE SECTION of the policy; and
2. Any:
 - a. Overdue lease/loan payments at the time of the "loss";
 - b. Financial penalties imposed under a lease for excessive use, abnormal wear and tear or high mileage;
 - c. Security deposits not returned by the lessor;
 - d. Costs for extended warranties, Credit Life Insurance, Health, Accident or Disability Insurance purchased with the loan or lease; and
 - e. Carry-over balances from previous loans or leases.

This coverage is limited to a maximum of \$1500 for each covered "auto".

XXII. LIMITED MEXICO COVERAGE

WARNING

AUTO ACCIDENTS IN MEXICO ARE SUBJECT TO THE LAWS OF MEXICO ONLY - **NOT** THE LAWS OF THE UNITED STATES OF AMERICA. THE REPUBLIC OF MEXICO CONSIDERS ANY AUTO ACCIDENT A **CRIMINAL OFFENSE** AS WELL AS A CIVIL MATTER.

IN SOME CASES THE COVERAGE PROVIDED UNDER **THIS ENDORSEMENT MAY NOT BE RECOGNIZED BY THE MEXICAN AUTHORITIES** AND WE MAY NOT BE ALLOWED TO IMPLEMENT THIS COVERAGE AT ALL IN MEXICO. YOU SHOULD CONSIDER PURCHASING AUTO COVERAGE FROM A LICENSED MEXICAN INSURANCE COMPANY BEFORE DRIVING INTO MEXICO.

THIS ENDORSEMENT DOES NOT APPLY TO ACCIDENTS OR LOSSES WHICH OCCUR BEYOND 25 MILES FROM THE BOUNDARY OF THE UNITED STATES OF AMERICA.

A. Coverage

1. Paragraph B.7. of SECTION IV - BUSINESS AUTO CONDITIONS is amended by the addition of the following:

The coverage territory is extended to include Mexico but only if all of the following criteria are met:

- a. The "accidents" or "loss" occurs within 25 miles of the United States border; and
 - b. While on a trip into Mexico for 10 days or less.
2. For coverage provided by this section of the endorsement, Paragraph B.5. Other Insurance in SECTION IV - BUSINESS AUTO CONDITIONS is replaced by the following:

The insurance provided by this endorsement will be excess over any other collectible insurance.

B. Physical Damage Coverage is amended by the addition of the following:

If a "loss" to a covered "auto" occurs in Mexico, we will pay for such "loss" in the United States. If the covered "auto" must be repaired in Mexico in order to be driven, we will not pay more than the actual cash value of such "loss" at the nearest United States point where the repairs can be made.

C. Additional Exclusions

The following additional exclusions are added:

This insurance does not apply:

1. If the covered "auto" is not principally garaged and principally used in the United States.
2. To any "insured" who is not a resident of the United States.

XXIII. WAIVER OF SUBROGATION

Paragraph A.5. in SECTION IV - BUSINESS AUTO CONDITIONS does not apply to any person or organization where the Named Insured has agreed, by written contract executed prior to the date of "accident", to waive rights of recovery against such person or organization.

DESIGNATED INSURED - NONCONTRIBUTING

This endorsement modifies insurance provided under the following:

BUSINESS AUTO COVERAGE FORM
GARAGE COVERAGE FORM
MOTOR CARRIERS COVERAGE FORM
TRUCKERS COVERAGE FORM

With respect to coverage provided by this endorsement, the provisions of the Coverage Form apply unless modified by this endorsement.

This endorsement identifies person(s) or organization(s) who are "insureds" under the Who Is An Insured Provision of the Coverage Form. This endorsement does not alter coverage provided in the Coverage form.

Schedule

Name of Person(s) or Organizations(s):

Any person or organization where the named insured has agreed by written contract to include such person or organization as a designated insured.

Regarding Designated Contract or Project:

Each person or organization shown in the Schedule of this endorsement is an "insured" for Liability Coverage, but only to the extent that person or organization qualifies as an "insured" under the Who Is An Insured Provision contained in Section II of the Coverage Form.

The following is added to the Other Insurance Condition:

If you have agreed in a written agreement that this policy will be primary and without right of contribution from any insurance in force for an Additional Insured for liability arising out of your operations, and the agreement was executed prior to the "bodily injury" or "property damage", then this insurance will be primary and we will not seek contribution from such insurance.

| <p>A. Who Is An Insured – Unnamed Subsidiaries</p> <p>B. Blanket Additional Insured – Governmental Entities – Permits Or Authorizations Relating To Operations</p> | <p>C. Incidental Medical Malpractice</p> <p>D. Blanket Waiver Of Subrogation</p> <p>E. Contractual Liability – Railroads</p> <p>F. Damage To Premises Rented To You</p> |
|--|---|

PROVISIONS

A. WHO IS AN INSURED – UNNAMED SUBSIDIARIES

The following is added to **SECTION II – WHO IS AN INSURED**:

Any of your subsidiaries, other than a partnership, joint venture or limited liability company, that is not shown as a Named Insured in the Declarations is a Named Insured if:

- a. You are the sole owner of, or maintain an ownership interest of more than 50% in, such subsidiary on the first day of the policy period; and
- b. Such subsidiary is not an insured under similar other insurance.

No such subsidiary is an insured for "bodily injury" or "property damage" that occurred, or "personal and advertising injury" caused by an offense committed:

- a. Before you maintained an ownership interest of more than 50% in such subsidiary; or
- b. After the date, if any, during the policy period that you no longer maintain an ownership interest of more than 50% in such subsidiary.

For purposes of Paragraph 1. of Section II – Who Is An Insured, each such subsidiary will be deemed to be designated in the Declarations as:

- a. An organization other than a partnership, joint venture or limited liability company; or

- b. A trust;

as indicated in its name or the documents that govern its structure.

B. BLANKET ADDITIONAL INSURED – GOVERNMENTAL ENTITIES – PERMITS OR AUTHORIZATIONS RELATING TO OPERATIONS

The following is added to **SECTION II – WHO IS AN INSURED**:

Any governmental entity that has issued a permit or authorization with respect to operations performed by you or on your behalf and that you are required by any ordinance, law, building code or written contract or agreement to include as an additional insured on this Coverage Part is an insured, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" arising out of such operations.

The insurance provided to such governmental entity does not apply to:

- a. Any "bodily injury", "property damage" or "personal and advertising injury" arising out of operations performed for the governmental entity; or
- b. Any "bodily injury" or "property damage" included in the "products-completed operations hazard".

C. INCIDENTAL MEDICAL MALPRACTICE

1. The following replaces Paragraph **b.** of the definition of "occurrence" in the **DEFINITIONS** Section:

- b.** An act or omission committed in providing or failing to provide "incidental medical services", first aid or "Good Samaritan services" to a person, unless you are in the business or occupation of providing professional health care services.

2. The following replaces the last paragraph of Paragraph **2.a.(1)** of **SECTION II – WHO IS AN INSURED**:

Unless you are in the business or occupation of providing professional health care services, Paragraphs **(1)(a), (b), (c)** and **(d)** above do not apply to "bodily injury" arising out of providing or failing to provide:

- (a)** "Incidental medical services" by any of your "employees" who is a nurse, nurse assistant, emergency medical technician or paramedic; or

- (b)** First aid or "Good Samaritan services" by any of your "employees" or "volunteer workers", other than an employed or volunteer doctor. Any such "employees" or "volunteer workers" providing or failing to provide first aid or "Good Samaritan services" during their work hours for you will be deemed to be acting within the scope of their employment by you or performing duties related to the conduct of your business.

3. The following replaces the last sentence of Paragraph **5.** of **SECTION III – LIMITS OF INSURANCE**:

For the purposes of determining the applicable Each Occurrence Limit, all related acts or omissions committed in providing or failing to provide "incidental medical services", first aid or "Good Samaritan services" to any one person will be deemed to be one "occurrence".

4. The following exclusion is added to Paragraph **2.**, **Exclusions**, of **SECTION I – COVERAGES – COVERAGE A – BODILY INJURY AND PROPERTY DAMAGE LIABILITY**:

Sale Of Pharmaceuticals

"Bodily injury" or "property damage" arising out of the violation of a penal statute or ordinance relating to the sale of

pharmaceuticals committed by, or with the knowledge or consent of, the insured.

5. The following is added to the **DEFINITIONS** Section:

"Incidental medical services" means:

- a.** Medical, surgical, dental, laboratory, x-ray or nursing service or treatment, advice or instruction, or the related furnishing of food or beverages; or

- b.** The furnishing or dispensing of drugs or medical, dental, or surgical supplies or appliances.

6. The following is added to Paragraph **4.b.**, **Excess Insurance**, of **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**:

This insurance is excess over any valid and collectible other insurance, whether primary, excess, contingent or on any other basis, that is available to any of your "employees" for "bodily injury" that arises out of providing or failing to provide "incidental medical services" to any person to the extent not subject to Paragraph **2.a.(1)** of Section II – Who Is An Insured.

D. BLANKET WAIVER OF SUBROGATION

The following is added to Paragraph **8.**, **Transfer Of Rights Of Recovery Against Others To Us**, of **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**:

If the insured has agreed in a contract or agreement to waive that insured's right of recovery against any person or organization, we waive our right of recovery against such person or organization, but only for payments we make because of:

- a.** "Bodily injury" or "property damage" that occurs; or

- b.** "Personal and advertising injury" caused by an offense that is committed;

subsequent to the execution of the contract or agreement.

E. CONTRACTUAL LIABILITY – RAILROADS

1. The following replaces Paragraph **c.** of the definition of "insured contract" in the **DEFINITIONS** Section:

- c.** Any easement or license agreement;

2. Paragraph **f.(1)** of the definition of "insured contract" in the **DEFINITIONS** Section is deleted.

F. DAMAGE TO PREMISES RENTED TO YOU

The following replaces the definition of "premises damage" in the **DEFINITIONS** Section:

"Premises damage" means "property damage" to:

- a. Any premises while rented to you or temporarily occupied by you with permission of the owner; or
- b. The contents of any premises while such premises is rented to you, if you rent such premises for a period of seven or fewer consecutive days.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

PROVISIONS

A. BROAD FORM NAMED INSURED

The following is added to Paragraph A.1., **Who Is An Insured**, of SECTION II – COVERED AUTOS LIABILITY COVERAGE:

Any organization you newly acquire or form during the policy period over which you maintain 50% or more ownership interest and that is not separately insured for Business Auto Coverage. Coverage under this provision is afforded only until the 180th day after you acquire or form the organization or the end of the policy period, whichever is earlier.

B. BLANKET ADDITIONAL INSURED

The following is added to Paragraph c. in A.1., **Who Is An Insured**, of SECTION II – COVERED AUTOS LIABILITY COVERAGE:

Any person or organization who is required under a written contract or agreement between you and that person or organization, that is signed and executed by you before the "bodily injury" or "property damage" occurs and that is in effect during the policy period, to be named as an additional insured is an "insured" for Covered Autos Liability Coverage, but only for damages to which

this insurance applies and only to the extent that person or organization qualifies as an "insured" under the Who Is An Insured provision contained in Section II.

C. EMPLOYEE HIRED AUTO

1. The following is added to Paragraph A.1., **Who Is An Insured**, of SECTION II – COVERED AUTOS LIABILITY COVERAGE:

An "employee" of yours is an "insured" while operating an "auto" hired or rented under a contract or agreement in an "employee's" name, with your permission, while performing duties related to the conduct of your business.

2. The following replaces Paragraph b. in B.5., **Other Insurance**, of SECTION IV – BUSINESS AUTO CONDITIONS:

b. For Hired Auto Physical Damage Coverage, the following are deemed to be covered "autos" you own:

- (1) Any covered "auto" you lease, hire, rent or borrow; and
- (2) Any covered "auto" hired or rented by your "employee" under a contract in an "employee's" name, with your

COMMERCIAL AUTO

permission, while performing duties related to the conduct of your business.

However, any "auto" that is leased, hired, rented or borrowed with a driver is not a covered "auto".

D. EMPLOYEES AS INSURED

The following is added to Paragraph A.1., **Who Is An Insured**, of SECTION II – COVERED AUTOS LIABILITY COVERAGE:

Any "employee" of yours is an "insured" while using a covered "auto" you don't own, hire or borrow in your business or your personal affairs.

E. SUPPLEMENTARY PAYMENTS – INCREASED LIMITS

1. The following replaces Paragraph A.2.a.(2), of SECTION II – COVERED AUTOS LIABILITY COVERAGE:

(2) Up to \$3,000 for cost of bail bonds (including bonds for related traffic law violations) required because of an "accident" we cover. We do not have to furnish these bonds.

2. The following replaces Paragraph A.2.a.(4), of SECTION II – COVERED AUTOS LIABILITY COVERAGE:

(4) All reasonable expenses incurred by the "insured" at our request, including actual loss of earnings up to \$500 a day because of time off from work.

F. HIRED AUTO – LIMITED WORLDWIDE COVERAGE – INDEMNITY BASIS

The following replaces Subparagraph (5) in Paragraph B.7., **Policy Period, Coverage Territory**, of SECTION IV – BUSINESS AUTO CONDITIONS:

(5) Anywhere in the world, except any country or jurisdiction while any trade sanction, embargo, or similar regulation imposed by the United States of America applies to and prohibits the transaction of business with or within such country or jurisdiction, for Covered Autos Liability Coverage for any covered "auto" that you lease, hire, rent or borrow without a driver for a period of 30 days or less and that is not an "auto" you lease, hire, rent or borrow from any of your "employees", partners (if you are a partnership), members (if you are a limited liability company) or members of their households.

(a) With respect to any claim made or "suit" brought outside the United States of America, the territories and possessions of the United States of America, Puerto Rico and Canada:

(i) You must arrange to defend the "insured" against, and investigate or settle any such claim or "suit" and keep us advised of all proceedings and actions.

(ii) Neither you nor any other involved "insured" will make any settlement without our consent.

(iii) We may, at our discretion, participate in defending the "insured" against, or in the settlement of, any claim or "suit".

(iv) We will reimburse the "insured" for sums that the "insured" legally must pay as damages because of "bodily injury" or "property damage" to which this insurance applies, that the "insured" pays with our consent, but only up to the limit described in Paragraph C., **Limits Of Insurance**, of SECTION II – COVERED AUTOS LIABILITY COVERAGE.

(v) We will reimburse the "insured" for the reasonable expenses incurred with our consent for your investigation of such claims and your defense of the "insured" against any such "suit", but only up to and included within the limit described in Paragraph C., **Limits Of Insurance**, of SECTION II – COVERED AUTOS LIABILITY COVERAGE, and not in addition to such limit. Our duty to make such payments ends when we have used up the applicable limit of insurance in payments for damages, settlements or defense expenses.

(b) This insurance is excess over any valid and collectible other insurance available to the "insured" whether primary, excess, contingent or on any other basis.

(c) This insurance is not a substitute for required or compulsory insurance in any country outside the United States, its territories and possessions, Puerto Rico and Canada.

You agree to maintain all required or compulsory insurance in any such country up to the minimum limits required by local law. Your failure to comply with compulsory insurance requirements will not invalidate the coverage afforded by this policy, but we will only be liable to the same extent we would have been liable had you complied with the compulsory insurance requirements.

- (d) It is understood that we are not an admitted or authorized insurer outside the United States of America, its territories and possessions, Puerto Rico and Canada. We assume no responsibility for the furnishing of certificates of insurance, or for compliance in any way with the laws of other countries relating to insurance.

G. WAIVER OF DEDUCTIBLE – GLASS

The following is added to Paragraph D., **Deductible**, of **SECTION III – PHYSICAL DAMAGE COVERAGE**:

No deductible for a covered "auto" will apply to glass damage if the glass is repaired rather than replaced.

H. HIRED AUTO PHYSICAL DAMAGE – LOSS OF USE – INCREASED LIMIT

The following replaces the last sentence of Paragraph A.4.b., **Loss Of Use Expenses**, of **SECTION III – PHYSICAL DAMAGE COVERAGE**:

However, the most we will pay for any expenses for loss of use is \$65 per day, to a maximum of \$750 for any one "accident".

I. PHYSICAL DAMAGE – TRANSPORTATION EXPENSES – INCREASED LIMIT

The following replaces the first sentence in Paragraph A.4.a., **Transportation Expenses**, of **SECTION III – PHYSICAL DAMAGE COVERAGE**:

We will pay up to \$50 per day to a maximum of \$1,500 for temporary transportation expense incurred by you because of the total theft of a covered "auto" of the private passenger type.

J. PERSONAL PROPERTY

The following is added to Paragraph A.4., **Coverage Extensions**, of **SECTION III – PHYSICAL DAMAGE COVERAGE**:

Personal Property

We will pay up to \$400 for "loss" to wearing apparel and other personal property which is:

- (1) Owned by an "insured"; and

- (2) In or on your covered "auto".

This coverage applies only in the event of a total theft of your covered "auto".

No deductibles apply to this Personal Property coverage.

K. AIRBAGS

The following is added to Paragraph B.3., **Exclusions**, of **SECTION III – PHYSICAL DAMAGE COVERAGE**:

Exclusion 3.a. does not apply to "loss" to one or more airbags in a covered "auto" you own that inflate due to a cause other than a cause of "loss" set forth in Paragraphs A.1.b. and A.1.c., but only:

- a. If that "auto" is a covered "auto" for Comprehensive Coverage under this policy;
- b. The airbags are not covered under any warranty; and
- c. The airbags were not intentionally inflated.

We will pay up to a maximum of \$1,000 for any one "loss".

L. NOTICE AND KNOWLEDGE OF ACCIDENT OR LOSS

The following is added to Paragraph A.2.a., of **SECTION IV – BUSINESS AUTO CONDITIONS**:

Your duty to give us or our authorized representative prompt notice of the "accident" or "loss" applies only when the "accident" or "loss" is known to:

- (a) You (if you are an individual);
- (b) A partner (if you are a partnership);
- (c) A member (if you are a limited liability company);
- (d) An executive officer, director or insurance manager (if you are a corporation or other organization); or
- (e) Any "employee" authorized by you to give notice of the "accident" or "loss".

M. BLANKET WAIVER OF SUBROGATION

The following replaces Paragraph A.5., **Transfer Of Rights Of Recovery Against Others To Us**, of **SECTION IV – BUSINESS AUTO CONDITIONS**:

5. Transfer Of Rights Of Recovery Against Others To Us

We waive any right of recovery we may have against any person or organization to the extent required of you by a written contract signed and executed prior to any "accident" or "loss", provided that the "accident" or "loss" arises out of operations contemplated by

COMMERCIAL AUTO

such contract. The waiver applies only to the person or organization designated in such contract.

N. UNINTENTIONAL ERRORS OR OMISSIONS

The following is added to Paragraph B.2., **Concealment, Misrepresentation, Or Fraud**, of **SECTION IV – BUSINESS AUTO CONDITIONS**:

The unintentional omission of, or unintentional error in, any information given by you shall not prejudice your rights under this insurance. However this provision does not affect our right to collect additional premium or exercise our right of cancellation or non-renewal.

This endorsement, effective 12:01 a.m., December 31, 2019, forms a part of Policy No. CEO742057005 issued to OHL USA, INC. by Indian Harbor Insurance Company.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

MANUSCRIPT ENDORSEMENT – AMENDMENT TO SUBROGATION CONDITION

This endorsement modifies insurance provided under the following:

PA/CE Plus: Professional Activities/Complete Execution + Pollution (Occurrence)

PROFESSIONAL & POLLUTION LIABILITY FOR CONSTRUCTION CONTRACTORS AND CONSTRUCTION SUPPORT SERVICES PROVIDERS

In consideration of the premium charged, it is hereby understood and agreed that Section 7: CONDITIONS, O. Subrogation, is deleted in its entirety and replaced with the following:

Subrogation O. In the event of any payment under this policy, we will be subrogated to all of the **Insured's** rights of recovery against any person or organization and the **Insured** will execute and deliver instruments and papers and do whatever else is necessary to secure such rights. The **Insured** will do nothing at any time to prejudice our subrogation rights.

However, we waive our right(s) of recovery against any person or organization included in the definition of an **Insured** or against the **Insured's Clients** including, but not limited to those named in the Schedule below, if prior to a **Professional Liability Claim**, a waiver of subrogation was so required and accepted under a specific contractual undertaking by the **Insured**.

Under Section 1: What We Cover: D. Pollution Loss Coverage, we waive our right(s) of recovery against any person or organization included in the definition of an **Insured** or against the **Insured's Clients** including, but not limited to those named in the Schedule below, if prior to the **Pollution Claim**, a waiver of subrogation was required and accepted under a specific contractual undertaking by the **Insured**.

All other terms, conditions and exclusions of this policy remain unchanged.
